

NEWS AND GOSSIP OF THE DAY IN THE WORLD OF SPORTS

MANY CANDIDATES FOR GEORGETOWN NINE

Outdoor Work to Commence After Wednesday.

JEROME BRADLEY TO COACH

Plenty of Raw Material to Be Developed, But Many Fear Team Is Woefully Weak in the Box.

Prospects of Georgetown University having a fast baseball team this season are growing brighter everyday. A call for the candidates was made several weeks ago, but owing to the heavy snowfall it was impossible to do any outdoor work. The men did not report. A second call will be issued tomorrow, and Manager Joe Miller and Captain Apperius believe that the largest number of candidates that ever tried for the Blue and Gray team will be on deck. There are already about forty students who have signified their intention of trying for positions.

Bradley a Fine Coach.

Jerome Bradley, Princeton '97, who has been selected to coach the team, will report at the university on Wednesday, and from then until the end of the season he will instruct the candidates. Bradley pitched for the Tigers when he attended the Black and Orange university, and proved a valuable man. He will take the candidates on the field the first clear day after Wednesday, and will keep them hard at work until the first game, which will be played on the Blue and Gray campus, on March 25, with the Maryland Agriculture College. The wealth of inexperienced and the dearth of good men makes things about even, and the Blue and Gray tribe should administer a few drubbings to the Big Four before the close of the season.

In looking over the men it is found that the infield will be as strong as it ever was. Dowling, the crack first baseman, who has looked after that important territory for the past two seasons, will guard the initial sack this year. Little Dorman has been shifted over to short territory, succeeding Moran, who will play professional ball with the Senators this year. Morgan, who held third down in such excellent fashion last year, will be seen in the same position again this season, despite the numerous rumors to the contrary. As yet no one has been selected to fill the vacancy by shifting Dorman to short, but some of last year's infield substitutes will doubtless be placed at second.

There are four promising candidates for the position behind the plate. Samuel Apperius, who will captain the team, is an excellent catcher, and in view of his position it will be necessary for him to be somewhere in the infield in order to best protect Georgetown's interests. Drake, who did a lot of receiving last year while Drill was a member of the team, and all of it after the latter joined the professional ranks, is at the university this year, and will alternate between catching and in the outfield. He covers both positions equally well. Carroll, of last year's football team, and Hart, who will captain the Blue and Gray eleven next season, are also candidates for the big mitt.

Lack of Pitching Material.

Alas! the Blue and Gray pitching department is miserably weak. The best men that Georgetown had last year are gone. They are Blewett, Cox, Mackay, Moran, Dissell, Golden, Drill, and O'Hara. The three first named men are pitchers of the first water and piloted Georgetown to victory on numerous occasions. Blewett defeated Washington last year, as did Cox. Blewett even went so far as to compel the world-famed slugger, Edward Deleahanty, to make three vicious swipes at his elusive benders without making any connection whatsoever with them.

Men Are Inexperienced.

With one exception, all of the candidates for the position in the center of the diamond are new men, without experience. Fay, who twirled for last year's team, is the exception. He will be the "war-horse" this year, and a great deal will be expected from him. The other candidates are Will Thompson, a brother of the manager of athletics, who has shown up exceptionally well in the practice in the corridors at the university and who looks like a strong, sturdy, hard-working twirler. Titus is also promising, while Ryan and Charlie Cox are both almost certain to secure the much-coveted position. These men have had no experience, but it is believed that Bradley, who is an old twirler, will infuse a little life and confidence into them.

When the schedule was announced the game with the Washington team had not been arranged. Saturday, March 28, is the day set for the game. Three games were played last year, but only one of them was scheduled. The others were arranged on the spur of the moment. It may happen that other games will be arranged after the initial meeting. The Empire Betts, who handled the indicator last year and went through the season without having a decision questioned, has been selected as the arbiter this year.

ROCKVILLE SHOOTING MAY HAVE FATAL OUTCOME

The local police late last night received a request from Rockville, Md., that a lookout be maintained for Upton Claggett, a negro, who is said to have shot and perhaps fatally wounded a man named Bower, of that place. The message states that Claggett escaped after the shooting.

