General Gobin Orders His Troops to Fire Upon Parties Who Attack Troops.

INSULTS OF THE MOBS ARE NOT TO BE BORNE

Recent Conduct of the Strikers Has Convinced the General That the Conservative Attitude of the Troops Has Been Misunderstood by the Riotous Elements—Those Who Throw Stones at the Soldiers in Future Will Receive Bullets in Return.

Shenandoah, Pa., Aug. 29.—General Gobin returned to headquarters from the Panther Creek region tonight. He received the report of Major Gearhart and made a personal investigation of the conditions there and tonight issued the following order:

Headquarters Third Brigade, N. G. P., Shenandoah, Pa., Aug. 29. General Orders.

It is very evident from the recent conduct of the riotous element in this section that the conservative attitude with which the troops have heretofore borne insults has been misunderstood and has encouraged this element to repeated assaults upon the men in the performance of their military duty. This can no longer continue and I have personally informed the chief burgesses of Lansford and Tamaqua and directed that information be furnished the authorities of Summit Hill and Coaldale that the troops will no longer submit to the insults of any source. You are therefore directed to arrest any person using insulting language, epithets or violence toward the troops while in the performance of their duty. Have such parties arrested and taken to your guard house for future disposition. In moving troops place reliable, competent and skilled marksmen on the flanks of the command and arm your fire closers with loaded guns and instruct them that in case of attack upon the column by stones or missiles, when the attacking party cannot be reached the men thus selected shall carefully note the man attacking the column and being certain of his man, fire upon him with further orders. For the execution of this duty select none but absolutely reliable men who will make no mistake. On a general mob, if resisted, use your bayonets and bayonet them if at all possible before resorting to volley firing. It is evident that many of the licensed houses in this community are simply places of rendezvous for the riotous and disorderly element, thus creating these disorderly houses. You will carefully note such houses and report the names of the owners or parties holding the license to these headquarters that application may be made to the courts for a revocation of their licenses.

By command of Brigadier General Gobin, W. S. Millar, Assistant Adjutant General.

The general says that no more troops will be called out at present.

UNION PARTY CONVENTION. A Series of Resolutions Adopted. Pattison Endorsed.

Altoona, Pa., Aug. 29.—The Union party held its county convention here today. County Chairman J. S. Leisenring, presided. These delegates were elected to the state convention to be held in Philadelphia next week: J. S. Leisenring, Hon. Edmund Shaw, John W. Blake, O. H. Hewitt, and J. P. Francis.

A series of resolutions were adopted. One was that Judge Samuel W. Pennypacker's statement that "Pennsylvania has no illis worthy of mention" stamped him as an unfit man to be governor. He is not capable of dealing with the buccannery machine.

The resolutions endorsed Pattison for governor, Guthrie for lieutenant-governor and E. A. Coray for secretary of internal affairs.

HOTEL MAN ARRESTED.

M. C. Brindle Is Arrested on Charge of Receiving Stolen Goods.

Altoona, Pa., Aug. 29.—M. C. Brindle, a prominent hotel man, was arrested today on charges of larceny and receiving stolen goods. He has been buying coffee, hams, sugar, soap and canned goods, in wholesale packages, from John Baird and Charles Hoover, two draymen, who have been stealing the goods at the Pennsylvania railroad freight depot. He paid ridiculously low prices for everything, in some instances the price being 75 per cent. below the wholesale figures.

On a search warrant, Brindle's hotel, the Gladstone, was searched and about \$150 worth of the goods recovered.

They were turned over to a representative of the company. Freight Agent H. T. Henselmann says that the property recovered represents only a small portion of what has been missed within the past few months.

Baird and Hoover are under arrest for theft, and have been committed to jail for trial. Being draymen, they were able to carry on their thievery without much trouble.

PRESIDENT SHOOTS A BOAR.

He Spends the Day Hunting in the Corbin Game Preserve.

Newport, N. H., Aug. 29.—President Roosevelt was today entertained in a manner to his liking. Instead of making numerous addresses, meeting committees and indulging in handshaking, he plunged into the forest in the Corbin preserve in the Crocyden mountain region and hunted big game, and just before dark succeeded in shooting a boar.

In a few remarks preliminary to his talk here, he has disclaimed any intention to go hunting, but Senator Proctor, who, like the president, is a good shot, induced him to alter his determination.

