Stole a Horse And Buggy.

Thieves entered the barn of James Daniels, a farmer of Barnett township Jefferson county, about two miles from Clarington, on Monday evening of last week, about ten o'clock, and stole therefrom a handsome sorrel mare belonging to Samuel S. Long, a son in law of Mr. Daniels. The discovery was made very shortly after the horse was taken and pursuit was immediately instituted. The thieves were traced in the direction of Tylersburg, where for a time the trail was lost. There were two of the thieves, they having been seen both riding the horse by Charles, a son of Mr. Daniels, while on his way home that night, and who gave the first alarm. The thieves stopped at Daniel Guiton's, at Guitonville, and stole his buggy and harness. They were tracked from Guiton's to Nebraska, in which vicinity they seem to have hid until Tuesday night. The pursuing party was here Tuesday and enlisted the aid of some of our residents. A man was stationed at the creek bridge, and about two o'clock Wednesday morning a buggy containing two men came down the creek road from Nebraska and stopped at the east end of the bridge, and discussed the matter of their route, finally deciding to go to President and ford the river there. The watcher gave the alarm, not deeming himself able to cope single-handed with the thieves, and Mr. Long and T. W. Corah started in pursuit, being about three hours behind. They had crossed the river at the President, from whence they were tracked through several devious paths and by-roads to within a few miles of Meadville, where further trails were lost. Near Diamond, Crawford county, they had stopped and traded the buggy for a cart. The horse is described as a dark sorrel, good driver, light mane and tail, one white hind foot, small star in forehead and weighs about 1100 pounds. When seen beyond the Allegheny river there was but one driver, the other having evidently been with him to pilot him through this section. Mr. Long is determined to recover his property and overhaul the thief if possible, and will prosecute the chase to the last.

The Hickory Valley drum corps, under the leadership of that veteran of the late unpleasantness, Emery Withers, is one of the finest in the country and is composed of a very gentlemanly lot of musicians. During their stay in town last Friday they serenaded a number of our citizens, and the REPUBLICAN office was not overlooked, for which we return our best thanks.

The Christian Endeavor Society is planning some splendid fun in the form of a Hollow E'en social next Saturday night, in the Kepler block. Ten cents at the door secures one a Hollow E'en lunch and a good time. A prominent feature of the evening will be an art gallery for which many art treasures have been secured. If you don't go you will miss a jolly time.

David Gill of Crawford county, was with his old friend Robert Guiton during the past two weeks on his annual Forest county hunt. He didn't come loaded for bear, but on his travels for squirrels one day, ran afoul of a large cub and dispatched him with a load of fine shot. Mr. Gill concluded this was enough for him, so he cut his visit a week or so shorter than he would otherwise have done.

The November number of Peterson's Magazine is admirable in point of illustrations, contents, and general appearance. A fresh management takes control, and the future magazine will be devoted solely to literature and art, under the title of "THE NEW PETERSON." For several years past, the Magazine has been rapidly progressing toward this evolution, and the time has come for the change, as we all feel that a combination of literature and fashion is no longer desirable.

John Jones, wife and child, of Fagundus, had a narrow escape Sunday afternoon last. His horse became frightened at a train at the West Hickory bridge crossing, and he attempted to hold it by the head, when the animal became unmanageable and plunged over the abutment, just as Mrs. Jones dropped the child from the buggy and fell out herself. The horse was badly cut and bruised, but it was a lucky escape for the others, as the distance to the ground below is several feet and very rocky.

Miss Kate Guenther, teacher of Fleming Hill school, makes the following report for the month ending Oct. 24: Number enrolled 32, average attendance 27. Present every day: Maurice Brewster, Harry Head, Frank Money, Arthur Lynch, Archie and Charlie Tucker, Pearl and Charlie Hall, Pearl, Chloe, Anna and Charles Green, Alice Maurea. Absent but one day: Lena Hall, Ida Wilson, Maud Manross, Jay and Clarence Hinkson. The school deserves special mention for good conduct and neatness of written work.

Sheriff Osgood and that cumbersome document, the Baker ballot law, jump onto us with both feet, as it were, this week and ads. reading matter and about everything else are crowded to the wall to make room for the jumbo law. It will only last another week, however, and have heard of none who have had to do with it thus far, that will be sorry for it. If the voter don't take any kiddie to the new order of things than the officials, printers and all who have been obliged to drop everything else and give it their attention, then we don't know where their friends are to come from.

