LOCAL AND MISCELLANEOUS.

—Rev. W. O. Allen will preach in
the M. E. Church next Sunday, morn-
ing and evening. Services to com-
mence promptly at 11 o'clock A. M. and
7 P. M.

—Mr. John H. White, of Barnett
Township, is announced in this issue
as a candidate for County Commis-
sioner, subject to Republican usage.

—Master Frank Hunter shot a loon
on the river, near the bridge, on Sat-
urday last. This bird is generally con-
sidered a hard one to kill.

—A big fire occurred at Bradford
on Monday evening last, burning a
whole block of houses. Loss \$50,000.
The origin of the fire is unknown.

—A couple of pigeons were shot in
one of the trees in front of the Presby-
terian Church on Monday morning by
George Albaugh. They were young
ones.

—By an advertisement in another
column, it will be seen that some valu-
able real estate is offered at Assignee's
sale on the 25th inst. Those interested
will please take notice.

—The next legal holiday occurs on
the 30th inst.,—Decoration Day.
There has been no general observance
of this day in Tionesta for about four
years, and we hear no stir about it
now.

—Mr. O. Hancock, of Kittanning,
one of the Commissioners of Arm-
strong County called on us on Satur-
day last. He had an eye on the Press
office, and may yet purchase the paper.
He is a very agreeable gentleman.

—We are in receipt of the "News
Almanac" for the current year, issued
by Mr. White, of the Tidouite News.
It is a nice piece of work, contains a
goodly amount of information, and is
a credit to the office and to the com-
piler.

—Bruce, a little son of D. W.
Clark's, aged something over two years,
fell down the cellar-way in Mr. C's
house, yesterday afternoon, and was
badly bruised. No bones were broken,
but it is yet feared that he is internal-
ly injured.

—A little boy of Rinaldo Toby's at
Bob's Creek, fell off the bridge at that
place on Sunday last, lighting among
some stones on the bank of the creek,
and dislocated one of his elbows. Dr.
Coburn was called, and the little fel-
low is getting along finely.

—Mr. E. M. Payne, of Waverly, N.
Y., called upon us on Friday last, but
we were unfortunately absent. He is
an old subscriber of ours, owns land in
this county, and is spoken of by those
who have met him, as an energetic
and urbane gentleman.

—Mr. C. A. Hill informs us that a
gentleman named Courtney is about to
pierce the bosom of mother earth, on
his farm, in quest of oil. The rig will
be commenced this week. Charles is
quite sanguine, and he may have a
young Bradford up there for any-
body knows.

—M. W. Tate, Esq., returned home
from Clearfield on Saturday. He re-
ports that square timber over on the
Susquehanna is in good demand, and
selling at from 9 to 14 cents. Lumber
and timber at Pittsburgh are doing
nothing at present, and no sales are
being made. We have heard of no of-
fers of over eight cents.

—We have received the prospectus
of The Eye, a new paper which is to
commence publication at Reynolds-
ville on the 15th inst., and to be con-
ducted by Messrs. Bensoetter & Car-
lin. It is to be independent in politics,
but neutral in nothing,—a very diffi-
cult line to pursue. However, the new
paper has our best wishes.

—Just after publishing the notice of
the pigeon shoot in this place, which is
to come off to-morrow and next day,
we received an invitation to attend a
match of the same kind at Erie, which
commences to-day and ends on Friday.
Graham and Derby are the committee.
We are sorry the two matches take
place at the same time, as we had de-
pend on seeing the Erie squad at the
shoot down here.

—The exhibition given by Mr. J.
Q. Sweeney's school, at Clarington, on
the 19th ult., is said to have been a
success in every particular. Four
hundred spectators were present. Each
performer did well, and Prof. Cannon
proved a very humorous piece of ar-
tillery, creating an explosion among
the audience every time he shot off one
of his jokes. The programme was so
long, however, that it was impossible
to get through with it all.

School Directors' Convention.

The Directors' Convention of Forest
County met yesterday afternoon in the
Court House, in accordance with the
call published, for the purpose of
electing a County Superintendent of
Schools, for the ensuing three years.
The Convention was called to order by
Supt. H. S. Brockway, who also stated
the object of the Convention. On mo-
tion, A. B. Kelly, Esq. was elected
President of the body, D. W. Clark
Secretary, and P. W. Brooks and W.
R. Dunn Tellers.

The President read instructions from
the State Superintendent, and extracts
from the law recently passed, fixing
the compensation of County Superin-
tendents, from which it appeared that
the salary for this county would be
\$800 per annum.

Nominations for Co. Superintendent
being declared in order, Messrs. H. S.
Brockway, B. D. McClure, S. F. Rohrer
and Jao. Sallade were placed in
nomination.

The first ballot resulted as follows:
Brockway 17, McClure 10, Rohrer 11,
Sallade 2.

Twelve ballots were taken *viva voce*,
with not much change in results, un-
til the eleventh ballot, when Brock-
way had 19, McClure 18 and Rohrer 4.

