Veterans to Get New Pensions.

The blanks for application for pensions under the new law will be ready within a few days and may be obtained from the Pension Bureau at Washington or from Congressmen.

Any person who served ninety days or more in the military or naval services of the United States during the Civil War, who has been discharged honorably and who has reached the age of 62 years or over, is entitled to receive a pension as follows:

Table with 4 columns: Age, days, mos., yr. 1 1/2, 2, 2 1/2, 3. Rows show pension amounts for different age groups.

Table with 4 columns: Age, yrs., yrs., yrs. Rows show pension amounts for different age groups.

Any person who served as above set forth, and was discharged honorably, and who was wounded in battle or in line of duty and is now unfit for manual labor by reason thereof, or who from disease or other causes incurred in the line of duty resulting in his disability is now unable to perform manual labor, shall be paid the maximum of \$30 a month, without regard to length of service.

The Commissioner of Pensions estimates that more than 400,000 claims will be filed under this bill within the ensuing year.

In this connection the following note from Congressman Speer will be appreciated by all old soldiers in this district:

I cordially invite every old soldier in my district to drop me a postal card or letter giving me his full name and address, and I will gladly forward him a blank application for original pension or increase of his present pension, and attend to the filing of the application immediately upon its return to me, and give all needed information in reference thereto.

Very truly yours, PETER M. SPEER, M. C., 28th Dist., Penn'a.

At the suggestion of a citizen of St. Paul, President Taft has endorsed a proposal that the people of the country, especially the school children, wear the National colors or a strip of evergreen on Memorial day.

WITHOUT pretending to great piscatorial enlightenment, not being able to distinguish between a buffalo sucker and an Allegheny "hellbender," Gardner Smith of the Ponsantown Spirit nevertheless hits his mark in the following item:

"The planting of California and Brown trout in our Pennsylvania streams has proven, in the estimation of our fishermen, about as valuable an asset as has been introduced since the introduction of the German carp and the English sparrow, and it is all due to theorists who experimented at the expense of the state.

The death penalty by electrocution was paid by Clarence V. T. Richeson, the former Baptist clergyman, confessed poisoner of Avis Linnell, of Hyannis, his one time sweetheart, in the prison at Boston, Mass., shortly after midnight Monday.

Chas. Carvatta, who lately returned from sunny Italy, is with us, and while away married one of Italy's fair daughters. We wish them a life of health and prosperity.

The beautiful weather of Sunday last took almost every one out of the house, as it was a rare thing to see the weather so pleasant, and we all took advantage of it and had a lovely sun-bath.

Roosevelt Carries Ohio.

The indications are that Colonel Roosevelt has carried Ohio in the first Presidential preference election held in that state yesterday. Returns up to 1 o'clock this morning, when nearly 2,000 of the 5,192 precincts had been heard from, put the Colonel about 15,000 ahead of President Taft.

Memorial Day Services at East Hickory

Memorial services at East Hickory M. E. church, Sunday, May 26th, at eleven o'clock a. m., by Rev. W. W. Dale, and at Whig Hill on the same day and hour by Rev. W. E. Frampton of Kellettsville. Let every old soldier and friends attend one of these services.

General memorial services at East Hickory, May 30th, beginning at ten o'clock a. m. sharp. All Sunday schools and everybody, young and old, are cordially invited to be present and by so doing you will greatly assist in a work of kindness and love.

By order of Committee. J. ALBAUGH, Marshal.

Mr. and Mrs. C. L. Littlefield returned from a visit among Warren county friends, and while away the lady's mother died and was buried at Marienville. We hear that they are going to move away from our town in the near future.

Geo. Blum will move his family and part of his household goods to Kingsley for the summer, leaving us the first of this week; in fact the car is now on the siding here and will be loaded at once.

C. H. Brewster and family of Mayburg visited the Whitehill family at Wellers on Saturday, and the Mrs. will remain with her mother a few days as the mother is not very well at this writing.

Mrs. Shay, at Wellers, also has been indisposed for several days. We are sorry to note this as the lady loves to attend the Sunday school and church when she is able.

Mrs. Stone came in from Warren on Friday evening to arrange her new home on Hill Hill, but thinking there was a station by name of Fools Creek was carried by and dismounted at Porkey, staying at the Rupert home over night. She had a good visit and the girl, I ene, surely spent a very joyous time while there with the inmates of the home. They left on the morning train Saturday for their new home.

Master Lawrence Jackson and sister Mabel, of Cooper Tract, spent a couple of days here last week the guests of young friends in this village, their old home, returning on Saturday to Cooper Tract.

It becomes necessary for the school board of Howe twp. to lay a gas line from the main to the school building, as the owner of the line is moving away and taking the line with him. The line will be put in before the coming term and we think there will be more gas at the school than there was last winter.

Neighbor Breneman of Minister is going to move his family back to Marienville in a short time, and our choir will lose it also by this move.

Owing to a small collision with a tree last week below Mayburg, the S. & T. has the Standard Wood Co. engine for a passenger engine, and the time made by the new engine is very speedy, in fact too much for this line of railroad with human freight on board. We and ours will refrain for a time from traveling until our trusty men is again at the throttle.

Capt. J. J. Haight of Cooper Tract was a pleasant visitor in the village on Sunday last. He is going into the gasoline business at Hastings, and we wish him success.

