

### HARMONY REIGNS IN LABOR CIRCLES

#### No Troubles Threaten Employers From Their Men.

#### ALL DIFFERENCES ADJUSTED

#### Brotherhood Carpenters at Willard Hotel Succeed in Getting Increase of Wages.

Today, May 1, the day on which many demands for increased wages and shorter hours for the workman fall due, finds the employed and the employers of Washington in a state of harmony. Few May days have seen such conditions as exist today. The employers, it would seem, have taken time by the forelock, and agreed to the demands made by their workmen for a twofold reason. First, because they believe the workmen were justified in making the demands, and second, because they did not wish an interruption of business at this season of the year, when work is heaviest.

The Brotherhood carpenters employed on the Willard Hotel annex won a signal and most decisive victory over the Fuller Construction Company, and not only had three Amalgamated men discharged from the job, but also obtained an increase of wages which they asked for some time ago. Yesterday when they returned to work it was with the understanding that they would receive \$3.50 each day they worked.

#### Paperhangers Got Increase.

The paperhangers have been granted an increase of 40 cents per day in their wages. The majority of the paperhangers have accepted to the demands for an increase from \$2.80 to \$3.20, but there are still seven firms holding out and refuse to pay their workmen what they ask. The strikers are receiving work at their hall near Sixth Street and Louisiana Avenue northwest, and Harry Wells, the business agent of the union, says he expects the seven bosses will ultimately yield to the demands made upon them.

The metal workers who asked for a reduction of hours about a month ago went back to work several weeks ago without having gained their point. It is an open secret that they are as much dissatisfied now as they were the day they struck. Nothing was done by the metal workers today so far as bringing their troubles to a close.

#### EXCURSION FOR FRIENDS OF GARFIELD HOSPITAL

The Garfield Memorial Hospital Association is holding its annual excursion and planked shad dinner at Marshall Hall this afternoon. The boat Charles Macalester was specially chartered for the occasion, and left at 1:45 with about 250 persons on board. The entire membership of the hospital board attended, as did many army officers and others prominent in the social life of Washington. Upon the arrival of the boat at Marshall Hall a planked shad dinner will be served and dancing will follow. The committee in charge consists of Mrs. R. G. Rutherford and Mrs. Dunn.

#### MITCHELL DYRENFORTH ILL.

Mitchell Dyrenforth, the well-known business man of this city, is ill at Bellevue Hospital, New York city. Mr. Dyrenforth was on his monthly trip to New York and had registered at the Herald Square Hotel. Last evening his actions became so strange that it was thought necessary to send him to Bellevue.

#### TYNER'S CONDITION CRITICAL.

Judge James N. Tyner, recently dismissed from the Postoffice Department, is in a critical condition, according to the report of his attending physician, Dr. Z. T. Sowers. Judge Tyner was stricken with paralysis about a year ago, and has never completely recovered. The publicity given the recent Postoffice scandals and its attending results have been a severe strain upon him, and is indirectly the cause of his illness.

#### S. H. DOUGAL ARRAIGNED.

LONDON, May 1.—Samuel Herbert Dougal was arraigned in court this morning, charged with forging a check purporting to be drawn by Camille Holland, the woman with whom he lived in the Monted Grange of Saffron Walden, and whose murdered body was found in the grounds of the grange a few days ago.

#### FIFTEEN REPORTED KILLED.

HALIFAX, N. S., May 1.—It was reported here last night that fifteen of the crew of the British cruiser Pallas were killed, and a number injured while doing police duty at Port of Spain, Trinidad, on Tuesday. The admiralty officials will neither confirm nor deny the report.

#### Healing Oils in the Lungs Cure Consumption and Asthma.

In the great war waged by the nations against the terrible scourge of tuberculosis, the discovery and invention of the "Koch Tuberculin" by Prof. Robert Koch, of Berlin, Germany, has been the most important step. The invention by Dr. Robert Koch, of an apparatus by which the "Tuberculin," combined with healing oils, can be vaporized and breathed directly into the lungs and air passages, has completed the work of Prof. Koch. The medical world now frankly admits the virtue of this combined treatment. The Koch Lung Cure operates offices and sanitariums in practically all the principal cities of this country. Hundreds of cured patients in all walks of life have gratefully volunteered their testimonials, that their fellow-sufferers may be benefited by their experience. The only Washington office is at 720 Eleventh Street northwest. Consultation, careful examination, and a trial treatment are free. If you cannot call, write for booklet containing full information and name of those who cannot take office treatment. The Koch Inhalation Home Treatment can be sent.

