

LONGWORTH'S RUN HELPED BY WIFE

Campaign of Clothes Makes Many Friends for Ambitious Congressman.

ALICE AN ISSUE IN OHIO

Crowds Drawn to See President's Daughter, Who Made Politics a Fad.

CINCINNATI, Nov. 3.—Alice Roosevelt Longworth, daughter of the President, has accomplished the seeming impossible in Ohio—she has made politics fashionable.

Nicholas Longworth is putting up a warm fight for re-election to Congress in the present campaign, and consequently the First Congressional district of Ohio is just now the favored section of the United States.

Alice's Ambition.

Mrs. Nicholas Longworth is ambitious. She is also imperious and a wee bit anxious to retain her place as a public personage. From Congressman to Senator is but a step, and there is always the governorship of Ohio waiting for the wayfade for a live man able to convince the voters of the Buckeye State.

And that is the real reason for the sudden outpouring of society women at the mass meetings in and about Cincinnati—Mrs. Nicholas Longworth has made politics a fashionable fad.

Mrs. Nicholas Longworth has made politics a fashionable fad. Men, women, and children flock to the street meetings and crowd public halls where the G. O. P. spellbinders hold forth. To hear the speeches? Not on your campaign! In and about Cincinnati, her smiles, her wonderful hats are the magnets that draw the crowds.

Campaign of Clothes.

It is a campaign of clothes. Clifton brocade and the new shade of wood brown are the only live issues. Mrs. Longworth stands in line for hours at a time making friends with people she has never seen before. Has not every man a vote, and is it not her business to see that it is cast for Nicholas Longworth? Some ludicrous incidents take place at the G. O. P. rallies. Congressmen Longworth patiently explaining the issues to his constituents is not infrequently adjured to "Cut it short" or "Tell us something about Alice." The slightest reference to the President or his policy brings joyous shouts of "What's the matter with Alice?" and equally vigorous shrieks of "She's all right!" from the crowd.

Alice is a paramount issue in Ohio this fall.

HEATING APPARATUS INSPECTOR NEEDED

Building Inspector Ashford has renewed his request for the appointment of an inspector of heating apparatus, and the District Commissioners have agreed to urge Congress to act favorably upon the recommendation at the coming session. Until this inspector is provided Mr. Ashford states, accidents similar to that which occurred at the New Willard Hotel Thursday afternoon are likely to be frequent.

BISHOP HOLSEY SPEAKS ON THE RACE QUESTION

Bishop L. H. Holsey, the well-known Southern-orator, of Atlanta, Ga., came to the city yesterday, and is stopping at 222 Fifth street southeast. Bishops Holsey and Turner have always been close friends and neighbors, but have held two different views on the race question for the past thirty years. Bishop Holsey believed in "segregation" and Bishop Turner believed in "separation" and "immigration."

The bishop will speak at Miles Memorial Church, Third street between New York avenue and L northwest, tomorrow at 11:30 a. m., at Lane chapel at 7:30 p. m. He will be introduced by the Hon. J. W. Lyons, ex-register of Treasury.

"BILL" ANTHONY'S MOTHER IS DEAD

Never Lost Interest in Hearing of Son's Bravery on the Maine.

News has reached Washington of the death yesterday in Hoboken, N. J., of Mrs. Mary Anthony, mother of Bill Anthony, the marine who came into prominence when the battleship Maine was blown up in Havana harbor. Mrs. Anthony was eighty years old and had been in excellent health until a few weeks ago. She never lost interest in hearing and telling of the bravery of her son at that critical time and kept around her many of the souvenirs which he had sent her during his service.

Bill Anthony was probably the first service man to gain fame during the Spanish-American war. When the Maine was blown up he staggered on deck to find Captain Sigbee and assisting his commanding officer, said: "I have the honor to report, sir, that the ship has been blown up and is sinking."

BRANCH PRINTING BEING WITHDRAWN

Stillings' Order May Result in Abolition of Smaller Offices.

The foremen of the branch offices of the Government Printing Office have received instructions from the Public Printer hereafter to refrain from printing anything in the branch offices except the most confidential or hurried work. This work will result in a great deal of work going to the main office that has previously been done in the branches, and it is thought will ultimately greatly reduce the size of nearly all of the branches. If it does not lead to the abolition of most of them, as has already been proposed.

