Time of Trains

Table with columns for Train No., Direction (South/North), and Time (e.g., 9:08 a. m., 4:47 p. m.).

Train 22, south, and 21, north, are 1st class; the others are accommodation freights. These trains only are allowed to carry passengers. On the River Division, i. e. from Oil City to Irvineton, up the river is North; down the river, south.

LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—A few loads of coal will be taken on subscription at this office.

—Carpenters are at work on the Lawrence House barn, and it will be ready to raise in a few days.

—Mr. Pew, Sheriff-elect of Mercer county, has been in this section for nearly a week past, hunting deer.

—New millinery goods of all kinds can be found at Mrs. C. M. Heath's, in the Acomb Building.

—Supt. Brockway reports the schools in the county in a flourishing condition, with a larger attendance than usual.

—Dr. Blaine's office is at Capt. Knox's, where all desiring his services can find him. His card appears in today's paper.

—Mr. Porter has boarded up the doors and windows of his new house, and will not finish it entirely until next spring.

—Vice President Wilson, who was reported dangerously ill last week, is gaining strength rapidly, and will soon be entirely recovered.

—Marrying and giving in marriage prevails to some extent in the counties adjoining, but very few are willing to risk it in this county.

—Robinson & Bonner, not having room for the corn they are buying in, have rented Capt. Knox's crib, and are putting up a corner in corn.

—A fresh lot of Jamestown Cassimere, just received. Do not fail to call and see them, at Robinson & Bonner's. 32tf

—Mr. Chas. E. Scheide has been appointed Postmaster of Tidouite. There was quite a strife over the position, as it pays a very handsome salary.

—Oil developments in this county are not under way yet, but leasing is going on steadily and drilling will probably commence as soon as spring opens, if not sooner.

—Mr. Lawrence informs us that he proposes to give a grand ball in his hall on New Year's Eve. So all ye dancers be prepared for good music and a good time generally.

—Hon. W. H. Shroff, of Warren county, who had been at home on a visit for a few weeks past, has returned to Wales, where he holds the position of Consul from the U. S.

—S. H. Haslet, Capt. Ridgway, J. D. Hulings, and some others, are making it lively for the deer in Old Forest. They also propose to take a bear or two if they are to be found.

—Mrs. Butler has just received a new stock of Millinery Goods, consisting of Hats, Frames, Feathers, Flowers, Ribbons, Velvets &c., &c., in the building north of Lawrence House. She solicits a continuance of the patronage of the ladies of Tionesta and vicinity. 32 6

—When Robinson & Bonner came to this place to commence business, in the spring of 1872, they brought with them a cat, called "Frank." This cat they had gotten when a kitten, at Mahoning, in 1862, and the move to this place, was its first change of residence. After Mr. Robinson settled here, Mr. Bonner, his partner, moved to Stoneboro. In the fall of '72 the cat was missing, and nothing was ever heard of it until a few days ago, when it turned up, alive and well, at Mr. Bonner's, in Stoneboro. It immediately recognized, and was recognized by all the members of the family, and has the run of the store at Stoneboro. Now, can any one explain how the cat ever found its way to the home of its old master, who had moved 50 to 75 miles from the only home it ever knew except this place? Of all the wonderful cat stories we have ever heard we believe this takes the lead. The correctness of this item will be vouched for by Mr. Robinson.

—Miss Sibyl White, who recently died at Marshfield, Mass., was the last member of the White family which occupied the homestead of Peregrine White, the first Englishman born in New England, though she was obliged about ten years ago, as she was left alone and advancing in years, to sell the place which had been in the possession of her family from the time of their ancestor. Some three years afterward the well-known apple tree, planted by Peregrine, was prostrated and destroyed by a storm.—Ex.

The May family of this place are descendants of Peregrine White, and have a watch in their possession which Peregrine's father brought over from England, a description of which watch we gave a few years ago.

—Some time since, we made mention of a borough ordinance which was passed some years ago, regarding the weighing of coal sold in town. This ordinance has never been repealed and inflicts a penalty of five dollars each upon buyer and seller of coal which has not been weighed previous to sale. Burgess Reck has posted notices to the effect that he intends to see this ordinance enforced. So buyers and sellers will take notice, and act accordingly.

