

TRUST RELEASING ARROWOOD'S SENTENCE READ ON WARSHIPS

Every Employee in United States Navy Will Learn Today of the Punishment Visited Upon the Deserting Midshipman by His Government.

LIKE A STATE CONVENTION

On every ship in the United States Navy within reach of the Navy Department the sentence of dismissal imposed upon Midshipman Milton W. Arrowood, found guilty of desertion, will be published today.

Usually the sentences of court-martial are merely posted, but the offense of young Arrowood was of such an extraordinary and unprecedented character that, as is done in very important cases, the sentence will be read out to the crew.

In this way every sailorman serving on board even the smallest of Uncle Sam's ships will know of the heavy penalty which has been visited on young Arrowood for his disregard of the pledges under which he enlisted.

Man Without Country. Deprived of citizenship and published to the world as a deserter, Arrowood's case is of the most extraordinary in the history of the navy. Officers are rather interested to know what will now be the young man's future course.

Blackburn a Strong Leader. In this effort much dependence is placed by them in the leadership of Representative Spencer Blackburn, who, as president of the Tar Heel Club, was the principal host of Mr. Fairbanks.

Fields is Arraigned in the Criminal Court. Charged with Embezzlement of \$5,522 of Funds Belonging to Defunct Beneficial Association.

Thomas M. Fields, indicted for the embezzlement of \$5,522.55 of the funds of the defunct Washington Beneficial Endowment Association, was arraigned today before Justice Gould, presiding in Criminal Court, No. 2. He pleaded not guilty to the charge.

When called for arraignment Fields was accompanied by his counsel, D. W. Baker, of the firm of Lamborn & Baker. His counsel said that while he demurred to the indictment against his client is short he would nevertheless waive its reading.

Aggressive Young Leaders. The men to whom the rank and file look most for leadership are Representative Blackburn and State Executive Chairman Thomas S. Rollins.

Want Union's Action. The Tar Heel Club's banquet was in some ways more like a party State convention than a mere feast. In fact, at several opportune moments, attention was called to this by the declaration "We are here for business, the fun will come afterward."

Cave-in of Maine Swallows a Church. IRWIN, Pa., March 24.—A cave-in over an abandoned mine is causing much damage at Clarage, a mining town near here. A church and three stores, with a school building, were completely wrecked, while two other houses are gradually sinking into the mine, forcing their occupants to vacate.

Professionals Buy for a Cotton Rally. NEW YORK, March 24.—Scattered professional buying for a rally was about the only feature of the opening of the cotton market, and this soon disappeared under liberal pressure from bear sources, actuated by good weather through the South, coupled with an abundance of outside interest is expected.

THE STOMACH IN WINTER. Hearty Food Puts Extra Strain on This Important Organ. Winter is a little more than half over, and the results of its hearty food are shown in the variable appetite, nausea, gnawing at the pit of the stomach, heartburn, sallow skin, furred tongue, headache, backache, and sleeplessness. The stomach has been overworked, the nervous system is unstrung, the blood is in bad condition, the digestive organs are tired out.

SCOTT CONVICTS PRINTER PALMER

Smoke Law Applies to Government Buildings. Mr. Mulwony Says He Does Not Know Where Court Will Get Money.

When Congress framed the smoke law for the District of Columbia five years ago it exempted private residences and specified no other buildings. Throughout the five years Congress has not enacted any law taking the ban off Government buildings. In view of that fact, I believe the law as it stands, with regard to business places, was meant to cover the Government buildings.

Deserted From Kearsarge. The offense for which he was punished was desertion from the battleship Kearsarge at Hampton Roads, Va., last January. Arrowood, who is a graduate of the Naval Academy, did not like life on board ship, and on his first cruise decided to leave it. Despite the fact that the Government had given him his training and supported him, he took French leave of his mates and went to work in New York. Secret Service men located him there and brought him back for trial.

Will Be Appealed. District Attorney Morgan Beach and Assistant District Attorneys Alexander Mulwony and Ralph Given, who represented the Public Printer, immediately announced that the case would be taken to the Court of Appeals. Mr. Palmer has been in court several times for violating the smoke law, and Judge Kimball has held that the law did not apply to Government buildings. As said by Mr. Mulwony in his argument to Judge Scott yesterday, the conviction of Mr. Palmer means that all Cabinet officers are liable to answer charges of violating the smoke law.

WEST OPPOSES APPEAL OF HILE'S ATTORNEY. Commissioner West this morning recommended that the appeal of Attorney Wilton J. Lambert in behalf of Policeman Joseph F. Hile be not granted, saying that there was not sufficient grounds for a review of the case before the full board.

FIFTY-EIGHTH CONGRESS BUSIEST ON RECORD

More Bills Introduced and More Laws Enacted Than in Any Other Body. According to the report sent to Speaker Cannon by Dogket Clerk Wakefield, the Congress just ended was one of the busiest on record, there being more bills introduced and more laws passed than in any in the history of the United States.

Left on Calendar. At the close of the session there was left upon the union calendar 112, and 277 Senate bills out of 339 referred to that calendar. On the House calendar there remained only 61 out of 493 bills. On the private calendar there remained 232 bills out of 3,841, of which 25 came from the Senate.

Some in the Senate. For the same reason the Senate recalled 29 of its own bills after the House had acted upon them. Of all the House bills sent to the President only one failed to receive his signature and become a law.

The work of the Fifty-eighth Congress compared with the Fifty-seventh shows an increase in bills introduced of 234 and an increase of 104 in the number of public acts. The number of private acts showed an increase of 125 while the session, 160 days, was one of the shortest on record.
