

MORE STRINGENT LAW ON FOOD ADULTERATION

Bill to Be Introduced Applicable to the District.

FINE AND PRISON PENALTY

Misbranding and Imitation of Foods, Beverages, Candies, Drugs, and Condiments Placed Under the Interdict.

For the better enforcement of the provisions of the pure food law passed at the last session of Congress, additional legislation is contemplated this winter. Senator McCumber of North Dakota, has prepared a bill to prevent the adulteration, misbranding, and imitation of foods, beverages, candies, drugs, and condiments in the District of Columbia and the Territories, and for regulating interstate traffic therein. This matter was taken up last year in a similar way, but failed of final action.

Penalties Prescribed.

According to the terms of the bill, which has been introduced in the Senate and referred to the Committee on Manufactures, the introduction or shipment of adulterated or misbranded goods is declared to be a misdemeanor. The penalty provided is a fine of \$200 for the first offense, \$300 for succeeding offenses and imprisonment for one year, or either, in the court's discretion.

Dr. H. W. Wiley, chemist of the Department of Agriculture, will have further work to do in case the bill is passed. His "poison squad" and import examinations at ports of entry will have to take rank with his scrutiny of "original unbroken packages" in the District of Columbia.

Prosecutions Prescribed.

He is authorized to make examinations, and if it shall appear that any of the provisions of the act have been violated the Secretary of Agriculture shall at once certify the facts to the proper United States district attorney, with a copy of the results of the analyses, duly authenticated by the analyst under oath. It will then be the duty of every district attorney to whom the Secretary of Agriculture shall report any violation of the act to commence and prosecute without delay.

Commissioner Richards at Daughter's Bedside

W. A. Richards, Commissioner of the General Land Office, is now in San Francisco at the bedside of his daughter, who is dangerously ill. Mrs. Richards died about two weeks ago, and was interred in Wyoming, of which State Commissioner Richards was formerly chief executive.

Secretary Hitchcock, of the Interior, received a telegram from the Commissioner stating that his daughter was in such a condition that he was afraid to move her East. The Secretary at once telegraphed him to stay away until January 1, if he so desired.

SENATE IS WAITING FOR RECIPROCITY BILL

Until It Comes Routine Business Is in Order.

LONG SPEECHES TO BE MADE

Senator Teller Says He May Talk Ten Hours—Sentiment Favorable to Adjournalment Before Thanksgiving.

The program of the present week in the Senate contemplates devoting as much time as necessary each day to the consideration and confirmation of army and navy promotions, and the introduction of bills and memorials. This will result in the holding of brief daily meetings until Friday, when the Cuban reciprocity bill will be received from the House.

The first consideration of the bill will be but perfunctory, as it will be referred at once to the Committee on Foreign Relations. It is probable the Senate will then adjourn over to Monday, when the bill will be favorably reported without amendment, and debate will be begun.

Speeches in Opposition.

No announcement has yet been made from the minority side as to the number of Senators who intend to oppose the bill. Senator Teller is openly antagonistic to it and will make a strong speech in opposition. Mr. Teller is expected to record his opposition almost as aggressively, though to what length is not known. The Colorado Senator says he has not decided whether his own speech will take one hour or ten hours. Probably not more than four or five other Senators will go to any length in opposing the bill, it is thought. An early date for taking the vote is hoped for, as two-thirds of the Senate voted to ratify the treaty last spring and will do so again as soon as the flow of oratory can be stopped.

Early Adjournment Suggested.

The suggestion of the Senate taking an adjournment November 25, the day before Thanksgiving, meets with much approval from a majority of the upper house. It remains with the Senators in opposition to the bill to say whether they can conclude their remarks in three days' sessions.

CAPT. S. A. THRASHER DIES AT LYNCHBURG

Was Internal Revenue Agent for the District of Virginia for Twenty Years.

The Commissioner of Internal Revenue was informed today of the death last night of Capt. L. A. Thrasher, for twenty-six years agent of the Treasury Department in the district of Virginia. Captain Thrasher died at his home in Lynchburg, Va., after a prolonged attack of kidney trouble. He had been on sick leave for a month.

Captain Thrasher was born in Arkansas sixty-five years ago. At the outbreak of the civil war he enlisted in a regiment of that State, and served through the entire conflict. He was promoted to a captain for bravery and gallant conduct in battle.

Twenty years ago he was given an appointment as an internal revenue agent. He has held the position since that time.

