

SALOON MURDER IN ALEXANDRIA

Two Men, It Is Alleged, Had
Altercation Over a
Woman.

MURDERER MAKES ESCAPE

Returned Later to Police Headquarters
and Gave Himself
Up.

Howard Banks, colored, shot and killed Thomas Elzie, also colored, at Harlow's saloon, in the northeastern section of this city, shortly after 8 o'clock last night. After the shooting, Banks made his escape, and could not be found by the police in spite of the fact that they searched all night for him. This morning about 8 o'clock Banks appeared at police headquarters and surrendered himself to Lieut. James Smith, who was on duty.

Banks was given a preliminary trial in the police court this morning, Justice L. H. Thompson, presiding. The first witness called was Charles Jones, the bartender at Harlow's place. Jones testified to Elzie and Banks having a quarrel in the bar, but did not see the shooting.

Estelle Bouy, over whom the shooting is said to have taken place, was the next witness. She testified that Banks and Elzie were in Harlow's barroom yesterday afternoon, and while there a dispute between them arose. Last night the three, Banks, Elzie, and the Bouy woman met in the bar, and the trouble was resumed.

As Elzie moved toward the door Banks, she alleges, pulled out his pistol and fired at him.

Chief Goods testified that he went to the saloon after the shooting and found Elzie lying in the hall dead. Policeman Beach and himself this morning went to the house of a cousin of Banks, in Pitt street, and secured the pistol with which Banks says the shooting was done.

After all the evidence was in Justice Thompson held Banks for the grand jury.

The evidence before the coroner's jury was the same as that presented in the police court, and the jury returned a verdict that Thomas Elzie came to his death from a gunshot wound, the weapon being in the hands of Howard Banks.

Gambling Case Postponed.

Judge Barley, in the corporation court, this morning, addressed the grand jury. The judge stated that he had called the special grand jury together for the purpose of investigating the alleged gambling aboard the ark anchored off the Maryland shore across from this city. "But," said Judge Barley, "I have not had opportunity to look up the law in relation to the matter and therefore will postpone the investigation until the regular grand jury."

Masons to Conduct Funeral.

The funeral of the late Hesselius Smith will be held this afternoon at 4:30 o'clock from his late home in Cameron and Pitt streets. The Rev. W. J. Morton, of Christ Protestant Episcopal Church, will conduct the funeral services, and interment will be made in the Methodist cemetery, Alexandria-Washington Lodge of Masons will conduct the funeral services at the grave.

Ten Years' Sentence.

In the corporation court, Judge Barley presiding, in the case of Jack Smith, colored, indicted for entering the house of Smith Beckett, brought in a verdict of guilty, and Smith was sentenced to the penitentiary for ten years. Under the new law the court sentenced Smith to serve on the State's convict road force.

Wilson-Spruce Nuptials.

Miss Clyde M. Wilson, of Washington, and Edgar A. Spruce, of St. Albans, W. Va., were quietly married at the parsonage of the Methodist Protestant Church, here, yesterday, by the Rev. J. H. E. Ewell.

AMATEUR UNION TO HOLD INDOOR CHAMPIONSHIPS

NEW YORK, Oct. 5.—The championship committee of the Amateur Athletic Union, consisting of James E. Sullivan, chairman; Edward E. Babb, Bartow S. Weeks, Thomas F. Riley, and E. C. Brown, has decided that in future the Amateur Athletic Union will have its own indoor championships, and it has been decided that the first meeting will be held in Madison Square Garden on November 9 and 10.

The second meeting probably will be held in Chicago in 1907 and the third in Boston in 1908. In connection with this meeting it is the intention of the committee to add several events for the Public Schools Athletic League.

DENIED SEWER REQUEST.

On the recommendation of Morris Hacker, superintendent of highways, the District Commissioners have denied the request of Samuel C. Hill, of 802 F street northwest, for a water main sewer in Thirty-eighth street northwest, south of Grant road. They also declined to undertake the filling in of this street, which was washed out recently by heavy rains.

FASTED FOR 37 DAYS, TORTURED BY CAPTORS

Living Skeleton Found in Florida
Swamp After a Fearful
Experience.

JACKSONVILLE, Fla., Oct. 5.—Alive but too weak from hunger even to crawl, Joseph Lloyd, a ship carpenter, was found in a marsh near South Jacksonville. He says that on August 29, while he was looking for work, enemies locked him in a deserted cabin in the swamp. He went frequently to look at him and gloat over his sufferings, giving him water, but no food. He escaped, but fainted near by, and lay there until found. He is almost a living skeleton. At the hospital, where he is likely to recover, he insisted he had not had food for thirty-seven days.

