

CLOSE OF FIRST YEAR OF REALTY EXCHANGE

Anniversary of Organization Celebrated at Barton's

BUFFET SUPPER SERVED

Good Work of the Association Pointed Out by Officers and Members—Officers and Guests.

The first anniversary of the formation of the Washington Real Estate Exchange was celebrated by its members at the Barton Hotel last night.

The exchange was organized early in December of last year, and its achievements have exceeded the expectations of the most enthusiastic members.

In his address last night President Heiskell said that the intentions of the men organizing the exchange were primarily to confine the real estate business to legitimate channels and to secure legislation to better existing conditions.

A successful effort was made by the exchange, in conjunction with the Bar Association to have the offices of the justices of the peace moved to central locations.

Several plans for the improvement of the city and the development of property are under consideration by the exchange and the members feel sure that at the next annual meeting they can give the people abundant assurance not only of the right of the body to existence, but of its eminent utility in civic affairs.

Mr. Heiskell's Address. President Heiskell, in his address, said that within the year 466 pieces of improved property, aggregating in value \$3,593,580, had been listed on the exchange, and 186 pieces of unimproved property, aggregating in value \$514,000.

The matter of the thickness of walls in buildings was under discussion. It was claimed that the regulations prescribing nine inches for the thickness of walls of a given height and thirteen inches for high walls, measured from the curb line, discriminated against three-story houses built on terraces.

The officers of the exchange are Jesse L. Heiskell, president; R. G. Rutherford, first vice president; C. J. Bell, second vice president; John E. Mitchell, secretary and treasurer; board of governors, James F. Hood, C. I. Sloan, J. L. Heiskell, William Corcoran Hill, R. G. Rutherford, B. F. Saul, William H. Saunders, George W. F. Swartzell, and W. R. Wilcox.

The members of the exchange present last night were: Jesse L. Heiskell, R. G. Rutherford, William H. Saunders, William Corcoran Hill, B. F. Saul, W. R. Wilcox, John E. Mitchell, R. W. Tyler, A. P. Fardon, Joseph L. Weller, P. J. Hill, John M. Henderson, A. S. Caywood, Charles A. Shields, E. Lodge Hill, P. J. Owen, John R. Hodges, A. T. Reeves, William R. Hodges, A. T. Coumbe, George R. TEAMS TIED FOR FIRST PLACE REDUCED TO TWO

Jacobson Starts Lively Pace and Gains a Lap.

MANY MILES BEHIND RECORD

Most Interesting Period of Six-Day Endurance Cycle Race This Morning.

NEW YORK, Dec. 11.—The tie in the six-day race has at last been broken. Instead of six teams being tied for first position, two now lead in the race. They are Jacobson and Newkirk, and Krebs and Leander.

These teams gained their advantage early this morning amid great excitement. The Jacobson-Newkirk team first gained the lead of a lap, and for two hours led the others a merry struggle. Then Krebs and Leander went out to get them, and before 4:30 o'clock had succeeded in doing so.

Continual speeding marked the race. This morning was by far the most interesting and exciting of any period since midnight Sunday.

A Lap Gained.

The sprint that gained a lead of a lap for Jacobson and Newkirk was sudden and unexpected. Jacobson was fifty yards in front almost before the other riders were aware of it. He hit up an awful clip, and increased the gap to half a lap before those following could get up the necessary steam to hold the flying man in front.

Keegan, of the team of Keegan and Peterson was the first to get his legs working. He, too, opened up a gap while chasing Jacobson, and after covering a mile finally caught his man. The two went out and gained yard after yard on their opponents until they finally caught up with the rear division, and had gained a lap.

Meanwhile the Garden was in an uproar. Eight thousand persons were cheering and yelling encouragement with all their lung power. The racers then slowed down to a steady plug. It was in this interval that Keegan had the misfortune to lose two laps by the failure of his team mate to properly relieve him.

Krebs-Leander Team Catches Up.

For two hours after that the all-night crowd had nothing to excite them until Krebs, Leander's partner, jumped the bunch. He was a half lap to the good before the others were awakened from their joggling.

Leander had meanwhile mounted his wheel and started around the track at a lively pace in front of Krebs. When Krebs caught him, Leander let out a kick and went flying around the Garden with the speed of a locomotive. When he had gone three laps he had caught Newkirk and the others, getting the advantage which tied his team with the leaders.

TRAMP ROBS FARMHOUSE AND ASSAULTS INMATES

Four Victims of Miscreant May Die.

SALINAS, Cal., Dec. 11.—John Conley, a rancher, came here yesterday morning and reported that the farm of Simon Graves, a member of one of Monterey county's prominent families, had been robbed and that Mr. and Mrs. Graves, their adopted son, and their hired man were lying on the floor in a dying condition.

Officers and doctors started for Graves' home. On a blood-covered floor of the front rooms they found the body of Mrs. Graves, her face bruised and battered beyond recognition. In the same room lay the boy, his hands bound together and blood oozing from wounds in his head.

