FOUR BIG ALL-WEEK SALES BEGIN TOMORROW

Silks=Laces=Embroideries="Fixings" for Inauguration

COME TOMORROW, and you'll be glad of it. And the more you come prepared to buy the better you'll like it. 60 different lots of underprice Silks—never had so many for one sale before. And prices never averaged so much lower than usual prices, notwithstanding the great favor of silks, the advance in cost of raw silk and manufacture. **AND THE EMBROIDERIES. AND LACES**—just as attractive in styles and qualities as the savings. **FURTHERMORE**—everything needed by big hotels, little hotels, boarding houses, rooming houses, and private homes to make pleasant and comfortable the stay of those who may come for inauguration week. And such little prices. Big buying, and marking things lower than usual, both increase the savings on these to you. **WHAT IS YOUR NEED?** We have something underprice to supply it. **COME TOMORROW**—all lots are big, but you will want to choose from the unbroken assortments. **COME TOMORROW**, and bring your friends. **TWO** can choose better than one.

Part of the 60 Different Lots

SILKS

That Go on Sale Below Worth Tomorrow

\$1.25 TAFFETA
73c

Actually the greatest Taffeta Silk
bargain. It is the most desirable kind—
plain colored, in every shade that you
can ask for—white included. There is
no better made. It cost the manufac-
turer a great deal more than our sell-
ing price to produce it. It is exceptionally desirable for a lining, 20 1/2 inches
wide.

There will be the greatest buying of Taffeta tomorrow ever
witnessed in Washington—and deservedly.

The reason for our having this is that the maker lost money,
because it was too good to sell at competitive prices, and de-
cided to discontinue making it. We took all he had at our own
price. He thought ONE loss was better than a continuous loss
in selling it out in small lots.

What's the difference between \$1.25 and 73c.
That's your saving.

\$1, \$1.25, and \$1.50 SILKS
59c Yard

They are imported.
The lot contains about 1,600 yards in all. They are what is
known as "loom ends," lengths 35 to 40 yards, and include ex-
quisite effects in Chiffon Chameleon, Taffetas, Glace, Peau de
Cygne, Louisines, Satin Marquise, Messalines, and Plain Silks.
Worth \$1.00, \$1.25, and \$1.50 a yard. Sale price, 59c.

Mourning Veils
A Savings of a Third

An advantageous purchase of Silk
Mourning Veils, just made, enables
us to offer these, in all sizes, at a
third less than regular prices.
It is seldom such veils are offered
under price.

The Timely and Economical Bargains in

LACES
and
Embroideries

Four Lots About Half.
Fine Demi-Flouncing.

All Nainsook and fine Swiss bodies—not a piece of cambric in
them. The most fashionable thing now for making corset covers,
trimming the petticoats, and making children's white skirts. In
all lots are blind embroidery effects and Anglaise or eyelet em-
broidered designs. Not two pieces alike in any lot.

The 59c and 69c lots contain a liberal proportion of flouncing
in which fine embroidery and Val. lace are combined.

29c Grade Flower-Printed
ORGANDIE
12 1/2c
2yd

So many were disappointed the
other day that we made every ef-
fort to get a duplicate lot from
the overstocked maker.

We got it, but it cost us a great
deal more than the first. It goes
on sale tomorrow at 12 1/2c, never-
theless.

Fine sheer chiffon finish im-
ported cloth, printed by American
art fabric printers in about 25 dif-
ferent large floral designs, excep-
tionally rich in shaded effects.
Patterns are mostly large designs,
roses, and buds that stand out
prominently—not obscured with
foliage.

Suppose you compare this
with the higher priced Organdies
printed in Europe.

Comparison means sales of the
lower-priced ones while they last.
75 pieces only.

FINE
SHOWY EMBROIDERIES

At least a third saved on the new designs, which alone are enough to at-
tract marked attention. Fine nainsook and cambric bodies, all well made,
elaborate designs in blind embroidery and the raised Anglaise or eyelet effects.
Especially suitable for making shirt waists in the late styles.

Lot 1—Consists of regular 18c and 29c grades, yard.

Lot 2—Consists of regular 30c and 35c grades, yard.
