P-B. CLOTHING

Washington is a rather cosmopolitan city. There are over 10,000 strangers visiting Washington each year, and each one comes with a full-blown idea that what he can get in his city is better than what he can get outside of it—and he feels like he wanted to prove it.

Lot of strangers come here with the same chip of colored on their shoulders—and we take very often they order goods of us by mail after they return home. This is not a bad order, but we wish the amount of clothing is at least to out-of-town customers—and these custom-ers have been placed only by coming into this store—buying better and being fitted and sized. as we can do it and ask them, our clothing pro-viding they beat the best we’ve ever bought.

We want you to see the $3.95 Suits and Top Coats first. We’re strong on them. A whole lot on their superior in anything you can get at cheap prices, double the money. The making can’t be beat—we make them right there and the cut and style of the garments is better.