### CROWD OF TAXPAYERS FILL ASSESSOR'S OFFICE

#### New Assessment and Review Works Well.

Taxpayers crowded the offices of the Assessor and Collector of Taxes as soon as the doors were opened this morning. Real estate and personal taxes became due and payable today, and there was something of a rush for the windows to obtain the bills and liquidate them. Owing to work connected with the new assessment and equalization and review, there was no payment of taxes last November, so that taxes for the entire year must be paid now. This will entail greater labor on the force of clerks and bookkeepers in the Assessor's office and the receivers in the Collector's office.

#### Bills Prepared in Advance.

Preparatory to the collection of revenue all bills for taxes had been made out and alphabetically arranged, so that when there was a call at the windows the bills requested could be found quickly. It was only a few minutes before a long line was formed which led to the cash receiving windows and wound its slow way through the morning hours.

#### One Per Cent Penalty.

Under the law taxes may be paid in the month of May without penalty. June 1 a penalty of 1 per cent will be added to all bills not then settled. Hereafter the taxpayer will be given the option of paying his bills in November and May or the entire amount in May. E. G. Davis, Collector of Taxes, was well pleased with the promptness of the people today, and thought it augured well for clearing up the accounts before the last days of the month when there is always a crush, and ten days labor crowded into four.

### DIPLOMATISTS' DAY AT THE EXPOSITION

#### Debt of the Present.

It ever the engrossing consciousness of your wonderful, actual prosperity, the intensity of your life, made one of your strenuous citizens forget what your present owes to your past, let him ascend the steps of your National Capitol, let him pause before its majestic gates, and there he will behold, carved in bronze on the threshold of your proudest monument, the effigies and the names of those Spanish heroes who discovered, conquered and pointed to you the way into the path you have so successfully followed. After another selection by the band, the Rev. Samuel J. Nicolle, of St. Louis, pronounced the benediction and the centennial salute of one hundred guns was fired as the big crowd left the building.

### ROSE COGHAN SUES FOR DIVORCE FROM SULLIVAN

#### Alleges Desertion, and Says She Will Never Marry Again.

HELENA, Mont., May 1.—Mrs. Rosemond Marie Sullivan, known to the theatrical world as Rose Coghlan, has commenced an action in the district court here for divorce from her husband, John T. Sullivan. Desertion is the cause alleged. Sullivan is now in Washington. Mrs. Sullivan says she wants to resume her maiden name, that she has not lived with her husband for five years, and will never marry again. She has large live stock interests near here, and after completing her stage career will settle down to ranch life. The officers and members of Mount Nebo Commandery, No. 6, attended the funeral, as did also members of the Columbia Lodge, No. 10, I. O. O. F. The pallbearers were selected from the above lodges, and interment was at Glenwood.

### FINDS FINSEN RAYS ARE AN ANÆSTHETIC

#### Philadelphia Physician Stumbles on Valuable Discovery.

PHILADELPHIA, Pa., May 1.—Dr. Thomas Brockbank, of Germantown, has made the discovery, by accident, that the so-called Finsen rays have valuable anæsthetic properties, and for some time has been using them frequently in minor surgical operations instead of cocaine. A young man, named Robert McKnight, went to Dr. Brockbank on March 16, suffering from a wound on the forehead, received while in the Germantown Tool Works. After cleansing the wound, the doctor placed the arm in the violet light for the antiseptic germicide effect of the rays. When the rays had been thrown upon the arm for fifteen minutes he started to sew up the wound, when, to his surprise, the patient told him that the operation gave no pain. Dr. Brockbank, becoming convinced that the rays are valuable as a local anæsthetic, has since used them with equal success in a score of minor surgical operations.

### COLONEL SYMONS ASSUMES HIS DUTIES

#### Col. Thomas W. Symons assumed his duties as officer in charge of public buildings and grounds this morning.

Col. Thomas W. Symons assumed his duties as officer in charge of public buildings and grounds this morning. He was presented to Mrs. Roosevelt yesterday afternoon by Col. T. A. Bingham, and inspected the buildings and grounds which will be under his care. Colonel Symons is not a stranger in Washington. He lived in this city from 1883 to 1889, while serving as assistant engineer of the Washington Aqueduct and assistant to the Engineer Commissioner of the District. From 1889 until 1895 he was stationed on the Pacific Coast, and since 1895 he has been at Buffalo. Colonel Symons is a native of New York. He was born at Keeseville, in that State, fifty-four years ago. He received his early education in the public schools of Flint, Mich., and was appointed to a cadetship at West Point in 1870. He graduated from the Military Academy at the head of his class. His first station was at Willett's Point Torpedo and Engineer School. In 1876 he was detailed to the Department of the Columbia. In 1882 he served on the Mississippi River commission, and in the fall of that year was named assistant engineer of the Washington Aqueduct.

