

TOWN AND COUNTY.

WHAT HAPPENS AROUND US.

Trotting at Gettysburg July 23, 24 and 25.

Our merchants are making big displays of Spring goods.

A York county man named John Byers is missing.

Spring chickens, from two ounces up to five years have reached us.

See meeting notice of County Commissioners in another column.

The ladies mite society still exists notwithstanding all reports to the contrary.

The timothy and clover fields throughout the county give evidence of a large crop of grass.

The potato bugs are here again and seem to be about as numerous as in other years. Dose 'em.

It is said that eating onions will prevent the lips from chapping. It will certainly keep the chaps from girls' lips.

The croquet fever has struck some of our young folks who stand out in the sun and wind tapping balls with a mallet.

Next to English sparrows, there is nothing that increases faster than potato bugs, unless it is the interest on an unpaid note.

Messrs. Flegel, Bush, Willhide and Riley are now engaged making a kiln of brick at Rouzerville, Pa. It will be done right.

Washington Augustus, will soon don his suit of blue with brass buttons. Now don't have the wrong leg of the pants cut off.

That was a very solemn meeting on the bridge near the old factory one night last week. The tears would come in spite of everything.

Our patron friend Mr. Abraham Roddy, Jr., now occupies part of the house lately owned by John Lohr. Renner has the other part.

Messrs. Cover and Weller, two expert salmonites, caught eighty-six trout in one day last week, and it wasn't a very good day either.

Clayt. Stockdale recently made a vast improvement to the front of his father's ware house by a coat or two of paint. It looks well.

Lynn & Baker, potters near town, are up to their eyes in work getting pots &c., ready for the coming fruit crop, which will no doubt be very large.

The Citizen says that nearly fifty applications for new school-houses were made to the Board of School Commissioners of this county, at their late meeting.

The Liberty Banner issued a supplement last week. Entertaining, very. The Liberty band has also received its new instruments and will immediately commence to toot.

Twenty-six marriage licenses were issued by the Clerk of the Circuit Court of this county during the month of April last, being eight more than during the same month last year.

Most of our farmers are now busily engaged planting corn. The recent April rains and the beautiful May weather makes the ground in excellent order for this work. A big corn crop may be expected.

NEW BARN. Messrs. Greger & Weller are now engaged building a barn on the farm, a short distance from this place, lately purchased by Mr. Warner Grimes from the heirs of the late Geo. W. Foreman.

Two enthusiasts on the subject of croquet kept the balls moving all through the heavy rain on Saturday last. They looked like drowned cats when they returned to town. Neither would be out done.

SUDDEN DEATH.—Mrs. Anna Dorcus, widow of the late David Dorcus, an aged lady living near Woodsboro', in this county, fell dead while walking across the floor of her dwelling on Sunday last a week.

New onions have come into market. If you have a grudge against a fellow, buy and eat three or four bunches, and then stand up close before him and tell him what you know about the dollar of the daddies.

An effort was made on Saturday night to reorganize the Dramatic Association.—After considerable talk and not much business the meeting adjourned to Martin's ice cream saloon. Too hot for heavy dramas.

I. M. Fisher, of Owen's creek, this county, is the general agent for the celebrated Indiana Walking cultivator. Judging from the numerous testimonials he has received it must be an excellent agricultural implement.

Cassell's new office at the bone mill presents a very gaudy appearance. Like Joseph's coat it is of many colors. If you can't smell the bone mill now you can easily see it. He has disposed of over 200 tons of his celebrated poultice this season.

EARLY HARVEST.—Many of our farmers are under the impression that this year the grain harvest will be at least three weeks earlier than usual. The rye is already heading and the wheat will soon be in head. It is thought that harvest will begin about the 2d of June.

The trains over the Western Md. Railroad were detained several hours Friday morning, by the burning of a bridge near Mount Hope. On arriving at Westminster about 12 o'clock, the cars were thrown off the track near the Wilson House, by the breaking of a wheel.

The grandest thing of the age that we have ever used in our family is Dr. Schley's family Cough Syrup. Safe, sure and speedy relief for all coughs, colds and kindred affections. Only 25 cents for a large bottle, it never fails.

We heard a lady remark the other evening to her better-half, That's all right, don't you forget it—But what was it, that's the question.

Medical men often puzzle themselves over the large sale that Dr. Bull's Baby Syrup enjoys. Its great popularity is due only to the excellent qualities possessed by this household medicine. 25 cents.

