—Frank E. Harkless has been notified of his appointment as postmaster at Kellestville. The office has been efficiently conducted for nearly a dozen years by Leon Watson, Esq., but as the victors are entitled to the spoils, according to the old Andrew Jackson theory, it was only a question of time when a change should take place with a change of administration. Only a couple of years and all these things will be righted again. See?

—Harvey, the ten-year-old son of David Walters of Newmansville, narrowly escaped death a few days ago from an infuriated neighboring cow which he was attempting to drive off the premises. The cow made a dash for the lad and one of her horns caught in the socket of his right eye tearing a great gap upward through the boy's forehead. Several stitches were required to close the wound by a surgeon, and it is probable the boy's face will be marked for life.

—Mrs. Luella Stroup of Cherrytree township has entered suit against her husband, John Peter Stroup, of Plumer, the charges made against him being cruel and barbarous treatment and indignities to the person. During the time they lived together, having parted in October last, they resided in various places in Forest and V. mango counties, finally separating at Plumer.—Titusville Herald.

—Charlie Bush of Oldtown, is also some fisherman. Saturday he played two beautiful specimens of pike for a catch down below the Little Tionesta creek harbor, one of which measured 23 inches and weighed four pounds, and the other stretched to 35 inches and tipped the balancers at seven pounds. Out of five strikes with his casting rig Charlie has landed four pike this season, which is going some for one who does not aspire to championship status, and his elder brother, John, must look to his laurels or retire to the "has been" class.

—Orion L. Bleakley, one of Franklin's prominent young business men, died at his home in that city Sunday evening after a short illness, aged 35 years. He was beloved by all who knew him and the sudden summons came as a great shock to the community in which he was held in highest esteem. The deceased was a son of Mrs. William J. Bleakley who has relatives and many friends in Tionesta where she often visits, and where she will find many sympathizers in this affliction. Mrs. Susie M. Sharpe, a relative of the family, is attending the funeral to be held today from the late home of the deceased.

—The Tionesta baseball team went to Titusville last Wednesday for a game with the St. Titus team and came home with the cipher end of a 6 to 0 score. The Herald says it was easily one of the snappiest and best played contests seen there in a long time. There were but two errors made all day and both teams played bang up ball at all times. Tionesta went over to Snyderburg Saturday and defeated the team there by a score of 4 to 3 in a game that was marked by good pitching and fast fielding by both teams. Tionesta will entertain the Oil City Pirates here next Saturday, the game to begin at 3:30.

None of the parties reside at Marienville, but the unfortunate young lady who lost her life was a half-sister of William Taylor of that place, and at the time of the accident her mother was visiting there. The injuries sustained by the other members of the auto party are not serious and they are recovering.

—L. E. Shreckengost, of Coleman's Mill, had a lively experience when his car skidded and went over the bank while he was going from this place to the mill, Monday morning. Just after the heavy rainstorm he was going along at an easy gait between the Titusworth hill and the Tionesta creek bridge when the car skidded toward the outer embankment. He quickly shut off the power, applied the brakes and jumped, but the car kept sliding, finally landing right side up and without a broken bolt five or six feet below on the Sheffield & Tionesta Railway tracks. After getting the car headed in the right direction Mr. Shreckengost applied the power and ran the machine up the railroad and onto the public road at the creek bridge, none the worse for his mishap.

—Recently Fishwarden J. P. Albert, of Warren, entered complaint before Justice C. A. Randall of Tionesta, against the Tionesta Valley Chemical Company and the Watson Lands Lumber Company at Mayburg on Tionesta creek, and the West Hickory Tanning Company at West Hickory on the Allegheny river, charging these industries with allowing deleterious matter to enter the streams on which they are located. On Saturday representatives of these companies met Mr. Albert at Justice Randall's office and the situation was gone over and amicably discussed, with the result that the companies agreed to add to such disposal facilities as had already been adopted by them, as will entirely eradicate any future trouble in this connection, these improvements to be completed by October first.
