

LOCAL AFFAIRS.

The County Commissioners of Frederick county meet next Monday at the Court House.

We are indebted to Mr. David Damuth, residing near this place, for three large apples of the "Lady Blush" variety. They attain a large size, and are a splendid eating apple.

LARGE AMOUNT OF WHEAT.—Chew & Stockdale paid out over \$1,000 last week for wheat and other agricultural products brought to their warehouse. They continue to pay the highest cash price for good clean wheat.

A WILD CAT CHASE.—On last Monday, John Roberts and Nelson Freshour chased a Wild Cat near Cold Spring Branch, in the neighborhood of Catoctin Furnace. A fight with a wild cat is an interesting sight.

It is said owls sleep by day and look up and down by night.

Joseph C. Martin's house in Carroll street was not sold last Monday.

Chew & Stockdale have been appointed Ticket Agents of the W. M. R. R. at the Mechanicstown Depot.

Insure your property against loss by fire.

Prof. Barret delivered a Lecture on Singing at the Lutheran Church last Monday evening, the 2d of October.

FARM BOUGHT.—Mr. John W. Payn, of Frederick, has purchased the farm of Mr. Thomas Anders, about three miles from this place on the Emmitsburg road, for the sum of \$11,000.

Wheat is advancing. It sold in Frederick this week at \$1.65 per bushel. It comes rolling in to Chew & Stockdale's warehouse, where the CASH is promptly paid for all that is delivered.

We are indebted to Mrs. Martin Rouzer for a present of some fine fall mountain peaches.

RAIN.—After the long drought, during which the creeks have almost ceased running and many of the wells and springs have gone dry, we had a slight shower of rain on Friday morning—just enough to lay the dust, which had accumulated several inches deep in the public roads.

PUBLIC SALE.—Joseph Payn, Trustee, will sell at Public Sale on Thursday, the 23rd of Oct. 1871, on the premises, a horse and three acres of land, more or less, in the Emmitsburg District, the property of Jacob Niemann, adjoining the farm of Joseph Liver, and known as the Recker property. See handbills.

Mr. J. B. Kunkel, of Catoctin Furnace, has received this week from Baltimore, two car loads of fire proof brick to build new his furnace, which has been out of blast for some days; and also from the foundry of Poole & Hunt, Woodberry, a large iron cylinder 74 feet high, weighing about 5,000 pounds, which is calculated to remove the sulphur from the iron ore. When the furnace is refitted, which will be about next Tuesday, the proprietor will resume operations and do a more extensive business in the manufacture of pig iron.

Mr. John Rouzer has raised on his farm near this place, a stalk of corn—which branched out after growing three feet with an ear of corn on each branch. It is to be taken to the Frederick County Cattle Show next Tuesday.

The Williamsport Post says people of "good reputation" in Hagerstown milk their neighbors' cows on the sly.

Wheat appears to be advancing in price in the Baltimore and Eastern markets.

Our farmers have finished seeding. The wheat in many places is up and looking very well.

Last Monday night the boys in this town rolled the three boxes about the corners, and turned the Barber's pole upside down.

The wedding season has now commenced.

A fall sunrise and sunset is beautiful to behold.

In a few weeks the ears of the W. M. R. R. are to be warmed with wood fires instead of coal.

Apples are selling at 80 cts. a bushel in this market.

The trees are changing color.

No where in the United States is more beautiful scenery to be observed than along the slopes of the Catoctin mountain.

The CLAYTON is a capital paper, and in great demand. It is cheap, too, and sought after from Sabillasville to Louisiana.

Miss Phelps says there is no use in quarreling with a woman, or the telegraph.

A letter from Creagerstown District and Old Haver's in our next.

A HAPPY EFFORT.—It is a matter of question that there ever has been delivered in Baltimore a happier or more appropriate speech than was the Hon. Pinkney Whyte's address of welcome to the National Commercial Convention. Abounding in sentiments of the most touching pathos, clothed in diction at once chaste and ornate, and garnered with flowers of the choicest and most beautiful rhetoric, it charmed and captivated every auditor. Selecting for direct reference each particular section of the great brotherhood of States, and addressing them in praise and compliment, he at once secured their feelings and sympathies. Then extending to all individually and collectively a sincere, cordial and unreserved welcome to Baltimore, her homes and firesides, he struck a chord which responded with one general, prolonged and enthusiastic outburst of applause. The vast school of the Masonic Temple fairly shook with the plaudits of the thoroughly aroused delegates. [Sunday Telegram.]

HYMENEAL.—At the Reformed Church in Emmitsburg on Tuesday evening, 3d instant, by the Rev. J. M. Titzel, W. M. S. GUTHRIE to Miss MARION FRANCES SMITH, daughter of Mrs. Barbara Smith, all of Emmitsburg.

On the 26th ultimo, by the same, at the residence of the bride's parents, near Union Bridge, Mr. EZRA S. ENGLER, of Carroll county, and Miss RACHAEL A., daughter of Mr. Abraham Stoner, of Frederick county.

DEATHS.

