WHY DON'T THEY GO?

A Way to Push Off the "Hang On's." Perhaps some day you will wake up to the fact that coffee is quickly and surely doing the business for you. You wonder why the symptoms of disease which grow more and more pronounced do not disappear, but hang on in spite of all the medicines you can take.

Fixed organic disease may result if you keep up your present course, and yet it is an easy thing to give up coffee and get well. Have your cook make Postum Food Coffee strictly according to directions, and that's easy. Use enough of it and boil long enough to bring out the taste, then you will find that the famous food drink will satisfy your coffee taste and the old troubles gradually disappear.

There are hundreds of thousands of cases in America that prove the truth of this statement. A gentleman from Columbus, Ga., says: "My wife had been an invalid for some time and did not seem to yield to any sort of medicine. She could not eat anything without distress, and naturally was badly run down in every way."

"Finally we concluded that perhaps it was the coffee that hurt her, so she quit it and went on to Postum, also began using Grape-Nuts Breakfast Food. She immediately began to improve and kept gaining strength and health. Now she can eat heartily of anything she wants, vegetables and anything else, without hurting her. She has gained nearly thirty pounds since she made the change."

"I saw such an improvement in her health that I decided to quit coffee myself, and you would be surprised to see the change. I have gained in flesh about 25 pounds, and have entirely lost the old, dull headaches that I used to have so much. "Our two children are very fond of Postum. You can use my name if you like." T. M. Coggin, 1229 Tenth avenue, Columbus, Ga.

in trade is bluff and bluster. This aggregation agreed to play the Crescents on Thursday next on Duffy's field, and now at the last moment, when they realize that their pompous challenge does not intimidate our "hots," they simply refuse to keep their word. Thus for the third time during the present season have the Sunsets wisely refrained from being the object of humiliating defeat.

A NEW COMPANY HERE SCRANTON Arrangements Made to Lend Money on Furniture at Astonishingly Low Rates.

OFFERS GREAT ADVANTAGES TO THE POOR

Anybody Can Get from \$10 to \$300 on Household Furniture Two Hours After Application Is Made—Not Even the Borrower's Own Family Need Know of the Loan. Company Will Let You Arrange Payments to Suit Yourself.

There is no longer any need for the people of this city to be without ready cash in their pockets. There is no longer any need for you to humiliate yourself by asking your friends to lend you money as an act of charity. Those who have too much self-respect to let their friends know that they are hard up can now pay all their bills and keep up a good appearance and look prosperous before their neighbors and acquaintances. This is a great advantage to most people, and the beauty of this new plan which makes all this possible is that it costs so little. At 207 Wyoming avenue the Scranton Loan Guaranty company now has offices where anybody can get from \$10 to \$300 on household furniture.

at all. He says, further, that there are no charges to be paid in advance, and hopes that no one who needs a small temporary loan will hesitate to take advantage of the company's offer because of any fear that the rates might be too high. They have been made so low that even the poorest can easily afford to get a loan. The furniture is left with the borrower, and there is absolutely no publicity, for the company realizes that it is just what the public are most anxious to avoid. As for the payments, each borrower is permitted to say just when it would be most convenient to pay. Most of those who have taken out loans so far have preferred to pay in small monthly instalments. Some pay by the week, but in no case is the borrower compelled to pay all at once. It will be noticed at once how much better it is to get a loan this way than by paying things. With this plan you have the use of the goods while you also have the money. The company intends to make loans anywhere within twenty-five miles of Scranton. All applications should be made to the Scranton Loan Guaranty Co., 207 Wyoming avenue, near Spruce street.

The June Sale of Summer Underclothes

Probably the reason why this Summer sale is more successful than ever before is that we have more underclothes of light, sheer materials. Fine cambric and nainsook are the right things for hot weather. Night Gowns40c up Skirts (long)50c up Skirts (short)50c up Corset Covers12c up Drawers18c up

We've beaten the Board of Health in our efforts to oust the sweatshop work. We won't have it. Some of the makers have even yielded to the wishes of women, organized to suppress sweatshops, and are using the Consumers' League label. Even women who have been forced to make their own underclothes, for economy's sake, can't compete—there are underclothes for less than the cost of the materials in them—the maker buys them wholesale, women have to buy retail.

Summer Knit Underwear

Comfortable, because we have studied proportions; good, because we couldn't afford to sell any other; low price, because we buy direct and in large quantities. Men's, women's, children's.

Corsets--Special Fitting Day

Not that we don't fit corsets every day—we'd rather not sell a single corset without first putting it on and making sure it can't be improved. But Tuesdays and Fridays are set aside specially for women who want to learn the little secrets that the French corsetiers have taught us—all the tricks of putting on a corset the right way.
