WOMAN'S BEAUTY.

How it is Made or Marred

There is nothing more subtle than woman's beauty. It eludes all attempts to analyze it. A woman may have the measurements and lines of the Medicean Venus and yet lack beauty. Or she may defy artistic standards and be known everywhere as a beautiful woman. There is, however, one kind of beauty which is recognized by all and which is every woman's dower, a beauty to which the French have given the name of "The Beauty of Youth." Many a time we turn to watch some sweet, young girl, impressed by her beauty, and if we analyze the beauty we find it is made up of smooth skin, clear complexion, bright eyes, ruddy lips and rounded contours. That beauty ought to last always. But how soon we see it fade.

The young wife looks at her yellow skin, sunken cheeks and hollow eyes and marvels at her own falling off. And the younger girls still retaining the beauty of youth wonder "what her husband could have seen attractive in her," not knowing that it will be their turn to fade very soon.

HOW TO KEEP BEAUTY.

In order to preserve this beauty of youth, to retain the charm of sweetness and freshness which belongs to maidenhood, the prerequisite is to understand that the chief foe of woman's beauty is womanly ill-health. Young women are often very careless of themselves. The temptation of the dance, or of the sleighride overrules their prudence, and the result is suppression and perhaps irregularity. This is only the beginning of worse evils, and yet this alone is sufficient to steal the freshness from the face. The womanly health should be protected with the utmost care and the first symptoms of derangement or disease should be met by the use of Dr. Pierce's Favorite Prescription.

"I will always recommend Dr. Pierce's Favorite Prescription," Golden Medical Discovery and "Pleasant Pellets" for they cured me when doctors and other medicines failed," writes Mrs. Mary E. Lewis, of Tanner, Gilmer Co., Va. "For fifteen years I suffered untold misery. When I commenced taking Dr. Pierce's medicines, I had given up all hope of ever getting well. I could not lie down to sleep, and everything I ate would almost cramp me to death. Was very nervous and could hardly walk across the room. I only weighed ninety pounds when I commenced taking these medicines; I now weigh one hundred and forty pounds, and am having better health than ever before. My friends all say they can hardly believe upon the event of a bouncing baby boy on Sunday.

Mrs. Daniel Quick, of 520 Pearl street, is ill at her home.

ANOTHER CHALLENGE.

Charles Leonard, of Newark, Wants to Wrestle M. J. Dwyer. Answers are coming in rapidly to the wrestling challenge recently issued in The Tribune by M. J. Dwyer, the teacher of physical culture, now in the city. The letter of acceptance of Frank Gelle, of Elgin, O., has already appeared in these columns, and yesterday the following was received from Chas. Leonard, of Newark, N. J.:

Newark, N. J., Oct. 15, 1900. Sporting Editor of The Tribune. Dear Sir: I see where Professor Dwyer has challenged my opponent in America. Now I have challenged him time and time again at 158 pounds, and now I would like to hear from him if he means business. I will wrestle him from 150 to 250, and for any amount he wants to wrestle for, the more the better. If he will accept would you kindly let me know and oblige. Sincerely yours, Charles Leonard.

449 Springfield avenue, Newark, N. J. Professor Dwyer accepts Gelle's challenge, and Scranton enthusiasts can look forward to a match in the near future.

Professor Dwyer is willing to wrestle Gelle within two weeks, in the city for \$100 a side. The Scranton Bicycle club is considering a proposition from Dwyer to have the match given under their auspices, and it may be held at the club house on Washington avenue.

Dwyer has already answered Leonard through the columns of the New York Journal, and has declared his willingness to wrestle him in New York city.

EAGAN'S CASE PUT OVER.

Will Be Tried at Next Term of United States Court in This City. James Eagan, late money order clerk at the local postoffice, who is under \$5,000 bail on the charge of embezzling government funds, went to Pittsburgh on Monday, where his case was called before the United States district court.

At the request of his attorney, R. J. Bourke, the case was put over until the next term of court, which will be held in this city.

Mrs. Winslow's Soothing Syrup

Has been used for over FIFTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALWAYS ALL PAIN; CURES WIND COLIC, and is the BEST REMEDY for WARMTH. Sold by Druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind. Twenty-five cents a bottle.

lieve that I am the same person; after being sick so long I have changed to be robust and rosy checked. I have taken fifteen bottles of "Prescription," fifteen of the "Discovery" and fifteen of the "Pellets." I know that if it had not been for your medicines I would not have been living today."

Dr. Pierce's Favorite Prescription is a woman's medicine. It is not offered as a cure-all but it is confidently recommended as a sure and safe remedy for all those diseases of women which are curable by the use of medicine. It establishes regularity, dries the drains which destroy the strength and beauty of women, heals inflammation and ulceration and cures female weakness. It is the best preparative for motherhood, giving great strength and elasticity to the organs of maternity, and making the baby's advent practically painless.

"GETTING YOUNG AGAIN." It is one of the triumphs of "Favorite Prescription" that its results are so palpably and visibly real. The cure of womanly diseases by this medicine is proved by the gain in flesh and weight, by the restoration of youthful freshness, by the renewed strength and ambition, and by the outward and visible signs of robust health.

"I enjoy good health; thanks to Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. J. J. Schmetzer, of Pontiac, Livingston Co., Ill. "I have taken six bottles of each kind. I was taken sick last February and the doctors here called it 'Grip.' I lay for four weeks in bed, and when I got up I found I had 'displacement.' Had such aches and pains in my back and limbs, could not stand any length of time. I knew that our home doctor would insist the first thing on an examination, and that I would not submit to, unless I was dangerously ill, and then it would be too late. If anyone had told me your medicine would do so much good I would have said, 'Oh, no, not that much good.' I can say truly I am surprised at the benefit I received. An old friend of mine said to me, 'Why, what is the matter with you, you are getting so young again?' I told her I had taken six bottles of Dr. Pierce's medicine, and that if she would do likewise she would feel ten years younger, too."

There is one clause in Mrs. Schmetzer's letter, which voices the sentiments of thousands of sensitive women. "I knew that our home doctor would insist the first thing on an examination, and that I would not submit to, unless I was dangerously ill, and then it would be too late to do any good."

Many a woman in just such a case, realizing the danger she runs yet neglects medical treatment because she shrinks from the delicate questioning, the offensive examinations and obnoxious local treatments which the home physician often thinks necessary.

A WAY OUT
