MOTHER TO ATTEND MILLER'S FUNERAL

Mrs. G. W. Miller, of the Portner apartment house, left last night for Washington, Pa., to attend the funeral of her son, George P. Miller, who committed suicide in St. Louis November 22. Mr. Miller was forty-eight years old and was secretary to Samuel J. Randall, of Pennsylvania, when he was Speaker of the House of Representatives.

He had lived in St. Louis for the last fifteen years of his life and, although a very brilliant law graduate of the Washington and Jefferson College of Pennsylvania, worked as a mailer there. He received remittances from his mother, and it is said by his friends that he was a physical wreck through excesses. Last Wednesday night he was beaten by a negro and this seemed to have caused him to commit suicide.

His father, George W. Miller, who died ten years ago, was a leading educator and politician of Western Pennsylvania. The son was appointed private secretary in 1879 to Speaker Randall, his father and Randall having been life-long friends. Later he studied law and was admitted to the bar in 1883 and practiced in Pittsburgh before coming to Washington, D. C.

WOMAN LEAPS TO WATER; RESCUED BY AMERICAN

LONDON, Nov. 23.—The Royal Humane Society has made a report of a daring rescue by Charles H. Mosner, a middle-aged American visitor to London, which resulted in saving the life of a woman who had plunged into the Serpentine, suicide bent.

The woman, after writing a note stating that she was in pecuniary difficulties, leaped into the water. The American, without waiting to remove his heavy overcoat, plunged after her and brought her to shore. She was unconscious when taken to the Humane Society's depot, but was revived. The American only gave his name after the police requested it.

NEW YORK, Nov. 23.—This, the sixth and closing day of the Horse Show, promises to be at least the equal in point of interest of yesterday, which of all the week was most satisfactory. Many important classes remain to be judged, and the revival of public eagerness to see the thoroughbreds makes it probable that New York's greatest exhibition will close tonight in its accustomed blaze of glory.

TARIFF REFORM DEAD FOR YEAR, LEADERS CLAIM

The last chance for tariff revision was set upon today. The 75 and odd pounds of Representative Seno E. Payne's bill landed on the proposition flatly and firmly, and it is small wonder that there's not enough left of it to serve as the chief figure in a respectable funeral.

Mr. Payne is chairman of the Ways and Means Committee of the House and the floor leader of the Republicans. Mr. Daisell is the ranking member of the Rules Committee of the House.

Mr. Payne has the last word to say about all measures affecting the revenue. Mr. Daisell's committee is the absolute dictator of what shall and what shall not go through the legislative mill.

The two big Republicans had half an hour's talk with the President at the White House this morning, and when they came out announced very emphatically that there would be no tariff revision during the coming session.

"What about wood pulp?" they were asked by the newspaper men. "The President has promised to take off the duty."

Both Mr. Payne and Mr. Daisell laughed uproariously. It was to them the greatest kind of a joke.

"I haven't heard of it," exclaimed Mr. Daisell. "All I know about it is what I've seen in the papers," added Mr. Payne.

"Didn't the President mention it to you?" Mr. Daisell was asked. "Not a word," he replied.

"That's a terribly big duty, that 15 per cent," exclaimed Mr. Payne, still laughing aloud. "It will probably break up the papers in the country if it is retained."

Then they both walked away arm in arm.

FIRE ON STEAMER DISCOVERED IN TIME TO SAVE THOUSAND

NEW YORK, Nov. 23.—A story of fire at sea which might have endangered the lives of her 1,000 passengers was brought to port today by the French liner Savole. Only the prompt work of Captain Poirot saved the vessel from a dangerous conflagration.

Thursday afternoon, while the seas were running mountain high and a cold wind had driven everyone from the decks, the fire started in the crowded music room. While the captain and his men fought the flames the orchestra played softly and soothed the alarm which bordered closely on a panic.

For an hour before the flames were discovered the passengers had complained of smelling smoke. Captain Poirot tried to reassure them that there was no danger, but he started a search. Smoke was then discovered coming from a high bookcase. The captain ordered the wall cut. The blaze appeared. Crossed electric wires had started the flames.

Because there was no draft, they had not spread much, however, and the blaze was extinguished with hand grenades.

