CREDIT

IT may be that the reason for the incompleteness of your outfit is the lack of immediate "cash"—and if this be true, we've an interesting story to tell.

We make a business of selling on time payments—selling with the privilege of paying as you can—yet asking as little, if not less, than any so-called cash establishments.

The liberality of our credit-plan—well, it's immediate popularity proves it's fairness. Already hundreds upon hundreds of Washington's best dressed men and women have been outfitted here, and are making little-at-a-time payments as best suits their convenience. The opportunity is yours!

Of course we're just as particular in the selecting of our stock as you will be in the selection of a single garment. Quality with us is the paramount consideration—then comes price lowness. We have assembled a stock of men's and ladies' apparel that we consider equal to any in the city. Maybe not so big, but surely as representative. Come in and favor us by looking around. If something strikes your fancy, we'll be glad to "charge it."
