## Thee Boys Seriously Injured in Three Common Accidents—Other News Notes.

Persons passing the corner of Washburn street and Filmore avenue yesterday afternoon were horrified to see a small boy jump from a street car almost beneath the hoofs of a passing team. The young fellow, Howard Price, the 8-year-old son of Mr. and Mrs. D. T. Price, of Filmore avenue and Jackson street, was stepping off a Washburn street car, and almost the same instant a team came rapidly past with the result that the unfortunate little fellow was struck and thrown beneath the horses.

Willing hands picked the cut and bleeding boy up and took him to the home of his parents, where Dr. Carroll was immediately summoned. The physician was compelled to put eight stitches in a long, deep gash on the forehead and also dress several minor cuts. On the back of the head was a large lump. The physician fears that perhaps the child has received a serious injury to his head. Last evening he was resting quite comfortably.

to be a rather peculiar sized dress suit or drummers' case. He took it to the West Side police station, where it remained over night.

Yesterday morning Lieutenant Davis opened the case to see if he could find a clue to the owner. The case was filled with a collection of rubber tubing, etc., and two large bottles of embalming fluid. Funeral Director William Price was notified, and he identified the case as belonging to him. Mr. Price stated he had used the case Wednesday afternoon, and on returning to the morgue it was left in the wagon. He was considerably surprised to find it at the police station and thought that some one must have stolen it, and becoming frightened, threw it away.

A member of the family, hearing his cries, went to his relief and removed him to the house and sent for Dr. D. M. Evans, who immediately responded and was compelled to sew up an ugly cut on the chin. The jawbone also received a serious injury, the result of which cannot yet be determined.

Grand Master Frank Hawley addressed the Minneapolis switchmen at Richmond last Monday night and so was raised for the benefit of the striking miners.

Mr. Hawley gave a talk on the growth of the Brotherhood of Switchmen, and said it was steadily gaining throughout the country. He said it was the duty of the union to give aid to the miners in Pennsylvania, who are now engaged in a struggle for fair wages and American standards of living, and asked that the lodge support the miners in a practical way as well as giving the sympathy which they felt.

The affair is alleged to have taken place in Robt's saloon on Emmet street.

Post, the drayman, one of them drew a revolver and pointing it at the sidewalk, discharged it. Mr. Post notified the police, who succeeded in finding two of the boys, who were arrested and pointing it at the third member of the party, John Saville, of 52 Eymon street, was the one who did the shooting. ## Doctor Churchman Byers Compelled to Withdraw His Famous \$10 Offer—His Offices Crowded to Their Utmost Capacity—He Gives Notice That All Persons Applying for Treatment Before November 1st Will Be Treated for \$10 Until Cured—All Cases Accepted This Month Under a Positive Guarantee to Cure or Money Refunded—This Offer Positively Expires October 31st at 8 P. M.—It Will Not Be Extended Beyond That Date

### HE WAS PARALYZED

Mr. John Jenkins, Dunmore, Pa., says: "Seven years ago I fell down an elevator shaft and injured my spine and as a result my legs became completely paralyzed. No one can appreciate the terrible condition I was in except those who have gone through the same ordeal. From a strong, vigorous man I had been transformed into a helpless cripple. I could only walk by the aid of crutches, and only then with the greatest difficulty. Having read about the famous Quaker cures that were being performed daily by Dr. Byers I concluded, as a last resort to try his treatment. I began to improve almost immediately and this improvement has been so rapid and my present condition so satisfactory that I feel it a duty to mankind to make a public statement of what the great Quaker Physician has done for me. Surely a doctor that is able to do such wonders must be possessed of a most humane power. I shall never cease sounding the doctor Byers' praise wherever I may be."

### LUNG TROUBLE

Mr. John Welsh, Carbondale, Pa., says: "My trouble started some time ago. I had a severe cough, which annoyed me greatly. I lost my flesh rapidly and became greatly emaciated. My appetite was poor and food did not seem to nourish me. In fact, I had all these symptoms that are characteristic of a consumptive. I tried doctor after doctor without relief. I was forlorn and hopeless, and concluded I was destined to fill a consumptive's grave. Having heard so much about the wonderful cures being performed by Doctor Byers I went to his office and started treatment. Today, strange as it may seem, my cough has left me. I have gained flesh, and the pallor of my cheeks has been replaced by the rosy tint of health. I am a cured man, and I give all the praise to the great Quaker Physician, whose superb skill has transformed me into a new being. His power over disease is an inborn quality which few possess."

### HE SUFFERS NO MORE.

Irvin Gearhart, 2006 Smith Place, corner Jadin street, a well-known carpenter and citizen, says: "I don't know how I can express in words my grateful praise for Doctor Byers' treatment. I had been troubled a year with pains that often kept me from work. Last August I was laid up three weeks and nearly all of January and the whole of February, one pain seemed to come through the small of my back down into the left groin. At times they were so severe I could neither lie or sit down. I was also troubled greatly with my head. Dr. Byers' treatment has cured me of all these distressing conditions."

