

and governor of the canal zone. The appointment of governor shall take effect upon the date of his arrival on the isthmus, and the resignation of the present incumbent of said office (General Davis) shall thereupon take effect. John F. Wallace is hereby appointed member of the commission and chief engineer. Rear Admiral Mordcaai L. Wallcott, U. S. N. (retired), Colonel Peter C. Hains, U. S. A. (retired), Colonel Oswald H. Ernst, Corps of Engineers, U. S. A., and Benjamin M. Harrod are hereby appointed members of the Isthmian Canal Commission. "THEODORE ROOSEVELT" Mr. Taft's Suggestions. On March 30 Secretary Taft wrote President Roosevelt a letter, making certain suggestions as to the plan of procedure to be followed. He dwelt upon the fact that in the light of late engineering developments it might be found advisable to change from a lock canal to a sea-level canal.

Two Army Engineers Upon the Commission

The fact that two army engineers have been added to the list of the commission is regarded as a victory for this corps. The law only requires that the army shall be represented by one engineer and the navy likewise. Gen. Peter G. Hains and Col. Oswald H. Ernst both represent the regular establishment. Colonel Ernst is now stationed in Chicago. Both he and General Hains were on the Isthmian Canal Commission of 1899, which made a special report as to the choice of the Nicaragua and Panama routes. The detail of Admiral Endicott to the commission will not remove him from duty in Washington as chief of the Bureau of Harbors and Docks. Admiral Endicott has a long record for engineering work of the highest character in the navy. He was president of the Endicott board in charge of the fortifications in the northwestern division. He is also president of the Mississippi River commission. The members of the new Isthmian Canal Commission, except Chief Engineer Wallace and Col. Oswald H. Ernst were present in the Secretary of War's office this morning to take the oath of office. Mr. Wallace is on his way from the isthmus to report to the Secretary of War, and Colonel Ernst probably will be here from Chicago tomorrow.

COUNCIL OF WOMEN TO MEET NEXT WEEK

Two Hundreded Stipends Will Be Represented—Important Business to Be Transacted.

The triennial convention of the International Council of Women will be held in Washington from April 3 to 15. The first session is called for the First Congressional Church, and subsequent to that the meetings will be in Pythian Temple. Many prominent speakers will be heard during the sessions of the convention. Mrs. Mary Wood Swift, president of the convention, will preside, with Mrs. Flo Miller, of Wilmington, Ill., acting as secretary. Mrs. Kate W. Barrett has been made chairman of the committee on arrangements, and Mrs. J. Ellen Foster is in charge of the committee on entertainment. Headquarters will be established in the Shoreham Hotel. More than 200 societies will be represented in the coming convention, and these will, in turn, represent more than 2,000,000 women of America. Although the council is made up of women of various denominations, including some Mormons, it is expected that resolutions of an important nature will be presented. Many prominent speakers will be heard during the sessions of the convention.

THE ANNUAL SPRING OPENING AT THE HUB

Best in Furniture on Display—Stock Consists of Newest Designs and Finest Materials. Patrons of the Hub Furniture Company, at Seventh and D streets, thronged the store today to view the annual spring display of furniture and everything necessary to the home which the firm is offering Washington housekeepers. The stock is one of the most attractive shown in many seasons, and includes desirable and useful things. One section of the main floor is devoted to a display of go-carts, including goods from Haywood Bros., Wakefield & Co., the Carriage and Toy Company, and the American Metal Wheel Company. The go-carts range from \$1.25 to various higher prices, and offer an enticing bargain. A generous supply of refrigerators and ice boxes suggests that summer is not far away and will soon demand such a purchase. Mission furniture, fashions in different styles, offers an attractive means of fitting up a room. The second floor is devoted to imported china, Japanese matting, and fine rug and carpets. Parlor suites are also shown in this collection for \$12.75 is one of the most conspicuous objects in this display. The furniture occupies the entire third floor, and in this collection may be found everything with which to furnish a comfortable abode. There are the newest designs in brass and enameled chairs, chiffoniers, dressing tables, cheval mirrors, and other accessories. Dining room and office furniture comprise the assortment exhibited on the top floor, together with kitchen furniture, gas, oil, and coal stoves. The spring opening sale will continue this week. As a sort of spring souvenir the firm is selling a three-piece kitchen set for 12 cents.

COLORED MAN STABBED BY UNKNOWN ASSAILANT

Stabbed in the right eye by some unknown person, John Beane, colored, thirty-eight years old, of 73 M street southwest, was found at First and M streets southeast, about 11 o'clock last night, and sent to the Emergency Hospital. He informed the police of the Fourth precinct that he had no opportunity of seeing his assailant as the man with the knife stepped from behind a tree, and with an oath and an epithet sunk the knife deep into the flesh under Beane's right eye.

