RALEIGH

Classical, Mathematical and Military ACADEMY.

Classical Department: J. M. LOVEJOY, PRECEPTOR.
Mathematical and Military Department: W. F. DISBROW.

THE year will be divided into two Sessions of five months each; the first Session beginning on the first of January, and the second Session on the first of July.

It is the design of the preceptor, that this Institution shall not be surpassed, in the advantages afforded for acquiring a thorough English, Classical and Mathematical Education.

Pupils will be prepared to enter the Junior Class of any College in the United States.

TERMS OF TUITION.

For English and Mathematical Studies, per Session, \$15 00
For Latin, Greek, French, Spanish and Italian Language, per Session, 20 00

The advanced Classes may pursue the Studies of a lower Class, paying only for the Studies of the Class to which they belong.

Military Tactics taught to the Pupils, free of extra charge.

The design of the Military Department being to fit the Pupils to act, in case of emergency, as Officers, the West Point system of instruction will be carefully pursued, nor will the Army Tactics be departed from, in order to exhibit the boys for the benefit of the Institution or for any other purposes.

By an Act of the last Legislature, necessary arms and equipments are furnished by the State, but Parents who wish their children instructed in the Military Department, are required to provide them with the prescribed Uniforms.

N. B.—Good board can be had in respectable families at \$8.00 per month, and a few Pupils will be taken as boarders, by the Principal of the Academy.

SANDS' SARSAPARILLA,

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, or habit of the system, viz:—

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Itches, Chronic Sores, Ring Worm, or Tinea of the Head, Enlargement and Pain of the Bones and Joints, Struborn Ulcers, Syphilitic Symptoms, Scalds, or Lambs, and Diseases arising from an injudicious use of Mercury, Acetics, or Drugs, Exposure or Impurification in Life.—Also, Chronic Constitutional Disorders will be removed by this Preparation.

This valuable Medicine is now used and universally approved by the most distinguished of the Medical Profession throughout our country, and by its intrinsic medicinal value, the public generally (but the afflicted particularly) have been made acquainted with its usefulness, in the removal and cure of all diseases having their origin in an impure state of the blood. The Sarsaparilla is combined with other ingredients, all of which are held in the highest estimation by the most distinguished physicians.

As a mild aperient, antiseptic and tonic, it contains the three most useful properties of medicine. It purges, purifies and restores. Scrofula, Cancer, Leprosy, all Ulcers and Scrofulous Sores, all Diseases of the Skin, and all internal disorders not organic, but springing from a diseased circulation, give way before its hygienic influence.

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

New York, April 22, 1846.
Messrs. A. B. & D. Sands: Gentlemen: Feeling it a duty due to you and to the community at large, I send you this certificate of the all-healing virtues of your Sarsaparilla, that others who are now suffering may have their confidence established and use your medicine without delay.

I was troubled with a severe ulcer on my ankle, which extended half way up to the knee, discharging very offensive matter, itching, burning, and by night the use of my rest at night, and very painful to bear.

I was recommended to use your Sarsaparilla by Mr. Jas. M. McKel, who had been cured by using five bottles. I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected, in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest reappearance of it, and that I am entirely well.

Yours very truly,
SARAH McINTYRE,
240 Delancy street, New York.

MORLEY, Ala. Nov. 28, 1845.
Messrs. SANDS:—I deem it an act of justice to myself and the community at large, to relate the following fact, which occurred in our neighborhood in the latter part of July last. Jane C.—, a young girl aged fourteen years was afflicted with an immense sore on the middle of her back, which defied all the treatment of medical skill.—As she was a friend of our family I employed all the means in my power endeavoring to relieve her, but in vain. At last some person mentioned to me your Sarsaparilla, and I immediately procured two bottles of Messrs. Moore & Tucker, your agents, in this city, which I gave to her. I called to see her the next day and she told me she had taken two doses and felt very much relieved. I urged immediately at this, but she said it was really so, and gentlemen, in a word, in two weeks from the time she commenced using it, there was neither sign nor appearance of where the sore had been.

Yours, respectfully,
J. G. HOUSEMAN, 93 Dauphin street.

For further particulars and conclusive evidence of superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale, Druggists, 100 Fulton-st. N. Y. Sold also by Wm. Shaw, Wilmington; E. H. Hale, Fayetteville; J. Bussey, Newbern; Williams, Haywood & Co., Raleigh; N. C.; E. B. Rothamer, Georgetown, S. C.; Haviland, Harrell & Allen, Charleston, S. C. and by Druggists generally throughout the United States. Price, \$1 per bottle; six bottles for \$5.

The public are respectfully requested to remember that this Sarsaparilla has a history and is constantly achieving such remarkable cures of the most difficult classes of diseases to which the human frame is subject, therefore ask for Sands' Sarsaparilla, and take no other.

LATEST IMPROVEMENT IN THE

CAMPBINE LAMP.

B. MURPHY & Co., Manufacturers, Philadelphia, respectfully call the attention of the citizens of Wilmington and of the State, to their improvement in the Campbine Lamp, which warrants them in saying, that for half the money, they will give double the light of any Oil or Lamp yet invented. These Lamps are especially worthy the attention of Trustees of Churches, Halls, and of Public Buildings in general, that require to be well lit. They manufacture every variety of Lamp, and have some beautiful workmanship for the Centre Table, varying in price from \$1 50 to \$6.

