

NEVER IMITATED IN QUALITY.

AN EXCELLENT COMBINATION.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only.

CITY NOTES. D. & H. PAY DAYS—The Delaware and Hudson company paid yesterday at the No. 2, No. 3 and Boston mines at Plymouth.

THYPHOID FEVER CASE—John Irving, of Park Place, was taken to the Lackawanna hospital yesterday, ill with typhoid fever.

AELE BROKE—While out exercising yesterday morning the axle of the horse wagon of the kagle company broke. No one was hurt.

REEVE JONES HAS RESIGNED—The well-known pianist, Reeve Jones, has resigned his position as a salesman for J. W. Gurney.

HAS THYPHOID FEVER—E. M. Stuart, connected with Jones Long's store, was received at the Lackawanna hospital yesterday with typhoid fever. Mr. Stuart has been ill a few days, but his case is not very serious.

FOOT CRUSHED—The right foot of Miles Stearns, of South Washington avenue, was badly crushed by a piece of pig iron falling on it at the blast furnace yesterday. He was taken to the Moses Taylor hospital.

MEMORIAL SERVICE—In honor of the queen there will be a memorial service in the Episcopal church Sunday evening. The speakers will probably be the pastor, Rev. F. S. Ballentine, Mayor James Blair and Colonel L. A. Waters.

MONTH'S CLEARINGS—The clearings reported by the Trades National bank for the Scranton Clearing House association during January is as follows, \$6,550,855.32. For the corresponding month of last year the clearings amounted to \$5,468,472.31.

CRUSHED BETWEEN CARS—Zeb Vandenberg, of Peckville, sustained injuries to his leg and hip by being crushed between runaway cars in the Peckville mine yesterday. He may be irregularly injured. He was taken to the Lackawanna hospital.

INJURED BY FALL OF ROOF—Amelia Deebelle, of Old Forge, was injured by a fall of roof.

We offer subject to previous sale \$10,000 Providence Gas & Water Co. Gold Bonds.

Guaranteed principle and interest by the Scranton Gas & Water Co. 5 Per Cent. Free of Tax. Maturity 1920. Interest payable April and October.

Prices and particulars on application.

IMPROVEMENT BONDS ISSUED. South Scranton People Show Promptness in Paying Assessments.

Street improvement bonds to the amount of \$2,485.32 were yesterday issued to Contractor M. H. Dale, in part payment for the brick pavement which has just been laid on Cedar street, between Willow and Birch streets, and on a portion of Birch street.

The full amount of the engineer's estimate was \$5,883, but before the work had been completed the property owners on the line of the improvement had paid to the city treasurer just \$2,585.57, or almost half. This amount was paid to Mr. Dale in cash. The prompt action of the property owners in paying such a large amount so quickly is almost without a precedent in the history of the city.

Great Fruit Sale. One hundred boxes California navel oranges, 15 and 25 cents per dozen; \$2.50 per box. Courson.

Scranton, N. Y. Wilkes-Barre, Pa. 5, 5 and 6, Commercial Bldg. Scranton.

in the Sibley mine yesterday. He has a compound fracture of the left leg and a fracture of the collar bone. He was received at the Lackawanna hospital.

ENTERTAINMENT AND LECTURE.—Through an error it was stated that the event to be held by the Holy Cross Literary society Monday night would be a reception. It will be an entertainment and lecture, the latter to be delivered by Rev. Huber Cunningham.

DIAGRAM OPENS MONDAY.—The diagram for the great entertainment to be held for the Home benefit will open on Monday. Seats for one or all performances. Prices are from 20 cents to \$1. That there will be an unprecedented demand is assured, as the advance sale has been great.

THE SUCCESSFUL CANDIDATES. Washington Party Easily Vanquished the McKinley.

James McGaan and Charles Cotzler are the successful candidates for president and vice president, respectively, of the Washington party. It was an easy victory and the unsuccessful party has been shattered beyond repair.

A week yesterday nominations were made for president and vice president of the Boys' Industrial association on the McKinley and Washington parties. All last week the two parties fought strenuously at the polls to land their candidates. Thursday night the last ballots were cast and it was intended that the result would be known last night.

The boys were impatient and demanded the computation of the vote, which was carried out by judges and inspectors of election and other officials found at the full fledged voting booth. Intense excitement prevailed among the citizens of the little republic, which did not abate until the result was announced, and then the members of the victorious party made haste to give vent to their feelings.

The defeated party stood for an inspector of the peace and an assistant, for the payment of the dues semi-annually and for secret service detectives.

