A Much Talked-of Improvement. The stir the New Jersey Central's recent announcement made in regard to its hourly trains between New York and Philadelphia was far reaching. Very few cities can boast of such a train schedule and the beauty of it is that it is easily remembered—a train that runs the even hour from 7 a. m. to 6 p. m.

The locomotives, cars and Pullman cars are the most modern, the roadbed is rock ballasted, and as only hard coal is used there is no smoke or cinders. Every train is direct to Reading Terminal, Philadelphia, without change and many of them cover the distance in two hours. The Reading route by which the Philadelphia line is often known, is not only a short way to Philadelphia, but it is likewise the scenic route. This service goes into effect on May 15, but in no way does it impair the fast and elegant service of the Royal Blue line, which will run independently of the Philadelphia line.

The N. Y., O. & W. Summer Time-Table. Will become effective on its main line and Scranton division, Sunday, June 15. Trains will be run same as last season, with the exception of an early morning connection which will be made for passengers Carbondale and South with the "Quaker City" express of the Central Railroad of New Jersey. This train makes close connections for all prominent Pennsylvania state points, arriving in Philadelphia at 12 noon; Baltimore, 2:30; Washington, 3:30, and Atlantic City, 3:20 p. m.
