The John Wedderburn Company Offers Standard Whiskies at Underselling Prices

Two Bottles of Whisky at the Price of One

WHEN you purchase whiskies here you can rely on their purity and quality, because only the better grades of whiskies find a place in our stock. This fact is known and appreciated, hence the specials we offer from time to time invariably appeal to those who want quality whiskies at reasonable prices.

WE HAVE the biggest and best values of the season to offer now. Two bottles of whisky for the price of one. A bottle of WEDDERBURN RYE and your choice of any well-known brands in the list below. These two bottles would cost ordinarily from \$2.25 to \$2.50. We offer them at \$1.55.

WE HAVE a special reason for offering this remarkable value, and it is this: We want to place a bottle of genuine Wedderburn Rye in every home. We want it to be used along with other brands, that by comparison you may see how far superior WEDDERBURN RYE is to the whisky you've used heretofore.

OF COURSE, we could not expect you to purchase an additional bottle of whisky for the sake of comparison, so we practically give you one. This proposition entails a loss in dollars and cents to us, but we are willing to sustain it for the sake of making you better acquainted with the merits of WEDDERBURN RYE. It's a whisky that everyone likes. It's a tonic for health—a beverage for hospitality.

No matter what you need in the line of liquors, you will find it advantageous to purchase them here. We are the distillers' agents, consequently our prices are based on those of the distillery, which in every instance afford a substantial saving to the consumer. If you want pure liquors by the gallon, two gallons, or more, we will quote you a very low price.

The retail trade, especially the housewife who wants a good liquor moderately priced, will be pleased at the figure we'll quote. We undersell competitors in every instance.
