Advertising Rates will be given on application. The publisher reserves the privilege of declining or offering for space.

Entered at Thurmont Postoffice as Second Class Matter.

THURSDAY, JUNE 22, 1916.

## Damaged By Flood.

### Rain Falls Continuous For Thirty-six Hours.

Wednesday night of last week rain began falling in this locality, the fall seemed increasing in severity until Thursday evening late, when there came a let-up. Rain, however, continued falling until Friday morning.

During this time about 5.5 inches of water fell. Every stream in this vicinity and from Emmitsburg to Frederick became full to overflowing, and the damage done to fields, fish ponds, and county roads will amount to thousands of dollars.

In Thurmont a branch starting from springs in and near the "Shipley" estate became so high that several families were forced from their kitchens. Chickens were drowned, gardens ruined and sidewalks washed away.

On E. Main street water following what is known as Rouzer's branch spread from Sam'l Long's residence to east of the trolley station, the highest it has been for many years.

Almost every cellar in town was flooded, the water varying in depth from several inches to several feet. In several instances houses were surrounded by water.

To the south of Thurmont where considerable attention is given to raising gold fish, much damage was caused by the high water. At Catoctin Furnace on the McPherson farm a number of ponds were swept away and thousands of fish washed away. These ponds were stocked by Mr. Luther Leatherman, of near Lewistown. One pond on George N. English's farm broke and destroyed most of the fish.

At Lewistown, John Hill lost a pond containing about 500 large and thousands of small fish.

At this season of the year the fish in these ponds are quite small, the spawning season just about passed. The number of fish in a pond depends much on the size of the pond, how many brooders were placed therein and the hatch. Sometimes as many as 50,000 are produced in one pond.

The creek running through Frederick did considerable damage, flooding much of the H. & F. Railway property. On Monday he left for Pittsburgh and other western cities.

Col. and Mrs. George F. Landers, of Washington, D. C., motored to Thurmont Saturday and spent some time with Mrs. John Landers.

Mr. and Mrs. Maurice Gaugh and family, of Dayton, Ohio, are visiting at the home of Mr. and Mrs. Alonza Stull.

Mrs. Phoebe Hammerick, of Frederick, is visiting at the home of Mr. and Mrs. M. L. Creager.

Mrs. E. C. Kefauver and daughter Lilian are attending commencement at St. John's College, Annapolis, this week.

## Creagerstown Letter.

The funeral of Mrs. Amanda A. Krise was held Monday of this week. Mrs. Krise was a kind, loving and devoted mother and a friend to all who knew her. She was a lover of flowers and made a wish to be buried in roses, and her wish was carried out by her faithful daughter, Miss Anna Krise, and her many friends. The floral tributes were bounteous and beautiful.

Mrs. John Clem and Miss Carrie Clem, of Hagerstown, spent Monday at this place.

Mr. and Mrs. Harvey Werking were the guests of Mrs. Dave Werking on Sunday last.

Mr. David Hoffman left for Baltimore Saturday last where he will spend some time with his daughter, Mrs. John Snook.

Mr. DeWitt T. Free and family have moved to Lewistown where they will reside, Mr. Free having received a clerical position in Frederick.

Misses Gladys Keyser, Ruth Hubbard and Celest Summers were guests of the Misses Six on Sunday.

The Monocacy Valley band has quite a number of engagements booked for this season, and have rehearsal every Tuesday evening. Musicians of any organization are welcome.

The Lutheran Sabbath School will hold its annual picnic on August 17th.

The above mentioned school will hold Children's Day exercises on Sunday, June 25th. A special program is being prepared which will be highly interesting.

Mr. and Mrs. Wm. Albaugh were the guests of Mr. and Mrs. Murray Keyser on Sunday.

Mr. and Mrs. George Warner spent Sunday with Mr. and Mrs. Chas. Smith near Thurmont.

Dr. P. E. Heimer will conduct regular preaching services on Sunday.

