A Wise Move.

Since work has begun on the street
through town a number of property own-
ers are having the service pipe connection
at the water main renewed and others
new connections made. Doing this work
now will likely save digging through the
bed of concrete some time in the future
and save considerable expense.

Liver Trouble.

"I am bothered with liver trouble about
twice a year," writes Joe Dingman, Web-
ster City, Iowa. "I have pains in my
side and back and an awful soreness in
my stomach. I heard of Chamberlain's
Tablets and tried them. By the time I
had used half a bottle of them I was feel-
ing fine and had no signs of pain." Ob-

Mr. John T. Brown and Miss Mettie
M. Wilhide, both of near Thurmont, were
married August 15, 1917. Mr. Brown is
one of the number of young men select-
ed for the draft army from this district
and is liable to be called into service at
any time.

Hannah Grace Johnston.

Hannah Grace Johnston, aged seven, daughter of Mr. and Mrs. M. S. Johnston,
of Shady Avenue, Pittsburgh, Pa. Mrs. Johnston's maiden name was Urilla May
Eyer, daughter of Mr. and Mrs. Josiah Eyer, of Thurmont. Mrs. Eyer now
resides with her daughter, Mrs. Johnston, in Pittsburgh. Mr. Johnston is secretary
of Duff's College.

Drew Large Crowd.

Camp meeting at Emory Grove, near
Baltimore, drew a very large crowd of
people. The special attraction last Sun-
day was the music under direction of
Homer Rodeheaver, of the Billy Sunday
party. The Sunday Western Maryland
train going east and west was taxed to
its utmost to accommodate passengers.
In the evening this train arrived at
Thurmont more than an hour late be-
cause of the crowd. The camp closed
Sunday.

See Sparks show at Frederick tonight,
but don't get giddy looking at the clown.

Progressive Bank.

The Emmitsburg Savings Bank which
completed extensive rebuilding opera-
tions last fall, and now occupies one of
the most spacious, handsome and mod-
ern banking quarters to be found outside
of the largest cities, has made a still
further improvement to the exterior of
its building by placing two massive solid
cast bronze name tablets on either side
of the corner entrance on Center Square,
while gold lettering on the doors and
glass screens add to the interior adorn-
ment. At the same time the name of this
progressive institution has been em-
blazoned on the rear of its building in
characters that can be easily seen and
read at a great distance, approaching
Emmitsburg from Thurmont. The man-
agement has been highly complimented
far and wide for the progressive spirit it
displays, the latest instance of which
has been the installation over its vault
of a large self-winding clock which is
illuminated at night and can be seen
from any point on the square.

September Jurors.

Change Of Orders Made To Aid Moving of Troops.

Secretary of War Baker, announced
last Friday that Maryland's draft troops
would be sent to Camp Meade, Admiral
station, Md., instead of to Petersburg,
Va., as had first been planned.

It was announced at the same time
that the men from the District of Col-
umbia would also go to Admiral, and that
these two bodies of men would be con-
solidated with the Eastern Pennsylvani-
ans to form the Seventy-ninth Division,
commanded by Maj.-Gen. Joseph E. Kuhn
president of the Army War College.

A total of 40,884 men will train at
Camp Meade, made up of 7,096 Marylan-
ders, 929 from the District of Columbia
and 32,829 from Pennsylvania. The Pe-
tersburg camp will consist of 47,086 men,
to be made up of 13,985 Virginians, 9,104
W. Virginians and 54,000 Pennsylvanians.

For field purposes two divisions will be
trained at Admiral. These divisions will
be composed of 20,000 men when they
reach France, but for purposes of intensive
training one division commander will
have command of the whole 40,884 men.

General Kuhn is one of the most dis-
tinguished soldiers in the army. He
graduated from West Point at the head
of his class and at once went into the
engineers as an honor man. He has
built some of the greatest military works
in the country and has had charge of
some of the most important river and
harbor improvements including that at
Norfolk and Hampton Roads. He was
sent to the Japanese-Russian war as an
army observer and went through the en-
tire campaign as an attaché of the Jap-
anese General Staff. This means that
the Maryland draft army will be trained
and perhaps commanded in France by
one of the most talented and most dis-
tinguished officers in the entire army.

Troops comprising the various Mary-
land companies of the national army will
train at Anniston, Alabama, 700 men un-
der Gen. Gaither having arrived at that
place Sunday night. It is stated that
the trip from Baltimore was tiresome,
the train arriving 16 hours late.

Thousands of visitors were attracted
to Camp Meade, at Admiral, Md., last
Sunday. The throng came by rail, auto-
mobiles and wagons, and many of them
were surprised by the continual click of
the carpenters' hammers, for there was
no rest day for them.

Officials of the camp remained on duty
all day at the camp. Beginning at 5
o'clock Monday morning last every per-
son who entered the camp had to have a
pass issued by Major Proctor.

Camping at Sandy Hole.
On Monday of this week about twenty
boy scouts from Union Bridge arrived
here with a complete outfit for camp
life. They located at the famous Sandy
Hole resort on Hunting creek. The boys
will remain here all week and drink in
the pure mountain air and water free
from limestone and cement dust pre-
valent in their home town. They mingle
freely with the young people of the town
and are apparently having a bang-up
good time. May their outing here be of
great benefit socially and physically.

Just the Thing for Diarrhoea.

"About two years ago I had a severe
attack of diarrhoea which lasted over a
week," writes W. C. Jones, Buford, N.
D. "I became so weak that I could not
stand upright. A druggist recommended
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy. The first dose relieved
me and within two days I was as well as
ever." Many druggists recommend this
remedy because they know that it is re-
liable. Obtainable everywhere.
