We have no "paid correspondents." We are too circumscribed in our limits to offer liberal terms of remuneration. Only the New York Herald and Tribune and Bonner's Ledger can afford to do that. Still we are always gratified to hear from our contributors.

Green peas are plentiful, but the abundance has not affected prices. Why not?

Butter is down, but Ice Cream and Strawberries are up. So much for the Ladies' Festival.

Mechanicstown has improved some, but not one-third what it ought from the facilities afforded by the constant running of the cars of the Western Md. Railroad.

Ben. White has some very rich copper ore on his mountain farm.

New Buildings.—Among the new buildings going up in this place is one erecting by Cassell, Waesche & Co., for Mrs. Harriet Lightner, of the Furnace.

One erecting by Capt. Martin Rouzer for Mrs. Mary Louisa Rouzer, going up on the Mt. Cassell is also building a house for Mr. Charles Waesche.

MILL BURN.—We learn that on last Saturday, the 3d instant, the flour mill belonging to Mr. Theophilus Duvall, situated about 1-1/2 miles from Wolfsville, Catoctin District, on one of the forks of Middle creek, was consumed by fire. The fire occurred in the afternoon, supposed to have originated from the friction of the machinery. It is said there was 500 bushels of wheat and 75 barrels of flour in the mill, which was also burnt up. Loss estimated at \$5,000. We understand the mill was fully insured in the Leistersburg company.

ACACIA LODGE NO. — A. F. & A. M. is organized in this place, and the membership is increasing. A new Hall for the meeting of the Lodge is in contemplation.

A partridge in one of the fields in front of our office, as soon as the sun rises, commences whistling "Bob White." We hope no intruder will kill it or scare it away.

The Frederick Herald thinks the new Board of City Fathers in the shire "burg" are not very prompt in paying their debts. Perhaps there is no money in the Treasury. What then?

GETTYSBURG COLLEGE.—We are indebted to President Milton Valentine, for a catalogue of the officers, alumni and students of Pennsylvania College (Gettysburg, Pa., for the collegiate years 1870-'71. Two of the trustees, Dr. George DeHoll and John Lantz, reside in this county. Among the list of Junior Preparators, we notice the name of Daniel Robert Rouzer, of Mechanicstown, and John Henry Snyder, of this county. Undergraduate, John Milton Friday, of Jefferson. The College is in a prosperous condition, with a strong corps of able professors. The commencement exercises of the institution will take place on the 29th of this month.

The American Newspaper Reporter of New York, published by George P. Rowell & Co., is an honor to the typographical and journalistic profession.

Hot and Dry.—The weather for the past ten days has been exceedingly hot and dry—the thermometer going up into the nineties—while the parched earth is hot as a bake oven.

GRAND MUSICAL FESTIVAL.—Next Friday evening, 19th instant, Mr. Lewis Diefel, proprietor of the New Windsor Hotel, who has just made a large addition to his premises, intends giving a Grand Musical Festival in his pleasure garden, at which some of the prominent musicians of Baltimore, and amateur performers from the country will be present. Mr. D. has just received by express from Frankfurt on the Main, in Germany, four scores of new music, composed for this occasion, which he intends to introduce on the program. His brother, Dr. DeHoll, of Mt. St. Mary's College, the eminent musical Professor, it is also said will participate. It will afford a rare treat to the lovers of music, as some of the most distinguished musicians from Baltimore and Philadelphia will be present. We don't see why this rich valley of Carroll county should not be as rich and melodious in her musical institutions, as she unquestionably is in her agricultural productions. It will be a good Harvest Home Musical Festival, and the "sweets of the concert of sweet sounds" ought to attend from far and near. The Festival will be good for New Windsor.

The sketch of Mechanicstown fifty years ago and the Wolf Hill will be read with interest. There are a few still living who recollect all about these things.

The livery business is very lively at present—buggy riding being the popular amusement.

OATS.—Owing to the dry weather for the last six or seven weeks, the oats crop is going to be short. Mr. John Shaw, of Cragers-town District, who had about 100 acres sown, thinks the yield will not be half as good as it was last year.

ACCIDENT.—On Friday, the 2d instant, Mrs. William Deffenbach, residing near Mt. St. Mary's College, met with an accident by falling down stairs and fracturing her leg. The services of Dr. Timothy Sweeney were called in, who reduced the fracture, and the lady is now doing well.

LOTS SOLD.—Mr. Gotlieb J. Sizemond, of this place, has disposed of two lots fronting on Main street, at the upper end of the town, to Mr. Valentine Foreman, of Baltimore, for \$900. They are eligible building lots.

COMMUNION SERVICE.—On last Sunday the Rev. J. Summers, of the Lutheran church, held communion services at Cragers-town. The attendance was large, and the Sacrament of the Lord's Supper was administered by the Pastor to 157 communicants. A considerable interest on the subject of religion is being felt in that locality.

THE NEW MOWN HAY.—During the present week many of the farmers of this section of the county have commenced haying. The weather has been very favorable for curing the crop, and although the yield is not as good as last year, owing to the drought, yet it is better cured and sweeter, and perhaps in the end will go as far as provender for horses and cattle.

BE EEL.—Mr. John Long, of Sabillasville, caught a very large eel in that place last week.

In demand—"Summer duds."