YOUNG CORBETT AND M'GOVERN MATCHED

To Meet in San Francisco on March 31

NEW YORK, Feb. 28.—After engaging in a number of challenges for nearly two years, Young Corbett and Terry McGovern are to come together again in the roped arena.

The lads were matched today to meet for twenty rounds before the Hayes Valley Athletic Club, San Francisco, on March 31. The weight is 127 pounds, weigh in at 4 o'clock on the afternoon of the battle. No articles of agreement have as yet been signed. All the details of the battle were arranged by telegraph.

In taking on Corbett McGovern was compelled to sacrifice two other important matches, notably those with Benny Yanger, the "Tipton Slasher," and Ben Jordan before the National Sporting Club, of London, May 27.

Terry's fight with Yanger was scheduled for March 16 at Fort Erie, before the International Athletic Club.

McGovern's encounter with Young Corbett will be for a division of the gate receipts, 75 per cent to the winner and 25 per cent to the loser.

POLICE MEET DEFEAT IN REVOLVER CONTEST

Washington Revolver Association the Victors—Teams Held.

The fourth revolver contest for the John Doyle Carmody trophy between the District police and the Washington Revolver Association, was won by the latter last night, in the rifle gallery of the Center Market Armory. The teams are now tied, each having won two contests.

The final shoot, which will decide the ownership of the trophy, will take place in the latter part of March.

Last night each team was composed of ten members, though in former contests they numbered but six each.

The police team shot at 15 yards, and with regulation .22 caliber revolvers. While the association team shot at 20 yards with the military .38 caliber revolvers. Each man shot ten times, the highest possible score being a hundred. Lieutenant Britton, inspector of rifle practice of the National Guard, was referee.

The scores were: Metropolitan Police team: Burns 43, McCall 43.

Washington Revolver Association team: Young 52, Bell 44, Sumner 44, Hart 44, Holt 44, Kretzner 44.

M'CHESNEY BOOKED FOR SARATOGA MEETING

Crack Four-Year-Old Not to Race Before August in the East.

NEW YORK, Feb. 28.—McChesney, the much-talked-of four-year-old son of MacDuff, will race in the East this year, but not before the Saratoga meeting in August.

The colt was purchased late on Friday night at New Orleans by E. E. Smathers, the well-known trotting horse turfman, who paid to Durnell & Herz the sum of \$30,000 in cash.

McChesney has a number of valuable engagements to fulfill on Western tracks, and Mr. Smathers will not withdraw him from them. It is too late for the colt to be a starter in any of the big Eastern handicaps, as the entries for them closed two months ago, but the Saratoga entries do not close until next week, so that there is still time to nominate the Western flyer, who is almost sure to be seen in the \$12,000 Saratoga Handicap and other races for the older horses.

ARCANUMITES GIVE SURPRISE TO FRATERS

Farragut Council, Royal Arcanum, composed chiefly of officers of the navy, and of which Admiral Schley is a member and past regent, Friday evening paid an unexpected social visit to Anolatan Council, a council composed largely of scientists of the Smithsonian Institution and National Museum. The officers and many members of the grand council of the District of Columbia were, by previous arrangement, also visiting Anolatan Council that evening.

When the work of the council was completed Benjamin White, secretary of the grand council, on behalf of Farragut Council, invited all present to accompany the council to a famous restaurant in the neighborhood, and there enjoy a banquet which had previously been ordered. The surprise was complete and the banquet a great success.

Many speeches were made on the interests of the order, and, under the direction of Grand Regent W. F. Brigham, the question was discussed as to whether any change should be made in the ritual, and what means should be taken to induce a larger attendance at the meetings and promote the extension of the order.

On the invitation of Chairman Benjamin White, Dr. Thomas Calver, past regent of Farragut Council, wrote an impromptu ballad for the occasion, which was vociferously sung to the tunes of "Yankee Doodle," "The Girl I Left Behind Me," and "Auld Lang Syne."

NEW HAMPSHIRE HAS A BLIND DAVID HARUM

Is Keen On a "Hoss" Trade and Is Rarely Stuck.