### SPECIAL NOTICES.

NOTICE IS HEREBY GIVEN that the partnership heretofore existing between Louis F. Schade and J. G. Deponal is dissolved by mutual consent this 28th day of April, 1933. The business will be continued by J. G. DEPONAL. It is understood that the partnership was formed by a written agreement dated April 30, 1928. To the Stockholders of the American Security and Trust Company:  
Notice is hereby given, pursuant to law and to the by-laws of the American Security and Trust Company of Washington, D. C., that a special meeting of the stockholders of the company has been duly called and appointed for the 15th day of May, 1933, at 12 o'clock noon. The object of business of the said special meeting is to submit to the stockholders of the company for their sanction and approval a proposal to increase the capital stock of the company for the purpose for which the company was incorporated, from \$1,000,000, consisting of 12,500 shares of the par value of \$80 each, to \$3,000,000, to consist of 30,000 shares of the par value of \$100 each, and the ratification of the action of the president, executive committee, and board of directors of the company in accepting, subject to the approval of the stockholders, a written proposal dated March 30, 1933, covering the disposition of such increase in the capital stock, which proposal may be seen at the office of the company. The transfer books of the company will be closed on Saturday, the 16th day of May, 1933, at noon, and will be reopened on Monday, the 1st day of June, 1933, at 10 o'clock a. m. The stockholders of record at the date of such meeting, viz., May 15, 1933, will be entitled to any rights arising from the action of the stockholders at such meeting.  
By order of the board of directors:  
HENRY F. BLOUNT, President.  
W. V. COX, Secretary.  
ROBERT DORNAN, Treasurer.  
JAMES E. FITCH, Director.  
DANIEL FRASER, Director.

## Sale of Men's Suits.

This new men's clothing is making a strong bid for your patronage—with values which are becoming town talk, with low prices for good-fitting, stylish, well-made clothing which make competition entirely impossible. This is true because of our policy of selling Men's Clothing as we sell everything else—on the smallest possible margin of profit. That explains the difference between our prices and the exclusive clothiers—tells why this clothing business is jumping ahead at a wonderful rate.

<b>MEN'S SUITS,</b> Worth \$8.50— <b>\$6.25</b>		<b>MEN'S SUITS,</b> Worth \$15— <b>\$10.85</b>
---	---	--

Newest and most stylish Suits of the season; materials of Fancy Cheviots, Cassimeres, in neat stripes and small designs; also Tweeds and Cassimeres in almost as many new effects; also plain black unfinished Worsted and Tibets. Every suit is tailored most, thoroughly—no better fitting or more stylish garments made. Choice tomorrow at \$10.85.

### Beautiful Silk Waists \$2.98 (worth up to \$6.98)....

The facts will suffice. One of our regular maker's "samples," one and two of a kind—closed out at a surprising figure.

Fine Taffetas, Peau de Soie, and Peau de Cygne Silk Waists, representing the newest and choicest style-creations of the season. Styles are so varied that it is impossible to enumerate. Expect to find everything that is smart and fashionable in the assortment. The colors are light blue, pink, rose, reseda, tan, and black.

Every woman who seeks the enjoyment of wearing fine and beautiful things will welcome this opportunity.

Sizes 34, 36, and 38 in the majority of instances—although there are larger sizes in the lot. These Silk Waists were intended to retail up to as high as \$6.98. Choice, \$2.98.

### Wrappers Sold Regularly 79c up to \$1.50 and \$1.75 for 79c

Today's big selling fully attests the appreciation in which our wrapper sales are held. Women know from past experience just what to expect—and from this confidence springs their success.

A maker's stock of odds and ends, samples and duplicates. Prettiest Lawns, Percales, and Dimities.

Every Wrapper is made with full flounce skirt; trimmed with fancy ruffles over shoulders; some are edged off with embroidery and others with tailor-made bands and folds. Some have fancy borders of contrasting material, and some others are trimmed with braid.

All sizes in the lot up to 44—although not every size in each style.

Finished with separately fitted linings; each garment cut very full. The colors include navy blue, gray, red, light blue, and white grounds, with various color designs.

Values worth all the way up to \$1.50 and \$1.89, offered tomorrow at 79c for choice.

### \$10, \$12, and \$15 Dress Skirts ..... \$6.98

The Most Favored Sorts are in the Sale—Voiles, Etamines and Mistrals. The Season's Best Opportunity.

We had the happy fortune to be on hand when this bargain bobbed up. That the Skirts are of the newest and most fashionable sorts, the materials the most favored of any, makes the offering all the bigger and better for you.

Fashionable Voile, Etamine and Mistral Skirts; some with new 13-gore effects, each gore with tailor strap bands; others with 21-gore effects, kilt bottoms, finished off with taffeta bands. Etamines are trimmed with triple rows of fancy silk braid, Mistrals with 17 gores, full flare bottoms. Another style is of Voile, tucked all over front and back with fancy panel effects of silk braid.

Colors are black and blue. Most are unlined, some have drops of nearsilk. You won't find anything more stylish or elegant.
