RUSSIAN FLEETS TO JOIN

Tokio Learns That Squadrons Will Meet May 4.

President Shortens Vacation—Death of FitzHugh Lee—Schwab's Contract With Russia—The Chicago Strike—Carnegie's \$10,000,000 Gift For Teachers—Bigelow a Bankrupt. The London Daily Telegraph's Tokyo correspondent says: "It is stated here that the whole of the second and third Russian Pacific squadrons will join forces on the morning of May 5. 'The fifth native Jap loan of \$50,000,000 has been oversubscribed five times and the financial position now permits of a resumption of the construction of the Central Railway through Japan which was stopped at the beginning of the war.' Religious Freedom an Easter Gift. Real religious freedom conferred upon his subjects by the czar as an Easter gift is an historic event of the highest significance, in comparison with which the remission of millions of dollars of taxes to the peasantry, a long list of decorations and six pages of promotions of bureaucratic officials are hardly worth comment. Honors for Japanese Dead. With elaborate ceremony, beginning Wednesday and ending on Friday, at Tokio, the names of 39,856 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokonsha temple. Many kinsmen and kinswomen of the victims of the war are assembling in Tokio to participate in the ceremony and are being shown special consideration. They will be special guests of the government. The ceremony is based on the national belief in the immortality of the soul and the homage due to ancestors. President Shortens His Vacation. President Roosevelt will break camp at Glenwood Springs, Col., on May 3, a week earlier than he had intended, and will start for Washington at once. The only stops he will make will be at Denver and Chicago, where the dates for his reception have been advanced to meet the new arrangement. The Venezuelan situation, it is believed, has resulted in the decision to return home on May 8. The president has taken a keen delight in his outing. Of the six bears killed by the hunters thus far the president has brought down three and Dr. Alex Lambert the other three. Four other bears have been killed by temporary attaches of the party and nearby ranchmen. All the hides will be mounted as rugs. 'Clubfoot,' a grizzly bear that has been a terror to farmers and ranchmen for a number of years, was killed Wednesday night by Fred Tollens, a member of President Roosevelt's hunting party. Schwab to Build Russian Ships. American superiority over foreign rivals again triumphs in the complete success which has crowned the visit of Charles M. Schwab to St. Petersburg. Mr. Schwab's negotiations with the Russian admiralty have resulted in the practical conclusion of an arrangement for the construction of a number of formidable battleships of a type which probably will startle the world. The details of the construction of the vessels remain to be worked out, but in addition to those which will be built in the United States it is quite likely that a yard will be constructed at a Baltic port to be manned by Russian workmen, but under American engineering and mechanical supervision, the Russian admiralty being extremely anxious to utilize the rehabilitation of the navy for the encouragement of the shipbuilding industry at home in order to eventually render the country independent of foreign yards. Chicago Teamsters' Strike. Chicago had on working clothes Sunday as a result of the teamsters' sympathetic strike, which failed of spreading and of settlement. From daylight until dark, downtown streets were crowded with heavily laden wagons, giving the city a 'cock day' appearance. Believing that the fight now going on for supremacy between the Employers Association of Chicago and Union Teamsters is to be a protracted one business men sought to procure an extra stock of material and supplies. The peace committee appointed by the mayor failed utterly in its efforts to bring about a settlement of the strike and has issued this statement: 'The representatives of the employers refused to accept any commission or means of arbitration which was suggested, while the laboring men declared their readiness to acquiesce in the plan of submitting the controversy to persons commanding the respect and confidence of the community.' Two manufacturers doing their own teaming have been shot and seriously wounded by strike sympathizers. Transportation of Government Coin. Secretary Taft received an application from the secretary of the treasury for the transportation of treasury coin and bullion passing through the Baltimore and Ohio railroad station in Chicago and the sub-treasury in that city, which is reported to be interrupted by the teamsters' strike. The secretary accordingly instructed Colonel Duggan, who is temporarily in com-

