COME IN AND SETTLE UP.

Decidedly a "green Easter." That fixes it! Vendor said Easter day would be dry and pleasant. Winter made another fierce kick this week, we may hope that it was the final throes. After a week of threatening weather, we were visited on Sunday last by another heavy fall of rain. It is rumored that a Woodsboro man will locate here in the Livery and Exchange Stables business.

FOR SALE.—Early cabbage and tomato plants at Mrs. C. J. Creeger's. Public schools will close to-morrow. Messrs. John Landers and E. L. Bollitz will open subscription schools on Monday next. **RELIGIOUS NOTICE.**—Preaching at the U. B. Church in this place on Sunday evening next by the new pastor, Rev. W. R. Berry. **BEES-KEEPERS.**—The bee-keepers of Maryland and West Virginia will hold a meeting at Hagerstown on Thursday, April 20.

A wagon load of potatoes sold on the streets yesterday at \$1.20 per bushel as fast as it was possible to measure them out to purchasers. **Fresh Garden Seed just opened at Jan. 26. ROOTS.** Mr. Clayton O. Eady, attorney-at-law, at Frederick, has been appointed by Judge Ritchie, "Commissioner to take testimony" vice Wm. B. Nelson, Esq., resigned. Be careful how you address your postal cards. It is said that 2,500 of these little missives reach the Dead Letter Office every day, for want of proper address. Never jump to conclusions. You so often clear ground in the jump, which if properly examined, might lead you in another direction to find the conclusion aimed at. The Leadville Fever may be described as intermittent, remittent, or if circumstances are permitted. Three cases reported and all convalescent. His h-h-h-h.

Mr. Joseph D. Gaver, a son of Mr. Joseph Gaver, of the vicinity of Myersville, in this valley, has been appointed to a clerkship in the County Clerk's office at Frederick. If we lived on the Eastern Shore, how easily we could fill up the columns this week with detailed accounts of the terrible blight brought by the frost to the peach crop. The new board of town commissioners qualified on Tuesday evening and the President went before the County Clerk and qualified on Wednesday. We are all ready under the new regime. It is an unusual thing to see the soil frozen hard and dry and rye standing upwards of a foot on the ground, yet this was witnessed at many points hereabouts on Wednesday (yesterday) morning. The entire acreage of pike and fenced corner pasture has been already engaged and entered upon. The prospects of field pasturage are not bright and early and anxious inquiries are being made.

As yet, none of our merchants had their spring opening. With them the season seems to be backward. We learn, however, that next week will find the new stocks here, or at least a part of them. Some one has said that the Press is a mighty Lever; yet, paradoxical as it may seem, we would advise its best friends not to lever. [Original.] We place this word in brackets so that we may get all the credit. Rev. Mr. Haskell preached his introductory sermon in the M. E. church in our town on Sunday morning last. His congregation have cause for congratulating themselves upon securing Mr. Haskell to this circuit. The Louisiana Lottery has taken hold of some of our people. We are pleased to see them exchange it for Life Insurance, as it is easier to reckon up the investment and the chances are really more favorable. *Fortuna secunda.*

Nobody died or was murdered, nobody married, no one bought or sold any real estate, no fires nor fights, no unusual excitement nor ought to aid the local paragrapher this week. If it is dull reading it is the fault of the times. **COUNTY COLLECTOR ELECTED.**—Thursday at noon the County Commissioners quietly elected a county collector for the next two years. Henry Rutzahn, who has served so efficiently in the same office, was the fortunate man.

NEW SADDLERY.—Mr. John Gernard, formerly of Graceham, has taken possession of the new room in H. C. Anders' building, immediately west of the post-office and has opened up a general saddlery and harness manufactory. Daniel Defoe went into a country store, the proprietor of which did not advertise in the local paper and when he went home wrote "Oh Solitude where are thy charms etc." This is a bona fide history of that poem, all other authorities on the subject to the contrary.

SODA FOUNTAIN.—Dr. M. E. Leatherman has purchased of Dr. Nichelberger in Emmitsburg, a soda fountain and all of the necessary fixtures and equipments and will, as soon as warm weather begins in earnest, keep constantly on draught this delightful beverage. The price of wheat and corn has taken another upward turn and those of our farmer friends who have not yet sold may possibly make a mistake to hold it yet longer, although wheat is marked up on the 'Change boards a cent or two higher or may, but corn is lower.