### Doctor Byers will agree to treat all persons applying at his office before November 1st for the nominal sum of \$10 until cured, medicine included. This does not mean \$10 a month, but \$10 for a complete and radical cure.

He furthermore agrees that if the patient is not entirely cured in a specified length of time, to return the money paid without quibbling or evasion. It has always been the principle of his life never to keep a fee unless the patient is cured.

He wishes, however, to emphasize the fact that this offer positively expires on the 31st day of this month and will not be extended under any circumstances. If you wish to be cured at a nominal price, under a positive guarantee to refund the money if the cure is not accomplished. It is important for you to call at once. It is advisable to call as early as possible and avoid the rush that will naturally occur during the closing days of this offer.

### HEALTH AS A DUTY.

It Should Not Be Looked Upon as a Matter Merely of Luck.

From the Woman's Home Companion.

A wise man who chose to pose as a fool once said that "health is the primary duty of life." Yet the majority of us do not consider health a duty. It is a gift from God, a piece of good luck, what you will, anything but a requirement laid on mankind. We expect of man that he be kind, that he be honest. If he is not either of these the more shame to him; but if he is unhealthy we count him unfortunate, and let it go. It would be better to regard health as a duty. We inherit some of our trouble, but the majority of it is on our side, fighting for health, and most of our illness is brought about by our own indiscretion. Let us should live wisely and temperately in all things, neither overeat nor overdrink; we should keep away from intoxicants, and above all should not allow our selves to worry about anything, because that harms us physically as well as mentally. We should regard an act that is likely to interfere with our well-being with as much abhorrence as we would a lie or a theft, which is a blow to the body, and above all, the part of wisdom; it is also the part of morals. If a man is sick he will more easily yield to temptation; all the moral and mental rests inevitably on the physical, and with good health to his aid one is able to face with fortitude all the various problems of life.

### HENPECKED FOR A DAY.

Curious Custom Observed in a Quaint Little Hamlet.

In the little hamlet of Nordhastedt, near Meldorf, a singular custom was observed the other day. According to tradition it dates back to the thirteenth century. During that era the hamlet was on one occasion attacked by a band of robbers and the men of the village were soon compelled to beat a retreat.

Thereupon the women boldly attacked the robbers, and not only vanquished them, but also took the leader and several of the hand prisoners. As a token of their gratitude the men have ever since allowed the women to celebrate this great event by holding a festival at stated intervals and on such occasions they exercise no authority themselves, but submit in all things to the will of the women.

The latter greatly enjoy their temporary supremacy, and as a symbol thereof never fail to fasten a large wooden slipper to every lamp and chandelier in the hamlet.

This curious festival was recently held at Nordhastedt and while it lasted there were no necker or more doleful men on earth than the men of that hamlet.

Advice of Mr. Edison.

Thomas A. Edison has always been very jealous of his time and expects his employees to be equally careful lest a single minute that might yield an important invention should slip by.

A year or two ago an old friend, whose son was just starting out in life, called upon Mr. Edison and presented his son. "My boy," said the friend, "is about to start on his business career. Now, I would like you to give him a few words of advice and a motto which he can adopt in his work."

Mr. Edison was very busy at the time with half a dozen engagements pressing, but looking up at the big dial of the clock in the laboratory and shaking his young man's hand warmly, he said, with a smile that is peculiarly his own: "Give your man the best advice I can give you is, Never look at the clock."—Saturday Evening Post.

### KIDNEY DISEASE CURED.

Mr. Fred Rentschler, 351 Elm St. "For a number of years I had been ailing with what the doctors called kidney trouble. I treated with doctors here, in New York and elsewhere, but they did not cure me. It was in the early part of May that I began with Doctor Byers' treatment. When I sat down to my work, it was impossible for me to get up alone. The pain was something terrible; no one will ever be able to appreciate the torture that I endured. I tried various doctors only to get temporary relief. Finally after hearing so much about the wonderful cures being performed by Dr. Byers' treatment I concluded to get to his office and place myself under his care. I had no doubts about the wonderful improvement that I have made. I shall never cease sounding the doctor Byers' praise for what he has done for me."

### BRONCHIAL TROUBLE.

Mr. William Snowden, Fairwell, Pa., says: "I had been troubled for over three years with a severe cough. I lost over thirty-five pounds in weight. I had no appetite and was unable to sleep. In fact, my condition became so alarming that I had almost given up hopes of a cure. Doctors were unable to do me any good. I concluded to try Dr. Byers' treatment, and commenced on the 15th of May. My cough was almost immediately cured. Now I sleep well; my cough does not disturb me at all in the least; my appetite is good, and I have gained weight.