mand of the department of the lakes, to furnish the necessary teams and military guard upon application from the sub-treasury. It is explained that this action has nothing to do with the strike, but is made necessary to prevent an interruption of the functions of government. Funeral of Joseph Jefferson. After services that were free from ostentation but impressing in their simplicity and suggestive of the character of the distinguished actor, the body of Joseph Jefferson was Sunday laid away at the Bayview cemetery in Sandwich, within walking distance of the cottages of many of his Cape Cod friends. Sunday morning a brief service was held at 'Crow's Nest,' the Jefferson summer cottage there. Only immediate relatives and intimate friends were present. Former President Grover Cleveland, one of Mr. Jefferson's closest friends, was unable to be here. A public memorial meeting was held in the Sandwich town hall at which all the clergymen of the town participated. Carnegie's Gift of \$10,000,000. Andrew Carnegie has created a trust fund of \$10,000,000, the income of which is to pension those college professors in the United States, Canada and Newfoundland who through old age or other disability have become incapable of rendering efficient service. A minimum of 65 will probably be fixed as the old age limit. The fund, which is vested in a board of trustees made up mainly of college presidents, consists of \$10,000,000 in 5 per cent first mortgage bonds of the United States Steel Corporation, their actual market value at present being \$11,500,000. Germany's New Trade Treaties. Pourparlers have been in progress between the American embassy at Berlin and the German foreign office respecting the effect upon the existing reciprocity agreement between America and Germany of the operation of the new trade treaties concluded by Germany with several European countries, but so far Ambassador Tower has not notified the department that the German government has decided to terminate the existing agreement. If no substitute for it is found the United States and Germany may soon become involved in a serious tariff war. Contractor Wicks Rearrested. Harry D. Wicks, the contractor, arrested a few days ago for shooting an Italian workman at Olean and later discharged on the grounds that the shooting was justifiable, was rearrested Friday afternoon. He was held in \$1,000 bail for a hearing. John B. Anceppa of Buffalo, Italian vice consul, arrived here for the purpose of seeing that no injustice was done the Italians. Giuseppe, the Italian shot by Superintendent Wicks and at first reported to be dead, is still alive. His condition is critical. Death of General FitzHugh Lee. General FitzHugh Lee of Virginia died at the Providence hospital in Washington Friday night as the result of an attack of apoplexy and paralysis with which he was stricken early in the morning while traveling by rail from Boston to Washington. General Lee had been active lately in forwarding work on the coming Jamestown exposition, and appeared Wednesday before the Massachusetts legislature in behalf of that enterprise. Pulled Heavy Train 83 Miles an Hour. At Schenectady, in the presence of a party of visiting officials from the New York, New Haven and Hartford and Northern Pacific Railway companies, the electric locomotive, recently built for the New York Central terminal service between Croton and New York broke all its previous records by attaining a speed of 83 miles an hour pulling a heavy train. George J. Gould Resigns. George J. Gould has resigned from the directorate of the Union Pacific. It was said of Mr. Gould's resignation from the Union Pacific directorate that he had been elected on the distinct understanding between him and the controlling interests in Union Pacific that he would resign from the directorate if he decided at any time to build the Western Pacific. King Edward in Paris. The exchange of official visits between King Edward and President Loubet at Paris Sunday was marked with the utmost cordiality, the conversations on each occasion lasting 20 minutes. President Loubet previously had received Foreign Minister Delcasse, whom King Edward afterwards accorded a long audience. Bigelow a Bankrupt. The latest step of Frank G. Bigelow, formerly president of the First National bank of Milwaukee, who defaulted for \$1,450,000, is the filing of a petition in voluntary bankruptcy. The revised schedules show the total liabilities of Mr. Bigelow to be \$2,277,000, of which \$1,975,000 is wholly or in part secured. Twelve Miners Instantly Killed. A horrible mine disaster due to an explosion occurred at Eleanor near Dubois Pa., on Thursday night when 12 men were killed and one man had both legs and both arms broken. He will probably die.

RECOMMENDS REMOVAL

Finding of Assembly Committee on Hooker Charges.

