

BOROUGH OFFICERS.

Burgess—G. W. ROBINSON.
Councilmen—P. D. THOMAS, S. J. SETLEY, Wm. Richards, D. S. Knox, A. B. Kolly, C. A. Randall.

FOREST COUNTY OFFICERS.

President Judge—L. D. WETMORE.
Associate Judges—JOS. G. DALE, EDWARD KERR.
Treasurer—S. J. SETLEY.

LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian Church, on Sunday next morning and evening. Sabbath School at 3 o'clock P. M.

—S. D. Irwin, Esq., has been appointed Member of the State Central Committee for Forest County.

—A minister at Shippenville was recently fleeced by three-card-monte-sharps. We don't justify the sharps, but neither do we pity the minister.

—Samuel Clark is finishing up the Smerbaugh building in good shape, and it will soon be ready for occupancy by somebody.

—Col. Reisinger was in town on Friday and Saturday last, on business connected with the estate of the late Dr. Winans.

—Soft coal is somewhat of a scarcity in town at present; and, by the way, we're nearly out. Some of you fellows bring us in a load or two will you?

—Chas. Bonner and Ben. W. May leave for Europe on the 6th proximo. It is to be hoped that they will have fair weather, a fine trip, and return benefitted physically and intellectually.

—Pumpkins and squashes are the latest additions to our home market. The squash crop is not extra, but there is no lack of good round pumpkins, suitable for pies.

—Monday was a Jewish holiday, and was properly observed by Einstein's Store.—Einstein himself was away to New York, whence he started Saturday last.

—Hood Siggins has resigned the position of Station Agent at Hickory, and a gentleman whose name we believe is Williams, has been appointed in his place. Mr. Siggins is attending Allegheny College.

—Wild plums and grapes are now occupying the attention of the housewives of our place, and notwithstanding the scarcity of blackberries and whortleberries, they will all probably be able to put up enough of this fruit to last them until next season.

—Among the late arrivals in town we notice Mr. Anderson, brother-in-law of Mr. Craig, and also a sister of the latter gentleman; Miss McVean of St. Mary's, Mrs. Mitchell, formerly Miss Laura Winans, and Rev. O. B. Clark.

—We have received a catalogue of music published by L. Klein, of Tidouite. It contains all the latest music, vocal and instrumental, and anything in the catalogue can be had by addressing Mr. Klein as above.

—We are under obligations to W. W. Greenland, Esq., Secretary of the Clarion Driving Park, for a complimentary ticket to the races of sail institution, which are going on at present. There are still two days of the races, 20th and 21st.

—The Greenback movement is being agitated extensively. We notice that Hon. W. C. Plummer has taken the stump in favor of that doctrine. We often think, of ourself, that the circulation of greenbacks is somewhat limited.

—The Titusville Courier is a thing of the past. On Monday last the office was purchased by Bloss & Cogswell, of the Herald, and will be merged with that paper. That paper was a sinking fund for Mr. Allen, the proprietor, for many years, and it is a good thing he is rid of it.

—The following school books have been received at Robinson & Bonner's, and are ready for sale or exchange at the following rates. Those on which no exchange is marked are books which have heretofore been used in our schools, and were not changed:

Table with 2 columns: Book Title, Price. Includes 1st Reader (17 13), 2d (30 22), 3d (41 32), 4th (50 37), 5th (75 56), Primary Speller (13 09), Advanced (22 17), Primer (12 09).

HISTORY.

Table with 2 columns: Book Title, Price. Includes Anderson's U. S. History (80), BULLION'S GRAMMARS (In. Ex. 30 22), School (30 22), Practical (60 45).

STODDART'S ARITHMETICS.

Table with 2 columns: Book Title, Price. Includes Juvenile (25), Intellectual (30), Rudiments (45), Practical (90).

Those who have not already purchased these books should make haste to do so. The Geographies and Atlases have not yet arrived, but will be here in a few days.

—The annual convention of the Young Men's Christian Associations of Pennsylvania will convene at East Liberty (Pittsburgh), September 27th to 30th, inclusive. There are over 160 Associations in this State, being one-sixth of all the organizations in the United States and British Provinces.

—Mr. C. L. Hanna, formerly of West Hickory, this county, now of Boulder City, Colorado, has our thanks for late files of Colorado papers. Mr. Hanna is engaged in the hardware business in Boulder City, and we should judge from his advertisement that he has a large establishment and is doing a good business.

—Again has the American Team gotten away with the "bloody foreigners," by some 97 points. The American Rifle Team has never been beaten, although it came very near it on one occasion. There is a large number of long range-guns in this section, and we know of no more rational amusement than getting a team together and practicing at long range.