SOLD.—The Messrs. Waeche, of this place, last week shipped to Messrs. Macatte, Beyer & Co., of Front Royal, Va., the machinery recently used by them in the sash and door factory. The price paid for the machinery was \$1,700. which was considerably less than first cost. It is considered a good sale, however as machinery of that kind is very low now.

The American people are the fastest eaters in the world, and consequently are the greatest sufferers from Dyspepsia and other digestive disorders. Keller's Vegetable Life Drops are the surest and safest remedy for Dyspepsia and Indigestion ever discovered.

A young man named F. Bennett was arrested by the Sheriff of Washington county last Sunday night, charged with having forged the signature of B. W. Bennett, of Westminster, to three notes, one for \$463, another for \$500 and the third for about \$70, upon which he had obtained only about \$100 in goods and money. He was committed to jail to await trial.

LEG AMPUTATED.—On Friday afternoon last, Dr. Charles Smith of this city, amputated the leg below the knee of Isaac Hopkins, colored, of this city. The amputation was caused by malignant disease of the leg and was successfully and skillfully performed by Dr. Smith, leaving the patient in a fair way of recovery.—Examiner.

On Monday last a week, Mr. Henry Williams was elected cashier of the Central National Bank of Frederick to fill the vacancy caused by the death of Mr. Philip M. Englebrecht. Mr. William H. Miller, late tax collector, was, at the same time elected to fill the position of Assistant Cashier. Both gentlemen are fully qualified for their respective positions.

ACCIDENTS.—About ten days ago Mr. Taylor Motter, President of the Emmittsburg railroad was thrown from a buggy and received some severe cuts on the head. On the same day, Mr. Henry Winters, an old citizen of that place fell from a load of hay and was badly injured. Dr. Charles Eichelberger was also thrown from a wagon but escaped without much injury.

BUSINESS.—Our boss merchant, Mr. Jno. Root, made a second trip to Baltimore last week for new goods. He has now on hand one of the largest stocks of goods ever brought to this town. During the month of April he sold over \$1,300 worth of goods for cash. This is certainly doing a very good business, but as he always keeps his stock up there is nothing improbable in this report of sales for one month.

CHANGED.—Our townsman, B. Frank Hamaker, marble cutter, has opened a branch shop in Liberty, this county. Frank is a good workman and a whole souled fellow and we have no fear but that he will give entire satisfaction to all who will patronize him. Solomon Peter, his brother, still continues to carry on the business in this place and judging from the amount of work he has on hand, will be kept pretty busy for some time to come.

NEW GOODS.—Our whole-sold merchant friend in Creagerstown, H. Clay Cramer, informs us that he has just returned from the city where he purchased one of the largest and best selected stock of goods of all kinds ever brought to that place.—Any one doubting the veracity of this will find out the truth by calling on him and examining both goods and prices. Clay is a determined sort of a fellow and will not be out done by any other merchant. Give him a call.

CANCERS.—Dr. Hurley, a renowned physician of near Hagerstown, one day last week, successfully removed two large cancers from the lips of Mr. David Foutz and Michael Wertz, of near Westminster. The operations were performed at the residence of John W. Sefton of this place. Dr. Hurley makes this a specialty and has been successful in every instance. He uses no instruments, merely a plaster of his own make which is placed over the cancer and in a very short time it can be taken out whole. Our informant tells us that both gentlemen are doing very well at this time.

The Emmittsburg correspondent of the Examiner says: A few weeks ago a dastardly attempt was made on the life of Dr. Dielman, Professor of music, at Mt. St. Mary's College. The Doctor was sitting in his room reading with a bright light burning, when some scoundrel fired a shot through the window. The Doctor looked out but could see no one and as he turned to go in, another shot was fired at him.—The act is as base as it is unaccountable for it was supposed that Dr. Dielman did not have an enemy in the world.

FREE LECTURE.—The worm medicine man, dressed in ye olden time costume, delivered a free lecture on the subject of worms on the square corner one night last week. Of course he could not convince every person that they had worms hence his sales were small. Campbell is a veteran in the business but he did not strike a bonanza in this place. The cement man did a much better business on the other corner—mending old dishes. A few bottles were sold.

THAT wife of mine says, since the introduction of Dr. Schley's Family Cough Syrup all my coughs and colds disappear, and our nights are undisturbed by hacking coughs. Sure cure, only 25 cents. Try it and be convinced.

You had better be out of the world than out of fashion. Come and be suited by M. E. Pennell.