FORFEITS COLLATERAL ON GAMBLING CHARGE

Fifty dollars collateral was forfeited in the Police Court today by Albert J. Potter charged with permitting gaming on his premises. He is said to reside on Thirty-fifth street, Georgetown, and is alleged by Sergeant Schneider, of the Seventh precinct, to have conducted poker games in his rooms, for four years. Police of the Seventh precinct raided his home at an early hour yesterday morning. He obtained his release on collateral.

PATENT COMMISSIONER MAKES CALL FOR BIDS

Calls were sent out by Frederick L. Allen, Commissioner of Patents, this morning for bids for photographic or other process copies of drawings of patents. The amount of the contracts is large, \$225,000 being paid for the year now ending. The Commissioner also called for bids for copies of drawings of pending patents. This contract amounts to \$5,000.

ALLEGED TO HAVE PASSED TWO WORTHLESS CHECKS

Bond in the sum of \$700 was asked in the Police Court today, when George W. Taylor was held for the action of the grand jury, on a charge of false pretenses. It is alleged that he passed two worthless checks, one to Frank Ruppert, of 1021 Seventh street northwest, for \$30.75 and one to Appleton Cody, for \$49, in payment for goods purchased.

PARK ESTABLISHES INTERCITY RECORD

Made Round Trip to Baltimore in 3 h. 37 m.

ROADS IN BAD CONDITION

Only Few Stretches Could Be Called Good—Motorist Lost Time by Accidents.

A new motorcycle record for the run between Baltimore and Washington was made yesterday by Harry Park, the well-known trick rider, of 516 F street northwest. Park made the trip from Washington to Baltimore in 1 hour and 40 minutes. He rested at Gwynn's Falls, the Baltimore city boundary line, for ten minutes and made the return trip in 1 hour 47 minutes. The distance was 35 miles, and the entire trip occupied only 3 hours 37 minutes.

The Times.

Following is a table showing the times: Leaving Washington, Fifteenth and H streets northeast, 6 a. m. Passed through Beltsville, 6:32 a. m. Passed through Laurel, 6:46 a. m. Arrived at Elkridge, 7:30 a. m. Arrived at Gwynn's Falls, Bridgebound, 7:40. Rest of 10 minutes. Leaving Baltimore, 8:45 a. m. Passed through Elkridge, 8:55 a. m. Passed through Laurel, 9:45 a. m. Arrived at Washington, Fifteenth and H streets northeast, 9:37 a. m. Total time for round trip, 3 hours 37 minutes.

Roads Are Bad.

Mr. Park reports that the roads were in horrible shape in some places, and there were few places in which they might be called good. The best stretch was from Elkridge to Baltimore, which is a shell road. The ride was made for the purpose of establishing a record, and its object was accomplished. This is said to be the fastest time ever made between the two cities, except by a locomotive. Mr. Park has established similar records on all the various styles of machines, from the old high wheel to the present motorcycle. He will shortly make an effort to set a new mark for the long route from here to Baltimore, which is about fifty-five miles.

Several Delays.

There were several delays yesterday which added to the time. Five minutes were lost at the start in adjusting a sparking device. Three more minutes were lost at Laurel owing to a horse taking fright at the machine. Five minutes were lost because of a cramp in the leg. Nine miles from Baltimore was found a mile of new road covered with stones. At Muirkirk, sixteen miles from Washington, the road for several hundred feet was covered with glass slag. Three dismounts marked the trip going and four returning.

WANTS AMERICA TO HELP.

The Novoe Vremya bluntly remarks that it would be more to the point if Washington offered help to Russia instead of mediation, but the belief in the reality of peace overtures is persistent in spite of official denials. The Novoe Vremya frankly admits this belief, attributing to it the remarkable rise in Russian fours Saturday, when the peace talk on the bourse assumed concrete form, including the discussion of terms. These terms included the surrender of Manchuria, Korea, and Southern Sakhalin to Japan, who would restore Manchuria to China and sell to them the Manchurian railway for \$250,000,000, which the Novoe Vremya remarks, would be a form of war indemnity.

Repressive Measures Except in Finland

ST. PETERSBURG, April 3.—The prospect of internal peace, which was brightened by the expected convocation of representatives of the people, is again obscured by lowering clouds of reaction and repression. The czar seems ill-disposed to listen to advice except from reactionary courtiers, and repression is proceeding actively in all parts of the empire. The only exception is Finland, and this is due to the intercession of the Empress Dowager.

Jews Make Trouble.

WARSAW, April 3.—Several hundred Jewish Socialists gathered yesterday outside a building, in which were several prisoners awaiting trial, and demanded the body of a dead comrade, which they wished to bury according to Jewish rites. Upon being refused, the crowd battered down the doors, discharged revolvers and sang revolutionary songs. The police were unable to disperse the mob and troops were called. Upon the arrival of the soldiers the crowd, which had in the meantime swelled to thousands, fled, the troops pursuing them.