Acts Do Not Constitute Cause For Impeachment but Warrant Removal by the Legislature Under Section II of Article VI of the Constitution. Special Order For Thursday. Albany, May 2.—Legislative proceedings for the removal of Justice Warren B. Hooker of the Eighth judicial district from the supreme court bench of this state are unanimously recommended in the report of the assembly judiciary committee to that house of its investigation of the charges affecting the justice. The report is signed by 11 of the 13 members of the committee as follows: Fish of Madison (chairman), Mead of Albany, Wemple of Schenectady, Moreland of Chemung, Steele of Herkimer, Cunningham of Ulster, Schoenck of Onondaga, F. G. Whitney of Oswego, Standart of Erie, Shanahan of Kings and Cahn of New York. Mr. Perham of New York died in March and Mr. Everett of New York has not attended any of the committee's hearings by reason of continued illness. Messrs. Mead and Wemple sign the following memorandum which is attached to the report: 'We have signed the foregoing report with great hesitation, believing there is grave doubt as to the interpretation of section II of article 6 of the constitution and its application to the facts in this case.' Committee's Recommendations. 'We are of the opinion,' says the committee, in the recommendation which closes its report, 'that the acts of said Warren B. Hooker hereinbefore set forth in the several findings of fact do not constitute cause for impeachment under the provisions of section 13, article VI of the constitution of this state, and of section 12 of the code of criminal procedure, for the reason that such acts were not committed in the course of the discharge of his official duty and do not constitute wilful and corrupt misconduct in office. 'We are of the opinion that the acts of said Warren B. Hooker hereinbefore set forth in the several findings of fact constitute and are cause for his removal under the provisions of section II, article VI of the constitution of this state. 'We recommend that proceedings be taken by the legislature for the removal of Warren B. Hooker from the office of justice of the supreme court, in pursuance of and in accordance with the provisions of section II, article VI of the constitution of this state.' The conclusions upon which these recommendations are based are summarized in the following: The acts of Justice Hooker upon which the committee has been taking testimony for nearly two months. These conclusions are as follows: Conclusions of Facts. 'First—That, in our opinion, said Warren B. Hooker and George W. Beavers both knew that the appointments of said Frank P. Ball, as laborer and clerk in the Fredonia postoffice, were unnecessary; and that by reason of the acts of said Hooker and Beavers, and the acts of Ball in connection therewith, the United States was defrauded of said sum of \$2,532.97; and that the reason and motive which influenced Warren B. Hooker in procuring the appointment of Ball, first as laborer and then as clerk in said postoffice, was that Ball might thereby obtain money with which to pay the said note of \$2,640 upon which Mrs. Hooker was endorser; that the said acts of said Warren B. Hooker were immoral and show a personal unfitness in him to occupy the position of justice of the supreme court. 'Second—That, in our opinion, said Warren B. Hooker knew that the appointment of Maurice Hooker to the position of laborer in the Fredonia postoffice was unnecessary. That by reason of the acts of said Warren B. Hooker and Melvin H. Taylor, and the acts of said Beavers and Maurice Hooker, connected therewith, the United States was defrauded of upwards of the sum of \$500; and that said acts of said Warren B. Hooker were immoral and show a personal unfitness in him to occupy the position of justice of the supreme court. 'Third—That, in our opinion, said Warren B. Hooker and George W. Beavers knew that the appointments of Thomas O'Neill, Henry J. Pemberton, George Cooper, Minerva Jeffrey and Ora Caldwell were unnecessary and that by reason of the acts of said Hooker and Beavers in connection with the appointment of said Ora Caldwell and Thomas O'Neill the United States was defrauded of the sum of \$276.66, paid to said Caldwell and the sum of \$126.66, paid to said O'Neill. That the acts of said Warren B. Hooker in connection with the appointments of Caldwell and O'Neill were culpable and show a personal unfitness in him to occupy the position of justice of the supreme court. 'Fourth—That, in our opinion, the transaction between Katherine K. Clark, Melvin H. Taylor, Warren B. Hooker and George W. Beavers, regarding the appointment of said Clark to a position in the Fort Plain post office and her transfer thence to a clerkship in the postoffice at Fredonia, was an evasion of the United States civil service law and that the transaction was immoral and corrupt and