He is survived by a widow and a daughter, who were with him when the funeral had not been made.

Capt. W. R. Graham.

Capt. William R. Graham, U. S. A., paymaster at Kansas City, died there yesterday. A dispatch received by the War Department announces that the body will be taken to Des Moines, Iowa, for burial.

BODY OF JOSEPH OGLE BORNE TO THE GRAVE

Funeral services were held at Trinity Protestant Episcopal Church yesterday afternoon over the body of Joseph E. B. Ogle, who died at Portsmouth, Ohio, on November 8. The Rev. Richard P. Williams and the Rev. Dr. Frank M. Gibson officiated. The services were attended by the White Eagle Tribe, No. 17, Improved Order of Red Men, and the pallbearers were chosen from members of this organization. Interment was at Rock Creek Cemetery.

DIED.

CHICAGO ON THE EVE OF A MONSTER STRIKE

Federation to Assist Street Car Employees.

MANAGER HANGED IN EFFIGY

Four Thousand Citizens Meet and Denounce Action of Company in Using Police.

CHICAGO, Nov. 16.—Chicago is on the eve of what is feared may be the greatest strike in its history. Almost simultaneously with the announcement yesterday by an officer of the Chicago Employers' Association that the Chicago City Railway Company is in a determined fight to break the street car strike, came a declaration from a labor leader that organized labor of the entire country is back of the street railway men and will fight their cause to the finish.

The company's answer, if any is made to the propositions of the State board of arbitration for conciliation or arbitration of the points in dispute, seems almost certain to be a refusal.

Citizens Make Protest.

Four thousand citizens held a mass meeting at Tattersall's last night and fiercely denounced the use of the police as enforcers of the City Railway car. Resolutions were adopted, and a committee of forty was named to wait on the mayor and council and demand that no new franchises be granted to the traction companies.

In Archer Avenue last evening 1,000 persons cheered the hanging in effigy of General Manager McCulloch, of the City Railway Company. When the news spread that the railway man was to be hanged in effigy a great throng gathered. A rope was attached to the figure and thrown over a trolley wire, and the stuffed image was swung into the air.

Federation Calls for Aid.

The Chicago Federation of Labor, at its meeting yesterday, called upon all affiliated unions to give financial aid to the strikers.

It also demanded that the city council arrange to advertise for propositions to operate the lines of the Chicago City Railway Company, where franchises have expired.

PASSENGER AGENTS OF PENNSY MEET HERE

Representatives of the Great Railway System From All Parts of the Country to Compare Notes.

Because of some delay on one of the branch lines of the system, the special train bringing nearly all of the passenger traffic managers and general passenger agents of the Pennsylvania Railroad to Washington is not to reach here until 5 o'clock this afternoon. The party will go to the Arlington Hotel, where a meeting is to be held this evening. The sessions are to be extended through tomorrow.

Tomorrow evening the visitors are to enjoy a banquet at the hotel. Wednesday, if all business has been concluded, the visitors are to spend the day looking over points of interest. They are to depart from Washington for New York Thursday morning.

NEW YORK HORSE SHOW OPENS SOCIAL SEASON

Prominent People From Many Cities Engage Boxes in Madison Square Garden.

MANAGER HANGED IN EFFIGY

NEW YORK, Nov. 16.—The horse show, which marks the entry of the social season, was opened this morning with great éclat at Madison Square Garden. It is the same old show, where for nineteen seasons the horse has vied with society for the honors of the occasion.

Interest in this year's exhibition is as lively as in former times, and William C. Whitney declares that the asplendour will be the greatest in the history of the National Horse Show Association. All available boxes have been procured by society leaders, and the public will be on hand to see them. It is the one time of the year that society sits on view for the public.

The registers of the leading hotels this morning show that those prominent in social sets of other cities are here to participate in the show. The Duke and Duchess of Roxburgh will attend tonight.

Over \$2,000 in prizes have been offered for the best showing in the various classes of horses entered, and from the horse point of view the exhibition promises to excel itself.

The doors of the garden were thrown open at 9 o'clock. Horses were exercised in the ring from that hour until 11 o'clock, and made a notable showing. Many persons came early to look over the horses in this preliminary. The first class show for judging was a large one of fifty-three hunters or jumpers.

KITCHENER BADLY HURT IN AN INDIAN TUNNEL

Hero of Khartoum Thrown From Horse and Both Bones of One Leg Broken.