In a bedroom adjoining lay the body of Graves, with two horrible gashes in his forehead, and on the bed was the body of Albrecht, the hired man. The doctors succeeded in restoring Graves and Albrecht.

They said a tramp had forced an entrance to the house on Monday night, and at a pistol's point bound all its members and then proceeded to search for money. Graves freed his hands and fired two shots at the tramp, but missed him. Then the tramp shot Graves, and seizing an ax, wreaked his rage on the others.

Parties are out searching for the tramp, and if caught he will be lynched.

THIRD CLASS OF CADETS PLACED UNDER ARREST

V. M. I. Boys Show Resentment at Failure of Faculty to Grant Extra Holiday.

LEXINGTON, Va., Dec. 11.—With but few exceptions the third class of cadets at the Virginia Military Institute, numbering over fifty boys, was under arrest last night for breach of discipline.

Yesterday morning at 1 o'clock, from the roof and clock tower of Smith Memorial Hall, they set off fireworks and exploded bombs. It is alleged that the escape was done to show their resentment of the refusal by the board of visitors to grant their request of ten days' holiday at Christmas.

It is not known what the authorities will do with the culprits. Several years ago the first class indulged in a similar offense, for which all its members were dismissed from the school.

WILL NOT BE STAMPEDED TO THE ALTAR OF HYMEN

Kansas' Executive Officers Seek Ideals.

TOPEKA, Kan., Dec. 11.—Lieutenant Governor-elect D. J. Hanna came to Topeka today for the first time since his election.

Hanna and Governor-elect Bailey are both bachelors. The people of Kansas have insisted that they get married before they enter upon their duties January 1.

Hanna says he has received fully 500 letters from maidens in the United States and Canada offering their hands in marriage. None of them appears to meet his ideal in a wife. Governor-elect Bailey has received more than a thousand proposals of marriage from New England and New York.

The two bachelors say they have not yet found their ideal, and until they do will refuse to be stamped into marriage by the clamor of their constituents.

FIVE-YEAR SENTENCE FOR COUNTERFEITER RUELLO

His Accomplice, Samuel Johns, Turned State's Evidence, and Then Pleaded Guilty.

PHILADELPHIA, Dec. 11.—Bartolomeo Ruello, the noted counterfeiter, after whom the famous and troublesome "Ruello" dollar was named, was convicted of the charge of making and passing bogus silver dollars by a jury in the United States district court yesterday and sentenced to five years in the Eastern Penitentiary.

Ruello is one of the most dangerous counterfeiters in this country. Less than three years ago he was implicated in a gigantic counterfeiting scheme that involved the throwing of hundreds of silver dollars upon the market, and when captured he was sentenced to two years in the Eastern Penitentiary. His term of imprisonment expired about two months ago, and shortly after, when the Secret Service Bureau learned that the passing of silver dollars was becoming prevalent in the city, particularly in the Italian quarter, Ruello was arrested. Samuel Johns, the accomplice, pleaded guilty to passing the counterfeit dollars and was sentenced to six months in the county prison.

REPUBLICAN PARTY NEEDED IN VIRGINIA

Labor Council Favors Organizing One to Protect Interests of Workingmen.

RICHMOND, Va., Dec. 11.—Without a dissenting vote the State Legislature and the Democratic party were denounced by the Trade and Labor Council, in session here, for killing two bills to abolish stores running in connection with mines and factories, and to compel owners of these industries to pay their employes twice a month.

The delegates went further, and advocated the building up of the Republican party and turning the State over to that party for at least four years as the only way that the organized wage-earners of this State will ever receive any aid from the legislative bodies of either city or State. A plan of campaign against the present members of the Legislature is to be presented at the next meeting of the council, and copies are to be sent to the labor unions of various crafts throughout the State. These bodies will be asked to co-operate in the movement.

RAID ON UNION LABEL COUNTERFEITING PLANT

Ten Plates and 100,000 Bogus Prints Seized.

CHICAGO, Dec. 11.—Constables and labor leaders early this morning discovered what is believed to be the greatest plant in the country for counterfeiting union cigar labels.

The printing establishment of Hyman L. Meltes, 330 Halsted Street, was entered and the ten counterfeit plates captured from which it is believed all the counterfeit labels in the United States have been printed.

Officers of the Cigar Makers' International Union assert that the plates are the only counterfeits in existence. By the raid they believe they have broken up an organization which has cost them at least \$100,000 in the past ten years and which is believed to be the source of all the counterfeit labels used throughout the country.

Meltes shipped the counterfeit blue slips, in lots varying from 1,000 to 100,000 to all parts of the United States. Meltes was placed under arrest.

tered and the ten counterfeit plates captured from which it is believed all the counterfeit labels in the United States have been printed. One hundred thousand counterfeit labels, as many as are used by all the union cigar makers in Chicago in a whole month, were also confiscated.
