CITY BREVITIES.

By order of the District Commissioners the resignation of Watchman Charles A. Blumer, of the Fire Department, has been accepted, and George T. Smith has been appointed to the vacancy.

Pursuant to the recommendation of the Superintendent of Police, the District Commissioners have appointed John S. Kuster and George B. Patterson, privates of class 1, of the police force, vice White, resigned, and Payne removed, to take effect April 13.

On recommendation of the Superintendent of Police, the finding of the trial board in the case of Private J. W. Garret, for neglect of duty and conduct unbecoming a policeman, has been overruled, and he will be fined \$10. The trial board found the policeman not guilty, which Major Sylvester thought not in accordance with the facts presented.

Charles H. Keyser will be informed by the District Commissioners that in the opinion of the Police Department it is not necessary to place gates to guard the highway at the Benning Road crossing of the tracks of the Pennsylvania Railroad company. The department thinks automatic bells are sufficient to ensure the safety of those crossing the railroad at that point.

ILL-HEALTH AND WORRY DROVE W. G. REED TO DEATH

Young Lawyer Ends Life With a Revolver Bullet.

Wilson Crocley Reed, a young lawyer, committed suicide at his boarding house, 1234 Eleventh Street northwest, yesterday afternoon by blowing out his brains.

The only explanation which seems plausible is that he was grieving over the death of his mother several months ago. Since then he had not been in good health, and his worries probably prompted him to take his life, although some of his friends believe he was suffering with temporary insanity at the time.

In his room on the second floor of the residence Mr. Reed shot himself in the mouth about noon, but his body was not found until after 2 o'clock. The shot was heard by the other occupants of the house, but it was believed he had been firing at cats in the back yard.

When he failed to appear at lunch a servant was sent to his room, and found him lying dead on the bed. He still grasped a .32-caliber revolver.

A message was sent to the Second precinct station, and the police made an investigation. Coroner Nevitt was informed of the suicide, and an effort was made to find Mr. Reed's relatives. J. B. Lerner, his brother-in-law, was finally located and took possession of the body.

Mr. Reed had lived in Washington for a number of years, having come here from Virginia. He was a practicing attorney, and is said to have been a member of the stock exchange at one time. He was a member of the Masonic order, and unmarried.

RETAIL BUTCHERS

TO GIVE A SMOKER

The Retail Butchers' Protective Association held its regular meeting last night in the Jolly Fat Men's Club rooms. The association decided to hold a smoker on Thursday, May 7, in celebration of the second anniversary of its organization. The smoker will be held at the Jolly Fat Men's Club, and the committee in charge of the arrangements is Herman Oppenheimer, Jerry Donovan, and William Johnson.

The new credit system adopted by the association last week is in full force, and already many bad bills have been collected. Under this system, when a customer changes his dealer, he gets a card showing that his bills are all paid. A similar system has been in force for a year in the Retail Grocers' Protective Association, and has proved a great success.

Dr. Tralle is one of the most successful evangelists in the South. His preaching is plain, pointed, and practical, and has given much satisfaction to the congregation of the church.

There will be a large mass meeting tomorrow afternoon at 3 o'clock, when the subject is to be "The Best Place in Heaven." Dr. Tralle will address the Sunday school at 9:30 a. m. and will preach at 11 a. m. and at 7:45 p. m.

MOTION TO ADVANCE

CASE ON THE CALENDAR

Solicitor General Hoyt has filed a motion in the Supreme Court of the United States asking that the hearing in the case of U. S. Johns against the Commissioner of Indian Affairs and the Secretary of the Interior be advanced on the calendar. The litigation involves the right of citizenship of certain persons in the Choctaw and Chickasaw tribes of Indians. An early decision in the case is very desirable at this time, Mr. Hoyt says, because of the near approach of the allotment of lands in these reservations. The decision will affect the interest of nearly 6,000 persons claiming land in the Chickasaw and Choctaw reservations.

MRS. SHERIDAN SELLS HER HOME TO MR. PINCHOT

Little Phil's Widow Will Continue to Live Here.

The handsome dwelling of Mrs. Phil Sheridan on the northeast corner of Eleventh Street and Rhode Island Avenue has been sold to Gifford Pinchot, chief of the Bureau of Forestry of the Department of Agriculture, for \$55,000. The house sits in the center of an ample lawn and adjoins on the east the present home of Mr. Pinchot. It is the purpose of the new owner to convert the eastern portion of the lawn to his own use, and retain the remainder of the property as an investment.

The Sheridan home was a gift of the admirers of Phil Sheridan, and until recently has been the home of his widow. Mrs. Sheridan will continue to live in Washington.