A SPLENDID LAMP.—We are indebted to Amundson & Co., No. 347 West Baltimore St., Baltimore, Md., (through the politeness of Mr. Wm. H. Steiner, their attentive Agent and canvasser), for a splendid Lamp, Lamp Burner, Ring, Shade and Chimney, perfect in all its parts. This brilliant or Round Wick Argand Burner is well calculated to preserve the eye and afford an effulgent light. They are intended for the study room, parlor or office. Its advantages are very apparent. It is cheap and very useful and is calculated to have a wide sale. This firm have always on hand a large and complete assortment of Lamps of every description, Chandeliers, Lamp Trimmers and China and Glassware of every modern pattern and price. Call and see their extensive house when you go to Baltimore.

TRUSTEE'S SALE

VALUABLE REAL ESTATE, Near Mechanicstown, Frederick County, Md.

By virtue of a deed of trust, bearing date April 17, 1871, executed by Wm. C. Landers, for the benefit of his creditors, the undersigned, as Trustee, will offer at Private Sale, the following described Real Estate, until

Wednesday, June 21, 1871, and if not sold previous to that day, will then be offered at PUBLIC SALE, at 10 o'clock, A. M.

Lot No. 1.—A valuable and highly improved farm of one hundred and thirty-six and a half (136 1/2) acres, improved with a large Bank Barn, and other necessary out-buildings. This farm is nearly all under post and rail fencing, in a high state of cultivation. There are eleven springs of good water on it, all in one running order, one of which, a MEDICINAL spring, possesses rare curative properties; another, the Cold Spring, for many years a place of resort for Pic-Nic and pleasure parties. This land would suit to be laid out into town lots or country villas.

Lot No. 2.—Franklin Mills, with 20-1/2 acres of land attached, and all the water rights. This property located on Owings' creek, is a large Merchant Mill, with all modern improvements; also a sawing mill and sawmill—a large and commodious brick dwelling and every necessary out-buildings. Several excellent springs of pure Mountain Water are near by, which run into the kitchen; and an abundance of every variety of valuable fruit. The mill is a large 4 story brick building, 65 by 50 feet, two run of burrs, and all necessary machinery in complete running order. It is capable of manufacturing 100 barrels of flour a day. It has an excellent power of 15 feet. The water after passing through the mill for 250 yards, is again used to turn a chipping and planing mill with two run of stone, also has a saw mill in complete order attached, with a 16 foot power.

Lot No. 3.—This contains 1-1/4 acres, and the improvements are a large Store House, with dwelling attached, and other necessary out-buildings. This is a valuable location for business.

Lot No. 4.—This lot contains nine acres, and is improved by a good weather-boarded dwelling, and necessary out-buildings. On this is a valuable limestone quarry and lime kilns—Considered the greatest lime in the State, and sales can be made for any amount burned.

Lot No. 5.—This lot contains 18-1/2 acres, and is improved by a good dwelling house and necessary out-buildings. On it is a variety of choice fruit. All under a good post and rail fence, and in the highest state of cultivation.

Lot No. 6.—This lot contains 1 acre and 31 perches. The improvements are a substantial rough cast dwelling and necessary out-buildings.

Lot No. 7.—This lot contains 5 acres of land. The improvements are a good rough cast dwelling and necessary out-buildings.

Lot No. 8.—This contains 1 acre of land. The improvements are a frame weather-boarded dwelling and necessary out-buildings.

Lot No. 9.—This lot contains 28 acres of WOOD LAND. It is valuable mountain land situated about one mile from Franklin Mills, and lies immediately on the Western Maryland Railroad. It will be divided to suit purchasers. It is of this land.

This land is all conveniently situated on the turnpike leading from Frederick to Emmittsburg, near Mechanicstown, where churches of all the prominent denominations exist; and is near Mt. St. Mary's College and St. Joseph's Academy, two educational institutions well known all over the country. Its proximity to the W. M. R. R. assures the purchaser of easy access to a good market. It is an excellent place for a dairy farm.

All these properties have pure springs of splendid water near the buildings.

TERMS: The above described property will be sold in whole or in part to suit purchasers, and on such terms as may be agreed upon.

Those who wish to purchase should come and view the property. TERMS made known by application to the Trustee.

JOSHUA BIGGS, Trustee, Rocky Ridge, Frederick Co., Md. June 3-3w

[The York (Pa.) Gazette and the Lancaster Examiner and Herald will give the above two insertions, and send papers and bill to this office for collection.]

MONEY CANNOT BUY IT, FOR SIGHT IS PRICELESS!

But the Diamond Spectacles will Preserve It.

WE now offer a Glass to the public which is pronounced by the most celebrated opticians of the world to be the most perfect, natural artificial help to the human eye ever known.

They are ground under our own supervision, at our own manufactory in New Haven, and are so constructed that the core or centre of the lens comes directly in front of the eye, producing a clear and distinct vision, as in the natural healthy sight, and prevents all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

These Glasses are manufactured from minute crystal pebbles, melted together, and derive their name "Diamond," on account of their hardness and brilliancy.

These Glasses are mounted in the finest manner, at our own manufactory, in all styles of Gold, Silver, Steel, Rubber, and Shell Frames, of the best quality.

Their durability cannot be surpassed, and their finish is such as will suit the most fastidious.

None genuine unless bearing our trade mark, stamped on every frame.

Manufactured by J. E. Spencer & Co., Practical Opticians, New York.

POSTSCRIPT.

A chance for a Barber—read Redmon's advertisement.

The Railroad Hotel and the Town Hall are the talk of the town. When will they be built?

We have received from Gills Bros., Druggists, in this place, a bottle of White Oil Specific—said to be a sure and speedy cure for rheumatism, sprains, pains in the back and limbs, &
