

YOUNG ASTOR WEDS MRS. NANNIE SHAW

Much Mooted Marriage Takes Place in London.

NUPTIALS WERE PRIVATE

Fathers of Contracting Parties Pre- vented From Attending by Attacks of Gout.

LONDON, May 3.—William Waldorf Astor, jr., and Mrs. Nannie Langhorne Shaw, divorced wife of Robert Gould Shaw, of Boston, were married this afternoon in All Soul's Church, Langham place.

The wedding was private, only the immediate relatives of the bride and bridegroom being present. The privacy was due to the fact that leading clergymen, who have been hostile to the wedding because of the divorce of Mrs. Shaw, would publicly oppose it, and possibly create a scene.

The leading opponents of the marriage was the Rev. William Black, a prominent London clergyman, who was arrayed with the Duke of New Castle, the Archbishop of Canterbury, the Bishop of London and other distinguished churchmen against this violation of the canons of the church.

The elder William Waldorf Astor was ill and bedridden with the gout, and the bride's father, Chiswolde Langhorne, of Albemarle county, Va., was also kept away by the same ailment.

There were no bridesmaids. Lieut. John Jacob Astor, of the Guards, brother of the bridegroom, was best man.

After the ceremony young Astor and his bride were driven to the Astor estate offices where they received the parental blessings.

The new Mrs. Astor is widely known in American society. She was one of a famous quartet of Virginia beauties, her sisters having married Charles Dana Gibson, the artist; Reginald Ward, and T. Moncreux Perkins, of Richmond.

As Nannie Langhorne the bride was the most darling and graceful horse-woman in Virginia. In 1897 she married Robert Gould Shaw, 29, of Boston, and they had two children. They separated in 1900 because Mrs. Shaw could not endure Boston and later there was a divorce, Mrs. Shaw being given the custody of the children. Two days after the divorce Shaw married Mrs. Mary Converse, of Newton, Mass.

Former Mrs. Tiffany Marries Henry Godfrey

LONDON, May 3.—Mrs. Marie Havemeyer Tiffany, the former wife of Perry Tiffany, and Henry Fletcher Godfrey were married in St. James' Church, this city, this afternoon. The wedding was a quiet one, only five persons being present at the ceremony.

Mr. and Mrs. Godfrey are well known in society and their wedding caused a great surprise. Their engagement was announced almost on the eve of the marriage and then only to relatives and a few intimate friends.

Mrs. Godfrey is the fourth daughter of the late Theodore A. Havemeyer and she has been abroad with her mother since last summer, having spent much of the time in Paris. Her marriage to Perry Tiffany, of New York, was celebrated at the house of her father on Madison avenue, in April, 1893, and was one of the important social events of that season. Four years ago she obtained a divorce. Her former husband has married again. Their two children, a boy and a girl, are in their mother's charge.

MECHANICS' MERRIMENT THOROUGHLY ENJOYABLE

A joint entertainment and May ball was given by the Independent Order of Mechanics, assisted by their auxiliaries, Union Commandery, No. 1, and the ladies of the I. O. M. at Masonic Temple last night.

The entertainment consisted of con songs, solos, and fancy dancing. After this the floor was cleared and dancing continued until a late hour. The feature of the evening was the fancy dances by little Miss Leona Callan. The affair was a thorough success.

DOWIE'S EARLY DEATH BEST THING FOR ZION

—Overseer Voliva.

Statement to Holy City Congregation of 3,000 Persons—Famine Threatens Faithful.

CHICAGO, Ill., May 3.—"The best thing that could happen to Zion would be for Dowie to die at once."

Chief Overseer Voliva said this last night to 3,000 persons in Zion Tabernacle during an explanation of his failure to present the charges against Dowie as he had planned.

"We were importuned," he said, "to withhold them because it was declared Dowie was insane. I am willing to hold them till the state of his mind is definitely determined. If he is not insane I will continue the fight. We have won the fight now for that matter, and nothing can save him but insanity or ill health."

That the 5,000 residents of Zion City may soon be compelled to turn to Lake county officials for aid in averting a famine is the situation now confronting the Zionites and the taxpayers of the county, and it was learned today that several conferences on the subject have been held by the supervisor, county treasurer and other county officials at Waukegan, though the Zionites continue to give out reassuring statements.

Voliva reported that \$125 had been collected for the relief of Zion sufferers in San Francisco.

From Shiloh house came the admission of Gladstone Dowie that his father is near death's door.

MAJOR WM. HUXFORD AGAIN RECORDER

Re-Elected for Twentieth Consecutive Term by Loyal Legion.

