

SHOCKED IN THE NIGHT BY ROAR OF EXPLOSION

Windows Are Shattered on Brightwood Avenue.

GAS IGNITES IN CONDUITS

People Rushed in Terror Into Streets to Find Manhole Covers Blown Out. Nobody Seriously Hurt.

Six loud detonations and the shaking of houses awakened the citizens in the neighborhood of Brightwood and Howard Avenues northwest from their slumber at 1:30 o'clock this morning. The crash of breaking windows added to the general confusion, and the first impression of all was there had been an earthquake. In great excitement people rushed into the street in their night clothing, and were met by a great volume of smoke and the odor of sewer and illuminating gas.

Among the first to reach the street was Detective Frank Helan, who lives at the corner of Brightwood and Howard Avenues, and he speedily recognized the fact that there had been an explosion of gas in the electric wire conduits, and a number of manholes had been blown up. He sent a report to the police of the Tenth precinct, and in a short time the excitement had been quelled.

Damage Done.

The explosions began in the manhole at Corby's bakery, at Brightwood and Grant Avenues. From there they extended through the six manholes to the north, the greatest damage being wrought at the corner of Howard and Grant Avenues, and he speedily recognized the fact that there had been an explosion of gas in the electric wire conduits, and a number of manholes had been blown up. He sent a report to the police of the Tenth precinct, and in a short time the excitement had been quelled.

Windows Broken Out.

Four houses across the street also suffered, several at 2301 Brightwood Avenue, just completed, and occupied by Edward Knox; 2318 Brightwood Avenue, occupied by Dennis Reagan; 2403, occupied by Wilson Baker, and 2402, the home of Prof. Weatherless. All the windows in the fronts of these houses were broken, and when the inmates rushed to the windows at the first alarm, they found their floors strewn with broken glass. Besides minor cuts, however, no one was hurt.

Iron Plates Covering the Manholes Were Flung High in the Air by the Explosions, and Were Shattered into Small Pieces. The Damage Sustained by the Lighting and Gas Companies Has Not Yet Been Determined.

BRISTOW WORKS HARD ON REPORT OF INQUIRY

Denies Himself to Callers So That Document May Be Finished Soon.

Postmaster General Payne has requested so often that the report of J. L. Bristow, Fourth Assistant Postmaster General, upon the departmental investigations be finished at the earliest possible moment, Mr. Bristow now denies himself to all callers and devotes his time entirely to the preparation of the report. Mr. Bristow has not yet been able to announce upon what date the report will be completed and turned over to the Postmaster General, and by that official to the President.

INJUNCTION GRANTED AGAINST AUTO CONCERN

W. Leslie Edison Seeks to Prevent In- corporation of Automobile Company.

W. Leslie Edison has instituted proceedings in the District Supreme Court to prevent the incorporation of a business enterprise to be known as the Edison Automobile Company of Washington. David K. and George F. Joalin are named as defendants in the litigation which was begun by Mr. Edison asking that they be restrained from using his name in connection with the enterprise.

He explains that for a long time he has been engaged in the business of storing and repairing automobiles, and agreed with the defendants to allow them to use his name in connection with the organization and proposed new corporation, provided it would not act injuriously to his own business. In consideration of this, Mr. Edison received \$20,000 in the stock of the proposed corporation.

Mr. Edison says he has discovered that the use of his name in connection with the new corporation will injure his business. He further says he will gladly return the stock he received from the defendants.

The injunction was granted, and the matter will come up for a hearing on Friday, October 23.

GORMAN PASSED THROUGH, BUT IS SILENT AS SPHINX

Senator Gorman passed through Washington today on his way to his home in Laurel. He did not visit any of the hotels, but put in a few minutes at his office. He refused to say any- thing further at the present time con- cerning the attitude of President Roose- velt on the situation in Maryland.

TO MEET ROUGH RIDERS.

AUSTIN, Texas, Oct. 17.—It is announced here that the next reunion of the Roosevelt Rough Riders will be held at San Antonio. President Roosevelt has informed Texas visitors that he will attend the reunion, but will not be able to visit other Texas cities on the trip.

ROBBED MAILS A YEAR.

LINCOLN, Neb. Oct. 17.—J. L. Diefendorf, a distributing clerk in the post-office, was arrested yesterday for robbing the mails. He was caught by decoy letters. He confessed he had been stealing mail for a year.