In a few days the new postal money orders will go into use. The system is such that there is little or no complication and at the same time it is a good way to send money. A sheet calling for amounts from one cent to three dollars has been prepared, and which on payment of one and the amount to be sent will be torn off about the same as an express order. There will be no writing on it by the postmaster, the sender endorsing it as a check or draft. The government guarantees its safe transportation. It is thought that the new system will be used extensively by senders of small amounts.

The following remedy for diphtheria which is taken from the Scientific American, is claimed by that journal to be the best known. At the first indication of diphtheria in the throat of a person make the room close, then take a tin cup and pour into it a quantity of tar and turpentine, equal parts. Then hold the cup over a fire so as to fill the room with fumes. The patient on inhaling the fumes, will cough up and spit out all the membranous matter and the diphtheria will soon pass off. The fumes of the tar and turpentine loosen the matter in the throat and thus afford the relief that has baffled the skill of physicians.

When the members of the family emerged from the chamber with sorrowful faces the President went immediately to his own room and closed the door. The other members of the family, respecting his evident wish, allowed him to remain unmolested. The doctor went home, the last of the many questions put by the knot of waiting newspaper reporters were answered by Mr. Halford, the lights were dimmed, and the quiet of the grave lay upon the great white mansion. Religious services will be held at the White House to day after which the remains will be taken to Indianapolis, where the interment will be made at Crowe Hill cemetery, Thursday. The sympathy which goes out to the President in this great trial is universal and profound.

Death Relieves Mrs. Harrison of her Sufferings.

Mrs. Harrison is no more. At 1:40 a. m. Tuesday morning the end came, and for the second time in the history of the White House, a President's wife has died within the walls. Mrs. Harrison met death with the patience and resignation of a devout Christian, and her last days were comparatively free from pain. For twenty-four hours the President and family had been almost constantly at her bedside awaiting the end. Sunday night was without special incident, but late and early—so frequently that he could have slept but little, if at all—the President was in and out of the sick chamber, and was never away for any length of time. Sunday night had passed slowly with the grief-stricken family. The fluctuations in condition did not range far on either side from the general average of extreme depression and exhaustion. The terrible nervous strain on those who watched without hope, and in despairing resignation was very apparent.

The President was beside his dying wife as he had been for nine hours continuously, and his were the last loved features her eyes had dwelt upon. Her breath was labored and very slow. As the hands of the clock crept toward the next hour, it grew fainter yet and less frequent and as the time piece marked the hour of 1:40 o'clock, there was an interruption of the feeble breath, a respiration and then a stop, this time to be eternal and the life of Caroline Scott Harrison had gone out peacefully and quietly and without pain.

When the members of the family emerged from the chamber with sorrowful faces the President went immediately to his own room and closed the door. The other members of the family, respecting his evident wish, allowed him to remain unmolested. The doctor went home, the last of the many questions put by the knot of waiting newspaper reporters were answered by Mr. Halford, the lights were dimmed, and the quiet of the grave lay upon the great white mansion. In Memoriam.

At a regular meeting of Forest Lodge, No. 184, A. O. U. W., the following resolutions were adopted: Whereas, it has pleased God to take from among us our worthy and greatly esteemed Brother, John L. Craig, therefore:

Resolved, that, while we humbly bow in submission to His divine will, we nevertheless keenly feel the loss which we as an order and as citizens have sustained in the death of our beloved brother and neighbor. And we offer our heartfelt sympathy to the stricken wife and bereaved family in this deep affliction.

Resolved, that we extend our sincere thanks to Waverly Lodge, No. 37, of Mountgabel City, for the kind attention and care given to our deceased brother in his last hours on earth in that city, where he died.

Resolved, that as a token of respect to our late brother, the Charter of this Lodge be draped in mourning for a period of thirty days. That these resolutions be spread upon the Records; that a copy be presented to the family, and that the Tionesta papers be requested to publish the same.

When the members of the family emerged from the chamber with sorrowful faces the President went immediately to his own room and closed the door. The other members of the family, respecting his evident wish, allowed him to remain unmolested. The doctor went home, the last of the many questions put by the knot of waiting newspaper reporters were answered by Mr. Halford, the lights were dimmed, and the quiet of the grave lay upon the great white mansion. Religious services will be held at the White House to day after which the remains will be taken to Indianapolis, where the interment will be made at Crowe Hill cemetery, Thursday. The sympathy which goes out to the President in this great trial is universal and profound.