SIMLA, Nov. 16.—General Lord Kitchener, commander-in-chief of the British forces in India, received severe injuries yesterday while horseback riding. He started out alone, and when six miles from here his horse became frightened while passing through a tunnel.

The animal finally succeeded in throwing General Kitchener against the side of the tunnel, breaking both bones in one leg just above the ankle.

After being thrown Lord Kitchener lay in the tunnel in great agony until coolies arrived and carried him out. The reason for the delay was that the coolies did not know who the injured man was and made no haste to go to his aid. The horse took flight at a coolie who was nearly invisible in the darkness of the tunnel.

Physicians immediately set the broken bones and the patient is doing well. He passed a good night and no signs of complications are apparent. Lord Kitchener's month's tour of inspection of the Simla district, however, will have to be canceled.

DISTRICT ATTORNEY BEACH RETURNS TO HIS OFFICE

District Attorney Beach was at his office this morning, after an absence of two weeks, due to ill health. He is looking much improved by the rest he has taken, and is ready to push the work of the office.

Justice Pritchard will on Monday next announce his decision on the application of Machen, the Groffs, and the Lorenzes to inspect certain documents in the Postoffice Department. Under an agreement with the District Attorney, the defendants have already been allowed to inspect certain official papers relative to the indictments for conspiracy reported against them.

MUDD SUES ADDICKS FOR COUNSEL FEES

The Maryland Congressman Asserts That Delaware Politician Owes Him \$750.

PRINCE YEE OF KOREA COMES TO WASHINGTON

College Troubles of the Young Man Have Given Him Worry and Some Notoriety.

ELKTON, Md., Nov. 16.—Asserting that J. Edward Addicks, of Delaware, owes him \$750 counsel fees, and which, he says, he has been unable to collect, Representative Sidney E. Mudd, of the Fifth Maryland Congressional district, has entered a suit for the amount in the Prince George circuit court.

The suit is the outgrowth of the contention in the sale of the famous old Calvert estate, in Calvert county, last summer. The property is said to be owned principally by Mr. Addicks, although it is in the name of the Milcox Real Estate Company.

PRINCE YEE OF KOREA COMES TO WASHINGTON

College Troubles of the Young Man Have Given Him Worry and Some Notoriety.

Prince Yee, second son of the Emperor of Korea, whose recent disappearance from college at Delaware caused some uneasiness at the legation here, has arrived in Washington. Since he entered college, early last fall, his troubles, it is reported, have been as long as the proverbial road that has no turning, and the officials here are prepared to believe that he is dissatisfied with his college life.

The report that Prince Yee was seized by masked men in his apartments and robbed of his valuables was denied by the officials at the legation this morning.

It was learned that Joseph Stout, the farmer who beat the prince so badly a short time ago, had escaped from jail last week and had returned to his home. As the prince is in Washington, it is improbable that there will be any further complications with Farmer Stout.

I recommend this period for the meeting of the board be changed from the present date, November 15 to December 15, to the first Monday in February to the second Monday in March each year, to enable the personal tax appraisers to make a thorough canvass of the city.

"Attention is also called to what seems a discrimination between certain corporations and individuals carrying on the same kinds of business, with a view to remedial legislation. I recommend that all corporations, which by reason of incorporation, receive no special franchise or privilege, be assessed and taxed as individuals and partnerships conducting the same kind of business as are assessed and taxed."

SELF-DEFENSE PERHAPS MADE INDIANS FIGHT

Investigation of Recent Encounter of Red Men With Wyoming Posse.

CUMBERLAND, Md., Nov. 16.—A disastrous freight wreck occurred at 2 o'clock this morning at Philson, on the Pittsburg division of the Baltimore and Ohio. A house standing near the track is reported to have been wrecked and two women who were in it were killed.

There is no direct communication between here and Philson, and details are meager. Officials of the Baltimore and Ohio say that two women were killed, but claim they do not know how the accident occurred. All trains over this division are reported many hours late.

W. A. Jones, Commissioner of Indian Affairs, has received a telegram from Indian Agent Brennan, of the Pine Ridge agency, intimating that the Wyoming judicial authorities, in their preliminary examinations, have about come to the conclusion that the party of Indians which recently had a fight with a Wyoming posse, was unnecessarily attacked and acted in self-defense.

Commissioner Jones is waiting for further particulars by mail, and when they arrive he will make answer to the interview of Governor Chatterton, of Wyoming, in which interview the governor threw all the blame upon the Indians and proclaimed the dead members of the sheriff's posse to have been martyrs to duty.