FRIENDS FEAR SUICIDE OF A YOUNG CLERK

Police Department Is Asked to Find Missing Harry Edes, a Hotel Employee.

The police have been asked to look out for Harry Edes, twenty-four years old, who disappeared from the boarding house of Edward Fontaine, at 725 1/2 Sixth Street northwest, yesterday morning. The report made by Mr. Fontaine, who fears the young man may do something rash. He was known to be despondent.

Edes and his brother James have been living at the house on Sixth Street for about a year. James is in charge of the dress goods department at a local store, while Harry has been employed until recently at the Willard Hotel, having resigned his position something like a week ago. Thursday night he told a sister of Mrs. Fontaine that he was in trouble, and that he was going to kill himself. The next morning he disappeared.

On searching his room, however, it was found that Edes had taken with him his tooth brush and other toilet articles, clean collars, and other property, and it is not thought by the police that he has made any attempt on his life. Edes' home is said to be at Edesville, Md.

STREAM OF CRITICISM FLOWS ON PRESIDENT

Latest Censure for Trying to Effect Harmony in Maryland Comes From Warfield, Democratic Nominee.

President Roosevelt and Congressmen Pearce, of Maryland came in for vigorous criticism at the hands of Edwin Warfield, the Democratic nominee for governor, at a mass meeting at Cumberland last night.

Warfield said President Roosevelt had gone beneath the dignity of his office in interfering in local politics. He accused the President of working in behalf of McComas. He charged Pearce with having changed his affiliation from two years ago and taking sides with the McComas faction.

According to reports in some quarters, the President will hold no more conferences at the White House with Maryland Republican leaders. He believes he has done his duty, and that nothing more can be accomplished. It is doubtful whether the leaders of the warring factions are any nearer together than before.

DAVIS ON THE STAND IN DIGNOWITY CASE

After a Recess the Taking of Testi- mony Is Re- sumed.

The hearing of the Dignowity-Summerwell-Clark & Co. case was resumed shortly before 11 o'clock today in the United States branch of the Police Court. The charge on which the case is based is a violation of section 840 of the District of Columbia code, and charges Summerwell and Dignowity with taking a book with "intent to injure a certain body corporate," namely, Clark & Co. In case of a conviction the maximum penalty is seven years in the penitentiary.

Arthur Davis, vice president of Clark & Co., was put on the stand and questioned. His examination consumed about two hours and at 12:30 a recess was taken. Mr. Davis was able to testify only to preliminary events and as knowing nothing of the taking of the book of Clark & Co. The hearing was resumed at 1:30, and it is said will probably not be finished today.

Mr. Summerwell, a New York attorney, and one of the defendants in the case, is conducting the defense for Dignowity and himself. On account of his manner and speech, Mr. Summerwell has attracted much attention. The court room was well filled, everyone watching with interest the proceedings of the case.

The testimony, so far, has been voluminous. It has required four stenographers to properly handle it. Many exhibits in the case, including by-laws of both companies, photographs of the mining company's properties and the like, have been introduced.

FATHER ASKS DAMAGES FOR DAUGHTER'S INJURY

Alleges District and House Owner Are Culpable in the Premises.

Henrietta Gross, three years old, through her father, T. Spencer, today instituted proceedings in the District Supreme Court against the District and William Wheatley, to recover \$5,000 as damages for alleged injuries received by the child near the corner of Jefferson and K Streets.

In the declaration which was filed by Attorneys Ambrose & Merrill it is explained that the child fell into the cellar of a house owned by Mr. Wheatley. It is contended that the defendants permitted dangerous holes to be made and remain in the sidewalk and side of the building. These holes, it is said, were left uncovered and without protection. While the girl was playing on the sidewalk, it is stated, she fell into the hole and her left arm was broken.

ST. LOUIS FAIR WORK FOR CHANCELLOR BOEUFVE

Mr. Boeufve, chancier of the French embassy in Washington, has been ap- pointed representative of the foreign office at the St. Louis Exposition. He will sail from France for the United States today and will go direct to St. Louis to begin the installation of French exhibits.

FAIRBANKS' ADVENT EXCITES INTEREST

Early Arrival Here Has Important Bearing Perhaps, on His Aspira- tions for Vice Presidency.

