

NEWS OF THE LABOR WORLD

EXECUTIVE COMMITTEE OF STATIONARY FIREMEN.

Held an Important Conference Yesterday in the St. Cloud Hotel in This City—Will Not Become Members of the United Mine Workers of America—Establishing of Air Brake Plants Along the Line of the Lackawanna—Improvements at the Cliff Works.

The executive board of the International Brotherhood of Stationary Firemen of Pennsylvania, held a meeting yesterday in the St. Cloud Hotel, for the purpose of settling the question of the jurisdiction in regard to the United Mine Workers of America claiming the nine firemen. The following official report of the conference was given out at its close:

The members of the board present were: W. Baxter, Local No. 29, Scranton; J. F. Mullaly, Local No. 61, Pottsville; J. A. Gentry, Local No. 66, Pittston; J. E. Wade, Local No. 26, Scranton; M. A. Farrell, Local No. 7, Marshfield; P. J. Barton, Local No. 25, Shamokin; B. Langan, Local No. 61, Pottsville.

After reading a reasonable length of the following letter from John Mitchell, to W. E. Stanton, was read:

Springfield, Ill., March 5, 1901.

Dear Sir and Brother: I am in receipt of your favor of Feb. 29, which was forwarded to me at Springfield, Ill.

In reply I will say that under terms of an arbitration with the American Federation of Labor, we are compelled to rule against the miners and other laboring men, as inasmuch as your organization is also affiliated, I am of opinion that it would be unwise to have the attention of our district officers in the matter complicated by you.

Trusting that you will excuse this brief letter, I am very truly, Sir, your obedient servant,

John Mitchell, President of the A. F. of L.

After the reading of the letter the following resolutions were unanimously adopted by the executive board of the I. B. of S. P. of Pennsylvania:

Whereas, It has come to our knowledge that the United Mine Workers of America are attempting to force their jurisdiction upon the firemen, who rightfully belong to their craft, we feel that our members should be protected. Some time ago we deemed it advisable to submit the question of jurisdiction to the presidents of the A. F. of L. and the I. B. of S. P., and called a meeting for the purpose to be held in the St. Cloud Hotel, Scranton, Pa., on April 5, at 10 o'clock a. m., which meeting they failed to attend or send any representative, in consequence of which we have framed the following for publication:

Resolved, That we instruct all persons known and styled as stationary firemen that they rightfully belong to the International Brotherhood of Stationary Firemen, and that we take steps to see that they are so styled.

Resolved, That we authorize our state president and organizers, to visit places where our craftsmen are engaged and instruct them to that effect, and that should there be no local of the I. B. of S. P. in said place, he shall at once proceed to organize them and see that they get recorded.

Resolved, That we inform all stationary firemen who are non-members of any other labor organization that they should at once sever their connection with the same by withdrawing all dues and contributions to the nearest local of the I. B. of S. P., where they will be received by presenting their cards, providing they are paid up in full.

Resolved, That a copy of these resolutions be forwarded to President Gentry, of the A. F. of L., for his consideration and approval, and if he has any objections we ask him to notify us and we shall meet him in conference to discuss the same.

Resolved, That a copy of these resolutions be forwarded to the executive board of Districts Nos. 7, 9 and 1 of the U. M. W. of A., and published in all daily and weekly papers of the state.

C. W. Baxter, S. E. Mullaly, J. E. Wade, M. A. Farrell, J. A. Gentry, P. J. Barton, B. Langan.

Shutting Down Collieries.

Thus far no definite orders have been issued either by the Delaware, Lackawanna and Western company or the Delaware and Hudson company relative to shutting down the collieries hereabouts the last two days of the week. Inquiries at both Superintendent Loomis and Superintendent Rose's office revealed nothing of that nature, and if any orders to that effect had been issued those gentlemen certainly would know something about them.

It is true that several of the collieries hereabouts operated by these companies are shut down temporarily now and then to permit of repairs, or on account of a shortage of cars, but as far as working them on two-thirds time is concerned, that is a matter for future consideration. A prominent official of the Delaware, Lackawanna and Western company stated yesterday to The Tribune man that it may not be necessary to issue such an order, as the repair work that is usually done at this time of the year may necessitate temporary suspension at many of the collieries. In that event, only about half time will be worked.

It is a fact that the demand for anthracite coal has somewhat subsided, and inasmuch as there is an apparent demand for cars, the operators may take advantage of it and prosecute the repair work needed more vigorously. Up to the present time there has been no effort made by the Lackawanna company to store their over-production of anthracite coal at the new coal storage erected last fall near the Hampton breaker. Aside from a small amount of washing coal there, there is "nothing doing" at that point.