Vesuvius (the world's great safety valve) again threatens an eruption—always uncontrollable by human effort. Eruptions of the physical system, as Boils, Pimples, etc., are nature's safety means to warn the sufferer that his blood needs entire purification—most quickly and effectually accomplished by using Dr. Bull's Blood Mixture.

Excursions over the Western Maryland Railroad have already been announced.—The first is from Chambersburg, Pa., to Baltimore, and the second from Baltimore to Hagerstown. The beautiful scenery along the line of this road is becoming each year more appreciated, and no road running out of Baltimore, of the same length, can furnish such a diversity of scenery, better accommodations or more careful and attentive employees. The season promises to be a lucrative one.

The Boonsboro' Odd Fellow says: Wm. Marshall, the boy so badly injured by the explosion of a shell at Porterstown, recently, was in town last week soliciting charity. Although able to go about, yet he is a confirmed cripple for life, and will never be able to do any manual labor. One hand is gone entirely and but two fingers remain on the other. His one eye is also destroyed and the remaining one very much injured. He is an object of pity, and a fit subject for charity. He is trying to help himself in this way, and if possible to get money enough together to aid him in acquiring some learning.

WARNING BOYS.—The new mayor is determined to break up the miserable practice so long in vogue, of howling and yelling on our streets, by young boys and old ones too. Oflate this nuisance has been carried to excess to the utter disgust of the entire community. We are glad to see that the new mayor has taken a step in this direction and we may look forward to him as a terror to evil doers. A band of wild Indians could not have made more noise than did some of our boys one night last week on the public square. Now take warning boys or you will have this "hoss" on your heels, sure as fate.

SUDDEN DEATH.—On Sunday evening last at Montevue Hospital, a ward manager named Robert Ford, died suddenly of heart disease, whilst sitting in a chair. The deceased was an iron moulder by trade, and was employed at the foundry of Mr. Calvin Page in this city, a few years ago. About a year ago he was appointed a ward manager at Montevue Hospital, which position he held at the time of his sudden demise. He was a native of Baltimore city, where he was quite well-known by the members of his trade. He was buried at the above institution on Monday morning last.—Examiner.

JUNE 21st.—Edward Costley, the condemned murderer at Frederick, who was convicted of killing his cousin, Solomon Costley, Jr., in September last, will be executed at Frederick City on the 21st of June proximo. Governor Carroll signed his death warrant Thursday last. The particulars of the crime for which the condemned man is to suffer the extreme penalty of the law have been published.—Sheriff Richardson says that Costley would commit suicide in any manner possible if opportunity offered. A special guard has been placed over him.

FAIR AND FESTIVAL.—We call the attention of our readers to the grand fair and festival of the Myersville Band which will be held in that place commencing on Whit Monday, June 10th, and continuing during the balance of the week. The fair will be opened by a sumptuous dinner which can be had at all hours of the day and at a moderate price. Ice cream, cakes and other delicacies will be served in abundance and a host of fancy and useful articles will be changed off. As this band kindly volunteered their services during the fair held here last winter it is to be hoped our citizens will give them a generous lift on this occasion.

THE JURY LAW.—The new Jury Law passed by the Legislature at its late session, and approved April 1st, 1878, taking effect from the date of its passage, is now in force. Its provisions are as follows:—"From the forty-eight jurors drawn and summoned, the Court at the beginning of the term for which they were drawn and summoned, shall select and appoint one, who shall be the foreman of the grand jury, and shall direct the clerk of said Court to legibly write upon ballots the names of the remaining forty seven jurors, and after carefully folding said ballots separately, to place them in a tin box with a sliding top, and said clerk shall draw said ballots therefrom, one at a time, without looking into said box, at the first twenty two names drawn, with the foreman previously appointed, shall constitute the grand jury, and the remaining twenty seven names shall constitute the petit jury for said term of Court."

In passing sentence recently a prominent Criminal Judge expressed the opinion that no other calling was surrounded with so many hardships as that of a police officer. This is unquestionably true. In the discharge of their duties these guardians of the public peace and safety are not only subjected to personal insult and abuse, but exposed to hardships and dangers unseen. A case in point is that of Sergeant C. D. French of the Baltimore Police force, who in December, 1876, had the misfortune to break his ankle, upon being reset, became so severely swollen and rheumatic as to prevent his walking without the greatest pain, and continued so for fully nine months. In reciting the facts of the case, Sergeant French says: "All remedies which were recommended I tried without effect, until securing Keller's Roman Liniment, which relieved the pains almost instantaneously, and I was enabled to walk by its use with comparative ease. This liniment also cured my wife of Rheumatism in the shoulder."