Great interest centers in the early arrival in Washington of Senator Charles W. Fairbanks, of Indiana, who, according to Indianapolis dispatches, has decided to be a candidate for Vice President, at the urgent solicitation of Senator Hanna on one side and President Roosevelt on the other.

Senator Fairbanks has gone to Iowa to take part in the campaign. He has indicated he will announce his intentions when he has returned to Washington and has had a conference with the President.

It is believed in Indianapolis the decision of Senator Fairbanks to run is the outcome of the recent conference with Congressman Hemenway. After that conference Mr. Hemenway said Senator Fairbanks was in no sense a candidate for the second place on the ticket, but it seems there have been changes in the situation since that time.

The report that Fairbanks will take the nomination is said to emanate from some of his closest political friends. Senator Fairbanks some time ago expressed himself as favorable to Fairbanks' candidacy.

TRUSTED POSTAL CLERK CHARGED WITH LARCENY

Caught in Act of Destroying Letters That Contained Marked Money.

Superintendent Huff of the foreign mail service division in the New York City Postoffice, was arrested yesterday by Postoffice Inspectors Boyle and Meyer on the charge of abstracting money from letters. For the past year or two there have been numerous complaints that letters containing money for points in Norway and Sweden were lost in transit. A careful watch was kept and fifty clerks were kept under surveillance.

Superintendent Huff was not suspected until it was noticed that he was getting to his office an hour ahead of time each morning. Yesterday the inspectors engaged him in casual conversation, when he suddenly confessed his guilt and went to the lavatory. The inspectors followed and say they caught him tearing up letters in which had been placed marked money. The marked money is also said to have been found upon him.

Mr. Huff had been in the service more than twenty years, and was promoted to a superintendency on his merits.

NEW HIGH-WATER MARK OF NATURALIZATION

Chicago Judge Makes 1,800 Citizens in One Evening—Laxity in Work.

Numerous reports from special agents in different parts of the country to the Department of Justice say thousands of naturalization papers are being granted to aliens all over the country, in violation of provisions of the immigration law passed at the last session of Congress.

Department officials say they do not know what remedy is to be applied. Some days ago, one inspector reported a Chicago judge had granted 1,800 naturalization papers in one evening, having evidently administered the oath by platoons instead of individually, as the law contemplates. Much laxity has been reported in the naturalization of persons with anarchistic beliefs.

MEGREW TO HASTEN UNION OF SOCIETIES

Trying Hard to Bring Together Span- ish War Veterans.

Commander-in-Chief Harold C. Megrew, of the Spanish War Veterans, will arrive in Washington next week and immediately set about his business plans for the amalgamation of his organization with the Spanish-American War Veterans, the rival organization.

Before the recent convention of the Spanish War Veterans at New Haven it was argued that the best way to avoid conflict and controversy between the organizations was to amalgamate. The Spanish War Veterans are the more numerous and the Spanish-American War Veterans are glad and willing to mass forces with their rivals.

Colonel Megrew will be given a reception upon his arrival here, and will then announce the appointment of one chief of staff, with two assistant adjutants general, a historian, and an aide Colonel Urell, the past commander-in-chief of the Veterans, will in all likelihood serve on the amalgamation committee.

THE TILLMAN VERDICT BITTERLY DENOUNCED

KNOXVILLE, Tenn., Oct. 16.—At a civic federation mass meeting here yesterday, Charles W. Dabney, president of the University of Tennessee, bitterly denounced the verdict of the jury at Lexington, S. C., which acquitted former Lieutenant Governor Tillman.

JAPANESE BEST MARKSMEN.

VICTORIA, B. C., Oct. 17.—A Pekin dispatch tells of a shooting competition between picked teams from the British, American, and Japanese legations at the Chinese capital. The Japanese won, with the Americans second.

HUNT MAKES RECORD IN ISSUING PASSPORTS

Present Chief of Division Authorizes 79,028 in Five Years—Largely in Excess of Predecessors.

Gaillard Hunt, chief of the passport division of the State Department, has submitted a report to Secretary Hay, showing 79,028 passports have been issued in the five years he has been in charge of the division.

During the eight years previous only 52,450 passports were issued by Mr. Fish, who was then in charge. Mr. Seward, Mr. Fish's predecessor, issued 40,560 passports in his eight years' tenure of the office.

