Mrs. Peck's Response. Great applause was given Mrs. Fairbanks when she concluded. Responding to the president general, Mrs. Maria Purdy Peck, State regent of Iowa, said:

"I am," I said, "a granddaughter of both Massachusetts and Connecticut, and a daughter of the Empire State and an adopted daughter of the Hawkeye State."

A Delightful Task. Now, as this is a very goodly portion of the Union, I make no further apology for taking upon myself a very delightful task, and in the name of the delegates and Daughter of all the States, I thank you, Madam President, for your generous and hearty welcome to this, the thirteenth, congress of the Daughters of the American Revolution.

Young Patriots Given Certification Awards

Will Hold Annual Meeting This Week--To Participate in Cornerstone Exercises--Will Journey to Mount Vernon

Children of the American Revolution, the society of young patriots which is holding its annual convention in Washington this week, reported at headquarters in the Washington Loan and Trust Building this morning and received their badges of identification.

It was originally intended that the Children of the American Revolution should pay their annual visit tomorrow to Mount Vernon and place a wreath on Washington's tomb, but at the invitation of the Daughters of the American Revolution the younger society will participate in the ceremonies tomorrow afternoon when the cornerstone for the new Continental Hall will be laid.

"I pledge allegiance to my flag and to the republic for which it stands; one nation indivisible, with liberty and justice for all."

Special seats will be reserved for the Children, who will sing "America," and give the salute to the flag. In giving the salute the following pledge will be used:

"I pledge allegiance to my flag and to the republic for which it stands; one nation indivisible, with liberty and justice for all."

most active membership. It is the general opinion that New York will receive the award.

Another interesting ceremony will be the presentation of a silver loving cup to the child who has the largest subscription to the building of Continental Hall.

The trip to Mount Vernon, originally planned for tomorrow, will be made on Friday, by way of the boat and electric cars. Ceremonies will be held at the tomb of Washington, and at the national society's tree, in the grounds.

On Thursday a sightseeing trip of Washington by automobile will be made, and the greater part of the day, and on Thursday evening a reception will be given at the Washington Club, 1701 I Street, to the delegates.

A patriotic service was held yesterday afternoon at the Washington Loan and Trust Building, when Dr. Hamlin delivered an address before the society.

In the course of his remarks, Dr. Hamlin expressed the sincere hope that the Senate Committee on Privileges and Elections, which is trying the case of Senator Smoot, of that State, would exclude that representative from its chamber.
