SITUATION AT BUTTWOOD

Strikers Have Pickets Out, but Do Not Return to Work—Breaker Boys Resort to Work.

Wilkes-Barre, May 10.—All was quiet at the Buttwood mine today, but after yesterday's reign of terror a great many of the English-speaking workmen did not report for work and only a partial resumption of operations at the colliery. The company officials say the mine will resume work tomorrow in all departments and every man who goes to work will be given protection. The strikers were active today again and pickets out on the roads leading to the mine. They did not resort to force, however, but tried to persuade the English-speaking miners from going to work. The strikers held a meeting late this afternoon and resolved to remain out until the company reinstated the discharged employees. This afternoon warrants were issued for the arrest of three ring-leaders of yesterday's riot. The warrants were placed in the hands of three constables who proceeded to Buttwood, but they were unable to find the men wanted. It is reported that the ring-leaders have left the county. The breaker boys employed at Nos. 5 and 7 mines of the Susquehanna Coal company, at Nanticoke, who have been out on strike for a week past, returned to work this morning. The company refused to make any concessions and the boys got tired loafing and thought it best to go back to work.

BURGLARS AT PITTSBURGH

They Gain Entrance to the Valley House and Secure Valuables.

Pittsburgh, May 10.—During the early morning hours, burglars gained an entrance to the Valley house at L. & B. Junction, conducted by Mrs. Flanagan. Almost every room on the three stories were entered. A gold watch, valued at \$25, and \$3.50 in cash were taken from the pockets of clothing hanging in the bathroom. A silver watch, valued at \$5, and a pair of diamond earrings, valued at \$25, were also taken. A bag containing \$50 in cash, which had been placed under a book on the table in a small room leading to Mrs. Flanagan's bedroom, was also taken, and the cash register in the bathroom was opened and its contents, amounting to \$5, secured. After finishing their work, the burglars repaired to the kitchen, sat down to a table and enjoyed a banquet with ten-cent cigars, sherry wine, pie, cake and other edibles. A small bag, containing a quantity of jewelry, was found on the table this morning. About 10 o'clock a strange young man came in the rear kitchen door, seized about the room and smiled at the servants. The latter stepped outside to the door to get a broom with which to beat the intruder out, and when she re-entered the kitchen the stranger had mysteriously disappeared. It is thought he secreted himself in the house, and later left his pals in by removing the lower sash of a kitchen window. An unsuccessful attempt was also made to enter the station at the L. & B. Junction.

TUNKHANNOCK.

Special to the Scranton Tribune. Tunkhannock, May 10.—For many years the court house has been allowed to go without necessary repairs, the furniture being old, the walls need papering and the fixtures in the different offices being out of repair and very much out of date, and as far as protection for the public records goes, practically worthless. The present board of commissioners have taken the matter in hand and have already repainted the exterior of the first and second stories. They now intend to take up the interior of the offices and make them up to date in all respects. The matter will be laid before the court on Monday and the officials for outside people for many years and it is to be hoped that the commissioners will not stop until they have refitted the whole building.

USQUEHANNA.

Special to the Scranton Tribune. Susquehanna, May 10.—At the residence of Henry Cole, at Tirzah, Susquehanna county, at 8 o'clock on Wednesday evening, Miss Mattie Cole will be united in marriage to Owen W. Williams. Mr. Williams, formerly and for many years a prominent resident of Susquehanna, died at his home in Oneonta, New York, on Tuesday, at an advanced age. He is survived by two sons, Edward Emery, of Susquehanna, and William Emery, Jr., of Oneonta. The funeral will be held at the residence of Mrs. Williams, at Tirzah, on Sunday next. The Rev. Dr. Nichols, of Binghamton, will lecture in the Susquehanna Presbyterian church on Tuesday evening next, on the subject, "The Moral Hazard of the Erie Railroad." The official inspection of the Erie railroad, just completed, has demonstrated the fact that the Lake Shore and the Pennsylvania have another competitor as claimant to the honor of having something out of the ordinary in their road. The Erie is in the very best of shape. On many of the branches the track is now better than that it used to be on the main line.

THE LADIES OF THE PRESBYTERIAN CHURCH AND CONGREGATION MET AT THE PARSONAGE LAST EVENING TO ARRANGE FOR THE FIFTH ANNIVERSARY EXERCISES TO BE HELD IN THE CHURCH ON TUESDAY EVENING NEXT.

There were heavy frosts upon the vicinity hills last night. There are almost daily evidences that Susquehanna needs a Society for the Prevention of Cruelty to Animals. The ladies of the church are doing a good deal of work in this line. There are a few in Susquehanna county, owing to poor preaching.

