

MEXICAN PRIVATEERS.

The New Orleans Picayune of the 7th ult. says:— "The recently reported sale of the two Mexican war steamers gave rise to suspicions that the transfer of these vessels, at this time, was a mere ruse to get them out of the way of our cruisers, or to enable them to repair to a neutral port, where they could be fitted out upon privateering service. Recent events justify these opinions, and we have reasons for thinking that, when they next appear upon the Gulf, they will be ugly customers for unarmed merchantmen.

"We perceive that the insurance offices of N. Orleans have added the war clause to their policies. The war risks are asked upon all vessels going hence. This shows that the underwriters, whose business it is to note such things, deem it quite probable that European countries in the art of plunder are engaged for piratical service. The danger of capture from the vessels of Mexico would scarcely put up the rates threefold on vessels doubling the Cape, and to ten per cent. upon freight to the Gulf ports of Mexico, besides general new risks. It would be well for government to take counsel of these indications and for American cruisers now in the Gulf to keep their guns reloaded, and use them, too, upon slight provocation."

GENERAL TAYLOR IN HIS TENT.

A correspondent of the Philadelphia Inquirer, writing from the Brazos de Santiago, says:— "On the 26th, a friend of mine visited General Taylor in the camp of Point Isabel, where he had established his depot for stores in the army. On landing, the scene presented was quite a wild one and reminded one of the accounts we have received of an Arab Encampment. There were three or four hundred dragoons in the camp, with their horses picketed about; besides, an immense number of wagons, mules and oxen. On stepping ashore an officer conducted my friend to the General's tent. He was introduced to a very plain shabbily dressed old gentleman, of rather small stature, about sixty years of age, and who looked by his hardy appearance, as if he had been camping out all his life.

"This was the commander-in-chief of the army of occupation. He has been 38 years in service on the frontiers of our country. One of his officers remarked that 'old as he is, he bears the fatigues and privations of the campaign better than any one under him.' He was affable, dignified, and in excellent spirits. His tent was no larger and no better than those of the other officers, and his table was his camp chest, in which he carried his cooking utensils, &c. His plates were tin pans, and his cups (no saucers of course) tin pannikins. A small supply of brown sugar was kept in a tin canister, and not a piece of crockery was seen. A party of six was thus entertained in homely style, and they all seemed to enjoy it abundantly.

FOREIGN EXTRACTS.

(PER STEAMER BRITANNIA.)—During the last few days the importation of provisions from the United States, &c., at London and Liverpool, by the following ships: the Wellington, the Roscoe, the Covadale, the Hero of Sidon, the Hero of Acre, the Rhone, the Manchester, the Huron, the Henry Bliss, the Hottinger, the Sir C. Campbell, the Lucy Wright, the Militades, and the Lady Sale, comprise— Bushels of Wheat 3,000; barrels of Flour 30,000; Bushels of Indian Corn 18,000; packages of Beef 2,000; packages of Pork 1,000; packages of Lard 4,000; packages of Oil 2,000; packages of Cloves 100; packages of Bacon 100; packages of Hams 2,000; packages of Bread 100; packages of Tongues 20; hampers of Potatoes 10.

Friendly International Addresses.—The Britannia, which sails to-day, takes out five Friendly International Addresses from different towns and cities in England to the same number of cities in the United States. The most remarkable of these addresses is the one from the women of Exeter to the women of Philadelphia, signed by sixteen hundred of our fair country women. We are reluctantly compelled to defer the publication of this address until Saturday, when the Great Britain sails.

The commercial accounts from India, which came to hand yesterday, show an improved feeling in that distant land. Peace is restored, and commerce, the handmaid of peace, will participate in the general prosperity. A summary of the political and the commercial intelligence will be found in another column.

The Canadian Timber trade has painfully experienced the effects resulting from the dispute amongst the masters and the operative builders. Business, in consequence of the stagnation, has been suspended, and the review of the last month in this branch, is a dreary one.

The English Funds have risen a shade in consequence of the greater abundance of money, and, upon the whole, the commercial prospects of the last are more encouraging than those of the previous fortnight.

CHARLES BARR CONTINUES his business at his old stand in Market street, between Front and Second, where he would call the attention of the citizens of Wilmington and the surrounding country, to his large and well selected stock of SPRING AND SUMMER CLOTHING, got up under his own superintendance, expressly for the Southern market. These garments are made by experienced workmen, and warranted for durability and fastness of colors, equal to any that has ever been offered in this or any other place. Persons in want of such articles as are generally kept in a MERCHANT TAILORING ESTABLISHMENT, will find it a great saving to call and examine for themselves before purchasing elsewhere.

He has also a large assortment of uncut goods, such as English, French and Belgian CLOTHS and CASSIMERES, which he is prepared to make up at the shortest notice, and warrant a perfect fit or no sale. Gentlemen coming in and wanting clothes made by experienced workmen, will find it to their advantage to give a call.

In addition to his old stock of Ready-made Clothing, he has added a splendid assortment of CLOTH DRESS and FROCK COATS, made of the finest French, English and American cloths, and cut in the latest styles for the Southern market. He has also a splendid variety of the newest styles of Spring and Summer WAISTCOATINGS. Also a beautiful assortment of French, English and American fancy and plain Cassimere pants. An entirely new style of Summer SACK and BUSINESS COATS, suited for the Southern climate. Persons wishing to be fitted in a genteel suit, will please call and pass their own judgment. Wilmington, N. C., March 20, 1846.