The president arrived shortly after 10 o'clock this forenoon, and after being driven through the principal streets, delivered a short address in the public square. The town had an air of expectancy, since the president's coming had been looked upon as the most notable event in its history. No sooner had he concluded his address than rain began to fall, and the president and those of his party got a thorough drenching. The president refused all offers of umbrellas, saying that his mackintosh would be sufficient to protect him.

The arrangements included a visit to the Corbin mansion, where Mrs. Corbin, widow of Austin Corbin, received the president. After a short stay, the long procession of carriages moved over to the home of George S. Edgill, who, with Mrs. Edgill, entertained the party.

The president was given an hour's start ahead of his party in order that he might visit the club house and don a hunting costume. Several times the party caught up with him, and finally he and Senator Proctor entered the house and came close to view. Darkness was coming on when the president returned here, and soon after their arrival Secretary Cortelyou telephoned in that the president had shot a boar.

Upon their return from the woods they will spend the night at the club house, and it is not improbable that the president will again try for large game early in the morning.

MOB THIRSTED FOR BLOOD.

Shot an Unknown Man Because He Ran Away from an Officer.

Monroe, Mich., Aug. 29.—Walter Lemerand, lately from Toledo, came home this afternoon and found Joseph Labarge, a Frenchman in the house with his wife. A quarrel ensued, Labarge finally running from the house. An officer attempted to arrest him when he ran down Third street, a crowd pursuing.

The "assaulter" was raised and the mob began to shoot. The unknown man ran into a cornfield where he was surrounded and shot dead, a bullet penetrating his heart.

The woman denies that there was any assault.

The two men whose shots killed the victim are unknown and arrests will soon ensue.

Mrs. Lemerand says: "Labarge was sitting in the parlor with me when my husband came home. There was nothing wrong."

Each man is now being performed on Labarge's body and the inquest will be held tomorrow. No arrest will be made until after the inquest.

ENDEAVORS OF ALLIANCE

An Appeal to President Roosevelt to Save Them from the Juggernaut.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Pa., Aug. 29.—The Public Alliance of this city which has been endeavoring to bring about a settlement of the coal strike in the interests of the business men of the attractive region has sent the following appeal to President Roosevelt:

Since the inception of the barbarous and senseless struggle in the anthracite coal region, we, the non-combatant citizens stand upon neutral ground, have suffered the inevitable fate of such unfortunate. The tide of battle ebbs and flows over us, and about us, and we have petitioned humbly. We have hoped for much upon J. Pleasant Morgan's return. But now, after a struggle of four months of suffering and progressive business paralysis, when it seemed as if the time was propitious for a settlement of some kind, if not as a matter of concession to public opinion, yet as a plain business proposition, Mr. Morgan has met with his henchmen and the edict has gone forth: "There will be no arbitration, no mediation, no concussions. The fight must go on."

Mr. Morgan has placed a ban upon us which means ruin, destitution, riot and bloodshed.

Is J. Pleasant Morgan greater than the people? Is he mightier than the government? Will he be permitted to retain this menacing power?

It is time that the people should speak. It is time that their voice should be heard.

Representing the interests and sentiment of nine-tenths of our people, we appeal to you to use your influence to stay the juggernaut which crushes us. Encouraged by your recent utterances relating upon your judgment and patriotism, confident of your great moral courage, we appeal from the king of the trusts to the president of the people.

ATTACK ON CARUPANO.

Venezuelan Rebels Driven Off, but Town Fears New Assault.

Kingston, Jamaica, Aug. 29.—The German steamship Polaria, which arrived here today from Venezuelan ports, reports that last Friday, August 22, while she was at Carupano, Venezuela, 700 rebels attacked that place stubbornly and got inside the town. They were met by 1,000 government troops under General Velutini. Several fighting lasting the whole day, followed, and ended in the disorderly retreat of the rebels, several of them being killed or wounded.

Bullets repeatedly struck the steamship and the lives of her crew being in danger, Capt. Horn communicated with Gen. Velutini and asked for protection. The general replied that the Polaria must clear out, as she had no right to be there. Her captain refused to leave the port and telegraphed to the German cruiser Gazelle, Capt. Grafencolts at La Guayra, asking for immediate protection.

The Gazelle arrived at Carupano on Sunday morning and protected the Polaria while the steamship proceeded to take in cargo. This work was completed on Monday night and the Polaria sailed under the protection of the German cruiser, which also left Carupano.

When the Polaria left Carupano the Venezuelan government officers there were in fear of another and more serious attack on the place. Trade was completely crippled and many atrocities were reported.