SUPERB RIVER STEAMERS MAKE TRIP TO NORFOLK

The superb steamers of the Norfolk and Washington line form a most enjoyable and convenient means of reaching the many interesting points about Norfolk, Jamestown, Yorktown, Portsmouth, and Fort Monroe are among the many places thus reached. There is no finer hunting region in the land than this section. The boats of the above line sail daily at 6:30 p. m., making the trip to Old Point and Norfolk in a night. Noteworthy features are the comfortably appointed staterooms, spacious public cabins and fine cafes, which make these steamers popular at all seasons. Ticket offices are located at Seventh street wharf and at 706 Fourteenth street, first floor of the Colorado building.

VILLA FLORA CLUB ELECTS ITS OFFICERS FOR YEAR

At the annual meeting of the members of the Villa Flora Club last night the following officers were elected for the ensuing year: President, Dr. C. G. Stone; vice president, Ralph L. Galt; secretary and treasurer, Charles O. Brill; board of directors, John C. Deweller, William O. Galt and William Burkhardt. A buffet supper was served following the meeting.

ASHION TESTIMONY NEARLY COMPLETE

Bookbinders' Union to Hear Report of Committee at Next Meeting.

Testimony is being taken in the case of Acting Foreman Ashion, of the Government Printing Office bindery, who is resting under charges preferred by a member of the Bookbinders' Union, Alvin J. Tanner, of having violated his oath as a union man.

The committee, composed of Frank Wallace, Henry Holby, and Harry Yauchler, has already held several sessions, to try the case, and it is stated that a report will probably be ready for submission to the union at its next meeting.

ACQUIT CRAPSEY, LATE PREDICTION

Decision in Case of "Heretic" Rector Expected November 16.

NEW YORK, Nov. 3.—That the Rev. Algernon S. Crapsey, rector of St. Andrew's Church, Rochester, N. Y., will be acquitted of the charge of heresy by the court of review of the second department, to which he appealed from the decision of the diocese court, which found him guilty, was freely predicted today, following the meeting of the board of review in this city yesterday.

"We are bound that justice be done and justice we will have, though the heavens fall. I do not know how the church will like it."

This is the remark made by one member of the diocesan court, as he left the diocesan house and the predictions of acquittal for Dr. Crapsey are based on it.

ARBITRATE DISPUTES IN BUSINESS WORLD

LONDON, Nov. 3.—Renewed interest is being taken in the London court of arbitration, which has moved into new quarters in Oxford Court, Cannon street. It was established by the London Chamber of Commerce for the settlement of commercial disputes, and is managed by an arbitration committee of members of the chamber, with the assistance of six representatives from the corporation of the city of London. The chamber asks that the following clause be inserted in all contracts:

"All disputes which may arise relating to this contract shall be referred to arbitration under the rules of the time being of the London arbitration."

TREACHEROUS SEA CORRALS CASTO

Hero of Cherokee Disaster With the Alberta on Inner Bar.

ATLANTIC CITY, N. J., Nov. 3.—Capt. Mark Casto, hero of the Cherokee disaster of last January, and a hundred minor rescues, was himself caught by the treacherous ocean currents yesterday, and his little schooner Alberta struck on the inner bar of Great Egg Harbor Inlet.

REGINALD DE KOVEN'S "THE STUDENT KING"

In the production of "The Student King" (music by Reginald De Koven, lyrics by Frederick Hasken and Stanislaus Stany), which Mr. Henry W. Savage will offer to the criticism of Washington theatergoers at the Columbia theater Monday night, Mr. Savage has surpassed all his previous efforts in lavishness of expenditure, excellence of cast, superb mounting, beauty of costumes, and elaborate scenery. The principals are all artists of worth, the choruses, male and female, are strong numerically and vocally, the scenery is beautiful, the costumes elegant and artistic. Messrs. De Koven and Savage have done their part admirably well. The composer has furnished a score that is replete with melody, fine harmonies, and a rich orchestration, and has preserved throughout the atmosphere of the Bohemian student of the middle ages, the period in which the story of "The Student King" is placed. Especially noteworthy is the music for the student "Kneipe," which is sung with splendid effect by the male voices in the third act. The librettists have made a noteworthy departure from precedent in that their third act is the strongest and the most interesting of all three. The opportunities for scenic display are especially great, the first act showing the interior of a Prague Bohemia, in the year 1900, the second act, being placed in the ballroom of the royal palace, and the last act being the hall of the university.

