

THE LADIES' FESTIVAL.—The Fair held by the Ladies of Mechanicstown last week was a complete success. The receipts amounted to \$130—and after deducting expenses, leaves a net profit of about \$175 for the benefit of Odd Fellows' Hall. This is doing very well for a small place in these tight times. The Union Bridge Band on Friday evening, favored the assembly with some choice music, and on Saturday evening following the Lecktown Band came up and performed some stirring airs. The Ladies return thanks to both of these bands for their hearty co-operation. We intended to say a good deal more, but an enthusiastic friend sends us the following which covers the whole ground and leaves us nothing to add to his flowers of rhetoric:

ODD FELLOWS' HALL,
Evening, June 9, 1871.

Messrs. Committee—Ladies and Gentlemen:—In glancing over the efforts of your honorable body, composed as it is of Ladies and Gentlemen, I am forcibly impressed with the indefatigable exertions constantly manifested. Being of an observant nature, I cannot but congratulate you upon your grand and magnificent collection and endless variety of fancy articles on exhibition and for sale; emanating too from the hands of the fair Ladies of your mountain city. Callous indeed must be the heart that cannot appreciate the constant development that year after year are being manifested in the production of an endless variety of useful and ornamental articles. Pen cannot describe nor heart express the enraptured feelings that well up for utterance, in gazing over the Hall, decorated so tastefully; ornamented so richly, and in a becoming manner. Festoons and garlands, gracefully drooping over head and hands, that wave and blended in a masterly manner; the very emblems that nature's temples furnished, so profusely from the everlasting mountains, that gaze down in silent admiration upon the festival scene, now in progress at Odd Fellows' Hall. The lady portion of your committee, the fairest among the fair, moving sylphlike through the immense throng of Ladies and Gentlemen that night after night grace the occasion with their presence; may they be blessed in this life with everything requisite for their creature comfort, and in the life to come, an eternal festal occasion heralded by the throng of God.

Good Templars, press forward shoulder to shoulder, moving steadily upon the enemy at the right time and depend upon God for strength, for aid and for power, and your efforts will be crowned with success; reflecting honor, praise and glory upon the noble and self-devoted temperance patriots that so bravely stand firm in the dark hour that seemed to envelop this part of God's heritage—May God in mercy crown your festal efforts with success, and after you have finished your Hall withal requisites, entered upon your duties therein; as you tread over the beautiful carpet, may your memories flow back as *lullabies* to the festal occasion, through your instrumentality; that gave you the God send. May God in mercy crown every effort that has a tendency to promote good, remove evil and christianize the world. *Evil on noble hand in the good work*, and unborn millions will point with pride and admiration, back through the dark vista of the past to the noble and self-devoted band that so firmly marshalled their forces and maintained their ground against all opposing enemies.

NOTICE TO POSTMASTERS.—Postmasters returning letters or papers addressed to persons who have moved away, should, if possible, what has become of the person addressed, or what is his present Post Office address. It is not sufficient to say that the letter or paper is uncollected, or is not taken, or if a letter, should be sent to the proper address.

Postal.—Route 2,963, Frederick to Littlestown, J. H. Spalding, contractor, discontinued and one month extra pay.—Route 2,962, Mechanicstown to Gettysburg, D. Agnew, contractor; service increased three trips per week, and pay \$544 per annum, pro rata, changing schedule accordingly. Service will be discontinued and contract annulled, with one month's extra pay, on route 2,948, Finksburg to Littlestown, and 2,942, Westminster to Emmitsburg.—Frederick Republican.