Rochester N. H., boasts of a character that is unique in the horse business. He is a French-Canadian named Thomas Beliveau, totally blind and one of the slickest horse traders in New England. Some conscienceless traders have tried to take advantage of his infirmity to their sorrow, for he has given them the worst of it every time. He goes over a horse carefully from his ears to his feet, and no blemish or unsoundness escapes his delicate touch. In fact, he boasts a list of smooth articles on the horse trade who are blessed with sound eyes. Then he gets in and rides behind a horse, and is a good judge of speed. The sound of the hoof beats tells him the gait of the animal, and by its irregularities he knows if a horse goes odd in any limb.

He is equally expert in fixing the value of a wagon or harness. No amount of repairing will deceive him. He trades day after day and has been at his old stand for several years successfully, notwithstanding the wily horse traders of Stratford county. If there are those who think they could beat Tommy in a horse dicker let them go up there and try to separate him from his goods and chattels.

YOUNGSTERS TAKE KINDLY TO SCHOOLING

Two-Year-Olds in Training Are Put at Barrier and Show No Fear.

MEMPHIS, Tenn., Feb. 28.—Two-year-old racers in training at Montgomery Park received their first schooling at the barrier today, and in several instances race training was indulged in up to three furlongs.

A majority of the Schorr youngsters were lined up and sent away with stable boys aboard. Dutiful, by Faraday-Slipalong, was the best actor, and in several breakaways showed quickness and speed at the start. Pluella, a filly by Flying Dutchman-Falaise (sister to Libertine), was lined up with Moharib, looked upon as the crack of the Schorr list, and, much to the surprise of everyone, the filly got away first and beat Moharib to the three-furlong pole.

Lady Thistle and Glenallan headed a big bunch of G. C. Bennett's youngsters and showed the best flight of speed by finishing what looked like a dead heat in a three-furlong dash, negotiated in 0:37 1/4, the first quarter being turned in less than 24 seconds. Common Bird, E. R. Bradley's brother of Jiminez, was slow to break away from the barrier and was led back to the barn after several unsuccessful attempts.

Senator Tim Sullivan's handsome colt, The Bowers, was another youngster that showed his dislike for the starting machine. C. R. Ellison's field of six two-year-olds was schooled, and the Albert colt, John P. Mayberry, accompanied by King Croker, were the best actors.

HIGH SCHOOL ATHLETES MEET IN COMPETITION

First Local Indoor Carnival of the Season—Dear Equals Record.

The first inter-scholastic indoor meet of the high schools of Washington, which was held in Convention Hall last night, was witnessed by a good crowd. Commissioner Macfarland witnessed part of the games, and presented the trophies and medals won by the successful competitors.

"Dick" Dear, the ex-Central High School sprinter, who at present represents Pennsylvania in her sprints, ran an exhibition 60-yard race, and equaled the world's record for the distance, 6 2/5 seconds. It is at present held by Arthur Duffey.

The star event of the program was the inter-high school relay race of one mile, between the local high schools of the city. It was won by the Central.

SONS OF OLD MISSOURI IN SOCIAL ASSEMBLY

The Missouri Society held a meeting last night at its hall, 719 Sixth Street northwest.

E. C. Tieman of Huntsville, Mo., delivered an address. The program included also a solo by Mrs. R. A. Burkhardt; a piano solo by Miss McCord; readings by F. E. Barbour; selections from Eugene Field; several recitations by Charles H. Jacobson, and a recitation by Miss Mabel Peterson. Dancing was enjoyed until 12 o'clock, more than thirty couples joining in a quadrille and Virginia reel.

SHE SWALLOWED A PIN.

Laura Higdon, colored, a domestic of 109 F Street southwest, was brought to the Emergency Hospital last night suffering from severe pains caused by swallowing a pin. The attending physician reports her case as not serious.

Low Newmyer, 429 9th St. N.W. Tailoring That Suits. Watch for Our Opening Announcement. An unequalled stock of well things for Spring Suitings on display in a day or two. Wait and profit. The glass of fashion and the mold of form.

BENNING ENTRIES ROUNDING INTO FORM

Horses Quartered at Northern Tracks Breeding Up.

NEW YORK, Feb. 28.—Provided the present spell of fair weather holds out, many of the racers intended for Benning will be in forward condition by the time the meeting begins. The snow seems to have quite a hold on all the metropolitan race courses, and, while it remains in that shape, the galloping is good and numerous trainers take advantage of the conditions.