—While some journals criticize the Moody and Sankey revival, as not possessed of real influence and power, others, like the New York Tribune, declare that it is exerting a widespread and beneficial influence. It is, of course, very difficult to rightly estimate such movements, unless we are within range of personal observation, and as the New York press speak so favorably of the work, it is very probable it is both genuine and extensive.

—The Western Union Telegraph Company, J. H. Fones, President, Jas. Fones, Secretary, and Jim. Fones, Treasurer, has put up a line in this place, extending from the Drug Store of the President to the residence of the Treasurer. Rates as low as any other line. No monopoly about this business. The granger and mechanic are to have the benefit of low rates, and no middle men. "There's millions in it."

—It commenced snowing yesterday, and shortly after the first flakes touched the ground, a young fellow came rushing into our office and asked us if we would publish an appropriate piece of poetry. We asked to see it, and he handed us a piece clipped from some last winter's paper. We glanced at the first line, which read, "The snow, the snow, the beautiful snow." Then we shot the young man. No cards.

—In 1868, when we came to this place, Shriver & Sawyer run a planing mill in the building back of the Lawrence House. Next the building was idle for some years. Then Mr. Lawrence used it as a barn. Now Derickson & Co. have a stove mill there, in full blast, making lots of noise and staves, and furnishing employment to several men, who would otherwise have nothing to do.

—There's a good "tracking snow" this morning, and the probabilities are that a great many deer will perish by violence before the season expires, which, by the way is on the 1st of December. Improve the time, gentlemen; there are only a few days left.

—The new water works at Clarion are about completed. The water is taken from the Clarion River, and is undoubtedly a good article. We congratulate the citizens of that town on their enterprise.

—The Pittsburgh Exposition, just closed, was a grand success, the display of goods, machinery, fruits, grains &c., exceeding the expectations of the most sanguine. This being the first exposition in that city, its financial success was a surprise to all. A wedding in one of the Exposition buildings closed the affair. The presents the happy couple received, are laughable to read of.

—A deer was killed in the river nearly opposite Senator Thomas' residence, on Friday morning last. No one would have suspected the amount of male population we have here, until he viewed the crowd on the shore, to see the deer slain. And nearly every mother's son of them had a gun. The deer simply stood no chance at all for life.

—The Northwestern Pennsylvania Poultry Association will hold an exhibition at Richmond's Hall, Meadville, on the 22d, 23d, 24th and 25th of December. Now take that superior poultry you have been bragging about for the last four years, and his away to Meadville, and see how quick you will get the conceit taken out of you.

—A pond flood was made on Sunday last, and a large amount of lumber came out, but we can find no one who can approximate the number of feet. Two or three Alleghenies have gone down the river from here. It is bad weather for raftmen, and we fear the market is not very good below. However we hope for the best.

—The Irvineton correspondent of the Tidouite News says that a party of five hunters of that place, in a hunt of three days killed five deer and two bears. We don't hear of any party from here making as good scores as this. Being in your tallies, gentlemen, and we'll see if Warren county will carry off the honors.

—M. Carpenter, the Artist, is home from his wanderings, with renewed health and vigor, and some new ideas about picture-taking. He now proposes to take small-sized photographs at a rate so low that the natives will be astonished, and will probably insist on giving him more than he asks. Give him a new trial.

—Since the falling off in the lumbering business in this county, there are only two things that make the idea of coming winter bearable, and they are that you don't have to read a lot of base ball scores in every paper you pick up, and the click of the croquet ball is no more heard in the land.

—We have this week sent out bills to all our subscribers, except those on the Tionesta P. O. list, who are a year or more in arrears. We expect a response to each and every one of them in cash. Our expenses are all cash, and we must raise some of that same right away, or our credit will suffer.

—The Black Hills. Why hear we no more of the vast amount of native wealth that lies in the bosom of mother earth out there. Is it possible that the demonstrations of a few painted scalpers at the meeting for the purchase of the hills, have frightened the average American miner?