Five Killed.

It is reported that five persons were killed and forty wounded. A large number of arrests were made. It has not been reliably ascertained what provocation the crowd gave the soldiers. The police say that some of the socialists fired revolvers at them, and it was only when the leaders urged the mob to make a united attack, that the troops fired volleys at them. All the wounded are Jews. They were taken to the hospital.

Another Reign of Terror.

The city seems to be approaching a condition as serious as that during the recent strike period. The authorities and law-abiding residents are very anxious over the renewed evidence of trouble. Handbills have been scattered about warning the public not to walk near the government buildings, as they may be attacked with bombs at any moment. Parents whose children are sent to school in defiance of the school strike, are warned to keep their children home, as the schools may be blown up.

Bomb Policy.

The socialists and revolutionists seem to be wholly committed to the bomb policy, which numerous secret arrests have not succeeded in putting down. The number of troops in and around the city has been increased. The night patrols no longer pass through the streets in groups, but go in single file, fearing that bombs will be thrown at them.

FLEEING RUSSIANS DESTROY RAILROAD

Without Hope of Recovering Lost Ground.

JAPANESE STILL ADVANCING

France and England Said to Be Working for Peace—Denials From St. Petersburg.

TOKYO, April 3.—Reports from Manchuria state that the Russians are destroying the railway much more thoroughly than they have done before. The inference is that they do not expect to recover it. The Russian center is reported to be still retreating, with the Japanese following. There is no indication of an early resumption of fighting on a large scale.

France and England Working for Peace

BIRMINGHAM, England, April 3.—The Post insists, despite the denials that have been printed, that the negotiations for the peace preliminaries have been proceeding genuinely within the past few days. The paper declares that the British and French governments have been acting upon the knowledge that these negotiations were in progress and they have been conducted with the full knowledge, and explicitly given consent of both Russia and Japan.

No Direct Communication.

Neither Russia or Japan so far has sent any direct communication to the other. What has happened has been at the joint request of Britain and France, with the friendly support of America. Both Japan and Russia supplied their diplomatic representatives at London and Paris with statements of the peace terms each is prepared to consider. Britain and France are now engaged in trying to reconcile these statements so as to frame some kind of a proposal that will prove acceptable to both belligerents as the basis for the preliminary negotiations.

Peace Outlook Darker.

ST. PETERSBURG, April 3.—The statements concerning the prospect of peace sent from St. Petersburg should be regarded with the utmost suspicion. The truth is Russia has the fullest confidence in the ability of Vice Admiral Rogestvensky to inflict defeat upon the enemy, thus completely turning the tide of events. Prince and Princess Henry of Prussia are expected at Tsarskoe Selo. The best-informed circles are less optimistic regarding the chances of peace. It is feared that the tentative proposals have not obtained a favorable hearing, and it must be admitted that the idea of mediation finds scant support in the Russian press.

WOMEN FLOGGED BY BRITISH POLICEMEN

Atrocities in Congo State Paralleled by Treatment of Aborigines in Australia.

MELBOURNE, April 3.—The disclosures made in the report of Dr. Roth, the commissioner appointed to investigate the treatment of aborigines, regarding the brutality of police and squatters, are confirmed by the revelation of further atrocities perpetrated upon blacks in western Australia. Mr. Douglas's government is now investigating charges against policemen of chaining ten female aborigines to trees with their arms extended above their heads, and then flogging them. An influential deputation, headed by the Anglican and Roman Catholic bishops of Perth, waited upon the acting premier of western Australia on Friday and insisted upon the necessity of making drastic changes in the entire system of treating the aboriginal inhabitants of the state. The acting premier foreshadowed legislation for the amelioration of the lot of the natives, and promised an inquiry into the indenture and contract systems. In his report Dr. Roth stated that officials were powerless to prevent settlers from abducting native women and boys, and both police and commonwealth officials were charged with abetting or condoning such abductions. Brutal and outrageous conditions were also disclosed in regard to the arrest and ill treatment of natives.