Mr. and Mrs. Isaac Hankey, of Frederick, are visiting relatives here.

An account of an imaginary game of ball was published in the Frederick News last week, stating that the so-called Creagerstown nine had defeated the Odd Socks or Has Beens; but am glad to state that the said game never was played and had it occurred there would have been only one ending which would have been an endless one. The young gens never put in their appearance to show the old fogies what they could do, but continually tell how they will do. We have seen real ball playing and some have done it, but the kiddies are a green lot. Perhaps Blickenstaff has had a taste of baseball but the others have only read it, and Blicky's curves are invisible ones without the necessary amount of pressure back of them. We care not to tell what we can do, but will produce the goods if the opportunity presents itself and will endeavor to catch the fly balls with our hands and not our eyes.

Master Harold and Helma Hann, of Frederick, are spending the summer with their grandparents.

## Personal.

Prof. Chas. E. Hammett, of Meadeville, Pa., after visiting Tome Institute at Port Deposit, called to see his mother, Mrs. D. C. Hammett, Sunday. On Monday he left for Pittsburgh and other western cities.

Col. and Mrs. George F. Landers, of Washington, D. C., motored to Thurmont Saturday and spent some time with Mrs. John Landers.

Mr. and Mrs. Maurice Gaugh and family, of Dayton, Ohio, are visiting at the home of Mr. and Mrs. Alonza Stull.

Mrs. Phoebe Hammerick, of Frederick, is visiting at the home of Mr. and Mrs. M. L. Creager.

Mrs. E. C. Kefauver and daughter Lilian are attending commencement at St. John's College, Annapolis, this week.

## Franklinville News.

Miss Margaret Roelke, of Frederick, visited at the home of Messrs. Charles and Carl Gall last week.

Miss Mary O'Connor and brother John visited friends in Washington last week.

Miss Florence Demuth has returned after spending a week at her home near Washington.

Master Roland Stull and Pauline Blickenstaff are suffering with the measles.

Mr. and Mrs. Daniel Floor, of near Waynesboro, visited Mr. and Mrs. John Ridenour on Sunday.

Mrs. Etta Pryor, of Foxville, is visiting her daughter, Mrs. Clinton Blickenstaff.

## Remodeling Building.

The old public school building is now being remodeled. Some time ago this property was purchased by the Union Manufacturing Company, of Frederick, engaged extensively in the manufacture of hosiery, their main plant being located in Frederick and branches in Thurmont and Emmitsburg.

The partitions in the building will be taken out, the stairway changed and the building fitted with machinery for the manufacture of hosiery. The outfit now located in the I. O. O. F. building will be moved some time the coming fall.

## Delightful Song Service.

Last Sunday afternoon several hundred people traveled to the United Brethren church and listened attentively to the singing by the Men's Chorus from the United Brethren church in Frederick. The program consisted of solos and choruses, and several recitations. A short address was made by Rev. Hummelbaugh. The two large auto trucks belonging to W. C. Hann, of Frederick, brought the guests to Thurmont.

### Children Cry FOR FLETCHER'S CASTORIA

## MEXICAN SITUATION

### GROWING SERIOUS.

Pres. Wilson Issues Call For National Guard.

Troops of All States to Mobilize and Prepare for Service on the Mexican Border.

Dispatches from El Paso, Texas, last Sunday afternoon state that Chief Carranza of Mexico, sent an ultimatum to President, and advised him "that if American troops were not removed from Mexico within seven days a state of war would be considered as existing between the United States and Mexico."

After a lengthy conference with President Wilson, Secretary of War, Baker, issued a statement saying the immediate mobilization of the National Guard had been determined upon. The president later issued an order calling out the National Guard of all the States for duty on the Mexican border. This call will bring out about 145,000 men.

After the Guard is fully mobilized and equipped the greater portion of the troops will be sent to the Mexican border to patrol the 1800 miles of country adjacent to Mexico.

