

DISTRICT KEPT BUSY ON DR. COLLINS' REQUEST Fifteen Indorsements and About \$10 Damage.

END IS NOT YET IN SIGHT Liability Not Yet Clearly Established, But Major Sylvester Recommends Payment.

The request of Dr. A. R. Collins, 400 E Street southwest, for reimbursement to cover damage by fire in the rear of the Fourth precinct police station, filed with the Commissioners August 24, bids fair to establish a record in the matter of indorsements. Yesterday afternoon Major Sylvester placed the fifteenth indorsement on the papers, and the status of the request is not materially changed from two weeks ago.

Dr. Collins claimed his property was damaged to the amount of \$50 from a fire caused by the explosion of gasoline negligently stored in the rear of the stationhouse. He held the District responsible through its agent, the Police Department.

Going the Major. The case went to Major Sylvester, Lieutenant Matthews, back to the major, to Commissioner West, to the Superintendent of Repairs, to Captain Harding, Commissioner Biddle, and back to Commissioner West. By this time the amount of damage had been reduced to \$10, but the responsibility was still undetermined.

Major Sylvester was asked to appoint a committee of three to investigate further. Its report was made to the major, who recommended to the Commissioners that the small amount be paid. Commissioner West asked the Auditor to determine the method of payment, but Mr. Garrison carefully qualified his recommendation by stating if the Commissioners "are satisfied as to the responsibility of the District, the amount could be paid from the contingent appropriation."

The case went back to the Chief of Police, who makes the following indorsement, which is the fifteenth: Pay and Be Done.

"Every precaution was taken by the District agents at this precinct against the fire, they being unable in any way to guard against combustion, and that it appears, was the cause. If the complainant's property was injured through the storage of material which it is unusual to place in quantities in residence neighborhoods, it appears to me that in equity the small amount asked for should be allowed."

WOULD CHANGE N. J. SENATE. TRENTON, Oct. 9.—Governor Murphy favors calling a constitutional convention. He wishes representation in the senate to be based on population. Each county now has one senator.

YOU WILL BE ALL SMILES AGAIN Forget Your Stomach and You'll Have a Santa Claus Face.

HOW TO DO IT. If there is one thing more than all others that will give a man a forlorn and friendless appearance and make him morbid and "cranky" and disagreeable, that is indigestion. It makes one forget his friends and become irritable and irritable. He is so wrapped up in his own misery that he is inconsiderate of every one else. Relieved of this terrible and depressing ailment, he again becomes a good fellow and a man among men.

Stuart's Dyspepsia Tablets are beyond question the most effective and popular remedy ever offered to the sufferers of this terrible disease. The thousands and thousands of cures they have wrought about and the enormous increase of their sales fully attest the truth of this statement. They are, above all, a natural remedy. They possess exactly the same properties that the gastric juice and other digestive fluids of the stomach possess, and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach. In fact, under their influence the subject forgets that he has a stomach and his resulting cheerfulness presents a great contrast to his former dejection. Millions of boxes of Stuart's Dyspepsia Tablets are sold annually and they are all in the dawn of their popularity. Every mail brings letters of thanksgiving from grateful ones, who have been cured of this terrible disease. The following is one of hundreds received each week:

Rev. J. R. Hoag, of Wymore, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather, that the stomach trouble was the cause of the heart disturbances. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes which lasted me three months, and I can say any kind of food I want and have a good, vigorous appetite. Although I am seventy-seven years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets. Small debts amounting to \$16,144.86 were ordered paid.

AN OCEAN RATE WAR MAY OPEN ANY DAY Finest Cabins Are Likely to Be Sold at Minimum Second-Class Prices.

NEW YORK, Oct. 9.—Broken asunder by the withdrawal of the Continental, English and American companies which entered into an agreement to maintain rates for cabin passage, the lapse of the pact, it is believed, will result soon in a rate war of unusual magnitude. It would not surprise those who are keeping in touch with the situation if a public announcement were made before tomorrow of a substantial reduction in fare by one of the most prominent ocean lines.

There will be no fight in steerage rates, which a few years ago went down to \$1 for the ocean voyage from shore to shore, but one of the best known steamship men yesterday declared that the struggle would indeed be a bitter one.

He said the foreign managers of the lines had each a grievance, real or fancied, which at last culminated in a dissolution of the fare a week ago.

Cabins, he said, that now sell in the hundreds would probably be cut to the present second-cabin minimum rates, and there would be opportunities to travel luxuriously on a \$60 ticket.

While a rate war began in the winter season would not be so great a financial battle as if conducted in the busy season, yet there would be such a struggle for supremacy that it would not be improbable that the great eastward tide of travel next year would be affected.

There has been no cut in cabin rates since the building of most of the great fleet of magnificent ships now running over the Atlantic lanes.

As each succeeding vessel has been put into service it has also inaugurated a scale of higher prices for special rooms and suites and cabins de luxe, which would suffer severely in a rate cutting contest.

The recent drop of \$5 in accordance with the established custom of a lower rate in the season from October 1 to May 1 on the eastern runs. The drop on the western run begins a month later. This should not be confounded with rate cutting.

It is not believed there will be any combinations of the continental lines against the International Mercantile Marine Company. The party vouchsafing the information given expects rather a fight between the five great trans-Atlantic lines, in which all will participate.

Mediocre Manila Mules Kick Up Big Official Fuss Attempted Sale of Condemned Animals Expected to Stir Up a Lively Scandal.