Down at Brighton Beach things were lively yesterday morning, and the track presented a spectacle hardly ever witnessed at this time of the year. Horses galore were out and galloping, and set after set followed each other around the mile oval with rapidity. There was more work at the Beach than has been witnessed in the last couple of weeks.

Billy Lakeland, as usual, was out bright and early with his large string of youngsters. They were headed by Heno and The Regent, and numerically presented a strong appearance. However, they were confined to routine work, much to the disappointment of a number of railbirds.

Johnny Lamle will probably be after some of the early prizes. He had John Barclay and three two-year-olds out and doing, and the bunch received good, strong gallops. Ascension, Clipper, and the youngster, Isabute, clipped the course slowly under the critical gaze of Trainer Charley Oxx, but no fast work was attempted.

At the Gravesend course conditions were about the same as at Brighton. All of the trainers seem anxious to get their charges in trim, and it looked as if they were all bent on working their horses at the same time. Senator O'Brien's lot was the first to show. Albert and Lee King were given strong gallops, and then retired to the sheds.

Fred Butler's return saw all of his string getting their share of work. Numeral, Royal, Griffiths, Remorse, Twin Rose, and Mayor Graham were galloped along at a good pace, while the two-year-olds received strong gallops. Billy Hueston had Counterpoise, Uterock, Mamari, Philippine, Veloz, Snow-drift, and Cranestville out, and the lot displayed some lively gallops. In fact, the aggregation received the hardest work of the morning.

Bill Daly treated the trainers to a breeze of a quarter with his Benning Special candidate, Himself. The latter went along in good style at a fast clip. San Andres also showed a flash of speed, while Ben Howard, Ilyria, Orloff, Colonel, and the two-year-old Lottirard were merely galloped and centered.

The Dwyer lot, both those of M. F. and P. J., went to the Boulevard for their morning's run. Africaner, Ethies, Cruschan, Northbrook, Rostand, and the youngsters Hempstead, King's Gate, Marlboro, and Parkville formed a bunch and did some slow galloping, as did Merry Acrobat Mountain Valley, Happy Hollow, Sir Carer, Dame President, and Sherod.

Too many horses on the track has driven some of the rainers to the Boulevard, and the lots of S. J. Smith, J. Holland, Vic Holler, O. J. Decker, Mexican Stable, Alec Covington, Kraus Bros., and the Draper string found the galloping on the road very good.

BOB FITZSIMMONS EAGERLY SEKS A FIGHT

NEW YORK, Feb. 28.—Former Champion Bob Fitzsimmons is looking for a fight. Fitz, who is in town, says that he believes that he is just as strong as he was when he was one and twenty, and equally as clever.

"Will you meet Gus Rublin?" was asked. "Certainly," was the reply, "but does he really hanker after a match? I whipped him once before, and I can do it again."

When told that the International A. C. of Port Erie was prepared to give a purse of \$15,000 for the struggle, Fitz curtly replied: "Well, I have not heard anything about it."

Old Glory

Long may it wave o'er true hearts and bold! It was not mere accident that caused us to name our delicious dark beer "Old Glory." We studied long over the name and tried to think of what stood for the highest and best, for "Old Glory" is the finest dark beer brewed in this country. The special process employed in its manufacture frees it from all indigestible dextrin, while extracting all the delicious flavor and tonic properties of the best American Malt and Imported Hops that enter into its composition. To guard against the very slightest impurity it is stored in porcelain-lined steel tubs—ten times as expensive but vastly cleaner than the usual wooden tubs. Whenever you want to enjoy a real good glass of beer, call for "Old Glory" and keep a case in the house for the entertainment of your friends.

Abner-Drury Brewing Co. PHONE MAIN 3158.

AMIGARI CAPTURES THE SPEED HANDICAP

Great Day for Favorites at New Orleans.

NEW ORLEANS, La., Feb. 28.—The track was in fearful shape this afternoon, but there was a splendid crowd out, and as the percentage of winning favorites was the largest for weeks the crowd was more than satisfied.