SIR THOMAS LIPTON PREDICTS GREAT RACE

QUEENSTOWN, Oct. 17.—Sir Thomas Lipton arrived in Queenstown today from New York. Speaking of his offer of a cup for a trans-Atlantic race, Sir Thomas said he expected such a race would bring out many of the sailing wonders of all nations. He expected that the Kaiser's Meteor and the fast sailers Vigilant, N. Y. No. 6, Shamrock III, and Reliance will be among those which will try for honors.

COL. ROBERT S. REEVES SHOT AS A BURGLAR

Brooklyn Man of Excellent Reputation Was Attempting to Enter Suburban House.

NEW YORK, Oct. 17.—Col. Robert S. Reeves, who lived at 445 Elton Street, Brooklyn, and who had always borne an excellent reputation, was shot twice and instantly killed early this morning while supposedly attempting to break into the house of Charles C. Westsch, in Lutheran Place, near Broadway, Wood Haven, L. I. Two other men were with Reeves at the time, and escaped.

Westsch thought burglary was the motive of the three men, for he kept a great deal of money in his house, but people who have known Reeves for years before that the whole thing must have been a practical joke. Westsch was placed under arrest. Reeves was employed by the Rigby Waterproof and Finishing Company, in Wooster Street, this city.

TAKOMA COUNCIL GIVES UP WILDWOOD RAILROAD

In accordance with the announcement made recently, and exclusively in The Times, the town council of Takoma yesterday relinquished the lease of the little railroad connecting the tracks of the Washington and Baltimore Transit Company, its owners, Mayor Kinkead and his associates, contending that they could not operate the system except at a loss. Another feature of the matter was the refusal of the Washington Traction and Power Company to supply the company with electricity to operate the road.

When asked about their action the officers of the Takoma company asserted that they had no more power than is needed for their own use.

TRIED TO CONTINUE FAVORED DEALER PLAN

Secretary W. F. Rodrick, of the School Board, Clashes With Com- missioner West.

Commissioner West today refused to approve a requisition made by W. F. Rodrick, secretary to the Board of Education, for lubricating oil at the Lovejoy Public School, and in so doing established a precedent which he declares will be followed hereafter.

Several days ago bids were asked for to supply a certain number of gallons of lubricating oil. The name of a particular oil was required, "or equal to." The specific oil mentioned is controlled by the Standard Oil Company. Other prominent dealers agreed to furnish an oil "equal to."

When the bids reached Secretary Rodrick he refused to accept any oil but the Standard brand. The lowest bidder was overlooked altogether, and no opportunity was afforded competitors to demonstrate the value of their oil "equal to" the class specified. Property Clerk Beckett refused to approve Rodrick's actions, and referred the case to Commissioner West.

The low bid was 40 cents per gallon, as against 54 cents of the Standard Oil Company, on one class of oil, and 25 cents per gallon as against 32 cents of the Standard for a second class of oil.

Commissioner West was emphatic in his disapproval of Secretary Rodrick's action, and will approve the lowest bid to furnish an oil equal to that specified. If approved Rodrick's action would have continued the "favored dealer" plan which Commissioner West is attempting to abolish.

PAINTERS AND DECORATORS HOLD SECRET MEETING

Wages Not Mentioned, But a Delegate Is Elected.

At the meeting of local union 388, Painters and Decorators, held in Cornelia Hall, Sixth and E Streets northwest, last evening, President Ernest E. Hancock was chosen as the delegate to the national convention.

Those present declined later to discuss what transpired at the meeting, but it is said the matter of demanding higher wages was not discussed.

CAPT. H. R. LEMLY EXONERATED BY JURY

The jury in the divorce suit of Hughes vs. Hughes, recently tried in New York, unanimously exonerated Capt. H. R. Lemly, U. S. A., from any connection with the case as a co-respondent.

CINCINNATI, Ohio, Oct. 17.—Evidence was concluded and argument begun yesterday in the case of Daniel V. Miller and Joseph M. Johns, charged with conspiracy against the Postoffice Department.

Miller was on the stand in his own defense and denied in detail the charge that he received any part of the \$4,500 which was paid Johns by Ryan for acting as attorney in the case. Miller said that he had known Johns ever since they were country boys together and that the telegrams and letters which passed between them related to personal matters in no way connected with department business.