On the twelfth and final ballot,
Brockway had 22 and McClure 19
votes. The President declared H. S.
Brockway duly elected Superintendent
of Schools for Forest County for the
next three years.

Prof. Brockway returned thanks to
the Convention in a few words, and on
motion the Convention adjourned *sine
die*.

—Ever since the serpent tempted
Mother Eve, in the Garden of Eden,
all mankind has hated snakes. In this
country the particular dread and aver-
sion of the people, is rattlesnakes, and
in some locations, copperheads. But
we have fresh and well-grounded cause
of action against the water-snake, hith-
erto deemed a comparatively innocent
reptile. The reason is this: On Fri-
day last we were trouting in a small
stream just south of Stewart's Run,
and had thrown a six-inch trout out
on the bank, but he waded us good-
bye with his tail, and disappeared in
his native element. We fished a minute
or so in the same pool, thinking
perhaps he might take another bite,
but not feeling a pull, and concluding
the trout had been pricked, we started
for the next pool below. There we
saw a trout turning up its sides, and
circling around as if it were crazy;
believing that it was the trout we had
thrown out a moment before, and that
it was badly wounded, we laid down
our rod, and went toward the water
with the intention of landing the fish
by hand. But what was our surprise
upon a close inspection, to find that
the trout had been seized by a water-
snake, which was swimming across the
pool with the trout in its mouth, hav-
ing a hold about an inch from the end
of the trout's tail! The erratic move-
ments of the trout were caused by his
frantic endeavors to escape. We wait-
ed until that snake had made a par-
tial landing, and then planted a big
boot firmly on the back of his neck,
when he opened his mouth, and the
trout waded us a second adieu, and
disappeared in his native element.
The fact that these reptiles preyed on
brook trout, or fish of any kind, was
new to us, and we then and there reg-
istered a vow that from henceforth
we would destroy every water-snake
that crossed our path, if it were a possible
thing.

—The following is an extract from a
letter dated July 21, 1877, to the discoverer
of Bethesda Water. The writer is the
Rev. T. B. Fuller, D. D., D. C. L., rector of
St. Gregory's Church, Toronto, Archdeacon
of Niagara, etc., etc. The writer, at the
age of 60 years was a victim of *Saccharine
Diabetes*. His physician said (to use Dr.
Fuller's words) "he could do no more for
me than he had done; that my disease was
incurable, and that I must lie down and
die." [We should state here *en passant* that
our townsman, Jos. Fleming, Esq., is
the sole and only authorized agent for this
wonderful Water for this State as well as
for Ohio and West Virginia.] To return
to Dr. Fuller: "In four days," he writes,
"after taking the Water, I obtained relief,
and since that time I have taken no medi-
cine, consulted no medical man, and pre-
sume if I could give myself reasonable
rest I would be quite well."

Such testimony, from such a source,
should indeed have convincing weight.

and West Virginia.

—The great firm of E. Remington
& Sons, is somewhat embarrassed, by
reason of not getting their pay from
foreign governments to which they have
furnished immense lots of arms.
The creditors of the firm will take long
paper and assist them to continue
business.

—The Jamieson stave mill started
up on Monday. The firm have not
many bolts at the mill, but have a
large quantity in the woods, which
were not hauled in last winter, owing
to the scarcity of snow. The work of
putting these bolts to the mill has com-
menced, and will proceed until the
whole lot is in. The low price of oil
does not affect the stave business.

—Mr. Geo. S. Morgan has been put-
ting in oak timber up at Sugar Run,
for Messrs. Derickson & Co., has run
down to the mill some seventy-five
thousand feet of logs, board measure.
This, when sawed up into bolts, will
make about 225 cords, which will man-
ufacture 75,000 staves. The prospects
are that the proprietors will have
enough stock on hands to keep even
Adams busy this season.

—Horace Jones, of Tidouite, keeps
on hands a large and varied assort-
ment of fishing tackle of all kinds, and
can suit anybody who will take the
trouble to examine his stock. And
when it comes to repairing anything,
from a single-barrel pistol to a breech-
loading shot-gun; from a fishing-rod to
a combination lock—Horace will be
found at home. His prices are always
reasonable and his work always sat-
isfactory.

NOTICE EXTRAORDINARY.
I desire to call special attention to
the following facts as a comparison of
my prices for Boots and Shoes with
those of other dealers in Tidouite:
I sell Women's Best Pebble Goat
Button Shoes for \$2.50, the same qual-
ity as is sold elsewhere in Tidouite for
\$3.00; Women's Best Pebble Goat
Lace Shoes, \$2.25, sold elsewhere in
Tidouite for \$2.50 and \$2.75; Men's
Fine Calf Boots, Sewed, "Erie Boot &
Shoe Co.'s" make, \$5.50, sold else-
where in Tidouite for \$6.50.

These facts have been advertised
here for three weeks, and stand uncon-
tradicted by any direct statement,
which virtually acknowledges the truth
of them. "A word to the wise," &c.,

Quarter Sessions, &c., at Tionesta, for