NOVEL MARRIAGE THIS. Alderman Millar Tied the Knot While Sick in Bed.

Marrying a couple in a balloon may have its romantic interest, but when it comes to the marrying magistrate lying flat on his back and uniting two people we have something rather novel.

This was the condition of affairs when Alderman Millar yesterday morning made Alexander Beynon and Miss Elizabeth Hopkins, of Dickson City, man and wife.

Thursday the alderman was not in the best of health, but yesterday morning he was unable to leave his bed. He recovered later in the day rapidly and will be able to be in his office this morning. The alderman had an attack of the grip.

Last week the alderman married Beynon's brother and it was planned to have a double wedding. Alexander Beynon was taken sick and compelled to postpone his marriage until yesterday.

In the morning with his bride he went to the alderman's office and was sad when he learned that the Eighth ward magistrate was sick. Beynon and his bride-to-be went around to the alderman's residence on Penn avenue. The alderman was at that time too ill to leave his bed, but agreed to do the best he could under the circumstances and so it was that propped up in bed by pillows he made the happy pair man and wife.

SPOKE ABOUT THE EYE. Interesting Address by Dr. W. F. Connors Before C. Y. W. C.

Dr. W. F. Connors delivered an interesting address before a large audience at the meeting of the Catholic Young Women's club last night on the subject of "The Eye." He was introduced in a few apt words by Rev. Miles J. McManus, of the cathedral, and in the course of his remarks compared the anatomy of the eye in the human being and in various beasts and fishes.

His address was free from bewildering technicalities and was full of lucid and instructive information. It was illustrated by a model and several drawings. "Just how we see," as the speaker put it, was described at length and the wonderful anatomy of the human eye simply dwelt upon.

Vocal solos were sung by Miss Winifred Melvin and Edward Walsh to the accompaniment of Miss Karter, and the merit of those entertainers was generously recognized by an appreciative audience.

PECULIAR ACCIDENT. One of the Vertebrae in Marion's Spine Dislocated by Fall of Roof.

Martin Marion, of 1310 Meyler avenue, was caught under a fall of roof in the Peckville mine yesterday and peculiarly injured. One of the vertebrae of his spinal column was dislocated, but Doctors Peck and Berlinghoff performed an operation on him and put it back in place. His chances of recovery are quite favorable.

The rock that hit Marion was of gigantic proportions and weighed very near a ton. One corner of the piece struck him on the back of the neck, doubling him up and causing a dislocation of the vertebrae. He was removed to the Hahnemann hospital where Doctors Berlinghoff and Peck performed the operation.

Marion was doing nicely last night and is in a fair way to recover.

Reduced Prices. Reduced Prices. Courson's creamery butter; Courson's fancy Jersey eggs.

FIGHT IS TO BE RENEWED

MORE OBJECTIONS FROM THE EIGHTEENTH WARD.

This Time It Is the O'Boyle Faction Which Says the Certificates of the Kelly Faction Are No Good. Reasons for a New Trial Filed in the Duffin Case—Stone Brings an Action in Equity Against Penn Tobacco Company—Marriage Licenses—Other Court Matters.

Objections to the certificates of nomination of what is known as the Kelly faction, in the Eighteenth ward, were filed yesterday by Attorney P. F. Loughran.

The ward came within an ace of not having a ticket this year. The Kelly and O'Boyle factions both held caucuses and nominated candidates for judge of election, inspector of election and registrar of voters.

Last Saturday the Kelly faction filed objections to the certificate of nomination of the O'Boyle faction and on Wednesday Judge Kelly dismissed these objections. This left the situation just as it was, that is, there were two sets of candidates, each purporting to be the regular Democratic nominees, and both would have to be left off the official ballot, as both could not go in the Democratic column at the same time.

The county commissioners called the attention of Judge Kelly to the matter yesterday, as that was the last day for filing exceptions and on his suggestion the attorneys of the rival factions were notified.

As a result Attorney P. F. Loughran last evening filed objections to the papers of the Kelly faction on behalf of the O'Boyle faction. They set forth that the following nominations are illegal: Judge of election Michael H. Nolan; inspector of election, John Clark; registrar of voters, Patrick Duffy.

It is charged that the nominations are illegal for the reason that the caucus at which they were nominated was not regularly called or conducted. The candidates in whose interests the objections are filed are: Judge of election, James M. Moran; registrar of voters, Thomas O'Boyle, Jr.; registrar of voters, Edward Manley.