ALL-HEALING OINTMENT.

THE preceding figure is given to represent the INSENSIBLE PERSEPIRATION. It is the great Evacuation of the impurities of the body. It will be noticed that thick cloudy miasms from all points of the surface, which indicates that this perspiration flows uninterruptedly when we are in health, but ceases when we are sick, and cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposed by this means, of nearly all the impurities within us. The language of Scripture is, "in the BLOOD is the Life." If it ever becomes impure, it may be traced directly to the stoppage of the Insensible Perspiration. We see, all that is necessary when the blood is stagnant or infected, is to open the pores, and it relieves itself from all impurity INSTANTLY. Its own heat and vitality are sufficient, without the aid of medicine, to expel to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practitioners, however, direct their efforts to restore the Insensible Perspiration. The Thompsonian, for instance, STEAMS, the Hydropathist shrouds us in wet blankets, the Homoeopathist deals out infinitesimal doses, and the Phlogist bloods and does us with pills, pills, pills. To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewinlock ascertained that five-eighths of all we receive into the stomach, and drink off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration. This is none other than the used up particles of the blood, and other juices giving place to the new and fresh ones. To check this, therefore, is to starve the body. It is a remedy that sweeps off the whole catalogue of cutaneous disorders, and restores the entire cuticle to its healthy functions. I have used it for the last fourteen years for all diseases of the chest, consumption, &c., inverting the situation of the patient, and I declare before Heaven and man, that not in one single case has it failed to benefit, until the patient was within the reach of mortal means. I have had physicians, learned in the profession; I have had ministers of the Gospel, Judges on the bench, Aldermen and Lawyers, gentlemen of the highest character, and all of them, use it in every variety of way, and there has been not one voice—no united, universal voice—saying "McAlister, your Ointment is GOOD."

HEADACHE. The Salve has cured persons of the Headache of 12 years standing, and who had it regularly every week, so that vomiting often took place. Deafness and Ear Ache are helped with like success. OLD SORES. That those Sores are an outlet to the impurities of the system, is because they cannot pass off through the natural channels of the system. If such Sores are present, the Sores are healed up, the impurities must have some other outlet, or it will endanger life. This Salve will always provide for such emergencies. RHEUMATISM. It removes almost immediately the inflammation and swelling, when the pain of course ceases. FEVERS. In all cases of fever, the difficulty lies in the pores being locked up, so that the heat and perspiration cannot issue. If the heat and perspiration could be started, the crisis would pass and the danger over. The All-Healing Ointment will in all cases of fever almost instantly unlock the skin and bring forth the perspiration. If such FEVER COMPLAINT, SORE EYES, GONORRHOEA, SORE THROAT, BRONCHITIS, BRONCHOPNEUMONIA, STY, OPHTHALMIA, ALL KINDS OF SORES, LIVER COMPLAINT, PAINS, also, SORE LIPS, CHAPPED HANDS, TUMORS, CUTANEOUS Eruptions, NETTLES, HICKS, and of the kind, which are probably no medicine now so good, and as for BURNS it has not its equal in the world!

PIMPLES ON THE FACE, MASCULE SKIN, GROSS SCALDS. Its first action is to expel all humor. It will not cease drawing out the face free from any matter that may be lodged under the skin, and frequently bring out the disease, when the skin is so sore, that it is impossible to touch it until the skin becomes as smooth and delicate as a child's.

WORMS. It penetrates how low fast most parasites were to children, taken unawares, the only remedy to resort to. Especially "mercurial lozenges," called "medicated lozenges," "vermifuges," pills, &c. The truth is, no one can tell, invariably, when worms are present. Now let us say to parents, that this Salve will always tell if a child has worms. It will DRIVE every vestige of them away. There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.

AS A FAMILY MEDICINE. No man can measure its value. Although the stars roll above us, and the planets move, so long as man treads the earth, subject to all the intricacies of the flesh—so long as disease and sickness is known—just so long will this good Ointment be used and esteemed. It is a medicine sent from off the earth, then the demand will cease, and not till then. JAMES McALISTER & Co., 117 N. 2d Street, Wilmington, N. C. No Ointment will be genuine unless the names of JAMES McALISTER, or JAMES McALISTER & Co., are WRITTEN WITH A PEN UPON EVERY LABEL.

Now we hereby offer a reward of \$500 to be paid on conviction in any of the constituted courts of the United States, of any individual counterfeiting our name and name of the Ointment. CHRONICLE OFFICE. Price 50 cents for the large, and 25 cents for the small bottles.

HANOVER HOUSE. THE SUBSCRIBER would inform his friends that he has taken this well known and popular HOTEL, and that he will be ready to receive Boarders on the 15th of October next.

His efforts to make his house agreeable to those who may patronize him, will be unremitting and assiduous. The HANOVER HOUSE will be supplied with new furniture, clean beds, and attentive servants. In addition to this, he will be aided in the duties of superintending the "HOUSE," by an active and experienced man. His table will be supplied with every delicacy which this and the Charleston markets can afford.