Specimens may be seen by calling at the Counting House of Mr. HENRY NUTT, Wilmington, April 17, 1846. 31-12m

INSPECTION NOTICE.

THE undersigned having been re-appointed Inspectors of NAVAL STORES AND PROVISIONS, at the last term of the County Court of New Hanover, take this method of informing their country friends and Turpentine makers generally, that they are exactly ready to attend to all Inspection with which they may be favored, both for town and county.

Plantation for Sale.

IN BRUNSWICK COUNTY, 12 miles from Wilmington, immediately on the North-west River, the well known place CLARKMOUNT, is offered for sale. It contains about 300 acres of Upland, and 300 or 400 acres of Swamp Lands adjoining; 700 or 800 acres is under cultivation and well adapted to raising Corn, Ground Peas, &c. The place has a commodious dwelling with two brick chimneys, erected last year, with out-houses, &c. The Upland, not cleared, is well timbered with Pine and Hoopoles, and has 10,000 Turpentine boxes, cut last and the present season. It is a very eligible site for Manufacturing, being immediately on the river, between this and Fayetteville a factory would have the advantage of both markets, and be sufficiently removed from intemperance as to insure health to the operatives.—The water power is ample, a bold stream passes through the place to the river, with a handsome bluff half a mile in length, just the height for a wharf.

The swamp lands afford good winter pasturage for stock, and an abundance of Ashe and Oak wood, very handy to the water.

Seven or eight Negroes with stock of Cattle and Hogs, &c., will be sold with the place, if desirable. Apply on the premises to

A CAPITAL STORY.

The Spirit of the Times has an admirable story called 'Big Bear of Arkansas.' We take a fragment showing that small musquitos would be of no use in Arkansas, and setting forth the merits of a certain dog.

'Where did all that happen?' asked a cynical looking Hoosier.

'Happen! happened in Arkansas, where else could it have happened, but in the creation State—the finishing up country; a State where the sile runs in the center of the earth, and government gives you a title to every inch of it. Then its airs, just breathe them, they will make you snort like a horse. It's a State, without a fault, it is.'

'Excepting musquitos,' cried the Hoosier.

'Well, stranger, except them, for it is a fact that they are rather enormous, and do push themselves in somewhat troublesome. But, stranger, they never stick twice in the same place, and give them a fair chance for a few months, and you will get as much above them as an alligator. They can't hurt my feelings, for they lay under the skin, and I never knew but one case of injury resulting from them, and that was a Yankee; they take worse to foreigners any how, than they do on the natives.—But the way they used that fellow!—first they pinched him until he swelled and burst—then he sup-pur-ated, as the doctor called it, until he was raw as beef; then he took the ager, owing to the warm weather, and finally he took a steamboat and left the country. He was the only man that ever took musquitos to heart that I know of. But musquitos is natur, and I never find fault with her; if they are large, Arkansas is large, her varmints and her rivers are large, and small musquitos would be of no more use in Arkansas than preaching would be in a cane-brake.'

This knock-down argument in favor of musquitos, used the hoosier up, and the logician started on a new track, to explain how numerous bears were in his 'diggins,' where he represented them to be 'about as plenty as blackberries, a little plentifuler.'

Upon the utterance of this assertion, a timid little man near me inquired if the bears in Arkansas ever attacked the settlers in numbers.

'No,' said our hero, warning, 'no, stranger, for you see it ain't the nature of a bear to go in droves; but the way they squander about in pairs and single is edifying. And then the way I hunt them—the old black rascals know the crack of my gun as well as they know a pig's squealing. They grow thin in our parts, it frightens them so; they do take the noise dreadfully, poor things. That gun of mine is a perfect epidemic among bar—if not watched closely, it will go off as quick on a warm season as my dog Bowieknife will; and then the dog, when I why the fellow thinks the world is full of bar, he finds them so easy. It's lucky he don't talk as well as think, for with his natural modesty, if he should suddenly learn how much he is acknowledged to be ahead of all other dogs in the universe, he would be astonished to death in two minutes.'

We have only room for another extract, which gives his account of the fatness of the Arkansas bear, and of the soil of the 'creation State.'

'What season of the year do the hunts take place?' enquired a gentlemanly foreigner, who, from certain peculiarities of his baggage, I suspected to be an Englishman on some hunting expedition, probably at the foot of the Rocky Mountains.

'The season for hunting, stranger,' said the man of Arkansas, 'is generally all the year round, and the hunts take place about as reg'lar. I read in history that varmints have their fat season and their lean season. That is not the case in Arkansas, feeding as they do upon the spontaneous productions of the sile, they have one continued fat season the year round—though in the winter, things in this way is a little more greasy than in summer, I must admit.—For that reason, bars run with us in warm weather, but in winter they only waddle. Fat! fat! it's an enemy to speed—it tames every thing that has plenty of it. I have seen wild turkeys from its influences as gentle as