JUSTICE MCCOMAS LEAVES PROPERTY TO HIS FAMILY

The will of Justice Louis McComas, formerly of the District Court of Appeals, was filed for probate this morning. It is in the handwriting of the testator and bears date of July 6, 1907, the day on which he left this city for Atlantic City to get married.

One-half of the estate is devised to Mrs. Mary McComas Edgar, daughter of the testator by his first wife, and the other goes to his widow, Mrs. Hebe Harrison McComas. The petition for probate shows that the personal estate in the District of Columbia is worth \$50,000, exclusive of the household effects and jewelry, which is valued at \$1,000. The debts of the estate are placed at \$40,000.

Justice Gould issued letters testamentary to Clinton Goodloe Edgar, a son-in-law, who is named as executor. He gave bond in the sum of \$100,000.

The will was witnessed by Ralph Quinn, secretary to Judge McComas, and two household servants. The will will be probated in Hagerstown, Md., where Judge McComas owned valuable real estate.

Excutor Edgar is a resident of Detroit, Mich. He has named the American Security and Trust Company as his agents to administer the will.

WAVE OF CRIME HITS WILMINGTON; ONE MAN IS DEAD

WILMINGTON, Del., Nov. 23.—Two women were held up, a man sandbagged and stabbed last night, and a murder committed here early this morning.

The victim of the murder was William Moore, aged twenty-five years, formerly of this city, but late of Clifton Mills, near Kennett Square, Pa. John Sullivan, a few years older than the dead man, is locked up at police headquarters, charged with the murder. The murder was committed shortly after 1 o'clock this morning, and two hours later Sullivan was arrested.

Marshall Aikley, aged forty-seven years, was sandbagged and stabbed from behind while he sat at Market street bridge. His assailant escaped. The wounded man was removed to a hospital, where, it was said, he would recover.

The Misses Mary A. Ott and Miss Gertrude O'Toole were held up by negroes at different times last night. Miss Ott lost her assailant off with her umbrella. Miss O'Toole ran away from the man and fainted as soon as she reached her home.

DIAMOND THIEF ESCAPES BULLETS OF POLICEMAN

CHICAGO, Nov. 23.—With a tray full of stolen gems, a well-dressed diamond thief ran in a zig-zag route and escaped the bullets of pursuing police in a spectacular chase on Sixty-second street last night.

On his flight the thief lost his hat, which was perforated by a bullet fired by Sergeant William Delaney, of the Englewood station. The robber entered the jewelry store of F. Levy, on Westwood avenue, at 8:30 o'clock and requested to look at some engagement rings. Levy produced a tray containing \$1500 worth of the gems. The thief grabbed the tray and ran out of the shop. Levy pursued the man with cries of "Stop thief!" and Sergeant Delaney was attracted and joined in the chase. The thief escaped.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always when, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

MOORISH REBELS IN FLIGHT

MELLILLA, Morocco, Nov. 23.—Mula Hadd, pretender to the Moroccan throne, has been defeated with heavy slaughter in a general engagement with Sultan Ab-el-Aziz's troops. The battle was the most important of the rebellion.

The pretender's men fought desperately, but were completely routed, and Hadd. The loyalists are still in pursuit, cutting down the stragglers and preventing the main body from rallying.

The defeat is Mula's second within a few days, and probably foreshadows the collapse of the rebellion. Hadd is bitterly opposed to foreigners and his downfall will go far toward restoring order in Morocco.

That's what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges—the most powerful purifiers science has yet discovered.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does, and does it wonderfully. You notice the difference in your appetite, your general good feeling, and in the purity of your blood, right away.

You'll have no more bad taste in your mouth and breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will yourself. Make your breath pure, fresh and sweet, so when you talk to others you won't disgust them. Just one or two Stuart's Charcoal Lozenges will purify your breath, sweeten it, and make you feel better all over for it. You can eat all the onions and odoriferous food you want, and no one can tell the difference.

Besides charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison or impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion.

Stuart's Charcoal Lozenges are made from pure willow charcoal, and just a little honey is put in to make them palatable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and healthy. Your blood and breath will be purified.