POTATATES OFFER CUPS FOR MOTOR-BOAT RACES

NORFOLK, Va., Oct. 5.—As prizes to the best boats in three weeks' racing during the Jamestown Exposition, King Edward of England, Emperor William of Germany, President Roosevelt, and Sir Thomas Lipton will offer cups. The exposition company will also offer three cups, making a total of seven. This announcement was made today after a conference at which the racing schedule was mapped out. At the meeting were Commodore Charles Longstreet, of the Corinthian Yacht Club, representing Baltimore, Washington, and Philadelphia; J. E. De Mund, of Gravesend Bay Yachting Club; Commodore J. F. Duncan, Hampton Roads Yacht Club, and R. H. Sexton, of the exposition.

STRUCK WITH BEER BOTTLE.
Suffering from a severe scalp wound, Mary Racks, colored, twenty-eight years old, of 216 Willow Tree alley, went to the Emergency Hospital yesterday afternoon. The woman said she received her injury by being struck over the head with a beer bottle by another colored woman.

FORAKER IS OPPOSED TO CUBAN ANNEXATION

That Congress will approve all that President Roosevelt has thus far done in Cuba is the opinion expressed by Senator Foraker, who, however, doesn't care to discuss the legal phases of the matter, or the power which is conferred by the Platt amendment. Senator Foraker, who was in the city a short time, and then hurried back to Ohio to preside tonight at the opening meeting of the State campaign, hopes annexation will not result, and thinks it will not if the Cubans rise to the occasion. He believes the Cubans and this country alike would be better off with a continuance of the relations that have existed the last four years. Senator Foraker expressed the opinion that Ohio was safely Republican this year, and even that it would hold all the Republican members it now has in the House of Representatives.

CHARLES M. SCHWAB IN BIG WHEAT DEAL

CHICAGO, Oct. 5.—Charles M. Schwab and some of his Wall Street associates are believed to be interested in a gigantic deal in wheat. Their operations, according to well-informed brokers, extend to all of the leading markets of the country, though the bid end of the deal centers in Chicago, where recent heavy purchases by A. J. Valentine, former president of the Armour Grain Company, which stirred the board of trade, are now believed to have been made largely for the Eastern crowd.

The holdings of the bull clause are estimated by some as high as 15,000,000 bushels, while 12,000,000 bushels is the figure advanced by more conservative traders. Most of this wheat is held by Shearson, Hammit & Co.

DIAMOND MATCH EARNS AT RATE OF 12 PER CENT

CHICAGO, Oct. 5.—Officials of the Diamond Match Company state that earnings now are at the rate of 12 per cent on the \$16,000,000 of capital stock. During the seven months ended August 31, the company earned \$850,000 from matches. At this rate earnings for year will be \$600,000 over the 10 per cent dividend, against \$272,280 last year on \$19,000,000 capital. The \$1,000,000 new capital has provided all the money necessary for the company to develop the California timber lands.

The timber tract is 7,000 acres and it is calculated the company has on hand 2,100,000,000 feet of timber. At \$40 per 1,000 feet and \$10 for stump there is said to be a value of \$21,000,000.

HIGH RECORD MARK ON COPPER METAL

NEW YORK, Oct. 5.—Copper prices were advanced 1/2 cent yesterday, which makes an improvement of nearly 1/2 cent so far this month, and it also establishes a new high record basis for the last twenty-five years, the quotation for lake being 20c to 20 1/2c. The advance was a continuation of the recent upward movement. The production, although large, is said to be not enough to cover the large increase in consumption, and this makes holders firm and at the same time causing consumers who have nearly all their wants to come in the market as persistent buyers.

ABANDONED INFANT CARED FOR BY FARMER

BURLINGTON, N. J., Oct. 5.—A five-week-old infant was forsaken by its mother soon after birth and left with Francis Drone, a French farmer, living near Burlington.

The baby was left by a New York woman, who came here on September 19, Drone had said he was soon to marry her. Next day the mother departed for Staten Island, leaving the child behind at the farmhouse, of which Drone is the only occupant.

Since then the Frenchman has been at his wife's and trying to care for the child. The little one seems to be flourishing under the rough care of the farmer, who has received some instructions from neighbors.