The prevailing color this year seems to be the "blues."

A monument of pure steel is talked of for Boss Tweed.

Lady ushers are likely to be the next novelty.

The buttons on the spring vest have been fixed at five.

Is not the dandelion a paradox? It seems for lawn, yet bright and cheery.

Plenty of sunshine is important to the recovery and continuance of health.

Satisfaction guaranteed in my line of business. Give me a call. M. E. Pennell.

A young lady rebukingly asks us:—"which is worse, to lace tight or get tight?" We give it up—we never laced.

A marked feature about new bonnets is the absence of all hanging apreries; they are made to look as compact as possible.

ELECTION JUDGES.—The following persons have been appointed Election Judges by the County Commissioners for the several districts in this end:—Mechanicstown—Wm. I. Cramer, Chas. A. Danuth, A. Slick. Creagerstown—Levi C. Harbaugh, Daniel S. Loy, Geo. W. Mort. Emmittsburg—James T. Hayes, Andre v. A. Annan, Wm. P. Gardner. Hagerstown—John Buchanan, Hiram Harbaugh, G. H. Ambrose.

The Reform Classis of Maryland will meet in this place on Friday May 31, and continue in session until Tuesday, June 4. Upwards of forty ministers and laymen will be in attendance. Owing to the fact that the church is a considerable distance from town the Lutheran church has been engaged for holding the meetings in.

LEG BROKE.—John Black, son of Mr. Cornelius Black, had his leg broken above the ankle on Monday night last by his horse falling and throwing him off. He and his brother Lot were going home from prayer meeting and riding at a pretty rapid gait on the turnpike the horse fell over a stone pile. He was taken to the residence of John A. Renner and Dr. White summoned who set the broken limb and he was then taken home. The horse legs were pretty badly scarred also. Fast riding is becoming entirely too popular.

THE Mite Society met on Tuesday at 7.30 p. m. in the lecture room of the Lutheran church and was opened with prayer after which the minutes of the former meeting were read and approved. A number of new members were received. Miss Annie Herring read a poem entitled "Forgive and Forget." Miss Minnie White, a piece of prose, "God's first Temple," and Miss Annie Webster, "Thaumopsis." These young ladies read in a clear, distinct and well modulated voice and both entertained and edified the society. Misses White, Webster and Herring furnished the instrumental and vocal music which was elected in good taste and well executed. These ladies were appointed to furnish music for the next meeting. Rev. Wm. Dr. Anders, Misses Lizzie Withrow and Minnie White were appointed to read prose and poems. This session of the Society was a very interesting one, and was well attended, although it was only the third meeting. It now numbers sixty three members. The next meeting will be held in the same place on Tuesday evening, May 21.

KIDNAPPING CASE.—The city of Frederick was thrown into a state of considerable excitement last week by the sudden disappearance of a child aged about 14 years, living in the family of Mr. Hansasah Grove, at Line Kiln Switch. The following particulars we take from the Union:—About four years ago Father Gaffney, of this city, who is well known throughout Frederick county as one of the purest and most devout Christian ministers, placed with Mrs. Grove, at Linekiln Switch, a girl who was then ten years old, to be raised. This girl had been entrusted to Father Gaffney for this purpose by her grand-mother in Boston. Her father was dead and her mother was not able to provide for her. The Grove family is one among the best of our county and the girl was kindly treated, but of late it is said the girl had been seen in company not deemed prudent for a young lady, and fearing she might be led astray, Father Gaffney, in the exercise of a sound discretion, removed the girl to the Sisters of Charity in the city of Baltimore, where she is at the present time.

EMMITSBURG, May 6, '78.