Reasons for a New Trial. Reasons for a new trial were filed yesterday by City Solicitor Vosburg in the case of Mary Duffin against the city of Scranton, in which a verdict of \$7,000 for the plaintiff was granted Wednesday. The reasons follow:

First—The verdict was grossly excessive.

Second—The learned court erred in admitting evidence of what was alleged to have been said by Dr. Ross to Mary Duffin.

Third—The learned court erred in the general charge, in saying in substance that notice to a complainant is notice to the municipality.

Fourth—The learned court erred in refusing to affirm the first point presented by the defendant.

Fifth—The learned court erred in refusing to affirm the defendant's second point.

Sixth—The learned court erred in allowing the counsel for plaintiff to state to the jury that the expectancy of life of the plaintiff was thirty-eight years, no evidence having been offered upon that point and objection having been made to this statement and the calculation based upon it by plaintiff's counsel at the time it was made.

Seventh—The learned court erred in stating to the jury in the general charge in substance that the plaintiff struck her eye when she fell.

Eighth—The instructions given the jury upon the question of damages was inadequate.

Ninth—The learned court erred in admitting the evidence offered by plaintiff to show an illegal obstruction, upon the lines of sidewalk, but outside of the roadway, may be erected.

The city also suggests the discovery of material evidence since the trial of the case, and asks the privilege of filing affidavits of the witnesses who will give such testimony as an additional reason why a new trial should not be granted.

In addition to the above reasons, affidavits made by Dr. I. M. Gates, who was for some years the physician of Miss Duffin, and W. A. Beemer, who lived in the same building she occupied, at the corner of Adams avenue and Spruce street, were placed on file along with the application for a new trial.

Stone Makes Complaint. Joseph D. Stone yesterday began an action in equity against the Penn Tobacco company. The papers in the case were filed by Attorneys Vosburg & Dawson.

It is set forth that in October, 1900, the Penn Tobacco company was incorporated in this state, with a capital of \$25,000. Stone was selected as manager by the board of directors at a salary of \$75 a month up to Oct. 1, 1900; \$100 a month up to Jan. 1, 1901, and \$125 a month thereafter.

Stone also alleges that there was a provision in the contract to the effect that when the business, on a cash basis, showed a net earning of three per cent. on \$150,000 the company would issue and deliver to him paid up stock in the company to the value of \$50,000. In December, Russell Uhl, a stockholder, bought a controlling interest of the stock, and as Stone alleges in his bill, got James E. Grant to change the grade and quality of the tobacco, making it heavier and stronger, with a view to injuring the business of the company. This was done, he alleges, for the purpose of preventing him from getting the business in such shape that he would be enabled to earn the \$50,000 in paid up stock.

Because of the change in the grade of the tobacco used, the trade fell off, and the board of directors employed a new manager. Stone seeks to compel the directors to reinstate him and enable him to carry out the terms of his contract with the company.

A Verdict Agreed Upon. The ejectment suit of William Allspaugh against Mrs. Mary Reynolds occupied the attention of Judge Kelly and a jury until 4 o'clock yesterday afternoon, when the jury retired to deliberate on the case.

A verdict was agreed upon about 5 o'clock and was sealed. It will be reported to court this morning.

COURT HOUSE NEWS NOTES. Next Saturday is the last day for filing applications for liquor licenses.

L. B. Lowell & Co. obtained a writ of replevin yesterday to recover a Mason & Hamilton organ, valued at \$800, which they allege is being unlawfully held by Seis. They allege the organ is their property.

TWO THOUSAND ARE NOW OUT

PROGRESS OF THE STRIKE OF SILK WORKERS.

A Meeting Was Held Yesterday Afternoon at Which a Committee Was Appointed to Draft a Uniform Scale of Wages—Operatives at the Harvey Mill Did Not Return Yesterday—All of the Sauquoit Mills Is Now Shut Down.

About two thousand silk mill employees have now struck for higher wages. The officials of the Sauquoit Silk Manufacturing company, Harvey Bros., and the Kiots Throwing company all declare that they have offered their hands as fair wages as they can possibly give, and that the raises they have granted in reply to the demands are more than generous.

Superintendent Joseph Harvey, of Harvey Bros. Silk Manufacturing company, declared yesterday that he fully expected the three hundred employees at the mill to be back to work yesterday morning, as at a conference held Thursday with a special committee, the inducements he held out for them to return were accepted and he was assured that all the girls would be back in their places yesterday morning.

The fact that the Sauquoit girls struck is thought to have deterred the Harvey employes from returning to work. Between seven hundred and eight hundred of the workers at the Sauquoit mills returned to work yesterday morning and remained until noon when the weavers presented a wage scale to Superintendent Davis, and work for the rest of the day was stopped.