The tax levy for this county for the present year is 54 cents on the \$100, on a basis of \$25,265,789. The principal items are schools, \$25,265; courts and magistrates, \$19,500; roads and bridges, \$13,212; debt and interest, \$16,400; sheriff, \$13,884; Montevue Hospital, \$12,000. There is an ocean of satisfaction to recall the thought that "the best laid plans of men and mice oft gang agley." It tempts many a disappointment and accounts for many a failure in life. It should always be remembered that the good scheme is worthless, that has a superior one for its antagonist.

Mr. Matt Bartig, an employee of the CLARION in its infancy keeps a saloon and bowling alley on Second St., Frederick Md., and we acknowledge certain civilities shown us on our recent visit. Should any of our people want a good cool glass of beer or desire to exercise the delatoid muscles, we know of no place in Frederick, where either desire may be more satisfactorily met. The spring trade with our furniture dealers has opened and both Mr. Creeger and Mr. Smith report a satisfactory amount of business. Parties in need of furniture need not go away from home to purchase it, for the stock kept in our place is large and varied and prices are very favorable.

GROUND BROKEN.—The mason work of the buildings that will be erected, addition at, for the Female Seminary is about completed, much of the timber and other material has been delivered and the contract or, Mr. Chambers Creeger, will be able to complete his work by the time specified in the contract. **RUNAWAY.**—A horse attached to a buggy, the team belonging to Mr. Lewis Ramsburg of this place, ran away and upset the buggy, at the sale of Nail and Fisher on Saturday last. Mr. Ramsburg's little son was in the buggy, but happily he escaped unhurt and little damage was done by the runaway and upset. Tuesday was the day set for our district in the matter of business before the County Commissioners and right well was the district represented and all came back highly gratified at the gentlemanly and business-like treatment received at the hands of the board and their popular and efficient clerk, Mr. Ed. Gittinger.

We parted last week with our old sorrel horse "George" and our feeling at separating from him was akin to that of parting from a member of one's family for an indefinite period of time, but as printers do not have much leisure and generally as 'tis the folder, we considered it the best thing for us, and decidedly best for "George." The Corporation election passed off quietly on Monday afternoon and of the following admirable ticket was elected:—J. Henry Cover, President; David S. Frior, Wm. H. Damuth of D. H. Clay Anders and Geo. W. Stockdale. There was little or no opposition to the ticket and all concede that it is thoroughly acceptable.

THE MUM TEA PARTY for the benefit of the Reformed church on Monday evening was a very flattering success, as it was liberally patronized both in the way of donations and tea takers, the tables being well filled from before six o'clock until about nine in the evening. Some succeeded in getting through with a hearty meal without laughing, smiling or talking which entitled them to a free ticket. P. S. Keefer, who spent a week with his friends in town, left for Baltimore on Saturday last and will leave that city on Saturday next, for Leadville, Colorado, his present home. He has been, during the past two years, in charge of the county treasurer's office, and his time expired at the first of the year. He is interested in several mines in that state and will turn his attention in that direction immediately upon his return.

The attention of our borough tax payers is called to the financial statement of the corporation secretary and treasurer, published this week. In our judgement, the finances have been carefully and judiciously managed by the out-going board and the money charged up for street repairs and cobbling may readily be accounted for by any who will go to the trouble to look up the work done on the streets. It will also be noted that the fines and costs collected by the President of the Board amounted to within seven and one-half dollars of paying his salary and we all can see, if we will, the effect of the just and fearless application of the law to offenders, in the great improvement in the behavior of those who were wont to disturb the peace. In this connection we would say that we earnestly hope that the new board of commissioners will promptly ordain and execute a paving law. Reports are coming from all sections, of the unusually favorable appearance of the growing wheat. But a few weeks back we were told that the wheat plant had been drowned and frozen out and that there would be but a very short crop and the present cheering intelligence is gladly published by us. We trust now that it is safe from winter's frosts, that the fly and the rust and storm and hail may conspire to leave it severely alone until harvest as it yet has the gauntlet of all these to run. Our old Virginia friend, Anthony Baker, has again become a citizen of our town. He has entered into business with Mr. J. E. Simons in the manufacture of earthenware. Mr. B. is well known in the community as a master worker in sculptured and ornamental pottery, having been for years a partner in the business with Jacob Lynn. We welcome him back and trust that he may receive his due share of patronage. We learn that the new board of Borough Commissioners will be petitioned to open East street through to Carroll street, through the lands of Henry Rouzer, Cyrus Cover and A. A. Troxell. While we recognize the fact that available building lots are scarce, we do not give unqualified approval of this measure. We see wherein great benefit would accrue, but we also see the requirements of a large amount of money to make the new street what it should be to induce persons to purchase and improve lots thereon. During the first week in April, a strange state of affairs existed in our town in the matter of money. In some way the town became nearly bare of currency and the convenient transaction of business incident to this period of the year was rendered impossible on account of all the funds being held in the shape of checks and drafts of various amounts, with scarcely enough currency floating to "make the change" in a transaction. It was remarked frequently, "if we only had a bank." Let this experience be put to practical use and have a bank.