Lackawanna Air Brake Plants.

P. J. Langan, superintendent of air brakes on the Lackawanna railroad, is one of the busiest men in the country, and when he is through with his present task of installing air brake plants at Gouldsboro, Binghamton and Clark's Summit, anticipates that the Lackawanna railroad will have an air brake equipment second to none in the United States.

Plants have already been installed in Buffalo, Elmira, Hallstead, Scranton, Hoboken, Utopia, Syracuse and Kingston, which are terminal points of the several divisions. The plants are used for cleaning and testing triple valves and brake cylinders.

The company now uses twelve-inch air jacks instead of the old hydraulic jacks. At terminal stations all trains are charged with seventy-pounds pressure, the leaks in the train line are all taken up and the piston travel adjusted before leaving.

Today's D. L. & W. Board.

The make-up of today's D. L. and W. board is as follows:

FRIDAY, APRIL 5.

Wild Cats, East—10 p. m., H. Finney.

SATURDAY, APRIL 6.

Wild Cats, East—10 p. m., H. Finney; 2 p. m., G. Burt; 10 a. m., M. Longhery; 11 a. m., T. Staples; 1 p. m., Lattimer, with Keenan's men; 5 p. m., H. J. Larkin; 9 p. m., H. Gilligan.

Summits, Etc.—9 a. m., east, J. Hennigan.

Federal, Etc.—10 a. m., E. Seagrave.

Pushers—8 a. m., Houser; 10 a. m., S. Finney; 11:50 a. m., Moran; 2 p. m., Murphy; 5 p. m., Murphy.

Passenger Engines—7 a. m., Gaffney; 7 a. m., Singer; 3:30 p. m., Stanton; 7 p. m., McGovern.

Wild Cats, West—2 a. m., W. W. Latta; 7 a. m., P. Wall; 10 a. m., J. H. McMan; 1 p. m., D. Haggerty; 3 p. m., Mills, with M. Campbell's men; 5 p. m., J. E. Mosser; 9 p. m., J. McAllister.

NOTICE.

Readman William Marston on with H. J. Langan reports ready for work.

This and That.

The employees of the Lackawanna car shops will be paid today, commencing at 10 a. m.

Thirty men have been laid off at the shops of the Central Railroad of New Jersey at Ashley.

D. W. Morrison, superintendent of Pullman car service on the Lackawanna railroad, was in the city yesterday.

"Joyce" Walker, of Bangor, and "Bob" Walker, of Binghamton, superintendents of bridge construction work on the Lackawanna railroad, were in the city yesterday. Both were former residents of Scranton, and the first named is an ex-chief of the Scranton fire department and an ex-common councilman of the Fifth ward.

W. H. Harvey, of Scranton, has been appointed general foreman of the machinery department of the Delaware, Lackawanna and Western shops at Kingston, N. Y. Harvey is a practical mechanic with years of experience. He is an old and trusted employe of the company and is already doing excellent work about the shops.—Wilkes-Barre Record.

Within the next week, James McGinley, yard superintendent of the Delaware and Hudson company, will have one of the most modern railroad yards in the city. For some time past a force of eighty men has been arranging the tracks, placing spring switches and constructing new branches. It will be remembered that the tracks at the upper end of the yard, opposite the Hollenback breaker, were curved. This retarded the work of the shifting engines somewhat, but all this has been removed and now they are so constructed that there will be very little interference with the main line. Large, heavy rails have been substituted for the old ones, which makes riding on the passenger coaches more comfortable.—Wilkes-Barre News.

Cheap Rates to California.

Parties desiring to make trip to California, Arizona, New Mexico, either for business or pleasure, can do so now at almost half price.

Every Tuesday, until April 30th, inclusive, tickets marked "Colonist" may be purchased via Southern Railway for \$4.00 from Washington, \$18.50 from Philadelphia, and correspondingly low prices from other points.

The Southern Railway and Southern Pacific company operate through excursion sleepers from Washington, leaving Monday, Tuesdays and Fridays, the Tuesday sleeper being available for "Colonist" tickets. The berth rate in these sleepers is only \$1.00, two people being allowed to occupy one berth if desired. Passengers conductors and Pullman porters go through with each sleeper. There are other new, convenient and economical features connected with these excursions which may be ascertained from Charles L. Hopkins, District Passenger Agent, Southern Railway, 825 Chestnut street, Philadelphia.

Steam Heating and Plumbing.

