

REPUBLICAN STATE TICKET

FOR STATE TREASURER, HON. SAMUEL BUTLER, of Chester County.

REPUBLICAN COUNTY TICKET.

FOR ASSOCIATE JUDGE, LEWIS ARNER. FOR DISTRICT ATTORNEY, S. D. IRWIN, ESQ. FOR COUNTY SURVEYOR, JACOB COOK, FOR CORONER, JOHN HUNTER.

Important to Voters.

The next election held in Pennsylvania will be held on Tuesday, the 4th of November.

Voters must have paid a State or County tax one month preceding the election, that is, on or before Saturday, October 4th.

Members of the County Committee should see to it that every voter of our party has complied with the law.

Failure to pay tax in season deprives the voter of the privilege of suffrage. An elector can swear in his vote, though he be not assessed, but the neglect may cause him much trouble.

THE REPUBLICAN quotes our item about the increase of the national interest, published in last week's paper, and very kindly asks for light as to the source of our information and for the figures. We obtained the item from that excellent champion of the Greenback cause, the National Standard, published at Williamsport, Pa. We would respectfully refer the editor of the REPUBLICAN to the publisher of that paper for further information upon the subject.—National.

Just as we supposed; got his information from a greenback paper. That's just where so many false statements originate, and are heralded all over the county by the greenback papers as facts, but when you pin them down and challenge them for figures you are referred to some other greenback organ, or "champion"—liar. According to the latest official statement of the Treasury, our debt in 1865 was \$2,381,530,294, of which about \$830,000,000 bore seven and three-tenths per cent. interest, and very little if any of the balance bore less than six per cent. The interest on the above was \$150,977,694.87. The interest bearing debt Sept. 1st, 1879, was \$1,796,917,000, on which the interest is about \$83,000,000, showing a decrease in the interest bearing debt from 1865 to the present time of \$584,613,294, and a decrease in the annual interest of over \$67,000,000 in same length of time; and this, too, after paying out of Treasury several millions of pension arrears. Now, we'll not have the cheek to refer you to some "champion of the Republican cause" for the truth of these figures, but to the official statement, upon which any one can rely for accuracy.

In another article the editor of the National suggests that the Secretary use some of the abundance of gold in the Treasury to pay off some of the bonds. Is he not aware that there is not a bond that can be called in until 1881? And when that time arrives, you may rely on it the balance of the six per cent., \$283,000,000, will be called in and paid. In the meantime, when the National has any more statements to make concerning the national debt, let it confine itself to the truth, and all will be satisfactory.

Our Washington Letter.

Special to the REPUBLICAN.

WASHINGTON, D. C., Sept. 25, '79. The democrats of South Carolina are evidently alarmed at the determination of the Republicans to revive and prosecute a live canvass next year, and have applied the screws thus early to keep them down. In all parts of the State acts of terrorism have been committed. The affair at Blackville is but a sample of what may be expected for the next few months in the line of "discipline." At that place, a colored man, named Frederick M'x, is postmaster, and the officials here say he is a faithful one. But he is also an influential Republican, and took a conspicuous part in bring-

ing the Ku Klux and Redshirt men before the Federal courts last winter. He is making arrangements to reorganize his party. For these "offences," the "leading citizens," friends of Hamburg Butler, laid a plan to assassinate him, and he was shot in the back, but not so seriously that he could not recognize his assailant, and demand his arrest and punishment. The local authorities, however, refused to arrest the assassin, and so he will go unpunished unless the United States authorities will take cognizance of the crime. These affairs will not escape the notice of the North as a part of the infamous methods by which the Democrats propose to complete their domination in this nation.

In spite of the assurance of the democrats to the contrary the colored exodus still continues and promises to be larger than ever shortly. Representative colored men have been here to look over the ground and obtain information as to the feeling of the Northern people touching their movements. They have been told by the bulldozers that the North and West do not want them and will not receive them, but they find the contrary to be the fact. They will be welcomed wherever they go. The reports from all parts where the colored people have emigrated, are to the effect that they are good citizens and faithful laborers, and more of them are wanted. It is probable that many of those to come from the Southern States will settle in the middle northern States as far West as Indiana. After the movement is more generally organized the philanthropists of the North will contribute liberally to the expenses of those emigrants who are unable to help themselves.

