

FOR HANGING OF AN EFFIGY

FOUR MORE TRESPASS SUITS ARE INSTITUTED.

Thomas Borthwick, of Duryea, an Engineer Employed by the Pennsylvania Coal Company, Brings Proceedings Against a Quartette of Old Forge Men Who, He Alleges, Hung Him in Effigy—Similar Suits to Be Brought Against Seven Others in Luzerne County—Other Strike News.

Four more actions in trespass were begun here yesterday, as a result of the practice of hanging effigies, indulged in by the striking miners, and seven similar suits are to be started in Luzerne county tomorrow.

The plaintiff is Thomas Borthwick, of Duryea, an engineer employed by the Pennsylvania Coal company. The defendants in the cases instituted here are James Brown, Charles Brown, John Burns and Ernest Danks, of Old Forge.

Borthwick has been in the employ of the Pennsylvania company, as an engineer, since 1871, and continued to work during the strike. He was annoyed and tormented frequently by the strikers of his neighborhood and last week, he asserts, the four defendants, with others, hung him in effigy in front of his home. "This is a Scab," printed in large letters.

This caused him to be subjected to scorn and ridicule, he avers, and injured him in reputation. He asks damages in each case in the sum of \$2,000. Capias for the arrest of the defendants were placed in the hands of the sheriff, yesterday afternoon. Bail in the sum of \$1,000 is required.

The cases to be brought today in Luzerne county are against strikers living just across the county line in Duryea.

"UNFAIR LIST" CASES.

A canvass was made yesterday by agents of the Delaware, Lackawanna and Western and Lehigh Valley companies of the sixty-eight men whose names appeared on the "unfair list" posted by the United Mine Workers in Kingston and vicinity, and upwards of fifty of them who were seen declared for the bringing of suits for damages and cases of criminal libel against the parties responsible for the notices.

Steps will be taken today to frame the informations and secure warrants for the defendants. Only the five men whose names were attached to the notices as the committee which prepared and posted the notices will be made defendants. Each man whose name appeared on the "unfair list" will bring a separate suit for damages and a presentation for criminal libel against the five committeemen.

The criminal libel proceedings will be brought under the Act of March 31, 1880, which reads as follows:

If any person shall write, print, publish, or exhibit any malicious or defamatory libel, tending either to blacken the memory of one who is dead, or the reputation of one who is alive, and thereby exposing him to public hatred, contempt or ridicule, such person shall be guilty of a misdemeanor, and, on conviction, be sentenced to pay a fine not exceeding \$1,000, or undergo imprisonment not exceeding twelve months, or both, or either, at the discretion of court.

District President Nichols went to Nanticoke yesterday to attend the wedding of a relative, and while there will make an effort to win back to the strikers' ranks the engineers, firemen and pump-runners of the Susquehanna Coal company who returned to work Monday.

MEN RETURNING.

Superintendent Bryden, of the Scranton Coal company, gave it out yesterday that fifteen of the company's engineers, firemen and pump-runners have returned to work this week.

A number of striking miners and laborers, who were employed at the Sterrick Creek colliery, at Peckville, applied to the company for reinstatement, and were put at work filling in cave-holes until such time as they could be given work in the mine. They were set upon by a crowd of strikers and driven away.

A fire boss, engineer and fireman who were on their way to work at the Delaware and Hudson company's Eddy Creek colliery at Olyphant, early last evening, were halted by a large crowd at the railroad crossing on Lackawanna street and induced to turn back. All reports agree that no violence was used. That the men did not turn back will, it may be judged from the fact that all three assured the company officials they would be at work today.

It was feared that an assault was intended by the crowd, and the company made requisition on Sheriff Schadt for protection. The sheriff responded in person and unaccompanied went to the scene on a special car which the company keeps in readiness at Green Ridge for such an emergency. When the sheriff arrived the workmen had been turned back and the crowd dispersed. Another crowd collected when the sheriff's special arrived but no demonstration was made.

At an early hour yesterday morning Patrolman Price, of Pittston, caught four young men with paint pots and brushes, decorating the large brick smoke stack at the east end of the Ferry bridge with a list of unfair workmen. They were arrested and placed in the city lock-up, but when daylight came it was discovered that they had escaped. Some time during the morning they had forced the lock on the cell and got away unnoticed.

His Last Hope Realized.

(From the Sentinel, Gebo, Mont.) In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

THE MARKETS

Wall Street Review.

New York, June 25.—The dealings in stocks fell to near the low level of activity of the year again today. The movement of prices was narrow and irregular. For the principal active stocks there was good support and the undertone of the market was rather firm, but there was no disposition to buy in view of the uncertainty hanging over the market. There was a fairly general upward movement in the early dealings which probably came from the bear traders who stayed short last evening and were apprehensive that Edward's illness might terminate fatally over night. Traders who bought heading professed some confidence that the strike was breaking up and they had news of some further returns to work by strikers, but there was nothing like a general demand for the coals. Colorado Fuel was moved up 3 1/2 points on account of the accession of the directors to take action on the dividend, but the gain was entirely wiped out without any news reaching the public to account either for the rise or the reaction. A late advance in St. Paul made the closing steady, but very dull. Total sales today, 273,000.

There was little doing in bonds and the market was irregular. Total sales, par value, \$20,000. United States bonds were all unchanged on the last call.

Chicago Grain Market.

Chicago, June 25.—"Tallies" in wheat were punished today. After early strong prices, support was withdrawn from wheat and weakness ensued. Just the opposite occurred in corn; shorts were handed about by the bull manipulators until they covered, then the price was allowed to slip back. Under these mixed conditions July wheat closed 84c, lower; July corn, 5c up; September corn, a shade down, and July oats, 5c higher. Provisions were hard pressed and closed 10 to 20 cents lower. Cash quotations were as follows: Flour—No. 3 spring wheat, 74c; No. 2 red, 80c; No. 2 yellow corn, 68c; No. 2 oats, 44 1/2c; No. 3 white, 43 1/2c; No. 3 white, 43c; No. 3 rye, 60 1/2c; good feeding barley, 67c; fair to choice malting, 68 1/2c; No. 1 flaxseed, 11 1/2c; No. 1 northern, 11 1/2c; No. 1 prime timothy seed, 5 1/2c; pork, 118 1/2c; lard, per 100 pounds, 110 1/2c; ribs, 110 1/2c; shoulders, 95 1/2c.