CONSUMPTION

is like the constrictor which drops its coils around its victim and slowly tightens them until life is extinguished.

Once the coils are drawn tight there is little chance of escape. The one hope of safety is to break loose at the beginning of the attack.

Those who are showing symptoms of lung disease should instantly begin the use of Dr. Pierce's Golden Medical Discovery. It will cure obstinate coughs, bronchitis and bleeding of the lungs. It increases the nutrition of the body, and so restores the emaciated form to health and strength.

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine, and all other narcotics.

"I feel it my duty to give my testimonial in behalf of your great medicine," writes Mr. John T. Reed, of Jefferson, Jefferson Co., Ark. "When I contracted taking Doctor Pierce's Golden Medical Discovery I was very low with a cough and would at times spit blood. I was not able to do any work at all, was weak and my head was dizzy. The first bottle I took did me so much good that I had faith in it and continued until I had taken twelve bottles. Now I do not look like one who has had the same as I was a year ago. People were astonished and said they did not think that I could live. I can thankfully say that I am entirely cured of a disease from which had it not been for your wonderful 'Discovery' I would have died."

Dr. Pierce's Common Sense Medical Adviser, paper covers, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. M. V. Pierce, Buffalo, N. Y.

Warner's Safe Cure

For a Quarter of a Century

A BEACON LIGHT TO HEALTH.

Judge T. A. McMahon, of Chicago writes: "Fifteen years' liver complaint seriously interfered with my official duties. I was cured with pills and powders until I lost heart and courage. At last I tried Warner's Safe Cure. I do not wonder everybody speaks well of it. Eight bottles cured me from head to foot, and I am a well man."

Dr. C. F. P. Burchmore, 875 Huntington Avenue, Boston. "Whenever opportunity presents, I prescribe Warner's Safe Cure, and I have had to see a patient disabated with the results where a disease of the kidneys or other organs existed."

Henry Hill, Cashier Standard Oil Co., Chicago, Ill. "I suffered with kidney and liver trouble for eight months. It upset my entire system and made me unfit for work. The doctor finally advised me to take Warner's Safe Cure. Within one week after beginning its use, the burning sensation had partially disappeared. In two weeks more I considered myself cured, and I have been in perfect health ever since."

Could there be stronger testimony or from more reputable men? Do not longer delay, but begin today the use of Warner's Safe Cure, and thus secure the greatest of all blessings—good health.

Send your name and address to Warner Safe Cure Co., Rochester, N. Y., and receive by return post a free sample of Warner's Safe Cure.

Easter Specialties

The Day of Little Things

EASTER thoughts, Easter decorations, Easter symbols everywhere through the store, and Easter sunshine, we hope, for this last day of Easter preparation. This will naturally be a day of little things, like Gloves and Hosiery and Neckwear. Yet, if the Gown or Skirt is not yet prepared, there is still time.

Huge preparations on our part have resulted in immense favor at your hands. And this is but the beginning. The mercantile importance of Easter lies only in the fact that it fixes the opening of a season.

With the passing of Easter our usefulness to you is only begun.

"American Girl" Kid Gloves for Women and Misses—the best Dollar Glove made.

"Jouvin" Gloves for Women—the acme of perfection. \$1.50

"Jouvin" Street Gloves for Women, in suede and glace. One pearl button. \$2.00

Fownes and Adler's Gloves for Men, in all shades; dressed and undressed, pair. \$1.50

Men's Neckwear

Easter Neckwear. The new shapes and colors from abroad, and the very latest effects from the makers at home.

25c to \$1.25.

With large assortments at between prices.

Men's and Women's Hosiery

Good Hosiery. Always worthy, dependable goods in this store, however little the price. A host of regular patrons indorse this claim. Each new patron makes a new indorser.

Tailor-Made Suits

New ones again, as a tale of every day. Serges, Homespuns, Tweeds, Venetian Cloths and Broadcloths, in all the colorings you can think of, and in others that you would never think of unless you had studied the matter from this Spring's viewpoint. Almost all the styles are rigidly confined to this store.

The New Silk Waists

A great lot of elegant Silk Waists—black and the new Spring colors—is waiting your inspection. Many new styles and ideas are shown in this collection—styles which, we feel very sure, you'll like. All at our well-known low prices.

Be Prepared

Next week to witness the greatest sale of Men's and Women's All- linen Handkerchiefs you have ever heard of. We have made what is unquestionably the largest purchase of Linen Handkerchiefs ever brought to Scranton and the various lots will go on sale Monday morning at unheard-of low prices.