Rev. L. T. Van Campen has assumed the pastorate of the Gibson Methodist church. Over 10,000 pounds of milk are daily received at the skimming station at Gibson.

Forty Hours' Devotions will begin in St. Lawrence Catholic church in Great Bend on Sunday morning next. The pastor, Rev. James Pagan, will be assisted by several priests of the diocese.

A number of the employees of the Great Bend tannery are laid off on account of the scarcity of hides. Mrs. Thomas Todd, of Broad street, has presented the Presbyterian church with an elegant piano.

A Susquehanna young man, whose health is very precarious, recently went into a tobacco store in New York city and purchased a paper of tobacco, in which was a chance ticket upon a bicycle. He brought the ticket home and a few days since received a bicycle by express. He sold chances upon the wheel and realized \$150. A striking example of pure luck.

THEATRICAL.

"The Boy Tramp." Madame and Augustus Noville appeared last night at the Academy of Music in "The Boy Tramp," an attraction in which they have often before been seen. The play is a comedy in which Madame Noville gives the same finished, thoroughly executed portrayal of the role of Mildred Earleton, as in previous years, while Augustus Noville plays the part of "Jack Sharp," the "Boy Tramp," with the same droll, odd mannerisms as of yore.

"The Christian." Perhaps the greatest demonstration upon the part of the audience witnessing Hall Cain's great play, "The Christian," which will be seen here on Saturday afternoon and evening, at the Academy of Music, is the famous scene of the third act which created a sensation in New York. John Storm, driven to the verge of madness by the belief that Horatio Drake is conspiring to the moral destruction of Gloy Quayle, and frenzied by jealousy, attempts to kill her. The acting in this situation is intensely realistic and thrillingly effective.

"The Christian." The end of this scene finds Gloy Quayle on her knees with a crucifix, praying for the safety of John Storm, who had left her and been attacked by a mob in the streets. As the curtain falls, the shouts of the mob are heard, which greatly add to the realism of this remarkable situation. Notwithstanding the force of this incident and the great scene at the end of the second act, where John Storm saves Lord Robert Eric and Horatio Drake from the attack of his parishioners, it is the opinion of very many people who have seen the play that the most touchingly effective situation of all occurs just before the curtain falls, when Horatio Drake clasps the hands of Gloy Quayle and John Storm, and leaves them reunited with a fervent "God bless you."

OUT IN PIG IRON.

New York, May 10.—Another cut in the price of pig iron was made today by the American Smelting and Refining company. Today's cut was 15 cents, thus making a cut of 45 cents so far this week. The price of steel billets in Pittsburgh was reduced \$1 a ton to \$28, without fitting buyers.

\$100 REWARD, \$100.

It is a disease that is often cured by the use of the "Crem of Lives" ointment. This ointment is a most agreeable preparation, and it is a most effective remedy for all cases of Catarrh. We believe we are doing more business than all the clothiers and tailors put together. No matter what they charge you to make a suit, they don't take more care and pains to have perfect satisfaction than we do; the fitting, the stitching, the pressing, everything must be perfect. Just think of the price, it has made us famous.

THE MARKETS.

Wall Street Review. The two previous days in the stock market were relaxed today, leaving the largely extended short interest on the defensive. Yesterday's mild recovery gave an impetus to the demand for Americans on the London market which lifted prices for the opening here. There was some slight outside demand through commission men watching the market closely for indications that it has turned. The opening strength from these causes gave way under the attack of the bears who used the statement of St. Paul earnings for the first week in May. This statement nearly drove the market down for the first time in many months, but in fact gave a strong impetus to the market. It was a foreboding reminder of the fact which has found expression for some time past in Wall street that the reaction in the iron market and its consequent business would inevitably lead to a falling off in railroad earnings. But the most effective support for the bears came from a break of over 200 points in tobacco and from heaviness in sugar. Prices very generally reacted back to the level of before, but at no time during the day did the pressure of liquidation become severe and the bears found difficulty in getting stocks whenever they bid for them. The absence of pressure prevented a return to the point to resume operations, notably that in Missouri Pacific, and that stock was bid up during the day nearly two points. The scoring of short contracts gave notable strength also to the Atchafalaya, Pacific and Louisville, and the reaction in the iron market was not so marked as in old stocks. The metal stocks were inclined to be firm all day, though they were not very actively traded in.

American Steel and Wire led the movement, both its stocks rising over three points on rumors that Federal Steel interests would be represented in the board of directors. Total sales, \$2,500,000. Bonds recovered in sympathy with shares. Total sales, \$2,450,000. U. S. old gold, 80 1/2. Corn advanced 1/2 cent to 1 1/2.