—"One man's meat is another man's poison," is well illustrated by the fact that the farmers of the West are grumbling at the low price of wheat, while the misses at the East are murmuring at the price of flour, which they would have considerably cheaper if they could. So it goes: the consumer wants the articles the producer produces, at lower figures, and the producer wants higher figures for the articles which he produces and which the consumer consumes.

—This is the first month in which you can eat oysters according to the game law. Jim. Fones has left our shores, and it is an open question whether or not any one will have courage enough to bring on those large, delicious tub oysters wherewith Jas. used to make the hearts of the people glad.

—We hear a good deal of complaint among farmers and others in regard to the potato rot, which appears to have attacked the crop generally throughout this section. The potato bug is a terror, but the rot is a horror. How to remedy this evil deponent sayeth not.

—The strike of the miners at Hazleton, Pa., is ended, the demand of the strikers having been acceded to. It is very seldom nowadays that strikes are ended in that way. It is also noticeable that those who took part in the late strikes, particularly the ring-leaders, are losing their places right along.

—Boss Tweed has been making some "divulgences," implicating several prominent citizens in bribery cases. Whether his confessions will do him any good is for the future to determine. There is not now that violence of feeling against the old chap that there was when he was first captured.

—The work of laying new rails on the P. T. & B. R. R., is progressing, notwithstanding the large number of freight trains which are passing over the road. Walking over Mr. Chadwick's division a few days ago, we noticed that the track was in prime condition and that new rails had been laid on a good portion of it. It is not a time now for new railroads on account of the general trepidation of capitalists, but the roads already running will probably all be put in good shape this season.

—It's about time for Uncle Billy Grove to put in an appearance. The deer are restless and apparently awaiting his arrival. Although Uncle Billy is not the dead shot he used to be, on account of his failing eyesight, yet it is not safe for a deer to come within a hundred yards of him in the season. It is said that bear are going to be plenty this year, and this will give the old gentleman a chance to exercise his ingenuity in the construction of bear-traps.

—District Attorney Irwin desires us to state that it is important that all Justices of the Peace in the county should send in their transcripts right away, as the law requires their reception by the District Attorney some days (we have forgotten the number) before Court. We believe there is a penalty attached to the neglect to comply with this provision, so that all our Squires will at once see the necessity of sending in the said transcript.

—M. Smith, formerly a watch-maker in this place, who left here probably two or more years ago, has written to one of the boys, from Deadwood, Black Hills, to the effect that he has invested in some mining property there, and also in a pick and shovel, and proposes to fight it out on that line until he is overtaken by death or a large fortune. He will have the best wishes of his old chums here that he may be overtaken by the latter calamity.

—The Erie Conference meets at Fredonia, N. Y., next Wednesday. Rev. Allen preached his farewell sermon on Sunday evening last to a good audience. He leaves this place with the good wishes of all, and it is our wish that he may get a good charge if he doesn't come back here. He is a young man of ability, and we predict will yet make his mark in the profession which he has chosen.

—Rev. Elliot, who attended the fair at Sugar Grove last week, informs us that the exhibition was a grand success, every department being filled with the choicest of its kind. Petroleum V. Nasby delivered the address on Friday last, and was listened to by about 8,000 people. It was the opinion of most of the hearers that Petroleum is a better writer than speaker.

—"J. J. M." is again writing for the Derrick, and yesterday had a full report of the sermon of Rev. Fred. Evans on the "Sunday Question," in which the Rev. gentleman takes the broad ground that the 4th Commandment is null and void, and of no effect whatever. Rev. Dr. Eaton will reply to the daring young agitator soon.

—The Derrick of Monday morning says: "Score one more for petroleum. A gentleman residing at Bradford informs a representative of the Derrick that he cured his children, four in number, of diphtheria, by administering to them a solution of resin and refined petroleum.

—This is the first month in which you can eat oysters according to the game law. Jim. Fones has left our shores, and it is an open question whether or not any one will have courage enough to bring on those large, delicious tub oysters wherewith Jas. used to make the hearts of the people glad.

—We hear a good deal of complaint among farmers and others in regard to the potato rot, which appears to have attacked the crop generally throughout this section. The potato bug is a terror, but the rot is a horror. How to remedy this evil deponent sayeth not.

—The hauling of staves to our depot from the mills out toward Tylersburg continues with unabated vigor. We have no information as to the amount of staves shipped here, but there are a dozen or more teams engaged constantly in hauling.

—The deer season comes in on the first of next month, and remains in force until January 1st. The pheasant is also lawful flesh during the same time.

—On some portions of the Allegheny above here, the bass fishing is reported excellent. Metzgar, at Irvineton is taking good strings of them.

—Peterson's Magazine for October is to hand, and its reputation as the best ladies' magazine extant is fully sustained. The steel engraving "The Kiss," and the colored fashion plate are marvels of beauty, and the reading matter is fresh and entertaining. Terms \$2 a year. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia.