FROM THE GRACEHAM SUNDAY SCHOOL. *Whereas, our Sunday School is about to sustain a great loss, in the removal to the state of Missouri, of Dr. J. W. Miller and his daughters, Misses Jessie and Amelia, the former as teacher, and the latter as assistant organist and where, we, as a Sunday School deem it a great pleasure to ourselves, and a service due to them, that a parting expression of our gratitude be publicly tendered them, therefore:* *Resolved 1.* That the family above named, having faithfully served our school during their entire sojourn among us, be and they are herewith, tendered our warmest and most grateful thanks, and that into their new home in the west, they be accompanied by the united prayers of officers, teachers and scholars of the *Moravian Sunday School at Graceham, and may the Great Teacher of us all make them useful to others as they have been to us, in our parting benediction.* *Resolved 2.* That a copy of this Preamble and Resolutions be handed to said family. E. W. SHIELDS, Supt. ALLEN E. COLLIFLOWER, Recording Secretary. **Double PipeCreek Items** Mr. Thomas Dougherty, of near this place, has purchased of the Geiser manufacturing company, an 18-horse-power engine and saw mill, which he expects to remove south, where he intends running it to its full capacity. Mr. Washington Shorb, of Keysville, removed to this place on Monday last, in the house owned by Mr. D. R. Saylor, where he intends opening a hotel. This has long been needed at this place. Mr. Thomas F. Cover, formerly of this place and now of Union Bridge, is slowly recovering from his recent illness. A horse attached to a spring wagon, hitched at the warehouse, became frightened at the express train, on Monday morning last, tearing the hitching strap and running through town at a rapid rate. He was arrested by Squire Warner, who held him until the owner appeared. A large number of wild ducks have been seen along PipeCreek and Monocacy. Several were captured by our skill marksmen. A large cat-fish, measuring 22 inches in length was caught by Mr. C. B. Anders, last week. Mr. A. O. Young of Waynesboro, Pa., is visiting friends in town. The farmers have been busy planting potatoes and sowing oats.

WANTED.—100 Bark Peelers, to peel bark along the line of the Shenandoah Valley R. R., for which good wages will be paid in cash. For further information, apply to DEFORD & CO., Luray, Page Co. Va., or John Rouzer, Mechanicstown, Fred'k Co. Md.

At the last alumni meeting held at Mt. St. Mary's College, Emmitsburg, it was decided to erect a monument to the memory of the late Rev. Dr. McCloskey, who for so many years had charge of that institution. A committee was appointed to further that project, with Rev. James J. Dunn, A. M., of Meadville, Pa., as president; Rev. Thomas J. Fitzgerald, vice president of the college, treasurer, and Rev. Thomas F. Gambon, M. A., also of the college, as secretary. The secretary prepared circulars setting forth the object of the meeting, and has so far met with most gratifying encouragement. Persons as a rule are fond of being made the subjects of general conversation and notoriety is agreeable to most. There are conditions to be observed however, and under some circumstances it would be gladly bartered away. The beauty, or misfortune of it, as the case may be, is that the subject cannot control it, even if he would, and it matters little whether he joins a circus or is elected president of a bank, in any event his merits are discussed and gets his share both of flattery and condemnation, the world goes on and he has served that together with other purposes for which he was brought into the world. **Profit, \$1,200.** "To sum it up, six long years of bed-ridden sickness, costing \$200 per year, total \$1,200—all of this expense was stopped by three bottles of Hop Bitters, taken by my wife. She has done her own housework for a year since, without the loss of a day, and I want everybody to know it for their benefit.—N. E. Farnum.