shows an unfitness on the part of said Warren B. Hooker to be and remain a justice of the supreme court. 'Fifth—That, in our opinion, the acts of said Warren B. Hooker in connection with the procurement of the judgment against the city of Dunkirk were corrupt and immoral, and show a personal unfitness on the part of said Warren B. Hooker to occupy the position of justice of the supreme court. Accompanying these conclusions and recommendations are eight findings of fact, based upon the testimony which has been reported during the progress of the investigation. The report was received in the assembly without debate or opposition, and its consideration was made a special order for Thursday. SHOT BY HIS CLERK. Franklin Havens Lost His Life From an Alleged Joke. Albany, May 2.—Franklin Havens, secretary of the Albany Board of Fire Insurance Underwriters, was shot by Miss Julia Craver, a clerk in his employ, late yesterday afternoon in his office and died soon after 11 o'clock in the Albany hospital. Miss Craver, who is under arrest, claims that the shooting was accidental and the police say they have found no evidence to cast doubt upon her story. Havens was unconscious till death and therefore unable to make any statement. Miss Craver, who is almost prostrated over the affair, is confined in the house of detention of the local humane society. She claims that she pointed the revolver, which was the property of Havens and which has been in a pigeon hole in a cabinet in Havens' office for a long time, at him in a spirit of fun as he was entering the room in which she stood, commanding him to throw up his hands. He had told her, she asserted, that the weapon was not loaded, and she declares that she pulled the trigger three times before the weapon exploded. An examination of the pistol confirms this statement. It contained six cartridges and two of them in addition to the one discharged had indentations from the hammer. The bullet entered Havens' right temple and penetrated the brain. Mr. Havens was 35 years old, comes of a well-known family, married and the father of two children. Miss Craver, who is 22, is also well connected and bears an excellent reputation. She has been employed in Havens' office for more than a year. Bigler Johnson to Be Hanged. Philadelphia, May 2.—The state supreme court has ordered that Bigler Johnson, who confessed to the murder of his wife and her niece at the home near Towanda, Pa., on Sept. 18 last, be hanged. Johnson when placed on trial at Towanda pleaded guilty. Under the Pennsylvania law the case was taken from the jury and the trial judge fixed the degree of the crime at first degree murder. The case was taken to the supreme court on the plea that the grade of killing should have been fixed at second degree murder. The supreme court now upholds the lower court. State Agricultural College. Ithaca, May 2.—The breaking of ground for the State Agricultural college at Cornell was yesterday uniquely celebrated by all students attending the agricultural school. Dr. Andrew D. White and Dean L. H. Bailey of the agricultural college made appropriate addresses and afterwards the students hauled a plow around the site. Professor Bailey guided the handles and thus the first furrow was turned. Then each student threw out a spadeful of earth. Under the contract the new college buildings are to be completed one year from yesterday. Anonymous Donation to Columbia. New York, May 3.—At a meeting of the trustees of Columbia university announcement was made that \$500,000 had been provided by an anonymous donor for erecting and equipping a college hall for undergraduates. The building will take the place of the old King's college on King's farm, and the construction will be started at once. Increase of Public Debt. Washington, May 2.—The monthly statement of the public debt shows that at the close of business April 30, 1905, the total debt, less cash in the treasury, amounted to \$997,217,941, which is an increase for the month of \$8,593,284. This increase is partly accounted for by a decrease of \$7,502,942 in the amount of cash on hand. Long Winded Orators. Edmund Burke's greatest speech is generally considered to have been the one on 'Conciliation with America.' The report of the speech, supplied by Burke himself, runs to as many as thirty-two pages. It contains over 30,000 words. It, therefore, could not have been delivered under less than five hours. It is curious, by the way, how long winded all the great British orators were in Burke's time. The older Pitt was the first to indulge in long speeches in the house of commons. After he had delivered one of these famous orations he was hailed by crowds outside the house with enthusiastic cries of 'Three hours and a half! Three hours and a half!' 'Just as if a man can talk sense for three hours and a half,' remarked the cynical Chesterfield, who happened to pass by.

Wholesale importation of non-union men from St. Louis and the arrival of 'Strike Breaker' Farley from New York gave a new turn to the teamsters' strike in Chicago.

FOILS TRAIN WRECKERS.

