

Fair and cold tonight.
Clear tomorrow.

NUMBER 4188.

EXPRESS, DERAILED, PLUNGES HEADLONG INTO ICE RIVER

Locomotive and Two
Cars Lie Immersed
in Lehigh.

TWO ARE REPORTED DEAD

Accident on Jersey Central
Caused by Spreading Rails.
Sixteen Hurt.

MAUCH CHUNK, Pa., Dec. 1.—Having been lifted from the rails as though by a giant hand, the locomotive and two forward cars of the New York "flyer" of the Jersey Central railroad lie wrecked in the shallow waters of the Lehigh river, into which they plunged from a thirty-five foot embankment near Stony Creek station, eight miles north of this place, early this morning. The accident cost two lives and among the sixteen injured victims there are several whose death is expected.

Spreading of rails, due, presumably, to contraction resulting from the cold weather, is supposed to have been the cause of the catastrophe. The force with which the big camelback locomotive, a heavy combination baggage car and a day coach were carried to their destruction is amazing.

Plunged Into Water.

Tearing themselves from the Pullman chair car, which was at the end of the train, they moved first in a horizontal direction a distance of at least sixteen feet before reaching the edge of the precipice leading to the river. Without breaking a coupling pin, the engine and the two cars, remaining in almost perfect alignment as a continuous train, plunged into the water.

There was a tremendous roar as the fire under the boiler, becoming suddenly immersed, gave itself up into a cloud of steam. Some of the victims were scalded by reason of this, but it saved the far greater horror of the wreckage catching fire with helpless men and women piled beneath the debris.

The list of dead and injured, as gathered from the various sources early today, showed that two persons had been killed probably instantly.

These were: John Lambert, of Mauch Chunk, fireman of the train; found crushed under the shattered locomotive. Charles E. Devoe, of Ashley, Pa., a Central Railroad of New Jersey engineer; killed by flying debris in the combination baggage car, while riding to his post of duty in Mauch Chunk to take charge of a train.

Honeymoon Couple Injured.

Among those less seriously hurt was a young couple who, between smiles and tears, told their fellow-sufferers that they had started from Scranton, only an hour and a half before, on their honeymoon.

It happened, fortunately, that there were two physicians on the train, and that neither was hurt.

The Lehigh Valley railroad sent hospital cars from Lehighton and Mauch Chunk, but it was nearly two hours after the occurrence of the accident before they were at the scene. Doctors had arrived in the meantime, five from Mauch Chunk on a special, and two from Lehighton on another special. From additional physicians were sent from Lehighton to the hospital train.

As soon as practicable special trains took the sufferers to Bethlehem, thirty-four miles away, and Wilkesbarre, a distance of fifty-four miles.

Injured Doing Well.

BETHLEHEM, Pa., Dec. 1.—At St. Luke's hospital, where nine of the Stony Creek wreck victims were taken, it was reported this morning that their general condition is good.

CAPT. CHESTER HARDING
IS ILL WITH TYPHOID

Word was received at the District building today of the serious illness of typhoid fever of Capt. Chester Harding, assistant to Commissioner Biddle. Captain Harding has under his supervision the erection of the new municipal building. No delay in the construction work, however, is anticipated through Captain Harding's illness.

THE WEATHER REPORT.

Temperatures continue generally below the seasonal average, particularly in the Atlantic States, the lower lake region, the Ohio valley, and middle plateau. They have, however, risen considerably between the two great mountain ranges.

Rains and snows continued in the north Pacific districts, and there were also light local snows in the extreme Southwest, the lake region, and the Ohio valley, and showers in eastern Texas.

Conditions are unsettled in the South, and local rains are indicated tonight and Saturday. Local snows are also probable Saturday in the lake region and the Ohio valley. In the middle Atlantic States the weather will be fair.

Temperatures will rise slowly.

TEMPERATURE.