Manila has a mule scandal. Isador Beck, one of the most prominent merchants of the city, has been arrested, charged with attempting to bribe Superintendent Menahan, of the street department, with an offer of \$1,000. Beck had a string of mules he wished to sell the city. It has developed that all the mules he attempted to dispose of were previously condemned by the authorities. He is now out on bail and promises to turn over the evidence, a threat which is said to be giving a number of officials a great deal of uneasiness.

ITEMS OF INTEREST FROM NEARBY STATES

VIRGINIA. RICHMOND. Legislative nominations in Virginia this year come cheap, according to statements of expenses being filed with the secretary of the commonwealth by candidates for the senate and house. These statements indicate that much less money has been spent this year in the primary canvass than has ever been known in Virginia. Rockingham county will probably carry off the banner, as the three candidates who are running there certify that neither of them has spent a cent. The Hon. James R. Catton, of Alexandria, spent just 2 cents, probably a postage stamp, for his nomination, while a friend incurred twice that in his behalf, making the total outlay 6 cents.

The model of Moynihan, of New York, formerly of Richmond, will, with slight modifications, probably be adopted for the monument here to Gen. J. E. B. Stuart. The executive committee has discarded all models except those of Moynihan, Gudebrand, and Morahan, and those three are to be changed for further competition.

THROUGHOUT THE STATE. It was announced yesterday that W. B. Richardson, the candidate nominated by the Elizabeth City county Republicans for the house of delegates, to oppose C. Lockett Collier, is not a registered voter of that county, and therefore is not eligible as a candidate.

Full returns from all the precincts in Northumberland and Westmoreland give W. R. Crabbe a majority of one over Dr. W. P. Snyder as the Democratic nominee for the house of delegates in that legislative district. In Westmoreland Crabbe received 262 votes and Snyder 1; in Northumberland the vote stood Snyder, 311, Crabbe, 5.

The Petersburg Grays, a military company, was mustered into the service of the State last night, by Assistant Inspector-General Jo Lane Stern. The commissioned officers are Capt. Ashleigh R. Moody, First Lieut. Henry V. Parham, and Second Lieut. Benjamin Harrison. The membership of the company is 61.

Robert L. Payne, supervisor of Cedar Run district and a prominent resident of Lower Fauquier, was taken suddenly ill and died, while at church near Bristolburg Monday evening. Mr. Payne was seen to arise from his seat during services and hastily leave the building. When church had ended he was found dead, face down, across his vehicle, death having overtaken him before he could drive to his house.

An order was entered in the United States court, at Norfolk discharging Edward Flash and P. S. Stephens as receivers for the Oil and Gas Refining Company, of Portsmouth. Small debts amounting to \$16,144.86 were ordered paid.

SOLDIERS TO FIGHT FOR ARMY CANTEENS Bill to Re-establish Them Is Being Prepared.

OFFICERS ALL FAVOR IDEA Trouble Caused by Men Leaving Reservations and Spending Their Money in Low Resorts.

Attached to the army appropriation bill at the coming session of Congress is to be a proviso that the canteens at the various posts and forts be re-established.

It is understood that the recommendations for action comes from the army officers themselves.

The officers assert that since the canteens were abolished desertions and all kinds of trouble for the enlisted men have increased, while thousands of low-class drinking saloons have sprung up around all of the reservations.

It will be remembered that the canteens were abolished two years ago, after a long campaign by the Women's Christian Temperance Union. Since that time there has been no liquor sold at the posts and forts except in the officers' clubs.

The only member of the Military Affairs Committee of the last Congress in the city, and who is certain to be re-appointed at the coming session, is Representative James Hay of Virginia. Representative Hay is stopping at the Raleigh, and when asked about the canteen matter he said he had heard that the army intended to have a bill introduced, but that was all he could say.

An out-of-town clothing man here on a visit the other day, after looking through the lines of goods and of course noting prices, made the remark that if men in general knew clothing excellencies and clothing values as well as the men constantly associated with such goods do there would be very little else but Parker-Bridget clothing worn around here. Parker-Bridget Clothing at its price does represent more in value than any other clothing in America. The actual cost of fabric and making is more than that of any clothing selling at a like price anywhere. The cut and style are additional recommendations—they don't affect cost, of course, for such things have no tangible value—but they do affect appearance and salability materially. —If we can sell you a suit of clothes at \$15 or \$20, better in style and fit than any you've ever bought—and as good in quality as any you've ever had at a higher price, doesn't our argument for your trade answer itself?

GAVE SOCKS TO TRAMP IN 1878; GETS \$5,000 Woman Knitted Them for Half-Frozen Traveler.

ROME, N. Y., Oct. 9.—Mrs. Jennie Yarwood knitted and gave to George W. Todd, on Christmas eve, 1878, a pair of woolen socks. Todd was old, and apparently poor. He was suffering from frozen hands and feet, and had been taken into the house, a homeless tramp.

Todd dictated a note to Mrs. Yarwood, in which he promised to pay to her \$5,000 for the socks. To please him, Mrs. Yarwood wrote it, in the presence of four members of her family.

Todd died last spring leaving \$52,000 and no relatives. Mrs. Yarwood hunted up the note, and a jury has just given her a verdict for the full amount, with \$150 interest. In a suit which she brought against the administrator of the estate.

GIANT INDIANS FOR FAIR. ST. LOUIS, Oct. 9.—An expedition to Patagonia to enlist the co-operation of the Tehuelche Indian tribe—known since the time of Magellan as the most gigantic people in the world—has been arranged, and the indications are that Chief Mulato will come to the World's Fair with his family and another group of heroic stature.