ED. CLARION.—Our town and the surrounding country at the present time presents a most beautiful appearance. The valley is clothed with its brightest mantle of green and Carrick's Knob stands out in bold relief like a mountain of emerald.—The crops never looked better, and the harvest promises to be the most bountiful that has ever gladdened the hearts of the husbandman. Some of the fruit, especially peaches, were killed by the frost, but the abundant apple crop will in a great measure compensate for the light yield of peaches. The old and venerable Presbyterian church that for more than half a century has been one of the landmarks is now a mass of ruins, but in a short time will give place to a new and handsome structure. Alas! how few now survive of all those who gathered at its consecration. The Emmitt House will be opened for the reception of guests about the middle of May. No doubt our hotels will do a good business this season. We had another distressing death here last week. Mrs. Henry Myers was called away from earth leaving a family of ten children some of them of a very tender age. Many an eye was dimmed with tears as they gazed upon the stricken father followed by six children in mournful array wending their way to the village church yard. Mr. E. M. Sweeney, one of our highly esteemed young men, has gone west to seek his fortune. May he live long and prosper. Samuel I. Smith and brother, of St. Joseph's, Mo., formerly of this place, have returned to the west after a brief visit to their friends and relatives here. Our bands regale us with delightful music two or three nights each week, and on the whole Emmittsburg is a very attractive place just now.

The communication of "Ben Zouf" was unintentionally omitted this week. Will be published next week.

There will always be more or less excitement in the household that possesses a cat and a back fence, or a poor piano and a good healthy girl.

Mr. Eli Krise, an aged citizen of this county, died at his residence near Martin's mill on Tuesday. He was 60 years of age and a brother of Mrs. Catharine Koons—formerly of Creagerstown.

About ten days ago Mr. George Shaw killed a monster rattle snake near this place. It measured over four feet and after skinning the reptile the body squirmed about on the ground for some time.

MARRIED.

On the 30th in Frederick, at the Reformed Parsonage, by Rev. F. R. Eschbach, Arthur C. Lorenz to Mrs. Kate S. Kelly, both of Frederick.

On the 25th, at the Lutheran Parsonage in Frederick, by Rev. Dr. Diehl, Champ Mauzy to Miss Kate Hillary, both of New Market District.

DIED.

On the 28th at No. 40 Courtland street, Baltimore, Arthur Schley, formerly of Frederick, aged 37 years, son of the late John T. Schley.

On the 26th at his residence on South Market street, Frederick, Philip M. Englebrecht, aged 46 years, 8 mo. and 8 d's.

MECHANICSTOWN MARKETS

Table with 2 columns: Commodity and Price. Includes Flour, White Wheat, Red Wheat, Rye, Corn, Oats, Potatoes, Clover Seed.

New Advertisements.

OFFICE OF CO. COMMISSIONERS. FREDERICK, MD., April 27, 1878. The County Commissioners Elect for Frederick county will meet at their office in the Court House, On Monday Morning May 20th, '78. Persons having claims against the County will present the same on or before Thursday, the 23rd of May, to insure their passage for the Levy of 1878. By order, H. F. STEINER, Clerk.

NOTICE.

Corporation of Mechanicstown,) May 6th, 1878.) ALL Taxes in arrears to Corporation of Mechanicstown, if not paid within two weeks from date, will be put in hands of Bailiff for collection. By order, Board Com'rs. A. SLICK, Collector.

TO FISHERMEN.

Just received a full line of Fishing Tackle, Hooks of all kinds, Cotton, Linen and Sea Grass, and Oil Silk Fishing Lines and Reels, Bamboo and Japanese Fishing Rods, for sale cheap, at the Agricultural Store of STEWART & PRICE. may 9 31

PUBLIC SALE.

BY virtue of a decree of the Circuit Court for Frederick county as a Court of Equity, the undersigned as trustee will sell at public sale, at Gilbert's Hotel, in Mechanicstown, on Saturday, June 1st, 1878, at 2 o'clock, p. m.,

A HOUSE AND LOT,

in or near Mechanicstown, now in the occupancy of John W. Sefton. The house is a good frame dwelling house, two stories high, and in good condition, and is situated on a lot back of the United Brethren church. The lot begins at a stone planted for the end of the second line of a lot conveyed to Col. John R. Rouser by Frederick White, and runs N. E. about 340 feet to two chestnut trees, then N. W. about 90 feet to a stake, then S. W. about 351 feet to a stake, then S. E. about 88 1/2 feet to the beginning, containing about 5-8 OF AN ACRE OF LAND. A draft of said premises will be exhibited at the time of sale. Terms of sale as prescribed by the Decree.—Cash on day of sale or on the ratification thereof by the Court. When the whole of the purchase money is paid a good deed will be executed. The purchaser to be at expense of conveying. C. V. S. LEVY, Trustee. may 2 31

MILLINERY AND FANCY GOODS.