The feature of the sport was the Speed Handicap at six furlongs. This race was worth \$1,465 to the winner. A field of ten started, and of the lot Scorpio, although he was asked to shoulder 125 pounds, was made the favorite. He was shown but little preference over Talamon and that, and the Stode entry, Josette and St. Tammany, had a great following.

Scorpio was off in front and made the running for the first half, when he gave way to St. Tammany and Amigari. These two had it between them all the way through the stretch.

Amigari Bumps Home.

A sixteenth from home the pair was head and head, but Amigari bumped St. Tammany almost into the outside fence and Davison had to pull the Stode horse up. Amigari kept on and won by a length. Josette finished third, eight lengths behind St. Tammany. It looked from the grandstand very much as if Amigari fouled St. Tammany, but Davison made no claim of foul and the horses were placed as they finished.

Summary of Events.

First race—Purse: six furlongs. Mollie T., 302 (Lindsay), 4 to 1, won; Musical Slipper, 96 (Helgeson), 16 to 5, second; Katie Gibbons, 105 (O'Neill), 40 to 1, third. Time, 1:18.

Second race—Selling: one mile. Star and Garter, 107 (Lindsay), 5 to 2, won; Fair Lass, 102 (Haack), 15 to 5, second; Brookston, 93 (Trenor), 10 to 1, third. Time, 1:47 1/5.

Third race—One and one-sixteenth miles. Wilful, 97 (Fuller), 6 to 5, won; Ben Chance, 107 (Munroe), 8 to 1, second; Bud Embry, 96 (Stille), 8 to 1, third. Time, 1:53.

Fourth race—Speed Stakes; \$1,000; six furlongs. Amigari, 92 (Phillips), 15 to 1, won; St. Tammany, 106 (Davison), 9 to 2, second; Josette, 97 (Schilling), 7 to 2, third. Time, 1:17.

Fifth race—Selling: one and one-half miles. Thane, 100 (Phillips), 4 to 5, won; Latson, 102 (Haack), 11 to 1, second; Ceylon, 102 (Hicks), 2 to 1, third. Time, 2:44 1/5.

Sixth race—Purse: one mile. Ahumada, 2 to 5, won; Marshall Neil, 107 (Gannon), 11 to 5, second; Fon Spray, 104 (R. Murphy), 100 to 1, third. Time, 1:45 2/5.

PHILADELPHIA CLUB SOLD TO JAMES POTTER

He, Representing Syndicate, Takes Over Team.

PHILADELPHIA, Feb. 28.—The Philadelphia baseball club was sold today to a syndicate of which James Potter of this city is the head. The exact price of the club, said to be in the neighborhood of \$200,000, was not announced.

The transfer was made by Col. John L. Rogers, to James Potter, representing the syndicate, Barney Dreyfus, of Pittsburgh, who has been negotiating the deal, having relinquished all connection with the transaction as soon as the deal was closed.

The club, which will represent the National League this season, will be controlled by Philadelphians, the syndicate being made up of twenty-three men in all. Twenty of these are from this city, two from Cincinnati, and one from Pittsburgh. A stock company will be formed.

TO BUILD NEW COURSE AT JAMAICA TRACK

Fine Steeplechase Field to Be Constructed.

NEW YORK, Feb. 28.—The Metropolitan Jockey Club is to have a steeplechase course at the new Jamaica track. It will not be constructed this year, owing to conditions over which the officers of the club have no control, but next season surely. The course will be a regulation course, and when it is ready for business the association will institute a number of first-class country specials.

If the Jockey Club continues the policy as to dates begun this year the Metropolitan's principal cross country specials will be run during the spring and autumn meetings. In the spring specials the officers of the club expect to get the "chasers" that run in Washington during March and April, and with the autumn races they feel pretty sure of catching all the first-class steeplechasers that run at Morris Park, Greenvale, and Sheepshead Bay. Several members of the club were at first opposed to the notion of a steeplechase course because they feared they did not have enough room for a good one, but when it was pointed out that the Jamaica track was as roomy to all intents and purposes as any on the metropolitan circuit, except Morris Park, the objectors withdrew their opposition. These objections had a wholesome origin. A Jockey club or racing association which begins business on the principle that everything it does must be first class cannot go far wrong. By the same token it is a certainty that the steeplechase specials instituted at Jamaica will be first class races, with liberal contributions from the exchequer of the club, and governed by conditions framed to attract the best horses through the field the country affords.