AUTHOR IKE MARVEL EXPELS EXTRA COW

NEW HAVEN, Conn., Nov. 3.—Donald J. Mitchell (Ike Marvel), the aged author, counted the noses of his cows at his famous farm at Edgewood today and called up the police and told them he had found one superfluous head of stock. The police called and took away the extra animal and are advertising it. "Ike" recently celebrated his eighty-sixth birthday, but takes the same interest in his farm he has always maintained.

RUN DOWN AND KILLED BY FIRE LADDER TRUCK

NEW YORK, Nov. 3.—John Dole, thirty-six years old, a sailor of the steamship Marquette, was knocked down and instantly killed by Hook and Ladder Truck No. 10, at Center street, near City Hall place, while the truck was hurrying to a fire at No. 35 City Hall place. John H. Ziegler, driver of the truck, was arrested on a technical charge of homicide.

HIS NECK BROKE; HE MAY RECOVER

Doctors Amazed at Vitality After Spine Is Crushed.

PHILADELPHIA, Nov. 3.—With a broken neck and a fractured spine, John Lane, of No. 1234 Adler street, is lying in St. Joseph's hospital still living, to the great amazement of the doctors. His injuries are of such a character that an ordinary man would die instantly upon receiving them, yet he lingers on, and Dr. Harrigan, of the hospital staff, states that an operation may make him as good as new.

CREATURES OF JUNGLE KILL 23,857 IN YEAR

BOMBAY, Nov. 3.—The Times of India prints statistics relating to the destructiveness of wild animals and snakes in India for the last year. Two thousand and fifty-four human beings are reported to have been killed as against 2,377 the preceding year. Of these 48 were killed by elephants, 153 by wolves, 40 by leopards, and 786 by tigers. The mortality from snake bites decreased from 23,859 in the preceding year to 23,797 last year.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purposes.

Charcoal is a remedy that the more you take of it the better, it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and gently safe laxative.

It absorbs the injurious gases which collect in the stomach and bowels; it cleanses the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal used is the one for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow-bark and other harmless astringents in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health. Water complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but only the greatest benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat. I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Get What You Ask For!

HERE is a Reason— Why the Good People of America buy Cascarets as Fast as the Clock Ticks.

Every second some one, somewhere, is buying a little Ten-Cent Box of Cascarets.

1, 2, 3, 4, 5, 6—60 times to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some. Think of it—220,000 People take a Cascaret tablet each day. Millions use Cascarets when necessary.

The Judgment of Millions of Bright Americans is Infallible. They have been Buying and Taking Cascarets at that rate for over Six years.

It is not an Experiment, not an Accident or Incident, but a sound, Honest Business, based on Time-Tried-and-Tested Merit, never found wanting.

There is a Reason. Cascarets are the implacable foe of All Disease Germs; the incomparable cleanser, purifier and strengthener of the entire Digestive Canal.

They Act like Exercise on the Bowels. Muscles, make them strong and active—able to Help Themselves do their work—keep themselves clean.

Cascarets are the safe-guard of Innocent Childhood against the Dreadful Death-dealing Dangers that threaten the Lives of the Little Ones.

They are Purely Vegetable, absolutely Harmless, always Reliable and Efficient.

a true, faithful, loyal servant of Mankind, Over Five Millions of Dollars have been Spent to make the merits of Cascarets known, and every cent of it would be lost, did not sound merit claim and hold the constant, continued friendship, Patronage and Endorsement of well pleased people year after year.

There is also a Reason— Why there are Parasites who attach themselves to the Healthy Body of Cascarets' success—imitators, Counterfeiters, Substitutes.

They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

A Dishonest Purpose means a Dishonest Product and a Disregard of the Purchaser's Health or Welfare.

Beware of the Slick Salesman and his ancient "Just as Good" story that common sense refutes.

Cascarets are made only by the Sterling Remedial Company, and the famous Little Ten Cent "Vest Pocket" box is hard shown. They are never sold in bulk.

Every tablet marked "CCC." Be sure you get the genuine.

FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BOMBON BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded.

Send to-day, mentioning this paper. Address: Sterling Remedial Company, Chicago or New York.