—We acknowledge the receipt of an invitation to a Thanksgiving party, to be given by the Pleasantville Cornet Band, at the Eagle House, Pleasantville, Pa., on the 25th inst. It is hardly probable that we will be there, but thanks, all the same, for the invitation.

—The improvement on our sidewalks since last week is marked. We do not now anticipate any danger from that source before next summer. It is altogether likely, that some time next season, there will be new walks built throughout the entire town.

—The Steamer City of Waco, from New York to Galveston, was burned last week at the mouth of Galveston harbor. She was carrying passengers and petroleum. All on board perished. The boat was burst to the water's edge.

—Cool evenings now. This business of hanging on gates will soon have to stop. The days are getting short, too. A fellow has to get up in the middle of the night to eat his breakfast and be prepared to go to work on time.

—In several counties of this State auditors have been fined for neglecting to publish annual statements of the financial condition of their townships. There have been several omissions of that kind in this county.

—The Clarion Republican reports a large panther in the woods near that place. We suppose it will die of old age there. But just let one of the "varmints" come around this place, and he'll be cut down in his prime.

—No prisoners in our jail. No breach of promise cases on the trial list. No horse thieves captured, and not much commonwealth business anyway. Civil suits, however, are about as plentiful as usual.

—Secretary Bristow has given notice that he will pay U. S. bonds to the amount of nearly \$17,000,000, on and after February 15, 1876, and that interest will cease on said bonds on that day.

—Peterson's Magazine for December is ahead of all others, a miracle of beauty and cheapness! It has two splendid steel plates, one of them, "A Little Tot," as cunning as possible; a mammoth colored fashion plate; a superb colored pattern for a slipper; and nearly fifty wood-cuts of fashions and patterns. The stories are by the very best authors, all powerfully written. For 1876, in addition to the 100 shorter stories, five copyrighted novels are announced: one of them, "The Days of '76," by Mrs. Ann S. Stephens, is just the thing for the Centennial year. Certainly, all things considered, this Magazine has no equal at its price. The terms are astonishingly low, viz: Two dollars a year, the postage pre-paid by the publisher. The prices to clubs are cheaper still (postage also pre-paid), viz: Three copies for \$4.80, with a superb Mezzotint (21 inches by 26) "Christmas Morning," the finest and costliest ever offered, to the person getting up the club; or six copies for \$10.00 (postage pre-paid), and both an extra copy and the premium engraving to the person getting up the club. For large clubs the prices are even lower. Specimens of the Magazine are sent, gratis, if written for to those who wish to get up clubs. Now is the time to subscribe for 1876. Address Charles J. Peterson, 306 Chestnut St., Philadelphia, Pa.

—We will pay cash on delivery at our mill in Tionesta, for white oak stave and heading bolts at the following prices: Stave bolts, 35 inches long, per cord of 8 ft. by 4 ft., \$4.50. Heading bolts 22 inches long, per cord of 8 ft. by 4 ft., \$4.00. Heading bolts must be made from timber at least 20 inches in diameter. Office at Lawrence House. J. H. DERICKSON & Co. 27tf

—The valuable and beautiful homestead formerly owned by Hon. Joseph G. Dale, and in which he now resides, is in my hands for sale at very low figures. Terms—one-third purchase money down, and the balance in one and two years. MILES W. TATE. 10tf

—Stoves and stoveware at Freeman & Corbet's. 28tf

—Fresh buckwheat flour at Robinson & Bonner's. 27tf

—Robinson & Bonner have full line of stoves and stove pipe. 26tf

—Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper. 30tf

—The lightest running Machine in the world is the Grover & Baker, at least Baldwin, of Tidouite says so, and he knows. 46 1y

—Landlord and Tenant Leases, the most approved form, for sale at this office. 31tf

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in restoring the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Biliary Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are a perfect, Diaphoretic, Cathartic, Stomachic, Laxative, Diuretic, Sedative, Counter Irritant, Sudorific, Alterative, &c.—all in Bileus.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Inventor that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Clinging to the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Throat, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative power in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Dropsy of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in their art undergo paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Itch, Salt-Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors, and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no cathartic, no purgative will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Soreness, cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
