FRANCISCAN SISTERS TO HAVE LAWN FETE

Affair Will Last Three Days. To Aid Georgetown University Hospital.

The annual lawn fete of the Sisters of the Order of St. Francis, Georgetown University Hospital, will be held June 18 to 19, from 6 to 10 o'clock, at the hospital grounds, Thirty-fifth and N streets. A feature of the carnival will be a supper which will be served every evening.

Since 1898, the year the hospital was organized, the sisters, under the direction of Sister Pauline, carried on the work alone, until 1907, when a board of lady managers was formed. Besides the sisters, the hospital now has eighteen nurses, who are greatly in need of a building. The board has undertaken to build a home, and part of the proceeds of the fete will go toward this object.

All contributions sent to Sister Pauline at the hospital or to the president of the board, Mrs. J. Eakin Gadsby, 3114 R street, will be gratefully received.

Those in charge of the entertainment are Sister Pauline, chairman; Sister Milberga, assistant chairman.

WAY FOUND TO GIVE CHANGE IN DISHES

Two Cooking Authorities Indorse Corn Starch as Kitchen Accessory.

"How I wish I could think of something for a change." Every housekeeper would bestow a blessing on the one who would suggest her something new job and make them look in surprise and draw exclamations of pleasure and appreciation from their lips. No matter how lauded to the work of housekeeping a woman may become, she never reaches a stage where she fails to appreciate praise of her work.

Two cooking authorities, Alice Cary Waterman and Janet M. Hill, have made a careful study of this ever present difficulty with which housekeepers have to contend, and declare that Kingsford's Oswego Corn Starch solves the problem. With the use of this corn starch, they say, the element of variety is easily introduced into the cooking, and the old dishes seem like new ones.

One Thousand Poor Children To Be Given Outing at Beach

One thousand children, whose only hope for an outing throughout the long summer months lies in the generosity and thought of kind-hearted men and women, will have the free use of every amusement feature at Chesapeake Beach July 24, when they will be the guests of Pioneer Council, No. 1, Sons of Jonadab.

Members of the council are losing no opportunity to provide for the enjoyment of the children. They were the first to organize the plan five years ago, and each season have not only repeated the picnic, but their example has been followed by other organizations to whom it has appealed strongly.

The first picnic which Pioneer Council gave was attended by 800 children. This year there will be 1,000, and the little tots who cannot be trusted alone will be accompanied by their mothers. In this way a double purpose is served, for both the mother and children enjoy a holiday. The only thing any of them will have to spend will be energy in enjoying all the amusements provided for them, and according to the plans of the committees

PRESIDENT CUTS SPEAR'S SENTENCE

Approves of the Imprisonment of Young Naval Surgeon for One Year.

After cutting down the prison sentence from two years to one, President Roosevelt has approved the finding of the court-martial which tried Dr. David A. Spear on charges of forgery, and sentenced him to dismissal from the navy and two years in jail. He will serve his sentence in the navy prison at Portsmouth, N. H., and probably will start for that place early next week. His term of imprisonment began Thursday, and he is now a prisoner on the dispatch boat Dolphin at the Washington Navy Yard.

Dr. Spear was charged with forging indorsements on paychecks, which he admitted having stolen from fellow-officers with whom he lived. His defense was insanity, caused by excessive indulgence in intoxicants. His father, Judge S. A. Spear of the supreme court of Ohio, testified at the trial that his son became addicted to drink after service in the Spanish war.