Haste! 'tis the stillest hour of night,
The moon sheds down her palest light,
And I sleep, has claimed the lake and hill,
The wood, the plain, the building still;
And where you lived, lattice shows,
My fair one slumbers in repose.
Come, ye that know the lovely maid,
And help prepare the serenade,
Hither before the night is flown,
Bring instruments of every tone,
But best with noise ye wake, not hush,
If dreaming fancy, ye must crush.
Such only as will soothe the mind,
And leave the harshest all behind;
Bring not the thund'ring drums, nor yet
The harshly shrieking clarion;
Nor sounding halberd, trumpet shrill,
Nor clanging cymbals, but with skill
Exclude each one that would disturb
The fairy architects, or curb
The wilderations of their mirth,
All that would wake the soul to earth,
Choose ye the mildly breathing flute,
The mellow horn, the loving lute,
The viol ye must not forget,
And take the sprightly flute too,
And grace bassoons, violas, tenors, the life,
Whose warbling in the tuneful strife,
Mingling in mystery with the words,
May seem like notes of blithest birds.

A RENAISSANCE.—On Monday afternoon a wagon and four horses, belonging to Mr. Wm. Cropper, of Finksburg, Frederick Co., was left standing upon the Public Square, when the horses taking fright, started at a furious pace on North Potomac street and creating considerable of a panic, as there were upon a number of vehicles upon that thoroughfare. Fortunately, however, the frightened animals kept the middle of the street and a wide berth was given them until they reached the corner of Franklin street, where they were brought to a stand still by running against a post in front of the Hotel House. Nobody hurt.

LOCAL AFFAIRS.

CREAGERSTOWN ITEMS.—There is a general feeling among our population, in order to have a Representative from this end of the county, who would be likely to exercise weight and influence at Annapolis next winter, of inducing our fellow-citizen, Mr. MICHAEL ZIMMERMAN to become a candidate for the Legislature, believing that he would be generally acceptable, and receive a heavy vote in the District.

Where the first crop of grass has been cut off, the young blades, after the refreshing rain of last Sunday, are sprouting up vigorously. We may yet realize a very large amount of hay in this District. What has been gathered is of the best quality.

The wheat crop is excellent and a splendid time for harvesting. Weather cool and nice.

THE WEATHER AND HARVEST.—The weather has been delightful all through the week. The wheat crop is excellent and harvesting commenced on Friday in many places. Henry Rouzer began cutting his "bolty" wheat, 40 bushels to the acre, last Monday.

ACCIDENT.—On Friday evening, the 9th inst., about 3 o'clock in the afternoon, as Mrs. Ann Moore, an aged lady about 50, was out hanging up clothes to dry near the Railroad car, which is used as a boarding house near where the bridge of the W. M. R. R. is being erected over Owings' creek; while she was thus engaged her hoop skirt got entangled with some of the underbrush, she slipped from the precipitous bank and fell with great severity on the iron rails of the track, breaking two bones of her left arm near the wrist, lacerating her face and otherwise suffering bodily injury. She laid senseless for about ten minutes, no person was near to observe her fall or help her up. In a short time her husband came along and she was taken into the car and placed on a couch. Dr. George M. Zimmerman was immediately sent for who dressed her arm and reduced the fracture. The severed bones are uniting, and the old lady at the last accounts was improving.

Mrs. Moore is a native of Virginia, born near Winchester, and is with her husband and two sons, who are employed on the bridge building operations of the W. M. R. Railroad.

THE CHURCHES.—The Rev. J. Summers, of the Lutheran church, preached at Bethel church last Sabbath morning, and at Union in the afternoon.

The Rev. Thomas J. Cross, of the M. E. Church, preached in this place last Sabbath morning.

The Rev. Bishop J. Weaver, of Baltimore, of the United Brethren Church, preached at Key Chapel, in Carroll county, last Sabbath morning, and in the afternoon at the Stone Church in this place.

Rev. N. E. Gills, of the Reformed church, preached at Creagerstown last Sabbath morning, but owing to the rain there was no service at Apple's church in the afternoon.

DEATHS.

In Emmitsburg, on Friday night, the 9th inst., of typhoid fever, Mr. ZACHARIAH H. BUSBY, formerly of Carroll county, but for the last few years a resident of the above place, aged about 38 years.

Westminster papers please copy. On the 6th inst., in Frederick, GEO. B. SHOPE, aged 74 years 5 months and 25 days. He was one of the old Delegates of 1812.