Drone has been nourishing the child by bottle, but is compelled to leave it alone for long periods, while he is at work.

TWO MORE VICTIMS OF GRIDIRON GAME

TORONTO, Ontario, Oct. 5.—Cameron Paulin, twenty-one years old, died early yesterday in the General Hospital from injuries received on University lawn yesterday afternoon while in a practice scrimmage of the Toronto University football team. His skull was fractured.

MT. STERLING, Ky., Oct. 5.—Roger Heddon, in attempting to make a tackle in a football game here Wednesday, sustained a concussion of the brain and internal injuries. Doctors say he cannot recover. Young Heddon is the son of J. W. Heddon, editor of the Mt. Sterling Advocate.

BEAT GIRL WITH BUCKLE; PORTER GIVEN \$50 FINE

NEW YORK, Oct. 4.—Charged with having mercilessly beaten his ten-year-old niece with a strap, to which was attached a heavy buckle that cut like the leaded end of a knout, Michael Daly, a porter, employed by a Twenty-third street dry goods store, was fined \$50 in special sessions today. His victim, little Penelope Hurst, pale and trembling, was in court and she shivered with fright every time Daly moved about in his seat and glared at her.

BIG PURSE IS OFFERED FOR BURNS AND O'BRIEN

LOS ANGELES, Cal., Oct. 5.—Now that the Berger-O'Brien fight has practically fallen through, Nevada is determined to bring the Philadelphia and Tommy Burns together. The Quaker City heavyweight today received an offer from Searchlight, Nev., of \$25,000 for a finish fight. So far as the promoters are concerned, the principals can split it as they choose.

Here on the coast Burns is regarded as the logical opponent of O'Brien. The Canadian has made good whenever it was demanded, and claims by his victory over Hart that he is the real claimant for heavyweight honors. It seems that the Beau Brummel of the ring is wary of Burns and would prefer Berger.

ORE DEAL NEGOTIATIONS REPORTED AT STANDSTILL

NEW YORK, Oct. 5.—The rumor which has been circulated in Wall Street during the past two days that a serious hitch had taken place in the ore deal negotiations between the United States Steel Corporation and James J. Hill has been traced to a statement that H. H. Rogers had told his friends that the ore deal should not go through and that one dominating reason for Mr. Rogers' opposition is his antagonism to Mr. Hill.

This is contrary to every other known fact of the situation, as all leading interests involved declare that the deal has practically been consummated, awaiting only trivial details. It is believed that even if Mr. Rogers is the opposition, he might not be powerful enough to defeat the deal, inasmuch as the Morgan holdings in the United States Steel have been greatly increased recently.

The Man Who Wants to Spend \$15 for a Suit of Clothes

and expects a pretty good suit
is just the man we want to see

We want you to compare our \$15.00 Suits with those of others. We want you to compare them to the best you've ever bought at that price. The comparison will show their superiority, their betterness in every detail. Our \$15.00 Suits are what we term the bread and butter of our stock, as the average man wants to spend just about that sum of money. Therefore more clothing is

\$15

sold at that price than at any other, higher or lower. We show a broad diversity of patterns (at this price) in every new single and double-breasted model. As these suits are made by expert tailors, you may be sure they possess style and character, and that they will fit perfectly.

\$15

The broad, shapely shoulders, the snug-fitting collar, the easy, graceful hang of the coats and trousers are all the result of careful, skillful tailoring. This work tells. It means good looks and good service. It also means that the garments will hold their shape and keep looking well until worn out. Any unprejudiced critic—any man that knows anything about good clothing, must concede the superiority of the Parker-Bridget \$15.00 Suits over all others.

Boys' Combination Suits \$3.95 with two pairs of trousers

Undoubtedly the very best value we have ever proffered in Boys' Clothing. That they are worth every penny of \$5.00 every mother of boys will readily be convinced of when she sees them. And in many respects they are far above the average \$5.00 suit.

One pair of pants are made in bloomer style, the other are regulation cut. The jacket is fashioned in double-breasted and Norfolk styles. The patterns are exclusive with us—the fabrics are superior wear-resisting chevots, cassimeres or worsteds. Sizes 3 to 17 years.

at \$3.95 and \$4.95

We also show an immense line of Boys' Suits (made with one pair of trousers) in the ever-popular Blouse and Russian styles; also in double-breasted and Norfolk models.