JOHN SAYS

"More of the New Coffee, Please." A lady from the "Land of the Sky" in N. C. says: "This winter while on a visit further down South where everywhere seems to be a slave to coffee, I one day found my hostess prone on her couch. 'So giddy, and oh! how my head aches.' 'Coffee,' I said warningly, 'the supposed so, and what else could she drink?' 'Why Postum,' I replied. 'But that is so insipid! John does not like it. He calls it dish water.' I thought of the kind of Postum the dark roaster had served, and asked her if I might make her a cup. So I took a Postum. 'Name given by Postum as we have it at home—rich, clear, and fragrant, after good long boiling to bring out the flavor. 'I brought it to her in one of the daintiest cups, and she drank under protest, declaring it might make her head worse. She exclaimed, 'Why, how nice this is. You don't mean this is Postum?' I told her the difference was only in the making. She had had it before boiled only a few minutes, and now she had it made according to directions that are plain enough on each package. 'In an about an hour's time she sat up and laughing a little, and her head felt nearly well and the giddiness was almost gone. 'The next morning we had Postum (made right) for breakfast. We told John it was a new coffee we wanted him to try. He called for a second cup and I had another. He called for some more of that new coffee. 'Quite a while after we had been serving it regularly, John spoke of feeling so much better. He had gotten over his nervousness, and only then did we dare tell him he had been steadily using the one I had brought. 'Before I left off coffee my complexion was bad and sometimes my temper was. The complexion has cleared up, and I am most remarkably well. I had better refer to the other members of the family for a testimonial as to a change in their water, but we all abandoned coffee about two years ago for it affected us more like liquor, and every member of my family showed the effect of it. I have not had a headache since. I have no more of those occasional dizzy spells, and more or less liver complaint. All of these symptoms have disappeared since we made the change to Postum. Name given by Postum Co., Battle Creek, Mich. There's a reason.

PRESIDENT DEPARTS AFTER SLIGHT MISHAP

SCHEDULE FOR PRESIDENT'S TOUR.

April 3—Left Washington 9:05 a. m. April 4—Arrives Louisville, Ky., 9 a. m. Parade and address by President. Leaves Louisville 11 a. m. Arrives St. Louis 8 p. m. and changes cars for San Antonio, Tex. April 5—Passes through Indian Territory, makes a few short speeches. Arrives Sherman, Tex., 4 p. m. President will leave train at Sherman and make a brief address in public square. Arrives Dallas 6:30 p. m., makes public address and attends dinner. April 6—Arrives Waco 9:30 a. m., making brief speech from train. Arrives Austin 2 p. m. Addresses Legislature and makes public speech. Arrives San Antonio 8:30 p. m. April 7—Review of regular troops Fort Sam Houston; parade of Grand Army and Confederate veterans; lunch at Rough Riders' camp; dinner at Hotel Menger by Business Men's Club. Leaves 11 p. m. for Fort Worth. April 8—Arrives Fort Worth 9:45 a. m. Takes short drive and makes brief address. Leaves Fort Worth 10:45 a. m. for hunting trip in Pan Handle of Texas. After several days in Texas the President will go to Colorado for several weeks.

Doings at San Antonio.

San Antonio is where the President's fun will begin. It is there he will meet the members of his old regiment at the Rough Riders' reunion. Big doings are planned by the Rough Riders. Texas will be Texas once more while they are turned loose at San Antonio. Friday will be a busy day for the President. The first event on the program is a review of the regular troops stationed at Fort Sam Houston. This will be followed by a parade in which the Confederate Veterans and the Grand Army will take part. When this is over the President will lunch at the Rough Riders' camp and will see the members of his regiment do "stunts" with the uncertain cow pony and the festive steer. He will attend a dinner given him by the Business Men's Club at Hotel Menger in the evening, when he will deliver an address.

Dinner at Dallas.

At Dallas, which the President's train will reach at 6:30 o'clock p. m., the President will make a public address and attend a dinner to be given in his honor. He will leave Dallas at night, his next stop being at Waco, where he will speak briefly at 10 o'clock Thursday morning from the train. At 2 o'clock on Thursday afternoon the President will reach Austin, and there will address the joint session of the Texas Legislature, at the capitol. Austin, on the way to the capitol square. San Antonio will be reached at 8:30 Thursday night. There will be no public program, until Friday morning. The President will reach Austin, and there will address the joint session of the Texas Legislature, at the capitol. Austin, on the way to the capitol square. San Antonio will be reached at 8:30 Thursday night. There will be no public program, until Friday morning.

DR. MARTIN BECOMES RESIDENT PHYSICIAN

Succeeds Dr. DeHaven Sharp, Who Goes From Emergency Hospital to New York.

The resignation was announced this morning of Dr. DeHaven Sharp, who for the past year has been resident physician at the Emergency Hospital. Dr. Sharp goes to New York to assume a similar position in the New York Lying-in Hospital, which he won recently in competitive examination. Dr. Martin, who was Dr. Sharp's assistant, and who like the latter is a graduate of the Georgetown University Hospital, has been appointed Dr. Sharp's successor. Dr. John Holmes, a graduate of the Georgetown University Hospital, takes the place made vacant by Dr. Martin's promotion.

COLDS LEAD TO PNEUMONIA

Laxative Bromo Quinine, the world wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grova, Jr.

DIED.

MULLEN—On Saturday, April 1, 1935, at 10 p. m. at his residence, 905 3rd street southeast, HENRY JOSEPH MULLEN. Funeral Tuesday, April 4, at 3 p. m.