At Creagerstown, on Tuesday morning, the 3d instant, Mrs. EMILY AMANDA MILLER, wife of Wm. H. Miller of that place, aged 24 years 11 months and 12 days.

Mrs. Miller was reared and lived in the family of Mr. Harris, near Uroana. She came to Creagerstown and resided with her cousin for some years, and opened a store for the sale of Fancy and millinery Goods. She devoted her entire attention to this business, in which she was very successful. While here she had endeavored herself in the entire community. She was esteemed by all, and will live in the hearts and affections of her friends. She took a great interest in the Church and Sunday School. She was a member of the Lutheran Church. Her marriage in life was of a short duration, and her place will be vacant never more to be filled again as it had been yet day. An appreciation of her character and station in life was manifested by the large concourse of friends and acquaintances who assembled at the time and place to follow her mortal remains to their last resting place. The occasion was improved by Rev. N. E. Gills, assisted by Rev. J. E. Arnold, by a discourse based on the text as recorded in Isaiah 49:6, 7, 8.

Near the Monocacy Bridge, on the Pipe Creek Road, on Monday, the 3d instant, Mrs. ANN ELIZA MILLER, wife of Wm. Miller, Esq., aged about 55 years.

Deceased was a sister of Mr. Barney Gilbert and Mrs. Reuben Osler, of this place.

PREPARING for early publication, embellished with a fine Portrait of the Chief Justice, on Steel, in one volume, octavo, printed on fine paper, and bound in Morocco cloth, bevelled, price \$5. Library style, marbled edges, \$6. Half Morocco, \$7.

A work of extraordinary interest and of permanent value to the Historian, the Lawyer, the Statesman, and every intelligent reader.

A MEMOIR OF ROGER BROOKE TANEY, LL. D. Chief Justice of the Supreme Court of the United States.

BY SAMUEL TYLER, LL. D., OF THE MARYLAND BAR. Mr. Tyler was selected by Chief Justice Taney, two years before his death, as his biographer. All his private papers, were from time to time, placed in the hands of Mr. Tyler by his executors and family. The biography is, for every fact stated, perfectly authentic.

The first chapter of the Memoir was written by the Chief Justice. It is of peculiar interest. The condition of Maryland society, in which he was born, is described in a very graphic manner. His School and College days, and his day of Law Studies are spoken of with singular felicity. Some of the then great Lawyers of the Maryland Bar are described in life-like portraits. And topics, which only his memory could recall from the past, are brought before us in a charming narrative. This chapter covers twenty-three years of the life of the Chief Justice.

In the subsequent chapters written by Mr. Tyler, are matters of the highest interest to the historian, the lawyer, the statesman, and every class of intelligent readers. The life of the Chief Justice extended through such a long period of our history. (Born in 1777, his life extended to 1864) and he occupied so many important posts of honor and responsibility, that to present him as he appeared as an actor in all the much of the history of the working of the Federal Government has to be narrated.—The inside history of important public matters will be disclosed for the first time.—Amongst others, much of the history of the Dred Scott case, hitherto unknown to the public will be unveiled. Many interesting and imposing facts never before disclosed will give a varied interest to the Memoir. Facts and Documents in the possession of the Chief Justice from full attempts made by leading statesmen of his day to tarnish his public reputation in relation to the removal of the Public Deposits. Important private acts of the Chief Justice will be disclosed that will, for all time, serve as examples to public men.

There are two papers, one on the Removal of the Deposits, the other on the Dred Scott decision, prepared by the Chief Justice, as his justification with posterity, that will be appended to the Memoir.

Altogether, the Memoir is one of extraordinary interest, and will be of permanent value in the history of the United States.

N. B.—A portion of the profits of the Memoir will be for the benefit of the family of Chief Justice Taney.

FARMERS!

If you desire to raise more Wheat to the acre, and a finer quality, use Ramsburg's Excelsior Plant Food, as it is the best Fertilizer in the market, not only by Chemical analysis, but by evident results given us by numerous Farmers of Frederick, Carroll and Washington counties, who have used it and tested it by the side of other Fertilizers. It not only matures and increases the yield, but is a permanent improver of impoverished soils, that have had all their Phosphoric acid, Lime, Potash and Soda abstracted by the growing crop. This Fertilizer furnishes to the growing crop Phosphoric Acid in a soluble state, Potash, Soda and Nitrogen; it is manufactured by us from Raw Bone and Bone Phosphate dissolved in Sulphuric Acid; the use of Sulphuric Acid is to convert the Phosphate of Lime into a soluble or acid Phosphate of Lime by which the growing crop is furnished in its growth. The more acid Phosphate of Lime a Fertilizer has, the better will be the crop where it is applied, in head and fine quality of the grain. Phosphated Wheat will always command a higher price in the market than that without it. So Farmers call upon us and we will furnish you with an article that you will be proud of. The Fertilizer is in excellent condition for drilling. Price \$50 per ton. We have also an excellent article called RAMSBURG'S Ammoniated Super-Phosphate of Lime, Price \$45 per ton. Give us a call and we will show you how Phosphates are tested. RAMSBURG, MILLER & CO., Railroad Depot, Frederick City, Md. aug 19-4f
