LUMBER!

SIGN OF THE BIG STACK AT THE PLANING MILL.

Before proceeding with a list of the different kinds and grades of Lumber which we propose to offer to the public, a few remarks may be applicable if necessary. In the first place, we feel it our duty to request our share of public patronage more than our share we do not ask. Secondly—we do not profess to under sell any one, or to sell a better quality for the same money, but we rely entirely upon our own merits and leave the COMPARATIVE WORTH of our merchandise subject to the judgment of the public. Thirdly—That we have ONE AND BUT ONE PRICE for the same kind and quality of Lumber may be depended upon, excepting of course when larger bills are purchased a reduction will be made. The following is a list of our stock, and it may be relied upon with absolute certainty that at all times each kind and quality below mentioned can be found in our

LUMBER YARD.

WHITE PINE INCH BOARDS, Regular (12 inch) and Irregular widths: 1 1/2, 1 and 2 inch WHITE PINE PLANK, of the above we have three qualities each.

BALDY BOARDS, YELLOW PINE INCH BOARDS, POPLAR INCH BOARDS, AND HEAVY PLANK OAK BOARDS.

White Pine, Oak and Yellow Pine FRAME STUFF, HEMLOCK JOISTS, STUDDING AND PARTS, Plastering and Shingling LATHS, SHINGLES, of every size and kind, and 2 1/2 inches long, at WAESCHE, BRO. & CO. PLANING MILL. White Pine, Oak (Dutch WEATHERBOARDING, FLOORING and S-S SIDING, and Yellow Pine Flooring.

We have a constant supply of WHITE PINE 1, 1 1/2 and 2 inch STUFF, dressed on one or both sides. Persons desiring dressed stuff of a different quality from that which we have on hand can have it dressed to order on short notice, as we have on hand all qualities of Lumber in the yard. As our Lumber is cut at one of the finest mills in Williamsport, Pa., we can warrant no waddy or uneven boards. Our

DRESSED LUMBER

has the advantage of being cut and dressed by machinery all of which is new and of the latest patent and improvement.

REMEMBER THE PLACE, ON THE GROUNDS AT WAESCHE, BRO. & CO.'S PLANING MILL. To call and compare prices is all we can ask, and that we do request.

MONEY CANNOT BUY IT, FOR SIGHT IS PRICELESS!

But the Diamond Spectacles will Preserve It. WE now offer a Glass to the public which is pronounced by the most celebrated opticians of the world to be the most perfect, natural artificial help to the human eye ever known. They are ground under our own supervision, at our own manufactory in New Haven, and are so constructed that the core or centre of the lens comes directly in front of the eye, producing a clear and distinct vision, as in the natural healthy sight, and prevents all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use. These Glasses are manufactured from minute crystal pebbles, ground together, and derive their name "Diamond," on account of their hardness and brilliancy. These Glasses are mounted in the finest manner, at our own manufactory, in all styles of Gold, Silver, Steel, Rubber, and Shell Frames, of the best quality. Their durability cannot be surpassed, and their finish is such as will suit the most fastidious. None genuine unless bearing our trade mark, stamped on every frame. Manufactured by J. E. Spencer & Co., Practical Opticians, New York. For sale only by WM. MOORE, Dealer in Watches, Clocks, Jewellery, Silver Ware, &c., &c., Westminster, Md. may-27-4w