At the annual meeting of Military Order of Loyal Legion of the United States, commandery of the District of Columbia, held last night, Major William Huxford was elected recorder for the twentieth term; Rear Admiral Thomas O. Selfridge, U. S. N., was elected commander to succeed Gen. Adna R. Chaffee, U. S. A. Under the constitution the office of commander rotates—going one year to the navy, one year to the army, and one year to the volunteers. Next year a volunteer will be elected, when Brevet Brigadier Gen. Maxwell V. Z. Woodhull, newly elected senior vice commander, will be elevated.

Brig. Gen. Anson Mills was elected junior vice commander at last night's meeting. He was the only new staff member elected. Major William P. Huxford, U. S. A., as recorder; Pay Director Leonard A. Fralley, U. S. N., as registrar; William B. Thompson, U. S. V., as treasurer; Col. George E. Pond, as chancellor; James H. Bradford as chaplain, and Calvin De Witt, William S. Shallenberger and Lucian Jones as members of the council, were all re-elected. Albion B. Jameson and Robert Platt were elected as additional members to the council.

Major Huxford's re-election last night was the nineteenth consecutive time he has been honored with the office. It is a distinction the major appreciates. His fellow comrades last night tendered him a complimentary vote for the manner in which the records of the Japanese war had been kept. At present the members of the commandery number 834, making it the fifth in size in the United States. The amount of work necessary to keep such an organization abreast of the times is great, yet the major meets the duties in such a way as to make it a pleasure.

Before the balloting a short business session was held, at which the annual reports of the various officers were submitted. After the election a buffet luncheon was served, followed by a stereopticon lecture on the Japanese war by Major Charles Lynch, medical department, U. S. A. Major Lynch was on detached duty with the Japanese army in and around Mukden. The pictures he showed were much appreciated.

ASSASSINATION OF KING WAS REPORTED IN LONDON

LONDON, May 3.—Rumors gained currency this morning that King Edward had been assassinated in Paris. The rumors caused a sensation, but a notice was issued from Buckingham Palace saying that the king was in his usual health and will return to London on Saturday.

TIMES' TAGGED DOLLAR STARTED ON ITS WAY

Will Show How Often One Coin Is Spent.

A "tagged" dollar was started on its journey in the marts of local trade this afternoon by The Washington Times to show how quickly money circulates in the commerce and buying and selling in the National Capital, and to demonstrate that the people of Washington spend money freely and give the local merchants and business men the benefit of their spending.

On the tag, attached to the silver coin by a nickel ring, is the request that every business house or individual by whom the dollar is received shall call up The Times and notify it of the fact, so that the record of the dollar's travels may be kept complete.

The inscription on the tag reads as follows:

"This dollar, thus marked, is to show how often the same piece of money is spent in Washington stores. Use it for your next purchase.

"The Washington Times is keeping the record of its travels. When it comes to you, telephone The Times where you received it."

This thermometer of the local trade's briskness was put into operation this afternoon at the store of W. B. Moses & Sons. There, it is presumed, the marked money will not linger long. Of course, it is necessary that pains be taken not to spend it with out-of-town people, or with any person who would be apt to "salt it down" indefinitely.

In order that the experiment may be successful, it is essential that the dollar be spent with local people and with those persons who would have no objection in putting it out of circulation. If these conditions are observed its travels will correspond with those of the ordinary dollar in circulation in Washington.

The Times feels sure that the marked coin will travel to many places and with great celerity. It will be a surprise if it does not find its way into a majority of the business houses of the District. If it does, the business men of the community will have ample proof that the residents here give them the benefit of their frequent patronage.

It is highly proper that each store, so soon as it knows of the presence of the marked coin, should notify The

Men's Suits, \$15.00 Made of Worsteds.

These are the latest additions to the line of \$15 Suits here. A big variety of patterns, and most of them in the grays that are having their big season this season. Suits in single breasted and double breasted models---"made by Saks for Saks." There's a whole lot in that last statement, for it not only means that the suits that we've produced to sell ourselves would be the best we could possibly produce, but also that in our position as their manufacturers we'd be able to work in extra value for you, and we'd do it even were it only for the sake of euchreing competition.

An Easy Way to Cure Splitting Headaches

If headache sufferers would do a little hard thinking, they would surely learn that headaches of all kinds are simply results—warning signals—of far more serious trouble. Usually headache means that the blood and nerves are poisoned by an inactive and sluggish liver. Don't become one of the habitual headache sufferers, who explain their condition by saying, "Oh, I am subject to headaches. I always get headache if I get excited or it is too long." There is no need of it either. Stop taking headache powders and powerful drugs that may relieve, but leave you in worse condition in the end. Put your liver in good shape, so that it will carry off food secretions and remove properly the bile elements from the blood. Use