The Democratic Conservative Central Committee of this county, met on the 10th inst., at the Court House, in Frederick, and passed a Resolution to hold District elections, by ballot, on the 8th of July, for the selection of Delegates to a county Convention, Frederick District to have 10 Delegates, and each of the other Districts, 5 Delegates. When the Delegates met at Frederick on the 15th of July each District will be entitled to one vote for the selection of Delegates to the State Convention. This is a "New Departure" from former usage.

A BAD HURT.—On last Thursday evening, 15th inst., an John Riordan, aged about 22 years, an employee of Mrs. Conway's section of the W. M. R. R., was hoisting up some large racks with a windlass, his foot slipped and the handle was jerked out of his hands. It flew up and dealt him a blow on the forehead, splitting his nostril and lip pretty severely. Dr. Geo. M. Zimmerman was called and sewed up the slit.

Last November this county was carried by Mr. Ritchie, Democratic, by Congress, by about 75 majority. Last February, the Mayor's election in Frederick showed a Republican gain of about 200, which would give the latter party a margin of 135 to go upon in the county. The *Examiner* thinks the Republicans can carry the county easily this fall. But there may be other changes next November. We think the contest will be close and there is no telling who will be successful until after the ballots are counted.

The Tax Collector of the corporation of Mechanicstown is now on the rounds. Parties indebted should "pick over" for the streets must be improved and order preserved. The town authorities intend to observe a rigid policy this year.

BADLY WOUNDED.—Charles Meredith, residing in this place, a brakeman on the freight train of the Western M. R. R., got caught in coupling cars last Monday at Westminster, and had his shoulder put out of joint and was badly hurt in the ribs. He returned home on Thursday evening and it is thought he will soon recover.

Sten, the man who was hurt some time ago, is again at work at his old place on the freight train.

AGRICULTURAL SOCIETY.—A meeting of the members of our Agricultural Society took place at the basement of the Court House, on Saturday last, on which occasion the premium list was adopted, and arrangements made for the approaching Fair which will be held in this city, on the 11th, 12th and 13th of October next. Mr. Eugene L. Derr was appointed Chief Marshal, with power to appoint his Aids, Assistants, &c. The coming Fair promises to be a grand success, and in some of its features will doubtless excel those of former years.—Frederick Examiner.

Bear in mind that the Trustee's Sub of the property of Wm. C. Leanders takes place next Wednesday. See advertisement.

Busy.—Our farmers are busy plowing corn and harvesting.

Read the sketch of NELLE EYSTER, and other communications on the outside of to-day's paper.

The noon train of last Wednesday brought up quite a crowd of passengers for Monterey Springs. They would have stopped at Mechanicstown but there were no summer quarters prepared where they could be entertained.

The dog catchers have been placed on duty in Mechanicstown for the wara week.

We are indebted to Mr. Jeremiah Flohr, farmer and dairyman, for a present of some very fine, large ox heart cherries.

NEW BELL.—The bell for the new Reformed Church was received here on Tuesday. It weighs 1468 pounds without the fixtures, which will increase the weight to about 2000 pounds. It was hoisted to the bellery yesterday morning and tested. It has a fine tone and gives general satisfaction.—Waynesboro' (Pa.) Record.

ANOTHER ACCIDENT.—Albert Galy, a young man who resides at Westminster, and who was employed on the W. M. R. R. at this place, on last Tuesday got four fingers of his left hand badly mangled while engaged in coupling the cars near the Engine House. Dr. Zimmerman was called and amputated one of the fingers and dressed the wounds of the others. He left the same day for his home.

RAIS.—After a dry spell of some weeks, this section of country was blessed with a fine rain on last Sunday. It saturated the parched earth and revived the entire vegetable kingdom.

The people of Westminster have subscribed \$700 to erect a Town Clock. So says the *Examiner*.

That basket of cherries which was promised has not come yet. What's the matter? When is a blow from a lady welcome? When is a fellow good as dead?