Mr. and Mrs. Rayburn were the guests of the Late Littlefield family on Sunday last, and had a pleasant visit as the weather was not freezing and it did not rain.

Chas. Carvatta, who lately returned from sunny Italy, is with us, and while away married one of Italy's fair daughters. We wish them a life of health and prosperity.

Dominic Scalfaro and wife, and Cassie Bab, of Mayburg, were guests of the Rupert family a few hours on Sunday. We noticed our old friend Ed. Walter driving up the creek on Sunday afternoon, and we made up our mind that he was looking for a ray of sunshine above Blue Jay somewhere.

The beautiful weather of Sunday last took almost every one out of the house, as it was a rare thing to see the weather so pleasant, and we all took advantage of it and had a lovely sun-bath.

Kellettsville.

The passenger train, while making the return trip from Sheffield Tuesday, ran into a tree top and smashed the cab on the engine and somewhat damaged the baggage car. The tree had fallen just around a curve in the road and was not detected in time to stop the engine.

Mr. and Mrs. W. A. Hartman drove to Tionesta Thursday and spent the day with Mrs. Copeland.

Mrs. Sanford Secor of Nebraska visited her brother, George Klinevister and family Wednesday.

H. H. Watson and Fred Slocum of Tionesta were up Saturday and took their engine down to Nebraska, where it was shipped to Coleman & Watson's mill.

The W. C. T. U. held a meeting at the home of Mrs. E. E. Daubenspeck, Wednesday afternoon. The subjects "Purity" and "Prisons" were taken up and carefully discussed.

Miss Meda Detar went to Jamestown, N. Y., Tuesday, where she expects to spend a portion of the summer.

Mrs. Charley Daubenspeck is very sick at her home at present and great concern is manifested.

Mrs. M. D. Spencer and son Cecil visited the former's mother at Beaver Valley during the week.

A number of surveyors have been in town during the week staking out the state highway to prepare it for the construction of a macadamized road.

Mr. and Mrs. George Parker visited the former's father at Golezza, Tuesday.

F. V. Hendrickson went to Mayburg Monday to work in the shop for his father, while he pays a six weeks' visit with old friends in Sweden.

About eleven o'clock Saturday morning the town was startled by the sound of the fire whistle and on investigation it was discovered that one of the company's houses at the Salmon Creek mill, occupied by A. Barnes, the night watchman, was in a blaze.

Mrs. Barnes was washing and a boiler filled with clothes was on the hot plate, which stood quite near the wall. She went to one of the neighbors on an errand and while absent the gas which had been low all morning came on and the door being open the blaze was blown against the wall, igniting the paper. When discovered the inside of the house was all ablaze.

Mr. Barnes, who was asleep in the house, was awakened and escaped in his bare feet, carrying the sewing machine with him, which, with the addition of two chairs, a gun, quilt and a pillow, comprised the entire amount saved. The loss falls quite heavily on them, losing all their household goods and clothing. They will take up housekeeping again in the house lately vacated by Scott Webber's family.

Some of our boys have been amusing themselves in a very cruel and dangerous way for some time and the owners of cows are getting very indignant about it. They corner one of the cows they find pasturing in the woods or along the roadside and subject her to every cruelty their minds can conceive, apparently deriving a great deal of pleasure from the poor beast's sufferings.

One of the cows which had been unfortunate enough to fall into the hands of these pleasure seekers came home in the evening very much the worse for her experience and on examination nine shots were found in different parts of her body.

Gen. Hulings Finds a Platform.

As an echo of the late primaries and as showing that he is not prepared to bow submissively to its decree, the effort of General Hulings to have his successful competitor for the nomination for Congress, Peter M. Speer, cited to reply to the allegations that his nomination was secured by illegal means, is interesting. But to the average layman it is difficult to discern wherein Mr. Speer is the party at fault, if any fault there was. If persons who were not so entitled voted the Republican ticket at the recent primaries, or to be more explicit, voted for Mr. Speer, the place to have stopped them from doing so, to our way of thinking, was at the polls. The law provides for that through the method of "challenging." Where that is not done we do not see how any court could go back of the face of the returns.

Anyway, as to Mr. Hulings' avowal that hundreds of Democrats voted for his opponent, it could likewise be surmised that no inconsiderable number cast their ballots for him, in view of the well-known fact that during the campaign he not only mailed letters to Republicans asking for their support, but to Democrats as well. As we see it, General Hulings did not expect to accomplish the desired result when he instituted this action in court, but rather wanted its installation as a platform on which to stand as an independent candidate for Congress. Not satisfied with the result of the primaries, is it not likely that he will carry that dissatisfaction to the extent of endangering the success of the Republican candidate at the general election?—Franklin News.

To Part Glasses.

If you ever have trouble with tumblers or finger bowls getting stuck together, set the lower piece of glass in hot water and fill the upper one with cold water. This will expand the one and contract the other enough to slip them apart easily.

Food for the World.

It is said that the nut trees of the world could furnish nourishment for the entire population of the globe. Brazil nuts grow in such profusion that great quantities are wasted every year.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

Poor appetite is a sure sign of impaired digestion. A few doses of Chamberlain's Stomach and Liver Tablets will strengthen your digestion and improve your appetite. Thousands have been benefited by taking these Tablets. Sold by all dealers.