PROSPECTS.—The prospects for the coming year in our town are highly colored and we can see wherein we shall be able to count ourselves well-to-do as compared with late past years. In the first place, we see wherein our Packing House will be a source of great, unusual and direct revenue to us this year in the way of labor heretofore unemployed and in the sale of fruit and vegetables heretofore without a market. In the second place, as it now stands, the Normal Class, to which reference was made last week, will probably be located here during the two summer months, July and August. While this will be no small source of direct revenue and collateral benefit to us, we see wherein our town will handsomely profit from it, in this, that the class will be made up of representatives from all quarters of the state and of, presumably, the intelligent representatives of such quarters and it is with no home bias or local prejudice that we are influenced to say that our town and its surroundings and some of its people need only to be visited, viewed and acquainted with, to insure favorable impressions, which may be relied upon to work for it a future benefit. In the Female Seminary to be instituted here and its eventual and unequalled success, we have implicit confidence; now more than ever, as we are more fully cognizant of the methods to be adopted to secure that end, and as we are also, if possible, more fully than ever assured that the strength of ability and energy that will be bent to its accomplishment and the natural fitness and advantages of the place must result only in success. These three elements, not to mention the immeasurable worth of a live newspaper, that valuable adjunct to local enterprise, should suffice to satisfy our people, that the prospects of the immediate future are bright and favorable.

LOOKING THROUGH A TELESCOPE.—Large crowds were observed last week gathered around a Telescope man at the corner of eighth and Market Streets. Our reporter stopped to ascertain the cause of so much excitement, paid his five cents for a look and discovered across the face of the hoop at which the "scope" was pointed, "best thing for a Cold—Dr. Bull's Cough Syrup." He just concluded that Dr. Bull was a high old advertiser, and that Bull's Cough Syrup was the best thing out. Some one had stuck a strip with those words across the end of the glass—Philadelphia, Pa. Transfer.

The Emmitsburg Chronicle has placed a "Bobby and the Bab" advertisement box.

It also reports the death of Michael C. Adelsberger at the advanced age of 84 years.

We also read therein of the robbery of Motter, Maxwell & Co's iron safe of the crushing sum of fifteen cents and the serious burning of Mrs. Joe Kretz, by her clothing taking fire and the death of two colored children from the effects of poison that was mixed by their father for dogs and carelessly allowed to remain where the children got it.

A BELIGERENT SHEEP.—Mr. John A. Koons of near Middleburg, owns a ram that once butted Mr. K over, when he cut off his ears, slit his nose and stamped his head some distance into the ground, after which he left him alone; some time afterward, he attacked one of Mr. K's sons who belabored him with a pail, which quieted him for a while. Last Wednesday a little four-year old boy of Jno. C. Eyer's of Monocacy was on a visit there and got within range of the ram when he knocked him down four times and was about to strike him again when the little fellow was rescued. From the ram that the ram was about to take for the fifth blow, it is likely to have proven serious, as it is the boy's face is badly bruised and cut.

DEATH OF GRAFTON TODD.—This highly esteemed gentleman who was agent of the Pennsylvania Railroad Company at Utica Mills, in Frederick county, fell a victim to that dread disease, consumption, and died from it at his residence on Saturday last, at the age of 28 years and his remains were interred on Monday last. He was a worthy and exemplary gentleman and his death is deeply regretted by his many friends.—Union.

COUNTY NEWS.

Jottings from our Exchanges.

CAMP.—During last summer Mr. John Horne, residing near Burkittsville, in this valley, procured ten small Carp from the Fish Commissioner of this State, and placed them in a small pond on his place, but two of them subsequently escaped the Broad Run creek. A few days ago Mr. Horne drew the water from the pond and found, beside the eight large Carps, a thousand smaller ones of the same kind. He put the eight large Carps and their aggregate weight was about ten pounds.—Register.