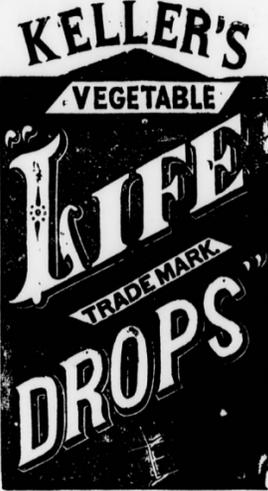

I take pleasure in informing the ladies of Mechanicstown and the public generally that I have just received a full and entirely new stock of

HATS AND BONNETS.

latest styles Ribbons, Flowers, Trimmings, Edgings, Tuckings, Ruffles, Handkerchiefs, Collars, Gloves, in fact a full assortment of all kinds of goods found in a Millinery store. I have also secured the services of an experienced and tasteful trimmer and feel that I am prepared to execute all kinds of work to please all who may give me a call. Prices to suit the times. Thankful for past patronage I solicit a continuance of the same. M. E. PENNELL. ap25-4t

Go to Root's for Readymade Clothing

can make money faster at work for us than at anything else. Capital not required; we will start you. \$12 per day at home made by the industrious. Men, women, boys and girls wanted everywhere to work for us. Now is the time. Costly outfit and terms free. Address True & Co., Augusta, Maine.

In the introduction of Keller's Vegetable Life Drops, a new departure has been instituted. Instead of appealing to the credulity and desperation of the sick the judgment of all is addressed in "A Brief Manual of Purgative and Depurative Medicine,"—(to be had of druggists free of charge, and given with every bottle of the Drops.)—written for those who having a perception of their diseases, can intelligently apply the principles therein contained, with the assurance of relief and cure of

Diseases of the Blood

LIVER AND STOMACH;—

INDIGESTION,

Dyspepsia, Constipation, &c.

Keller's Vegetable Life Drops

by their peculiar alterative and purgative influence, act especially upon the Blood, purifying it, and removing such diseases as

Liver Complaint,

Biliousness,

Ulcers, Rheumatism,

Pimples, Skin Diseases,

Blotches, Neuralgia,

Boils, Eruptions,

Headache, Nervousness,

Jaundice, Fever & Ague,

Colds, Loss of Appetite,

and KINDRED DISEASES, resulting from impure or vitiated Blood.

DYSPEPSIA.

The possession of pure blood depends upon good digestion; for where digestion is imperfect, the digestive function exists, disease inevitably results, and Dyspepsia, with all of its terrors and tortures, becomes established.

Keller's Vegetable Life Drops

are a specific for DYSPEPSIA, or INDIGESTION, FLATULENCY, HEADACHES, CRAMPS, NAUSEA and VOMITING, PAINS in the Head, Side and Back, Palpitation of the Heart, Hypochondria, and all that class of diseases arising from Indigestion.

LIVER COMPLAINT.

When from any of the numerous inclining causes the Liver begins to act abnormally, the bile remains in the system, vitiating and perverting every vital process, and causing Boils, Carbuncles, Blotches, Pimples, Coughs, Bronchitis, Asthma, Consumption, Dysentery, Kidney and Bladder diseases, and many other disorders, all originating directly or indirectly from the Liver. Keller's Vegetable Life Drops induce the healthy action of the Liver by providing for the removal of the bilious constituents by the Bowels, Kidneys and skin.

CONSTIPATION.

The suppression and retention of the contents of the alimentary canal produce Foul Breath, Indigestion, Dyspepsia, Piles, Chronic Headache, Skin affections, and very many other diseases referable to the insidious influence of Constipation. Keller's Vegetable Life Drops promptly cure this disease, and all the bad effects attending upon or resulting from it.

Keller's Vegetable Life Drops

are the safest remedy for these peculiar diseases arising from the structural differences between the sexes, and known as Female Complaints.

The use of Keller's Vegetable Life Drops has been thus only partially indicated; their range of application is very great, and their work is always more than satisfactory. Their remarkable efficacy, as already shown, is particularly exhibited in diseases of Blood, Liver, Stomach and Bowels.

Keller's Vegetable Life Drops are recommended as being the best and cheapest FAMILY MEDICINE ever offered, and are sold by druggists and dealers at 50 cents a bottle, or five bottles for \$2.

W. L. KELLER, Chemist, BALTIMORE, MD.

COW AND CALF WEANERS.

One of the best inventions of the age is the Cow and Calf Weaner. It effectually prevents Cows from sucking themselves, and an excellent means of weaning Calves from sucking Cows. Call and see them at the Agricultural Store of
