Fire Injures Automobiles.
Spark Ignites Gas From Leaky Pipe—Other Accidents.

Last Monday morning about 10 o'clock the sounding of the fire bell in this place caused somewhat of a commotion among residents of the town.

The cause of the alarm was the discovery of fire in the Imperial roadster belonging to Mr. John L. Johnson, president of the Union Manufacturing Company of Frederick. Mr. Johnson came to Thurmont to superintend the moving of the Hosiery at this place and had left his car standing in front of the residence of Mrs. W. T. Grimes. Wishing to go elsewhere, Mr. Johnson started the engine and in an instant flames shot from under the hood. Evidently gas was escaping from the tank or pipes leading to the engine. Mr. Johnson rushed to a phone and asked that the fire department be called.

A number of persons nearby rendered first aid, and with the assistance of a stream of water from a small hose and a chemical extinguisher from Mr. R. A. Tyson's automobile, the blaze was extinguished.

The paint on the hood was badly blistered and the engine damaged more or less. The car is insured and was taken to Frederick for repairs.

While coming down South Mountain last Saturday, the steering gear on Mr. Wm. Rudy's car broke and the machine ran off the road and down a steep bank. Mr. and Mrs. Rudy were returning from Hagerstown to their home in Middletown. Both were injured.

The Ford touring car of C. F. Huffer, near Broadrun, was burned on Saturday. The conflagration was started from back-fire. Mr. Huffer was forced to desert his machine. The car is a wreck. The loss is not covered by insurance.

Charles Young, Berkley Springs, W. Va., was run down Sunday afternoon, near Indian Springs, Washington County, by the automobile of Jesse C. Clem, Hagerstown, and instantly killed. Young had been riding a motorcycle and had stopped to recover his cap, which had blown off his head. He ran directly into the car and was killed almost instantly.

The machine of J. R. Brown, Gapland, was burned by back-fire. The loss is \$800, covered by insurance.

Frederick's Great Fair.

The progressive management of the Great Frederick Fair, which will be held October 17, 18, 19 and 20 next, has this year constructed a subway under the race track the better to enable them to properly care for pedestrians and automobilists. Additional land has also been enclosed, new cattle stalls and sheep pens have been constructed; the race track has been elevated more than three feet on the western turn; a new wire fence now encloses the track, together with other improvements.

Besides the permanent improvements a most attractive program of free vaudeville acts, balloon ascensions and parachute drops, harness and running races, has been arranged. The poultry show, stock exhibits and displays in the household and horticulture departments promise to be better than ever, if early entries mean anything, while the midway will have on it much that will interest and amuse.

All railroads entering Frederick will sell excursion tickets at reduced rates, and special trains will be run during the week of the Frederick Fair.

Heavy Thunderstorm.

Last Friday evening a very heavy thunderstorm passed over this section of the county. For some time heavy thunder was heard in the west; black clouds banked apparently against the mountains to the west through which flashed large charges of electricity. About seven o'clock the storm broke over us, hail and rain, driven by a heavy wind, falling heavily for some time.

During the storm a fire was seen to the northeast. Later it was learned that Maxell's mill located on Tom's creek to the southeast of Emmitsburg, had burned, it presumably being set on fire by one of the many heavy bolts of lightning.

The mill was owned by Mr. Howard Martin, and has been in operation for many years. Other buildings near the mill were not burned, the mill wall being of stone protecting other structures more or less. The building was insured.

Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect their liver and bowels. Keep your bowels regular and your liver healthy and will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere.

Sabillasville News.

The meeting in the interest of Prohibition held here on Saturday night was well attended. Rev. Rose of Thurmont made a most eloquent and scholarly address. Dr. Welty Fahrney was present and as the various stereopticon pictures were shown, made his most effective remarks. The committee will meet in St. John's Reformed Church on Thursday night.

Mr. Earl Eby whose foot was badly hurt some time ago, is still using crutches.

Miss Susie Manahan is suffering from a paralytic stroke, following diphtheria.

Mr. Hugh Eby is at Johns Hopkins Hospital Balto., convalescing from an operation performed last week.

Mrs. Grace Morrison, who has been at the Williar Cottage for the past month, returned home on Sunday.

Franklinville News.

Dr. Lloyd Gall of Washington, spent Sunday with his parents, Mr. and Mrs. Charles Gall.

