

SENATORS DOOMED TO BE TAIL-ENDERS

Washington Fan Scores the Local Management.

LOCAL BACKING IS NEEDED

Johnson Ruins Chances of Having Good Team by Freezing Manning Out.

To the Editor of The Washington Times:

Another season of baseball has been concluded with the team representing the National Capital again holding the lowest position of all the clubs in the American League.

The city of Washington has the record of being an almost perpetual home of tail-end baseball clubs. And of all baseball teams that have infamously represented Washington in both the National and American leagues, the one that bore the name of Washington this year has made the most dismal failure and the lowest standing in the history of baseball in this city.

How many more summers Washington lovers of the national pastime must suffer through the baseball ignominy to which they have been continually subjected, for years almost out of memory, depends upon future developments.

Local followers of major league baseball have been patient and long-suffering, but a present see no hope that the future holds for them.

About the only prospect Washington has of ever being represented by a first-class or even passably good, baseball team in the future is according to our understanding of present conditions, the Washington club is, and has been since the American League placed a club here, under the direct and helpless dictatorial control of Byron Bancroft Johnson, president of the league, practically without any individuality or identity of its own.

Doomed to Be Last.

If the Washington club has had any mission on earth to fulfill it has been to occupy last position in the so-called championship competition for first place. Instead of contesting for first place it seems that the club has always fought desperately for last place, and has gained this position with almost unflinching regularity.

Suspicious of Johnson.

The above conclusions are forced upon us because of the peculiar way in which President Johnson disposed of James H. Manning, when he was doing his utmost to give Washington a respectable team two years ago, and was in a fair way toward success.

PHILIPPE'S GOOD TWIRLING

Smoky City "Deacon" Outpitches Cy Young—Beansaters Never Had a Chance.

BOSTON, Oct. 2.—Pittsburg won the first game of the world's championship series with ease yesterday from Boston by 7 runs to 3. Nothing but a case of rattles and the splendid pitching of Deacon Philippe can be held out by Collins' team as an excuse for their defeat.

So completely were the American League champions baffled by Philippe that only one of them reached third base until the seventh inning, and he got there on an error. Cy Young was batted freely by the Pirates, beginning in the first inning, when they scored four runs after two men had been retired.

Collins' men were simply outpitched, outbatted, outfielded, and outamed.

More than 16,000 spectators saw the game. During the morning the headquarters of the Pittsburgh team were crowded and money was freely wagered.

Won in the First.

The home team went to pieces in the first inning, and lost then and there. After Beaumont and Clarke had been retired Leach hit into the bleachers for three bases under the ground rules.

TEXAS MOB LYNCHES A NEGRO MURDERER

MARSHALL, Tex., Oct. 2.—A mob of several hundred men last night battered their way into the jail, took out Walter Davis, a negro, and marched him to the west side of town, where he was hanged to a tree. The lynching was the result of the killing of Constable Hayes, while he was taking a negro to jail. Hayes was shot from ambush, being literally riddled with bullets. Shortly after the killing, Walter Davis and two other negroes were arrested and lodged in jail in Marshall. A mob formed during the afternoon and attacked the jail.