Americans who are at various cities across the line are in danger of being killed and having their property destroyed and citizens living in the United States along the border are constantly fearing attack by bandits. It is stated that conditions are growing worse every day.

Warships have been ordered to the east and west Mexican coasts to aid Americans who may be in danger.

General Mills, chief of the military division, informed National Guard Heads in the various states that infantry companies must be recruited to a minimum of 65, companies of engineers 65, cavalry troops to 65, and companies of artillery to 136 men.

On receipt of his message Governor Harrington issued a call to the Maryland National Guard to mobilize and get ready for immediate service. It is said that no part of the National Guard is better equipped for service than the organizations in Maryland, embracing some 2,300 officers and men.

### Injured In Runaway.

Sunday afternoon a very serious accident happened on the State Road near Catoctin Furnace, when a horse driven by Lewis Martz, of Lewistown, became unmanageable.

Martz was driving along the road and met two girls, Misses Daisy Groshon and Edna Cline. He stopped and after some conversation offered to take the girls a drive. Martz got out of the buggy to hold the horse while the girls were getting in the buggy, the animal being rather wild. When Martz attempted to get to the buggy the horse started to run. Martz held on to the lines and was dragged for considerable distance. He was horribly cut and bruised. The girls were thrown out of the buggy and badly injured, Miss Groshon's injuries being most serious. The horse was caught at Catoctin. The buggy and harness were damaged considerably.

### Farm Sold Third Time.

The Hedges farm located near Hansonville, this county, containing 235 acres of most fertile land and improved with buildings equal to any in the county, has recently been sold by Grayson H. Staley, agent, to John M. Potter, a retired wholesale grocer of McKeesport, Pa. This is the third time in two years that this property has changed hands through Mr. Staley. The price paid by Mr. Potter is \$37,500. Mr. Chas. McC. Mathias was the first purchaser, Mr. C. C. Clemson the second, and Mr. Potter the third. It is stated that this is the largest price ever known to be paid for a farm in Frederick county, and that Mr. Potter will engage in raising high bred stock.

### Picnicing Already.

A trip down the State Road toward Catoctin Furnace Sunday revealed the fact that parties, presumably from Frederick, are already motoring to the shady places near Catoctin, bringing with them their suppers and spreading same in regular picnic style. There is plenty of shade and good water in that vicinity which makes it an ideal place to go and eat lunch.

## THURMONT'S UNDERSELLING STORE LOUIS SUGAR

### The Court Says That Ignorance of the Law is Not Excusable.

The Court assumes that everyone read their Local Paper, and by having the laws published in these newspapers it has done its full duty to the people.

## SUGAR SAYS

He publishes Underselling Bargains in "The Clarion" each week for the purpose of showing the people how to save money on goods they must buy, and if some are

unfortunate enough to lose these money-saving opportunities because they do not read "The Clarion" the blame rests with them.

Watching for the Bargains advertised by the Underselling Store in "The Clarion" will save many times the cost of the newspaper.

## You'll Be Sorry if You Miss These:

### LADIES' SMART SLIPPERS

## "THE BEST POSSIBLE NEWSPAPER!"

What sort of a paper is it? In the first place, it must be a **HUMAN PAPER**—the **Woman's Friend** and a part of her daily life. And it must be a **NECESSITY** to the **Business Man**. It must not only tell what is happening in the world, but it must go farther and tell **WHY** it is happening and what it means.

The Best Possible Newspaper has a staff of correspondents covering the world field of the Associated and United Press, scouring the earth for vital human facts. It has fashions and art, books and music, literature and politics at its right hand. It has the markets for the farmer, the merchant, the broker.

The world has never seen an age of greater constructive significance in politics, in science, in society. Every mve in the field of action is a tonic for discussion in cities, villages, hamlets, at cross-roads. And the Best Possible Newspaper must equip its readers for intelligent understanding of all these things.

That is precisely why it is the simple truth that for your purposes, and for the purpose of the whole South, the **BEST POSSIBLE NEWSPAPER** is