In the afternoon President Martin D. Flaherty, of the Central Labor union, presided over a meeting of the striking textile workers in Carpenters' hall and at this a committee was appointed to form a uniform wage and hour scale, which will be presented to the union and afterward to the various mill owners.

At the Sauquoit the girls who resumed work were the same who continued at their machines Thursday. They had to brave the ire of all the strikers when they returned yesterday morning, and in some cases the anger of the more hot-headed ones was manifested in mud and stone-throwing and even hand-to-hand encounters. During the morning all went well, but at noon the strikers had gained an important acquisition, in the remainder of the Sauquoit force. The weavers were the only department to present any wage scale to Superintendent Davis. Their department is universally recognized as the best paid in silk mills and like establishments, and at the Sauquoit a skilled weaver earns from \$5 to \$8 a week. An increase is asked, averaging 25 per cent.

If their demands were granted every weaver in the department would receive an increase of at least twenty cents per day, while in many cases it would run much higher. The statement explaining the scale was handed over to Superintendent of the Weaving Department Remond, who in turn presented it to Superintendent Davis. The latter declares that the company has done all it can in the way of a raise and no further concessions will be made.

WILL SHUT DOWN. "We will, of course, have to shut down the works," he said to a Tribune man, in response to a query as to what action would be taken during the next few weeks, in case the strike remains in force that long. "No effort will be made to operate the mill, unless the old hands apply for positions, in numbers sufficient to run it. We will make no attempt at securing outside help."

The same attitude is taken by Mr. Harvey, who yesterday said: "I think that the action of our girls in not coming back today is entirely a move of sympathy. They think that they would be doing an injustice to the other girls if they resumed work, and therefore stayed away. Instead of making any further concessions, we may withdraw the offer we made Thursday, in view of the attitude they have now taken."

For the Kiots Throwing company's mill the same situation prevails as on Thursday and no settlement seems anywhere in sight.

HATTON DID NOT HANDLE ANY MONEY

Made a Complete Denial of the Stories Told at Previous Hearings About Him and Thomas.

Attorney George S. Horn and H. C. Hatton, private secretary to Mayor James Motz were examined at yesterday's hearing in the case of the councilmen accused of accepting bribes and committing perjury. Nothing of any importance was elicited.

Mr. Horn was secretary and treasurer of the Lackawanna Telephone company after it was organized but sold out his interests after an unsuccessful effort to get a franchise from councils. Some of the stockholders said it would be difficult to combat the opposition of the old company unless money was used but Mr. Horn declined to be a party to the using of money in councils and after a time the affairs of the company passed into other hands. Since then he has had nothing to do with it. Altogether about \$2,500 was spent by the company while it was in existence. He could not say that any of this money was used in councils.

Mr. Hatton was questioned at length about the deal referred to at a previous hearing to the effect that he suggested such a proposition to any person in behalf of the vote of Simon Thomas for the new telephone ordinance could be obtained if the license for his hotel was taken care of by the officials of the new company. Hatton denied in a most vigorous way that he had ever made such a proposition to any person in behalf of Thomas and he also denied ever having received and paid \$500 to Thomas.

He was questioned at some length about recent meetings between him and Simon Thomas and Morris V. Morris, but nothing of consequence was brought out. There will be another hearing Monday. W. M. Finn was called yesterday, but did not respond.

PRICE OF BEER ADVANCED. Consumers Will Now Have to Be Content with Smaller Glasses.

An increased scale of prices has been arranged by the brewers doing business in Northampton, where by the handlers of their product will be required to pay \$7 a barrel for beer and \$8.50 for ale. This is a noticeable increase, and in consequence consumers may expect to have the size of their glasses cut down.

The brewers have issued the following statement touching on the matter: Scranton, Pa., Jan. 31, 1901. Dear Sir: Owing to the increase in cost of all materials used in the making of beer, porter and ale, and other conditions that add to the cost of the same, we understand it to be our duty to hereby notify you that on and after Feb. 1, 1901, the price of beer and porter will be \$7 per barrel, 5 per cent. discount; ale, \$8.50 per barrel, 5 per cent. discount.

Yours respectfully, Pennsylvania Central Brewing Co., Keystone Brewing Co., Anheuser Beer Co., Howell & King Co., Stegwyler Brewing Co., Bart's Brewing Co., Pilsener Lithuanian Brewing Co., Susquehanna Brewing Co., D. G. Yuengling & Son.
