

today's liquidation of stocks was the heaviest for a long time. Stocks have fallen an average of a point and foreign securities are correspondingly weak.

Events are moving with kaleidoscopic rapidity. The dispatch of the British fleet from Malta to the island of Lemnos means nothing less than that England will play a leading part in the great war drama.

Turkey looks to England as the one friend in all of Europe on whom she can rely. She believes that England, more than any other power, was responsible for the successful outcome of the tragic days that gave Turkey her new birth of constitutionalism and today she is reaching out her hand and England will not deny her.

Servia Does Not Heed. Servia's total disregard of England's advice and Germany's warnings threatens to precipitate a crisis that will directly involve all the Balkans in war, the ramifications of which are of world wide importance.

Austrian gunboats on the Danube are now close to Belgrade, and are in a position, the admiralty believes, to shell the town. The situation generally is so acute that the consensus of English opinion is that European diplomacy is confronted with the hardest problem in years.

Rests With Germany. The solution of the problem is believed to rest more with Germany than with any other power, and its position is such that she may thwart the peaceful efforts that are being made by England, France, and Russia.

Despite her peaceful pronouncements, Germany is believed here to be the inspiration of the whole trouble, her stance being the long cherished desire of the Teutons to reach the Adriatic.

Russia Is Mobilizing Fleet in the Black Sea

ST. PETERSBURG, Oct. 9.—Peculiar that Austria intends to take advantage of the commotion in Servia to strike the boldest blow of all—the annexation of Servia—the Czar has ordered the mobilization of the Black sea fleet.

It is rumored here that Bulgaria, acting in conjunction with Austria, will seize part of Macedonia.

There is the gravest apprehension here that Russia will not be able to act in accord with France and England. The foreign office has prepared a statement of Russia's attitude, but it will not be announced until Foreign Minister Iswolsky has had a conference with Sir Edward Grey, foreign secretary of England. He is scheduled to arrive in London tonight.

Russia still insists that the international conference, if held, completely revise the Berlin treaty, while the latest word from England is that she has not receded from her position that only existing issues be considered.

Bulgarians Tell Turks Why They Succeeded

CONSTANTINOPLE, Oct. 9.—Bulgaria succeeded from Turkey in order to increase the friendly relations between the two, was the anomalous note received from the Bulgarian ministry today. The note denies all connection between Bulgaria's secession and Austria's annexation of Bosnia and Herzegovina, and says Bulgaria seceded in order to remove the obstacles in the way of a better Turkish-Bulgarian entente. The note expresses the deepest desire to support the Young Turks' regime and expresses the hope that their administrative efforts under the new constitution will meet with success.

PROPERTY IS SOLD BY D. F. SULLIVAN

Store and Dwelling at Fourth and Q Streets Brings \$8,500.

The building on the northeast corner of Fourth and Q streets northwest, occupied as a store on the street floor and above as a dwelling, has been sold by D. F. Sullivan through the office of Stone & Fairfax.

The property has a frontage of twenty feet on Fourth street, and a depth of 50 feet on Q street. It is now under lease for a term of years, and the purchaser acquires the property as an investment. The consideration was \$8,500.

The sale of the three-story brick dwelling at 912 M street northwest, for Russell Howard to John Shafritz, is reported by Shannon & Luchs. Mr. Shafritz intends to remodel the building into an up-to-date home. The price was \$6,250. The lot is twenty-two feet wide by 120 feet deep, to an alley.

Seven two-story, brick dwellings will be erected at 1301 to 1307 North Carolina avenue northeast, extending through 1211 to 1213 A street, by W. Murphy, from plans prepared by N. E. Haller & Co., architects. The aggregate cost will be about \$22,500.

Frederick Thomson will erect a two-story frame dwelling at 3029 Macomb street northwest from plans prepared by himself. The estimated cost of the house is \$4,000. G. H. Lloyd & Co. will be the builders.

G. F. Mayer will build a two-story business building at 1644 North Capitol street. It will be used as a bakery. The estimated cost is \$15,000. The contract for the building has been awarded to August Getz & Son.

Plans are being prepared in the office of Engineer Commissioner Morrow for a new police station in Anacostia. Bids will be asked in the near future. The old, dilapidated structure, which has been for years the center of attack by citizens of that section will be torn down.