The announcement that Gen. Grant had accepted the Presidency of a company raised by European capitalists to dig a ship canal across the Isthmus was premature. The European capitalists have been trying to enlist Gen. Grant and other strong Americans in their enterprise in order to give it a good send off, but they have not yet succeeded, and it is not probable they will. But it is probable that the enterprise will not be abandoned. The more feasible plan is for an international combination to carry it forward and so make it an entirely neutral work, never to be interrupted as a commercial highway even in war. Negotiations are now pending between our Government and that of Nicaragua for the right to construct such canal, and they are likely to succeed. Gen. Grant may take a hand in the enterprise as President of an international company, but he will not take such position in any company controlled by European capital. Meanwhile, it is important again to remind the readers that many eminent engineers do not believe in the practicability of the canal, Capt. Eads is one of that number, and he is going to push his scheme against it of constructing a marine railway for carrying ships across the Isthmus. He believes his scheme the only practicable one, and certainly the cheaper, and there are many who agree with him, among whom is Gen. Grant, who is his warm friend.

The act of Assembly entitled "An act relating to the elections of this Commonwealth," passed July 2, 1819, provides as follows, viz: "That the inspectors and judges shall meet at the respective places appointed for holding the election in the district in which they respectively belong before 8 o'clock in the morning of the 1st Tuesday of November, and each said inspector shall appoint one clerk, who shall be a qualified voter of such district.

"In case the person who shall have received the second highest number of votes for inspector shall not attend on the day of any election, then the person who shall have received the second highest number of votes for Judge at the next preceding election shall act as inspector in his place. I also give official notice to the electors of Forest county, that by an act entitled "An Act further supplemental to the act relative to the election of this Commonwealth," approved Jan. 30, 1874: Sec. 9. All the elections by the citizens shall be by ballot; every ballot voted shall be numbered in the order in which it shall be received, and the number recorded by the clerks on the list of voters opposite the name of the elector from whom received. And any voter voting two or more tickets the several tickets so voted shall each be numbered with the number corresponding with the number to the name of the voter. Any elector may write his name upon his ticket, or cause the same to be written thereon, and attested by a citizen of the district. In addition to the oath now prescribed by law to be taken and subscribed by election officers, they shall severally be sworn or affirmed to disclose how any elector shall have voted, unless required to do so as witnesses in a judicial proceeding. If not, then by a justice of the peace or alderman, and the inspectors and clerk shall be sworn by the judge. Certificates of such swearing or affirming shall be duly made out and signed by the officers so sworn, and attested by the officer who administered the oath. If any judge or minority inspector refuses or fails to swear the officers of election in the manner required by this act, or if any officer of election shall act without being duly sworn, or if any officer of election shall certify that any officer was sworn when he was not, it shall be deemed a misdemeanor, and upon conviction, the officer or officers so offending shall be fined not exceeding one thousand dollars, or imprisoned not exceeding one year, or both, in the discretion of the court.

Notice is hereby given, that any person excepting Justices of the Peace who shall hold any office or appointment of profit or trust under the United States, or this State or any city or incorporated district, whether commissioned officer or otherwise, a subordinate officer or agent who is or shall be employed under the legislature, executive or judiciary department of this State, or of any city, or of any incorporated district, and also that every member of Congress and of the State Legislature, or of the Senate or common council of any city, or commissions of any incorporated district, is by law incapable of holding or exercising at the time, the office or appointment of judge, inspector or clerk of any election in this Commonwealth, and that no inspector, judge or other officer of such election shall be eligible to be then voted for.

Also, that in the 4th section of the act of Assembly entitled "An act relating to elections and for other purposes," approved April 16th, 1850, it is enacted that the 13th section shall not be construed as to prevent any militia or borough officer from serving as judge, inspector or clerk at any general or special election in this Commonwealth.

A further supplement to the election laws of this Commonwealth: Whereas, by an act of the Congress of the United States, entitled "An act to amend the several acts heretofore passed to provide for the enrolling and calling out of the national forces, and for other purposes," and approved March 3d, 1865, All persons who have deserted the military or naval services of the United States, and who have been discharged or relieved from the penalty or disability therein provided, are deemed and taken to have voluntarily relinquished and forfeited their right to become citizens, and are deprived of exercising the rights of citizenship hereof:

Sec. 3. That if any person deprived of citizenship, and disqualified as aforesaid, shall at any election hereafter to be held in this Commonwealth vote or tender to the officers thereof, and offer to vote a ballot or ballots, any person so offending shall be guilty of a misdemeanor, and on conviction thereof in any Court of Quarter Sessions of this Commonwealth, shall for each offence be punished in a like manner as provided in the preceding section of this act, in the case of officers of elections receiving such unlawful ballot or ballots.