Woman Discovers Plan to Place Dynamite on Tracks and is Badly Beaten.

Unton town, Pa., May 1.—A deliberate attempt to dynamite at Le Mont on Wednesday night the Pennsylvania railroad passenger train due here at 7:47 p. m. was frustrated by a woman and is being investigated by officers of the company. Mrs. Sadie Lewis of Le Mont has reported to the officers that she heard two men say that they had a grievance against the Pennsylvania railroad and that they planned to place dynamite on the tracks. The men started toward the railroad, and Mrs. Lewis, hoping to thwart their plans, followed them. Seeing that they were discovered, the men beat her unmercifully, threw her across the track and ran. Mrs. Lewis was unconscious for a few moments, but recovered as she heard the train approaching. By the light of the engine she saw the sticks on the rail, brushed them aside and escaped with only a few seconds to spare. Unton town officers were notified. They found Mrs. Lewis badly beaten, her head severely cut and both eyes badly swollen. Mitchell's Coming Campaign. Wilkesbarre, Pa., May 1.—Word has been received from President John Mitchell of the United Mine Workers that he expected to reach here about May 14 to begin the campaign of organization throughout the anthracite regions. Arrangements are now being made by the leaders of each district for daily mass meetings which he will address, and the work will be carried on for the three months which he will devote to this region. There have been large gains in membership in the last month, and when President Mitchell finishes his work here the organization expects to have every eligible mine worker in its ranks and in good standing. \$71,000 Filched From Treasury. Columbus, O., May 1.—According to Prosecuting Attorney I. H. Foster of Athens county, investigation shows an alleged shortage in the county treasury of \$71,000. The shortage is said to have occurred chiefly in the administrations of Treasurers Hickman and Baddison, \$60,000 of the money having disappeared then. The remainder was filched in small sums at other times. He said the money was taken by persons other than the county officers. Sheriff Prevents Lynching. Findlay, O., May 1.—George M. Ragland, a big negro, was brought to this city from Kenton and lodged in the county jail by Sheriff Scott of Hardin county, who says his prisoner was in danger of being lynched for an alleged assault upon three white girls, ranging from 9 to 14 years old. Sheriff Scott learned of the organization of a mob and decided to spirit his man away before trouble occurred. Ragland's mental condition is being looked into. Ex-Mayor Dies a Pauper. Scranton, Pa., May 1.—James G. Bailey, former mayor of this city, died Saturday in the insane department of the city poor house. In an investigation two years ago, following the end of his term, he confessed to having accepted bribes. The scandal broke down his health and caused him to lose his mind. He was for years regarded as the most prominent Democrat in Lackawanna county. Coal Dealers Indicted. Cleveland, May 1.—The county grand jury has returned indictments against 11 members of the executive committee of the Cleveland Retail Coal Dealers' association, known as the local trust. They are charged with restricting trade, preventing competition and fixing prices in violation of the state anti-trust laws. Railroad War Move? New Castle, Pa., May 1.—Supposedly to block the entrance of the Washah railroad into this city, the Pennsylvania company is securing options upon farms bordering on both sides of the Beaver and Mahoning rivers to close possible routes through both valleys. College Escapes Flames. Latrobe, Pa., May 1.—Fire broke out on the upper floor of Saint Vincent's college, connected with the Benedictine monastery, near here Saturday afternoon. By the prompt action of the inmates the flames were quickly controlled. There was no one injured and the loss was small. Man Fasts 41 Days. Greensburg, Pa., May 1.—Charles Emerick, Jr., of Penn station has completed a 41-day fast, begun to rid himself of a swollen abscess on the left cheek. The fast had eminently satisfactory results. Emerick lost 28 pounds, but is taking on flesh rapidly. Dragged by a Train. Eldred, Pa., May 1.—Charles Fraley was almost dragged to death by a train which leaves this station at 6 o'clock. He tried to jump the rear steps and fell, his foot catching on the rear platform. His shoulder and two ribs were broken. Schwab Not to Build Navy. St. Petersburg, May 1.—It is learned on the most trusted authority that the story about Charles M. Schwab making a contract with the government to build warships is untrue.