MARYLAND PRIZEFIGHT LAW IS TO BE TESTED

CUMBERLAND, Feb. 28.—"Sammy" Myers of Baltimore and "Jack" Bonner of Philadelphia, lightweight prizefighters, who were arrested in the ring here last night for assault and battery, were fined \$10 and costs by Justice Dawson, after an exciting trial, which continued until an early hour this morning.

There were tilts between State's Attorney John G. Wilson and J. Philip Roman and Charles R. Morris, who represented the defense. The justice's courtroom was cleared of sporting men, who were very indignant. The action of the justice was based on a recent charge to the grand jury by Judge Boyd that prizefighters could be reached on a charge of assault and battery.

It is proposed to make a test case of the law by arresting "Chris" Himmeler for assault on "Eddie" Kennedy, with whom he fought here some time ago.

DECLARATIONS FOR HANDICAPS ALL IN

Full List of Withdrawals From Three Events.

NEW YORK, Feb. 28.—The declarations to the Brooklyn, Suburban, and Brighton Handicaps may be said to be practically all in now, and, especially in the Brighton and Brooklyn, are fewer than in other seasons. Last year the Suburban had not so many declarations as this, and there are only six from the 1903 list, which originally numbered eighty-eight.

The Brooklyn Handicap declarations number ten, and the Brighton Handicap five, and as the entries to the three events are heavier this year than ever before there is a good prospect for big fields if only a small proportion of the eligibles come along and train well. The list of declarations to the three handicaps are as follows:

Declarations From Brooklyn. Draper, C. A.—Major Dainersfield, blk., c. 4, 122 lbs., by Handspring—Mon Drott, Morris, G. B.—Sombroco, ch. c., 4, 119 lbs., by Star Ruby—La Toquera, Laudeman, W. W.—Hernando, b. h., 5, 117 lbs., by Hanover—Retriever, Morris, G. B.—Cunard, ch. c., 4, 115 lbs., by Goldfinch—Lucania, Haggin, J. B.—Waterboy, br. c., 4, 112 lbs., by Watercross—Zealandia, Mexican Stable—Cameron, b. c., 4, 107 lbs., by Meddler—Annot Lyle, Cook, Fred—Bessie Spahr, ch. f., 4, 106 lbs., by The Commover—Elizabeth B. Shields, Alex.—Young Henry, b. g., 5, 104 lbs., by Henry Young—Volandera, Cook, Fred—Linguist, ch. c., 3, 95 lbs., by Linden—Ella H., Gillette, G. H.—Clipper, b. f., 4, 88 lbs., by Dr. MacBride—Sissieretta.

Declarations From Suburban. Morris, Green B.—Sombroco, ch. c., 4, 119 lbs., by Star Ruby—La Toquera, Cunard, ch. c., 4, 115 lbs., by Goldfinch—Lucania, Burch, P. M.—Marque, br. m., 4, 100 lbs., by Simon Magus—Wary, Cook, Fred—Linguist, ch. c., 3, 96 lbs., by Linden—Ella H.; Lenden, b. c., 3, 95 lbs., by Linden—Kit Cat, Burns, D. M.—Corrigan, br. c., 4, 111 lbs., by Sain—Ada Reese.

Declarations From Brighton. Burch, P. M.—Marque, br. m., 4, 100 lbs., by Simon Magus—Wary, Casar, J. A.—April Shower, ch. h., 4, 96 lbs., by Alf Estell—Rain Drop, Morris, G. B.—Sombroco, ch. h., 4, 119 lbs., by Star Ruby—La Toquera; Cunard, ch. h., 4, 114 lbs., by Goldfinch—Lucania.

CARROLL INSTITUTE DEFEATS THE CUTHBERTS

The Carroll Institute Basketball team defeated the Cuthberts last night in one of the cleanest played games of the season, by the score of 25 to 4.

The Cuthberts, who are playing their strongest game at present, were unable to overtake the strong Institute team. The features of the game were the all-around playing of Whelan and Cullen for the Institute, the latter making nine field goals, and the playing of Kettner and O'Brien for the Cuthberts.