Mrs. John Seiss spent Thursday with friends in Thurmont.

Mr. and Mrs. Joseph Fry spent Saturday with Mr. and Mrs. Ed. Dewees.

Mr. and Mrs. Howard Creager spent Sunday morning with Mr. and Mrs. Carl Gall.

Master Rolland and Allen Stull spent Saturday at the home of Mr. Chas. Addison.

Mr. and Mrs. John Ridenour and child spent Sunday with friends in Thurmont.

Most of our farmers are done cutting corn.

Mt. St. Mary's Items.

Owing to the heavy rain Friday evening the dance to be held at Mr. Fox's ballroom was postponed until Saturday evening of this week.

Mr. Edward Ridenour is a patient at Frederick City Hospital.

Monday evening the movie fans of this place had the pleasure of seeing "The Battle Cry of Peace" at the Town Hall, Thurmont.

Miss Mary Seltzer is visiting in Waynesboro, Pa.

Many from this locality contemplate attending the show "101 Ranch" at Frederick on Monday.

Loys Letter.

Mr. and Mrs. Clarence Moser spent Sunday in Frederick.

Mr. Amos Arnold of Rocky Hill spent Sunday with Mr. and Mrs. Geo. Pittenger.

Mr. and Mrs. Clarence Moser spent Sunday evening with her parents.

Mr. Harvey Pittenger and mother were visitors in Woodsboro on Thursday.

Still Paying Fines.

During the past week Automobile Commissioner Baughman and his deputies have arrested 62 persons for violating some of the numerous auto laws.

Fines were imposed on all and in several cases licenses were revoked. It seems that owners of automobiles have more money than they care to possess and take all kinds of chances on speeding, having no lights, no operators license, etc.

New Heating Plant.

At a meeting of the members of the Trinity Reformed Church held recently, the consistency was authorized to install a new heating plant at the church, the same to be of sufficient capacity to heat the entire building. The two furnaces now in use will be discarded.

Road About Dry.

Due to oil being spread on the State road south of Thurmont, travel for autos has not been so desirable. It is now stated that the oil has become dry and the road is in splendid condition.

The stand of timber on the two great National Forests in Alaska is estimated by the Forest Service as over 70 billion board feet, while the annual growth will, it is said, produce of pulpwood alone enough for the manufacture of three thousand tons of wood pulp a day.

Oak is the most suitable wood for carving, on account of its durability and toughness, without being too hard. Chestnut, American walnut, mahogany, and teak are also desirable, while for fine work Italian walnut, lime, sycamore, apple, pear or plum are generally chosen.

Steel Business Booming.

Unfilled orders of the United States Steel Corporation have steadily jumped from 4,908,445 tons on August 31, 1915, to 9,660,357 on August 31, 1916, an increase of 100 per cent. in the year. The company has eight months of orders ahead and its stock is quoted now at the highest figures in its history.

The steel bar mill capacity of the Corporation has been sold to July 1, 1917, and orders from agricultural implement manufacturers, car shops, locomotive and engine factories, shipyards, bridge contractors and machinery companies generally are now rapidly exhausting the capacity up to December 31, 1917, a year and a quarter ahead.

Steel, which is regarded as one of the best barometers of American business conditions, constitutes only a part of the great movement of American manufactured products abroad.

The bark of black oak, or "yellow oak," as it is often called on account of the color of the inner bark, is now used for dye-making.

THURMONT'S UNDERSELLING STORE LOUIS SUGAR

What have you done about Outfitting Yourself for the Fall?

Get busy, and come to Sugar's Underselling Store.

WINTER BLASTS ARE COMING!

Are You Going to Stove it Through Again This Year?

No Cost for Pipes

because there are none. The Caloric Pipeless Furnace gives perfect heat all over the house with one register.

You can easily and cheaply install it in any house new or old because you don't have to cut holes in the house for pipes. Saves time and trouble in tending fires and makes every room comfortable. The efficient one-register

is guaranteed to save you 35% of your fuel. Patented. Designed on scientific lines and has exclusive features. Burns coal, coke or wood. Consumes fuel thoroughly, giving full heat value from every ton. Saves carrying fuel and ashes up and down stairs and lessons fire danger. Will not spoil produce in cellar.

Fully Guaranteed

by the manufacturer. If the Caloric Pipeless Furnace is not entirely satisfactory we'll make it so. Call for free booklet and demonstration.