MILLER ON THE STAND; MAKES SWEEPING DENIAL

ARREST OF CHINAMEN
IN BOSTON CONDEMNED

BOSTON, Oct. 17.—The arrest of 350 Chinamen in this city last Sunday night was characterized as "high-handed" and "outrageous" and the United States immigration officers and the Boston police officers were criticized severely by various speakers in Faneuil Hall yesterday. William Lloyd Garrison presided. Resolutions were adopted by the 500 speakers in the hall condemning the acts of the officers concerned as dangerous to personal liberty and in defiance of constitutional rights.

"KIN-GIT-CHEER-HAIR-CUT" AFTER BUSINESS HOURS

Master Barbers in Washington Will Form Association to Extend Work- ing Hours Till 8 p. m.

An organization to be known as the Master Barbers' Association of the District of Columbia will be formed within the coming week, at a meeting to be held in Brown & Doyne's shop, near Tenth and D Streets northwest. After perfecting an organization the members will take up important business for consideration.

The Barbers' Union recently adopted a new scale of wages on a basis of \$12 weekly salary. It has long been recognized by the proprietors that by closing their establishments at 7 o'clock in the evenings and 11 o'clock on Saturdays, they lose upwards of \$200 a month, that is for a modern shop down town.

It is a common occurrence for men in search of a shave or haircut to dash up to the doors of barber shops just on the stroke of 7 o'clock, and be refused admittance because the union demands the shops must be closed at that time. A fine of \$20 has been imposed on numerous occasions where proprietors permitted patrons to enter after 7 o'clock.

It is with a view of remedying this condition and keeping their establishments open until 8 o'clock five nights a week and until midnight on Saturdays, that the Master Barbers are to establish the new organization.

DOWIE CONVERT HOPES HE MAY GO TO HADES

Dr. Gay of Alabama Would Like to Preach Redemption to Lost Souls.

MONTGOMERY, Ala., Oct. 17.—Declaring that he hoped some day to "go to hell to preach redemption to lost souls," Dr. William D. Gay, a prominent Alabama minister, announces that he has become a disciple of John Alexander Dowie.

Dr. Gay, who is now forty years old, was for fifteen years a Baptist preacher, and has been twice around the world. He said that he was en route to New York to join "the restoration host," headed by Dr. Dowie.

"Does your sect regard Dowie as a divine creature?" Dr. Gay was asked. "No," he replied. "We believe, however, that he is invested with Elijah's spirit and inspiration. Mr. Dowie, himself, says he recognizes his fallibility."

"Mainly we do not believe in an eternal hell. We believe men die and are lost, but not hopelessly. God, we think, sends evangelists to hell, and if I am good enough, I hope to go to hell some day to preach to lost souls."

ARREST OF CHINAMEN IN BOSTON CONDEMNED

BOSTON, Oct. 17.—The arrest of 350 Chinamen in this city last Sunday night was characterized as "high-handed" and "outrageous" and the United States immigration officers and the Boston police officers were criticized severely by various speakers in Faneuil Hall yesterday. Special Private Delivery.

To Those Not Well Dr. Shoop's Restorative

On 30 Days' Trial

For a full month you can use my Restorative, I to take the entire risk. Not a free gift. Neither is it philanthropy. Not something for nothing. Just this—

I have found a way to cure even deep-seated, difficult, or peculiar diseases. Dr. Shoop's Restorative cures by a new method. It goes direct to the cause of disease—the inside nerves. I am the only physician that treats this way--through these nerves.

It is my discovery, my prescription--Dr. Shoop's Restorative--that does this so surely, is so certain, that I am able to say to the sick one, use it a month and see for yourself. That should prove my confidence. You see I know what it can do. I take less risk though, than you would believe.

My past record shows that I failed in only one case out of each forty. Just think of that, 39 paid, and paid gladly, and the fortieth had no expense. That is a record I am proud of.

How to Secure Trial Treatment

Write me and simply ask for the book you need. A postal will do, or sign the coupon.

Then I will arrange with a druggist near you, so that you can secure six bottles of Dr. Shoop's Restorative to make the test. Send me no money. You go to your druggist, remember.

Use the Restorative a full month--then decide. If it succeeds the cost to you is \$5.50; if it fails I will have the druggist bill the cost to me. Could anything be more fair?

To delay means to forget. Write now, while you have it in mind. This is important.