There is the gravest apprehension here that Russia will not be able to act in accord with France and England. The foreign office has prepared a statement of Russia's attitude, but it will not be announced until Foreign Minister Iswolsky has had a conference with Sir Edward Grey, foreign secretary of England. He is scheduled to arrive in London tonight.

Russia still insists that the international conference, if held, completely revise the Berlin treaty, while the latest word from England is that she has not receded from her position that only existing issues be considered.

ADLER BARGAINS IN OTHER HANDS

Goldenberg's Acquires Well-Known Outfitting Establishment.

The entire stock of men's and boys' clothing and furnishings of Victor E. Adler has been purchased by Goldenberg's. Considerable surprise was occasioned in business circles, when this transaction became known yesterday, for it marked the passing of one of the oldest business houses in Washington.

A sale will be held tomorrow at Goldenberg's. The sale will consist of an establishment at Seventh and Massasoletts for more than twenty-five years, and the store was known as one of the leading houses of its kind. The retirement of Mr. Adler from the local business world has been occasioned by ill health. Complete Furnishings.

The stock which has just been transferred includes everything desirable in men's furnishings for the new season of the latest pattern. In the boys' department the usual shades are shown with many new and fancy effects. An unusually large stock of shirts, neckwear, and sweaters is included in the list, as well as an attractive assortment of winter weight underwear. One of the chief features of the establishment is its shoe department which shows the latest prescribed make of the winter's footwear.

There is a large and varied assortment of men's umbrellas, handkerchiefs, jewelry, and other small wares. The sale tomorrow promises to be one of the most notable of its kind, and many bargains are listed among the various articles which will be offered.

MARRIAGE LICENSES. LeRoy D. Childs and Laura L. Richardson, Washington. Salvatore Curuso and Josephine Lombardo, Washington. Moses, Egan and Frances Schneider, Baltimore. Archibald D. M. Paucet, Kensington, Md., and Irene M. Eckman, Washington. BALTIMORE, Md., Oct. 9.—Marriage licenses were issued here today for: Herbert C. Leach and Mary F. Lyons, Washington. William T. Hinken, Alexandria, and Mary F. Arlington, Washington. James F. Reilly and Clara E. Heber, Washington.

POSTSCRIPTS. Wheat matures in Canada in from 50 to 100 days. Yate wood of Australia has the tensile strength of good cast iron. The Lusitania has forty-nine clocks on board, all controlled by a master clock in the chart house. The total electrical energy supplied in London during the past year was 213,174,573 kilowatt hours. The number of families in France is estimated at 11,300,000, of which 1,894,729 have no children. The eleven London gas companies supply among them 46,902,000 cubic feet of gas to 1,391,890 consumers. One firm of four men having their headquarters near the Illinois river gather \$100,000 worth of pelts every year, which are sent to Europe. The world's production of coal in 1906 amounted to about 1,196,478,797 short tons, of which the United States produced more than one-third, or 414,107,273 tons.

AUTOIST KILLS MAN TO SAVE LITTLE GIRL

Unable to Avoid Striking One, Driver Unhesitatingly Spares Child.

WORCESTER, Mass., Oct. 9.—With no alternative but to run down a nine-year-old girl or a street laborer, with his automobile running at twenty-five miles an hour, Ralph G. Simmons, of New York, chauffeur for George Hawley, a wealthy New Yorker, made his choice without a second's hesitation and jerking his car around so that it struck the man full in the back. The man is dying at the City Hospital. Simmons was driving Mr. Hawley through the center of the town when the accident occurred. He was arrested and was haled out by Mr. Hawley.

Scott's Emulsion

Not Necessary to Boil Clothes

Some women think it is; but that does not alter the facts.

Nine-tenths of the discomfort and half the hard work of wash-day is due to the idea which so many women have, that it is necessary to boil clothes.

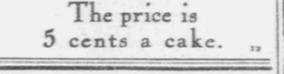

It is, if you use ordinary laundry soap. But not, if you use P. & G. Naphtha Soap.

With P. & G. Naphtha Soap and cold, or lukewarm water, you can do more work and better work, than with ordinary laundry soap and boiling water. Do it quicker. Do it easier.

P. & G. Naphtha Soap is for sale in almost every grocery in this city.

The price is 5 cents a cake.
